

The board may provide accommodations for members of the news media present at board meetings. The superintendent may provide copies of the board agenda to news media prior to each board meeting upon request or as required by law. At an appropriate time, the board or superintendent may explain board action.

Use of cameras, photographic lights, and recording devices at any board meeting shall be allowed subject to reasonable rules, which are designed to ensure orderly conduct. All recording devices, including microphones, shall be kept in an area designated for the media. Use of recording devices shall not interfere with or disrupt the meeting. No cameras or recording devices shall be allowed at executive sessions of the board.
