Mrs. Luckock offered a visitor recognition on any agenda item-
Ashlee Luke approached the podium. She thanked the board for helping parents during the pandemic. She has two students at Conneaut Valley Middle School and her basic recommendation is to offer one platform for remote learning for the upcoming school year. She understands it is unclear what tomorrow brings so would like to see starting conversations on how teachers can use one platform for all involved. She brings this recommendation because she knows parents in the community are considering cyber if more remote learning occurs this next school year. She understands as a Conneaut Valley graduate that this is a big concern and she hates to see lost revenue.

g. 2019 Pennsylvania PAYS Survey...Mr. Sperry

Minutes
Mr. Sperry announced the PAYS Survey for the 2019 school year has been received. The District has done this for many years and although we used to pay for the survey it is now free. Conducted every fall on odd years to Grades 6, 8, 10 and 12 graders. The survey is very valuable in using for the SAP Programs and educating students on misconceptions with facts such as smoking, vaping and more. Administrators use it to see where students stand for many aspects such as bullying, sources of alcohol, prescription drugs, social activities and much more.

h. Board Goals... Mr. Hornstein

Minutes
Mr. Hornstein asked his fellow board members to take the time to look this over. Due to the COVID-19 situation there are some items that have fallen to the wayside so this is a nice refresher. We have several board members newly re-elected who need to be re-certified, including himself. One of the Board's goals was to recognize volunteers and follow up with graduates. Mrs. Miller was going to see if the speaker she previously had arranged to have come to the District, if he would be willing to do a big screen/virtual meeting. She will inquire and bring information back next month. Mr. Hornstein offered to highlight goals which have been completed and suggested a board retreat for revisions instead of hashing over them in a work session. It was suggested to have the retreat as a work session discussion item in July.

i. Superintendent's Report...Mr. Sperry

Minutes
Mr. Sperry updated the Board on the following:

1. Numerous Zoom meetings: IUS Superintendents, CCCTC, Policy, Grad Planning, Admin, Various calls with other Superintendents to talk about plans, Lunches for summer, ATSI, Etc....
2. PA Guidelines: PA came out with guidelines for schools today. The Guidelines for the fall are in the attachment on Agenda Manager: There are many pages but the direction/guidelines are very open to account for the varying levels of each county in the commonwealth. Tom, Tim, and I will be meeting next
week to begin discussion with plans so all three districts are congruent. We also have a survey that will be going out to parents later this month to aid in our decision making.

3. Graduation: Graduation has been going very well. We are three days into our Class of 2020 Graduation and we have received many thanks and praise for what we have done. We have tried to give each and every senior their moment in the lights and awarded them a culminating event that mirrors (as closely as possible) to a traditional graduation. Many thanks to all the staff involved that coordinated and volunteered and worked to pull this off.

4. Summer Lunch Program: We are doing lunches for the summer. Through the work with local churches, headed up by Karen Beers (teacher at CVES), we will be offering meals on Tuesdays and Thursdays out of the CASH kitchen. The program is run by IU5. We have a loyal team of volunteers and plans are set. The meal program will start next week and run through the beginning of August.
