

# The Eagles' Enterprise

## Sports Day

The Chequamegon Middle School 6th and 7th graders will be participating in the yearly sports day on the last day of school, May 31.

8th graders will not be participating because they graduated from middle school the night before, May 30th, and they do not come to school the last day of school. The students remaining were split into teams. The game that students got to play this year was a kickball tournament. Such a great way to end the school year!

## Fine Arts Festival

The Fine Arts Festival was on Thursday, May 9, 2019, in the Glidden Gymnasium. There was a spaghetti dinner that lasted from 5:00pm to 6:30pm. Right after families ate dinner, they went to view the art in the gymnasium. Included in the art show were cutting boards that the 7th grade Tech. Ed. students made, a tin foil project that the 6th graders made, art students' various types of artworks, and teachers displayed student work from classes.

When the art viewing in the gymnasium was over with, some of the students performed preludes. The students that performed were Noah Niehoff - "Sicilienne and Gigue"- Tenor Sax Solo, Alexia Harris - "Pergola"- Clarinet Solo, Daisha Dearhamer - "Count on Me"- Ukulele Solo, Gunner Komarek and Nolan Niehoff - "Never Too Late"- Guitar/Vocals, Naomi and Noel Stencil - "The Cup Song"- Ukulele Duet, Noel Stencil - "Riptide"- Ukulele Solo, Daisha Dearhamer - "Minuet"- Flute solo, Hannah Bartlett - "Can't Help Falling In Love"- Ukulele Solo, Megan Balczewski, Janessa Chapman, Nolan Niehoff, and Gabe Oswald - "El Cumparsita"- Saxophone Quartet, Janessa Chapman - ukulele, Claudia Lasiowski - piano, Gunnar Berkey-tamborine/vocals, Gabriel Oswald - vocals, and the last song was performed by George Schlottke - "The Country Fiddler & Largo"- Piano solo.

After the preludes were over, the Chequamegon 6th Grade General Music sang "Pat Works on the Railway," an arrangement by Ruth E. Dwyer and Martin L. Ellis, "Woke up This Morning" by Cynthia Gray, and "Reflections of a Lad at Sea." This song included "The Captain's Mate," "The Ghost," and "Thoughts of Home" with solos by Anya Brenholt, Lyla Beringer, and Megham Eitrem.

The Chequamegon Middle School Choir song "Rhythm of Life," an arrangement by John Leavitt, "Homeward Bound," an arrangement by Jay Althouse, "Secret Agent Man," an arrangement by Mark Brymer, and the last song that they sang was "Haba na Haba," an arrangement by Jerry Estes. After the Chequamegon Middle School Choir was done singing, the 10th Hour Ukulele Class played a section of "Colors of the Wind," which is from the Disney movie, Pocahontas.

**Cont'd on next page**

The Chequamegon Junior Band played “March Mixolydian” by Robert Sheldon, “The Red Balloon” by Anne McGinty, “Alpine Adventure” by Michael Oare, and the last song they played was “T.W.A.” (Trumpets With Attitude) by Michael. When they were finished, The Chequamegon Intermediate Band played the songs “Jump Start” by Carol Brittain Chambers, “Proudly We Hail” arranged by Brian Balmages, “Arabian Dances” by Roland Barret, and “Cafe 512” by Ryan George.

All the students did an incredible job, and a special thanks goes to Mrs. Josi Birchmeier for the Art Show, the middle school teachers with displays, Jill Maier and Kerry Zach for the delicious meal, and an extra thanks to Mr. Mike Stoiber and Mr. Kevin Schuelke for setting up and taking things down.

By Grace Hulbert

# Kalahari Band Trip

This year the Chequamegon Middle School band students went to the Kalahari. Here, the band students played songs at Beyond the Notes Music Festival. 49 middle school bands attended the trip this year. The clinicians also offered tips to improve how well the students played after playing the selected song. The festival allowed ensembles time to listen and support the other groups as well as spend time in the world's largest indoor water park.

# Tech Ed Projects

In Tech Ed with Mr. Stoiber, students created some amazing projects. The main project made by the 6th grade was a nut and bolt. In 7th grade, you got to choose between 2 projects: a cutting board or a jewelry box. For 8th grade, they made cool gum ball machines. All of these projects were mainly made of wood, glue, and a finish for the wood.

Students were responsible for a lot during the cutting board project. They started with planed lumber and turned it into something spectacular. Students were able to choose their own design, and they even got to use the laser to engrave an image of their choice to really make it their own.

By: Harland Kasowicz

# Grilling for Greatness

Grilling for Greatness is a yearly incentive for students who get a 3.5 to 4.0 GPA for the quarter. Students who earn this get to go outside for the whole afternoon and play on the blacktop, playground, and ball field. Mr. Kilmore grills hot dogs, and fruit snacks, chips, and flavored water are offered. Students look forward to this incentive every year. Luckily, the weather was cooperative for this year's Grilling for Greatness, which took place on May 17th.

By: Ethan Frischmann

# Elementary News

The 2nd graders have been working on collecting and displaying data for their math class and then graphing using chalk outside.

Elementary had their spring concert on Thursday, May 23. The potluck and viewing of art started at 5:15 to 5:45. The concert started at 6:00.

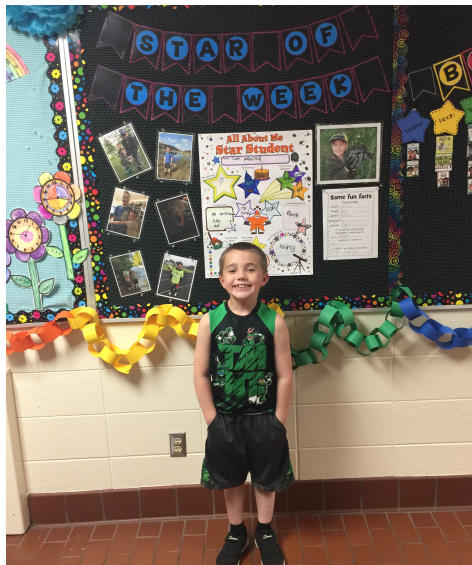

The elementary also made creatures out of anything they could find in the woods, such as sticks, pinecones, pine needles and more. They brought the materials inside and made their own creatures!

The 3rd graders were able to go to the Park Falls Elementary for a tour of the school because they are transitioning next year to 4th grade, which is located in Park Falls. They got to eat lunch, look at the library and look at all the 4th grade classrooms. They are thrilled and excited for their 4th grade year.

The 2nd and 3rd graders went to the Flambeau River Community Growing Center on Arbor day. They learned about how to plant a seed and how to transplant plants using a dribble. They had a ton of fun with the hands-on project in the greenhouse.

Cole Palecek was the star of the week. His favorite subjects are gym, math and art. He's really good at fishing, and wants to be in the Army when he grows up.

# After-School

Thursday, May 2

## STEM Grass Buddies

This is a gardening activity and being May, it's a good activity. This activity includes the students making pots of grass with faces on them. After the grass is grown, they put it in any hairstyle they wish.

Thursday, May 16

## STEM Kaleidoscope

This activity is in which the students make kaleidoscopes out of toilet paper tubes, tin foil, and beads. They look like as seen on the picture.

Monday, May 20

## After-School Party

Students enjoyed a pizza meal. They also got prizes based on how many days they attended the After-School Program.

Tuesday, May 21

## STEM Boats

This is an activity where students make boats out of sponges, straws, and balloons. They put them in the water and raced them at the end.

By: Lilyan Witt

# Sports

## Track & Field

Track 2019 went very well this year. The last track meet took place on May 16th in Phillips. Out of town meets usually includes a trip to a fast food restaurant such as Burger King or Mc. Donalds. The team would usually get home late, so they needed a place to eat.

The day after the last meet, the track team had a track party in their coach's classroom. They gave out awards, ate food, and made cards for each individual high school track member. The cards were made because the high school track members ran the middle school track meets. Everyone celebrated the great track season together. Everyone in track this year did very well and made a lot of progress. Everyone looks forward to the season next year.

By: Maia Oswald

## MLB: Ryan Braun

Ryan Braun, who is 35 years old, is a MLB player for the Milwaukee Brewers, and he is number 8. Ryan has a MVP award, 6 time All Star, and and a 5 time silver slugger award. He has a batting average of .256 and an all time of 330 home runs. This season, Ryan has 6 home runs and 18 RBIs, and 1076 RBIs for his career. Ryan bats right handed and throws left handed. He plays for left field and substitutes 3rd base. He has been playing in the MLB since 2007. His salary in 2018 was \$19,000,000. Braun has a contract for 2020.

By: Ethan Frischmann

# Silver Express

The Silver Express came to the Chequamegon Middle School on Wednesday, May 1st and performed a collection of songs. The songs performed included “Shallow” by Lady Gaga and Bradley Cooper, “Decode” by Paramore, “Careless Whisper” by George Michael, “Dreams” by Fleetwood Mac, “Belly Ache” by Billie Eilish, “Would you be So Kind” by Dodie Clark, and more. The Silver Express is a high school band from Hurley, and they have been coming to our school for years to perform. Students and staff always enjoy their talent.

By Jasmine Lutz

# Spring Fling

The Spring Fling is a yearly school dance at the Chequamegon Middle School. This years was scheduled on May 11, and the theme of the dance was "Glow." The admission of the dance was 5 dollars, and students that rode the bus payed 2 dollars for the ride. Students could bring in soda and snacks for the concessions, and those purchases went towards class points for the student's 8th grade class trip. There was a live DJ named DJ Kramer who played music for a good time. Students could also buy glow sticks at the dance, and unlimited pictures for 10\$ was a very nice option from MVP Photography.

By: Ethan Frischmann

Thank you to MVP Photography!

# UMD Visit

Every year, 12 eighth grade students get picked to tour Michigan Tech and do a few activities. This year instead of going to Michigan Tech, they went to UMD. They get this opportunity by having one of the top GPAs for their grade. They left Saturday morning on May 4th, and they got back Tuesday, May 7th. Students always look forward to going and being able to tour places and do fun activities while they are there.

At UMD they learned all about the college and got to hike the trails nearby. Students were also able to go fishing at Clam Dam and go canoeing. They enjoyed learning about the college, and some students even said that they would like to go to college at UMD someday. They appreciate being able to have such an amazing opportunity.

By: Celine Petroski

# Transition Day

5th grade transition day is all about the 5th graders coming up to the middle school and checking it out for the first time. On May 22nd, when the 5th graders came up, they looked really rattled, but excited at the same time. They got to check out the middle school play a game with Mrs. Ernst, made signs for their lockers with Mrs. Kief, went on a scavenger hunt in the gym, went to recess here, ate lunch, and finally they went back to the elementary school for the remainder of the day.

By: Sean Cabe

# Highway Clean Up

Years ago, the student council adopted a part of a highway located on Highway 77 heading toward Clam Lake. The student council makes it their responsibility to clean up this part of the adopted highway yearly. Ms. Kronberger oversees this and takes the kids to the highway. Usually another teacher goes with, and this year Mr. Oswald helped out.

By: Dominic Cain

# IREP

IREP stands for Isle Royale Education Program. Isle Royale is an island in Lake Superior, Michigan. 16 students are chosen to go to Isle Royale.

You may ask, how did the students get chosen? They were chosen by writing an essay about why they should be picked, why they want to go, and some information about the island. In order for the students to go to the island, they needed to have good grades and no behavior issues. The students that went on the trip were Maia Oswald, Alexis Grawunder, Grace Hulbert, Jessi Renken, Abby Humphrey, Ryan Szymik, Vladimir Boettcher, Nolan Niehoff, Alex Meyer, Jackson Ernst, Alayna Rybak, Zoey Weinberger, Autumn Michalski, Gunner Komarek, Chase Niece, and Robert Schienebeck.

The students left from Park Falls on May 24 and arrived at Clam Dam. The next morning, they took a ferry to the island and stayed there for three days. Then they spent another day at Clam Dam. The student returned to school on the 30th.

During the time the student had away from school, they enjoyed many hiking trips and enjoyed each other's company. All of the students that went on the trip were grateful for the opportunity and learning experience.

By: Grace Hulbert, Maia Oswald, and Alexis Grawvunder

# Awards Day

Awards day is a day where students get recognized for their achievements by getting awards. Awards are given for all sorts of things like solo and ensemble medals for instance. Forensics students get their ribbons from the Level II competition at Eau Claire, and eighth grade students look forward to the yearly candy bar awards. Eighth graders enjoy picking the candy bar that each student gets by voting through a Google Form. It's really exciting for everyone to see what each eighth grader gets. Teachers also give awards to students in their classes.

By: Lilyan Witt

# 8th Grade Trip & Graduation

Every year, the eighth grade students go on an overnight class trip. This year's trip took place on May 28th and 29th. The activities get picked by popular vote among the 8th graders. This year, the eighth grade students went to a Brewer vs Twins baseball game in Minneapolis at Target Field. They also got to visit Valley Fair while they were there and got to go to Como Park zoo to learn all about the animals that were there. In order to be eligible for the trip, you have to have passing grades, no more than two unexcused absences, and no more than 2 behavior referrals.

8th grade students then wrapped up their school year at their 8th grade graduation. This took place on the night of May 30th. For 8th grade graduation, the middle school band and choir performed. As another treat, some 8th grade students created an iMovie during the course of the school year to remember the fun times their class had during their last year in middle school. At 8th grade graduation, students got to watch the movie. At the end of the night, 8th grade students received their diplomas to graduate middle school. Thank you to all the CMS staff for making the middle school years memorable.

By: Celine Petroski

# The Outdoors

## Fishing

The fishing season opener came up fast. The season opener date was May 4th at 5:00 AM. The closing date is March 1, 2020. For certain fish species, the dates are all year round. June 1, 2019 - June 2, 2019 are the dates of the free fishing days in Wisconsin. To check out more dates, [click here](#). [Click here](#) for fishing regulations for 2019-2020.
