

Welcome to 8th Grade!

- Each class requires a **dedicated** and **separate** place to store notes and handouts. Teachers will explain their organizational systems during the first week of school.
- **Label ALL materials and equipment** with the student's first and last name.
- 8th Grade Students **ARE** allowed to carry full-sized backpacks throughout the day due to the fact that they now move between buildings, but they should visit lockers when possible during the school day to switch out supplies.

| | |
|-----------------------------------|---|
