SECTION 5: CONTRACT TERM, RENEWAL & REVOCATION

5.1 Five-Year Term.

5.1.1 This Charter School Contract shall be effective upon complete execution for an initial period of five years and will terminate on June 30, 2016, contingent upon the results of the reporting requirements at the end of the third year as provided in R.S. 17:3998(A)(2) and the extension process as provided in Chapter 13 of Bulletin 126.

5.2 Extension

5.2.1 BESE shall conduct a Third-Year Evaluation of the Charter School based on Site Visits, the Charter School’s annual Performance Reports, and any other information BESE deems relevant and necessary to making a contract extension decision pursuant to LA-R.S. 17:3992 and 3998(A)(2).

5.2.2 The Charter Contract shall be extended if BESE determines that the charter school is meeting the student, financial, and legal and contract standards set forth in the Charter School Evaluation Framework, pursuant to Bulletin 126.

5.2.3 BESE may require, as a condition of an extension, that the Charter Operator amend its charter and/or take appropriate corrective action to remedy any material deficiencies that BESE identifies.

5.2.4 If BESE grants the Charter Operator an extension of this Agreement, the extension will terminate on June 30, 2016.

5.3 Renewal.

5.4 Revocation.

5.4.1 As provided by law, this Charter Contract may at any time be terminated and the Charter revoked upon a determination and affirmative vote by a majority of BESE members that the Charter Operator, its board members, officers, or employees did any of the following:
5.4.1.1 Committed a material violation of any of the conditions, standards, or procedures provided for in the approved Charter;

5.4.1.2 Failed to meet or pursue within the agreed timelines any of the academic or other educational results specified in the approved Charter;

5.4.1.3 Failed to meet generally accepted accounting standards of fiscal management; or

5.4.1.4 Violated any provision of law or policy applicable to a charter school, its officers, or employees.

This Charter Contract may be terminated immediately and the Charter revoked if BESE determines that the health, safety, or welfare of the students is threatened. BESE must provide written notice of termination, which shall include its findings and basis for termination. The termination and revocation shall be effective upon receipt of the Notice of Termination by the Charter Operator.

5.5 Dissolution.

5.5.1 The Charter Operator shall within one year of the effective date of this Agreement have adopted an approved dissolution plan (“Dissolution Plan”).

5.5.2 BESE will promulgate a model Dissolution Plan that it shall pre-approve for adoption by the Charter Operator. In the alternative, the Charter Operator may develop and submit a School-Specific Dissolution Plan for approval. BESE may require the Charter Operator to modify a School-Specific Dissolution Plan, but approval will not be unreasonably withheld.

5.5.3 In the event that the Charter School should cease operations for any reason, including termination of this Agreement, surrender, revocation, or non-renewal of the Charter, or dissolution of the non-profit corporation, the Board of Directors of the Charter School shall have direct responsibility for carrying out the dissolution of the school and disposition of assets in accordance with the Dissolution Plan and applicable law. Upon termination and closure, Charter Operator shall secure all Charter School records, including student records, in the possession of the Charter School and shall grant to the LDE access to records requested by the LDE. The LDE may take possession of such records, and upon taking possession of such records shall thereafter fulfill any and all statutory and contractual duties concerning the Charter School records, including the student records which are within the LDE’s possession; provided that in performing the Charter Operator’s legal or contractual duties, the Charter Operator shall comply with applicable law, and the Model Dissolution Plan. The Charter Operator shall take all reasonable steps necessary to collect and assemble in an orderly manner the educational records of each student who is or has been enrolled in the school so that those records may be transmitted within seven (7) business days of the school closing to the LDE.

6.3 **Indemnification and Disclaimer of Liability.**

6.3.1 The parties acknowledge that the Charter Operator is not acting as the agent of, or under the direction and control of BESE, except as required by law or this Agreement and that BESE does not assume liability for any loss or injury resulting from the acts or omissions of the Charter School, its directors, trustees, agents, or employees.

6.3.2 The Charter Operator acknowledges that it is without authority to extend the faith and credit of BESE to any third party. The Charter Operator shall clearly indicate to vendors and other entities and individuals outside BESE that the
obligations of the Charter Operator under agreement or contract are solely the responsibility of the Charter Operator and are not the responsibility of BESE.

6.3.3 The Charter Operator shall defend, indemnify, and hold harmless the State of Louisiana, BESE, the Recovery School District, the Department of Education, its officers, directors, agents and employees from any and all claims, demands, suits, actions, proceedings, loss, cost, and damages of every kind and description, including but not limited to, attorneys’ fees and/or litigation expenses which may be brought or made against or incurred by the State, BESE, the Recovery School District or the Department of Education on account of any action of the Charter Operator, its employees, agents or assigns. The provisions or limits of insurance required under this contract shall not limit the liability of the Charter Operator.

6.3.4 This Agreement is not an employment contract. No officer, employee, agent, or subcontractor of the Charter Operator or the School is an officer, employee, or agent of BESE, the Recovery School District, the Department of Education, or the State of Louisiana.

6.3.5 The parties acknowledge that neither BESE, nor the Recovery School District, nor the Department of Education, nor the State of Louisiana are liable for the debts or financial obligations of the Charter Operator or the Charter School.

6.3.6 The parties acknowledge that, pursuant to La. R.S. 17:3993, BESE and its members individually are immune from civil liability for any damages arising with respect to all activities related to the operation of any type of charter school they may authorize as a chartering authority.

6.4 Waiver.

6.4.1 The parties agree that either party’s failure to insist on strict performance of any term or condition of this Agreement shall not constitute a waiver of that term or condition, even if the party accepting or acquiescing in the nonconforming performance knows of the nature of the performance and fails to object to it.

6.5 Assignment.

6.5.1 No right or interest in this Agreement shall be assigned by anyone on behalf of the Charter Operator without prior written approval of BESE and delegation of any contractual duty of the Charter Operator shall not be made without prior written approval of BESE, which approval may be given or withheld at the sole discretion of BESE. A violation of this provision shall be grounds for immediate termination of this Agreement and revocation of the Charter.

6.6 Applicable Law.

6.6.1 This Agreement shall be governed by and construed in accordance with the laws of the State of Louisiana and all applicable federal laws of the United States.

6.6.2 The Charter Operator shall comply with all federal and state laws and regulations applicable to Type 2 charter schools, and all requirements imposed by BESE policy and regulation. The Charter Operator shall conform, in all
respects, with the educational standards contained in its Application and this Agreement.

6.6.3 The parties intend that they be bound by, and that this Agreement be subject to, any and all future, amendments or additions to the statutes, regulations, policies and procedures applicable to charter schools. The Charter Operator and BESE hereby agree to comply with any such change as if it were specifically set forth herein. Any such change shall supersede any provision within this Agreement that conflicts with it.

6.7 **Severability.**

6.7.1 The provisions of this Agreement are severable. Any term or condition deemed illegal or invalid shall not affect any other term or condition, and the remainder of the Agreement shall remain in effect unless otherwise terminated by one or both of the parties.

6.8 **No Third Party Beneficiary.**

6.8.1 The enforcement of the terms and conditions of this Agreement, and all rights of action relating to such enforcement, shall be strictly reserved to BESE and the Charter Operator. Nothing contained in this Agreement shall give or allow any claim or right of action whatsoever by any other or third person. It is the express intent of the parties to this Agreement that any person receiving services or benefits hereunder shall be deemed an incidental beneficiary only.

6.9 **Counterparts: Signature by Facsimile.**

6.9.1 This Agreement may be signed in counterparts, which shall together constitute the original Contract. Signatures received by facsimile by either of the parties shall have the same effect as original signatures.

6.10 **Material Amendment.**

6.10.1 Any material amendment to this Agreement will be effective only with approval of both BESE, or its designee, and the Charter School’s Board of Directors. A Material Amendment shall not become effective and the Charter Operator shall not take action or implement the changes requested in the amendment until the amendment is approved by BESE.

6.10.2 The Charter Operator will submit any proposed Material Amendment to BESE in accordance with guidance to be promulgated by BESE.

6.10.3 Changes to the Agreement that constitute Material Amendments include, but are not limited to, the following:

6.10.3.14 any changes not specifically identified as a non-material amendment.  

6.11 Non-Material Amendment  

6.11.1 A Non-Material Amendment of this Agreement may be made effective by the Charter Operator through written Notification to BESE.  

6.11.2 The Charter Operator will notify BESE of any proposed Non-Material Amendment in accordance with guidance to be promulgated by BESE.  

6.11.3 A Non-Material Amendment by the Charter Operator will be effective ten (10) days following Notification, unless BESE notifies the Charter Operator that it objects to the proposed Amendment. A non-material amendment by BESE via BESE or RSD regulations or policies or any amendments thereto will be effective immediately unless a different effective date is stated therein.

EDUCATION SERVICE PROVIDER CONTRACT REQUIREMENTS

In the event the Charter Operator intends to contract with a third party for comprehensive school management or operations services (“Service Agreement”), the following requirements must be met by the Charter Operator prior to opening:

I. **Required Provisions of Bylaws.** The bylaws of the Charter School shall provide that the Charter School may not enter into any contract for comprehensive school management or operations services (“Service Agreement”) without first submitting such Service Agreement to the State Board of Elementary and Secondary Education for review and approval.

II. **Submission of Service Agreement.** The Service Agreement shall be submitted to BESE no later than 30 days prior to its effective date. If BESE determines that the Service Agreement does not comply with the provisions set forth in Section III (“Required Terms of Service Agreement”) of this Exhibit, or that the Charter Operator’s entering into the Service Agreement would otherwise be in violation of the conditions set forth in this Exhibit, any other part of the Charter School Law or the school’s Charter School Contract, then BESE shall notify the Charter Operator within twenty (20) days, stating with particularity the grounds for its objections. In such event, the Charter School shall not enter into the Service Agreement unless and until the deficiencies noted by BESE have been remedied to BESE’s reasonable satisfaction.

III. **Required Terms of Service Agreement.** The Service Agreement shall include, without limitation, the following Required Terms:

   a. The Service Agreement shall be subject to, and shall incorporate by reference, the terms and conditions of the Charter School Contract.

   b. The Service Agreement shall describe the specific services for which the Service Provider is responsible and shall clearly delineate the respective roles and responsibilities of the Service Provider and the Charter Operator in the management and operation of the Charter School, including development, approval and oversight of the Charter School’s budget; development, approval and oversight of the Charter School’s curriculum; and oversight of the Service Provider’s services.

   c. The Service Agreement shall expressly provide that the Charter Operator retains, at all times, ultimate responsibility for the Charter School’s budget and curriculum.

   d. The Service Agreement shall include procedures by which the Service Provider will be accountable to the Charter Operator including expressly addressing how the Charter Operator will evaluate and hold the Service Provider accountable in relation to the performance requirements set out in the School Evaluation Framework.
e. The Service Agreement shall be terminable by the Charter Operator, in accordance with its established termination procedures: (a) upon default by the Service Provider, including without limitation any act or omission of the Service Provider that causes a default under the Charter School Contract or that causes the Charter Operator or Charter School to be in violation of the Charter Schools Law; or (b) for other good cause as agreed by the Charter Operator and the Service Provider.

f. The Service Agreement shall require that the Service Provider furnish the Charter Operator with all information deemed necessary by the Charter Operator or the RSD for the proper completion of the budget, quarterly reports, or Financial Audits, required under Section 3 (“School Financial Matters”) of the Charter School Contract.

g. The Service Agreement shall provide that all financial reports provided or prepared by the Service Provider shall be presented in the format prescribed by BESE or, if BESE has not prescribed a format, in GAAP/FASB approved nonprofit format.

h. The Service Agreement shall provide that all employees or contractors of the Service Provider who have direct, daily contact with students of the Charter School shall be subject to criminal background check requirements pursuant to LA-R.S. 17:3991(E)(5), to the same extent as employees of the Charter School.

i. The Service Agreement shall contain provisions requiring compliance with all requirements, terms and conditions established by any Federal or State funding source.

j. The Service Agreement shall provide that the Charter Operator retains responsibility for selecting and hiring the auditor for the independent annual audit required by Section 3 (“School Financial Matters”) of the Charter School Contract.

k. The Service Agreement shall provide that Louisiana law governs any legal proceeding arising out of a dispute between the Charter Operator and the Service Provider.

l. The Term of the Service Agreement shall not exceed the term of the school’s charter or Charter School Contract.

IV. Financial Reporting.

a. **Budget.** The budget prepared by the Charter Operator pursuant to Section 3 of the Charter School Contract shall include, without limitation, the following itemized information:

   i. All expenses and anticipated expenses associated with the operation and management of the Charter School.
ii. All contract payments, lease payments, management fees, administrative fees, licensing fees, expenses and other amounts paid to the Service Provider or otherwise paid pursuant to the Service Agreement by the Charter School. Such reporting should make clear the sources of revenue on which fees are based.

iii. All loan repayments for any loans made to the Charter Operator by the Service Provider, including separate line items for interest, principal and premium, if any, on such loan repayments.

iv. All investments in the Charter School or Charter Operator by the Service Provider, including the expected returns on equity for such investments.

b. Quarterly Financial Statements. Quarterly financial statements filed by the Charter Operator pursuant to the Charter School Fiscal Oversight Policy, Exhibit I of the Charter Contract, shall reflect the school’s entire financial operations, including an itemized accounting of all amounts paid to the Service Provider or otherwise paid for the Contract Services, which amounts shall be itemized in a manner that clearly corresponds with those categories provided in the Charter School’s annual budget or the Service Agreement.

c. Annual Audit. The Financial Audits required under Section 3 (“School Financial Matters”) of the Charter School Contract shall include review of all fees and payments made by the Charter Operator to the Service Provider.

d. Reporting of Loans and Investments. All loans to, or investments in, the Charter Operator or the Charter School by the Service Provider must be evidenced by appropriate documentation, either in the contract between the Charter School and the Service Provider, or through separate agreements. In the case of investments, such documentation shall explain how the investment shall be treated on the books of the Charter Operator and shall clearly state the Service Provider’s expected return on equity.

V. Construction.
Nothing in this Exhibit shall be construed to waive or otherwise limit the obligation of the Charter Operator to provide information otherwise required to be reported by the Charter School under the Charter Schools Law or the Charter School Contract.

   7. BESE will conduct an additional student membership count on February 15 to reflect any changes in student enrollment that may occur after October 1 each year. For any school with a change in enrollment greater than 5 percent, either higher or lower, the allocation amount will be adjusted. Any adjustments made pursuant to this February 15 count shall not be retroactive and shall be applicable only for the period from March through June.
   8. Data acquired from the monthly pupil membership counts will be used by the LDOE for budget projections for the upcoming school year.

TYPE 2 CHARTER SCHOOL STUDENT ENROLLMENT POLICIES AND PROCEDURES

The State Board of Elementary and Secondary Education (BESE) is committed to ensuring that the student enrollment process in the charter schools it authorizes is fair, transparent and accessible to all students and families interested in attending a charter school.

The following describes the student enrollment process, both in terms of policies and procedures, for BESE charter schools.

**ENROLLMENT POLICY**

The Board of Directors must adopt a written student enrollment policy. The policy should include:

- Five-year enrollment plan (including expansion plan for additional grades and number of students served);
- A non-discrimination assurance;
- Eligibility and application requirements (including ages/grades at which the school enrolls, or does not enroll, new students);
- Marketing/outreach/recruitment timeline and activities;
- Due dates for application materials;
- Lottery date and process;
- Instructions for accepting admission if chosen in the lottery; and
- Waitlist procedures.

The BESE staff will review the school’s approved enrollment policy and any application materials (i.e. written application, recruitment flyer) to ensure consistency with the Louisiana charter school law.

**Non-Discrimination Requirement**

Charter schools authorized by BESE are public schools and are open to all students eligible for enrollment in a public school. Charter schools may not discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, ancestry, athletic performance, special need, proficiency in the English language or in a foreign language, or academic achievement in admitting students, nor may charter schools set admissions criteria that are intended to discriminate or that have the effect of discriminating on any of these bases.

**Enrollment of Students with Disabilities**

It is expected that charter schools will enroll students with disabilities in compliance with all applicable law. BESE will monitor all schools for compliance with the law to ensure equal access for ALL students. In admitting students in compliance with applicable law, it is anticipated that a charter school will enroll a percentage of students that is reflective of the number of students with disabilities being served in public schools in the parish in which the school is located. This is not a quota or a cap on the enrollment of students with disabilities. All students must be admitted in compliance with applicable law.

The percentage of students eligible for special education services who are admitted to the charter school will be reviewed annually based on the percentage of students identified as receiving special education services in schools in the parish in which the charter school is located. In the event that a charter school does not enroll a percentage of special education students that is reflective of the percentage of special education students in the parish where the charter school is located, LDE may choose to manage recruitment and admissions in subsequent years.
CHARTER SCHOOL CONTRACT: EXHIBIT H

Required Enrollment of At-Risk Students for New Start-Up Type 2 Charter Schools

The percentage of students enrolled in the charter school who are at-risk, as defined in La. R.S. 17:3973, must be equal to the percentage of students who are eligible for free and reduced lunch in the school district(s) from which the charter school draws its students.

Eighty-five percent of the charter school’s at-risk students must be eligible for free and reduced lunch. The remaining 15% of the charter school’s at-risk students may be at-risk in any of the ways set forth in La. R.S. 17:3973.

For new Type 2 charter schools drawing students from more than one school district, the percentage of students eligible for free and reduced lunch, which is to be used to calculate the required percentage of at-risk students enrolled in the charter school, is to be determined using the average percentage of students eligible for free and reduced lunch in all those districts. If accepting applications from all districts, the percentage of students eligible for free and reduced lunch, which is to be used to calculate the required percentage of at-risk students enrolled in the charter school, is to be determined using the statewide average.

For a new start-up Type 2 charter school located in any parish having a population between 20,500 and 21,000 according to the most recent federal census, the percentage of at-risk students who are eligible for free and reduced lunch shall be, as near as practicable, not more than the percentage of students eligible for free and reduced lunch in the public and state-approved private schools in the parish. At least 50% of the students enrolled in the charter school must, as near as practicable, be eligible for free and reduced lunch.

Required Enrollment of At-Risk Student Requirements for Conversion Type 2 Charter Schools

Unless otherwise provided in the charter contract, a conversion Type 2 charter school must enroll a percentage of at-risk students who are eligible for free and reduced lunch that is at least equal to the percentage of students eligible for free and reduced lunch enrolled in the school during the school year immediately preceding the school’s conversion to a Type 2 charter school.

For a conversion Type 2 charter school located in any parish having a population between 20,500 and 21,000 according to the most recent federal census, the percentage of at-risk students who are eligible for free and reduced lunch shall be, as near as practicable, not more than the percentage of students eligible for free and reduced lunch in the public and state-approved private schools in the parish. At least 50% of the students enrolled in the charter school must, as near as practicable, be eligible for free and reduced lunch.

ENROLLMENT PERIOD

To initiate the enrollment period, the charter school should:

- Determine the spaces available in each grade based on the school’s capacity;
- Set a deadline for accepting student applications. Pursuant to the Louisiana Charter School Law, an application period shall not be less than one month nor more than three months;
- Publicize the application deadline in multiple venues with reasonable notice of at least one month before the deadline;
- Set a date for the lottery with reasonable public notice given at least one week prior to the lottery; and
• Set a final date for students to accept enrollment and the actual date of enrollment.

Recommended Practice in Recruiting Students

To meet the requirement of “reasonable notice,” a charter school might:

• Send notification to local non-profits advertising the school and its enrollment process;
• Post notices in various locations across the parish(es);
• Hold well-publicized informational meetings for students and families to learn about the school and its enrollment process; and
• Run advertisements in the city’s major commercial and community newspapers.

Application Requirements

As stated above, charter schools may not discriminate in their enrollment practices. At the same time, charter schools have an interest in making sure that prospective students and families understand the mission and focus of the school and that they are interested in being part of that school community. To that end, charter schools may have application requirements, provided those requirements are not designed, intended, or used to discriminate unlawfully. Meetings with parents/guardians, for example, must be designed to inform them about the school rather than to discourage certain types of students from attending the school.

Acceptable Application Requirements

• Charter school may require a written enrollment form that includes basic and general information about the prospective student (i.e. name, address, birth date, last grade completed, prior school attended).
• Charter schools may require proof of residency in the parish or parishes served by the charter school (such requirement may not be made of homeless students).
• Charter schools may require students to successfully complete the grade preceding the grade the student plans to enter.
• Charter schools may encourage (not require) parents/guardians to attend informational sessions.

Unacceptable Application Requirements

• Charter schools may not require a written application that is intended to assess the student’s aptitude (i.e. essay responses, prior test scores, special education and English language learner identification)
• Charter schools may not make statements in meetings that are intended to or have the effect of discouraging parents/guardians of students with disabilities, or English language learners, or any other protected group of students from submitting an application to the school.

Eligibility

In order to be eligible to enroll, a student must live in the parish or parishes that are described as the jurisdiction within which a student shall reside to be eligible to attend the charter school in the school’s charter application.

Students Entitled to an Admission Preference in a Type 2 Conversion Charter School

For a Type 2 charter school that is a pre-existing public school converted, pursuant to the process provided by law, students enrolled in the pre-existing school shall be given preference over all other
applicants and applications procedure shall be established in a fashion that provides ample opportunity for such students to exercise the right for preferential admission.

**Recommended Application Materials**

Charter schools should make it as easy as possible for students and families to complete the enrollment application. Toward that end, charter schools should:

- Translate the application in languages spoken by the prospective population to the extent possible.
- Make the application available in multiple locations (i.e. school building, neighboring non-profit organizations, internet/website).

Charter schools are expected to make proactive efforts to reach out to students and families throughout the community in recruiting new students, and to administer their enrollment process in a way that is open, inclusive and fair. Failure to do so may indicate that the school is using its enrollment process to discriminate and may result in sanctions by BESE.

**CONDUCTING THE LOTTERY**

**New Type 2 Charter School**

In a new charter school’s first year of operation, at the conclusion of the application period, if the applications for students do not exceed the slots available, students applying during the application period shall be admitted. If the total number of eligible applicants exceeds the capacity of a program, class, grade level, or school, admission to the program, class, grade level, or school shall be based on an admissions lottery conducted from among the total number of eligible applicants.

If the percentage of at-risk applicants, as defined herein, does not exceed the required percentage of at-risk students to be enrolled in the charter school, then all those at-risk applicants are to be admitted. If the number of applicants remaining, after enrolling all the at-risk students, exceeds the remaining slots available, then an admissions lottery is to be conducted among all the remaining applicants.

If the percentage of at-risk applicants, as defined herein, exceeds the required percentage of at-risk students to be enrolled in the charter school, then a lottery is to be conducted among the at-risk students until the required percentage of at-risk students has been obtained. Then the remaining at-risk students are to be placed in a lottery with all other applicants, and a lottery is to be conducted among those applicants until all the remaining slots are filled.

**Conversion Type 2 Charter School**

For a conversion Type 2 charter school, in the school’s first year of operation, at the conclusion of the application period, if the applications for students previously enrolled in the preexisting school do not exceed the slots available, such students shall be given preference over all other applicants, e.g. they must be automatically admitted. If the charter school receives more applications from previously enrolled students than spaces available, the school must conduct a lottery to fill slots.

After all students who previously attended the school have been admitted, the charter school must determine how many at-risk students, as defined herein, are needed to obtain the required percentage of at-risk students to be enrolled at the charter school.

If the percentage of at-risk applicants, as defined herein, does not exceed the required percentage of at-risk students to be enrolled in the charter school, then all those at-risk applicants are to be admitted. If the
number of applicants remaining, after enrolling all the at-risk students, exceeds the remaining slots available, then an admissions lottery is to be conducted among all the remaining applicants.

If the percentage of at-risk applicants, as defined herein, exceeds the required percentage of at-risk students to be enrolled in the charter school, then a lottery is to be conducted among the at-risk students until the required percentage of at-risk students has been obtained. Then the remaining at-risk students are to be placed in a lottery with all other applicants, and a lottery is to be conducted among those applicants until all the remaining slots are filled.

New Start-Up Type 2 Charter Schools and Conversion Schools

Following the admission of students entitled to a preference, if there are spaces available and the charter school’s applications exceed the spaces available, the school must conduct a lottery to fill slots.

The following requirements apply to both new and conversion Type 2 charter schools:

In the second year of operation and thereafter, all charter schools must modify their enrollment procedures in order to give preference to students previously enrolled in the school and their siblings.

Charter schools must conduct their lotteries in public, with a disinterested party drawing the names. A “disinterested” person is someone who is not affiliated with the school. Every time that an admissions lottery takes place, the process must be fair and all rules applied consistently.

Even after all spaces in the school are filled through a lottery, schools must continue to draw the names of all students who apply and place the names of students not selected for an available space on a waiting list in the order the names were drawn. Charter schools must keep and make public the waiting list and explicitly specify rules for their waiting lists clearly and in writing as part of their enrollment policies.

If the principal enrollment process fails to fill all the available slots, and all names on the waiting list have been given an opportunity to enroll, a charter school may repeat the process of accepting applications for enrollment. This process should be well documented by specified dates and clear to all prospective families and students. As spaces become available during the school year, a school may repeat the application process to fill these openings, provided that all students on a current waiting list have first been selected.

Recommended Practice in Conducting Lottery During the First Year of Operation:

- Separate applications by grade level.
- For each grade level, draw names until all slots have been filled.
- If there are more names for a given grade than slots available, continue to pull names and add such names to the school’s waitlist in order as pulled.

It is important to note that in subsequent years (Year 2 and thereafter), all charter schools must:

- Provide all previously enrolled students (e.g. students that attended the school during its first year of operation) the right to continue to attend the school, provided that the school serves the grade level in which the student should be enrolled.

- Give lottery preference to siblings of students already enrolled in the charter school.
ENROLLING STUDENTS

Once the lottery is complete, the school should send notification to each student that submitted an application the status of their application. Students that were chosen in the lottery should be given explicit instructions on how they accept admission to the school and pertinent information regarding the start of the school year.

Acceptance Requirements

Just like the application requirement, the admission acceptance requirement may not in any way discriminate against students and families.

Recommended Acceptance Requirements

The charter school should require a parent or guardian to accept admission to the charter school by notifying the school (providing multiple ways and ample time to do so) of his or her intent to attend.

The charter school must notify BESE of the school’s anticipated student enrollment by established deadlines. For each student that has accepted enrollment, provide:

- Name
- Address
- Social security number
- Birth date
- Grade
- Previous school attended

A school is only required to hold a slot for a child whose parent has not accepted admission for two weeks. Thus, if an admitted student does not attend school for two consecutive weeks, that slot may be released to given to a student on the waitlist.

In such cases, a charter school is required to:

- Notify the parent/guardian after five days of missing school to discuss their intent to send their child to the school.
- State that in order for the slot to be held, the student must attend school within the next five days.
- If the student does not attend within those five days, the school may release that particular slot and fill it with a child from the waitlist (if no waitlist exists, the school may receive applications for that slot.)

I understand the above restrictions on my service as a charter school board member and aver that I am currently eligible to serve as a board member consistent with these restrictions.

In addition, in the event that a conflict arises between my service and these restrictions, I pledge to notify the charter school board immediately and to resign my position on the board unless, within thirty (30) days, such conflict can be resolved to the satisfaction of the charter school board and the Louisiana Board of Elementary and Secondary Education.

The Board of Directors of Lycée Français de la Nouvelle-Orléans requests authorization to amend its charter to accept students up to 2nd grade for the 2012-2013 academic year. At this time our charter contract is set for us to accept only 1st grade for the upcoming 2012 academic school year. Following the opening of Lycée Français de la Nouvelle-Orléans there has been an overwhelming, enthusiastic demand for the school offerings in the community. Since the acquisition of a new building for next year, which will allow us to accommodate 500 students, there has been a surge of interest in the school and strong demand for the possibility of offering enrollment beyond 1st grade next year. Without even advertising for the upper grades, we have received unsolicited applications for several upper grades with the strongest interest in 2nd grade. As of January 9th, the official closing of the application process, we have received 31 applications for 2nd grade. Once approved by the BESE board, we will officially advertise a two-week period for open enrollment application acceptance for 2nd grade.

We currently have the demand of the community, the facility with fixed operating costs next year with excess capacity (i.e. empty classrooms that we are paying for anyway), we are adding support staff to handle the increased enrollment, and are prepared to implement the curriculum and hire the teachers to accommodate 2nd grade. By adding 2nd grade, the security of these MFP funds will further insures strength in our financial viability. It is important that we continue to maintain a balanced budget and with the additional funding of 2nd grade we can be sure of it. We are requesting expediting our amendment so we can continue to move forward with an application process for this 2nd grade.

In addition, in support of BESE authorizing us to open 2nd grade next year, we are prepared to offer a free high-level Summer French Remedial Program and an After-School Tutoring System next year to support the open enrollment of our 2nd grade students to ensure that all of our students succeed. Further, homework assistance will be available so the English-speaking parents or at-risk parents can have a support system in place to monitor and guarantee success for every student from Kindergarten and up. Students identified from the application process with no prior French background will be required to attend our free Summer French Remedial Program and will be provided additional instruction through the School Tutoring System.

Again, we are asking that you expedite our request so we may finalize our budget for 2012-2013, hire the teachers, plan the facility requirements, respond to the current demand and present the community with a clear path toward our long-term goal of becoming the first public French Education Pre-K-12 institution in the country in a careful & timely manner. We are passionate and committed to achieving our common goal of serving the community with a rigorous educational environment that will always put the needs of our students at the center of all our decisions.

Thank you for your consideration,

Respectfully,

Dr. Jean Montès
