All technology devices issued and used by students are owned by and are the property of Fulton Independent School. Technology devices are issued for educational use only, and use of a technology device for any purpose other than educational use may result in consequences, up to and including loss of device privileges or other consequences as allowed by the Student Code of Conduct.

STUDENT EXPECTATIONS

1. Students will practice responsible digital citizenship at all times
2. Students will protect the device from damage and defacement
3. Students will not connect personal accounts to the device
4. Students will not download or access inappropriate material at school
5. Students will not ever give their login information to other students
6. Students acknowledge that if they give their device to others to use, they are responsible for any content viewed on the device, any material downloaded and any damage that may occur while it is out of their possession.

STUDENT CHROMEBOOK CARE

Students are responsible for the general care of the Chromebook which they have been issued by the school. Chromebooks that are broken or fail to work properly must be reported via the technology ticket system. If a loaner Chromebook is needed, one will be issued to the student until their Chromebook can be repaired or replaced.

- No food or drink is allowed next to your Chromebook while it is in use
- Cords, cables, and removable storage devices must be inserted carefully into the Chromebook
- Chromebooks should never be shoved into a locker or wedged into a book bag, as this may break the screen
- Do not lean on top of the Chromebook
- Do not place anything near the Chromebook that could put pressure on the screen.
- Do not poke the screen
- Do not place anything on the keyboard before closing the lid (i.e. pens, pencils, notebooks etc.)

STRICTLY PROHIBITED STUDENT ACTIVITIES

- Illegal installation or transmission of copyrighted materials
- Sending, accessing, uploading, downloading, or distributing offensive, profane, threatening, obscene or inappropriate materials.
- Use of chat rooms, sites selling term papers, book reports, and/or other forms of student work.
- Messaging services
- Changing of Chromebook settings (exceptions include personal settings such as font size, brightness, etc.)
- Spamming (sending mass or inappropriate emails)
- Using the internet to access personal (non-school related) accounts (i.e. non-school provided email accounts, Facebook, other social media sites, etc.)
- Use of the district's Internet/Email accounts for financial or commercial gain or for any illegal activity
- Sending anonymous or misleading communications for any inappropriate purpose by any means.
- Vandalism of school equipment will not be allowed. (any malicious attempt to harm or destroy hardware, software, or data, including but not limited to, the uploading or creation of computer viruses or computer programs that can infiltrate the computer system and/or damage software connections)
- Bypassing the Fisd web filter.

FILE MANAGEMENT

Students are responsible for ensuring that their work on the technology device is not lost due to mechanical failure or accidental deletion.

TECHNOLOGY DEVICE SETTINGS

1. Music - Students may not download or save music on the technology device.
2. Games - Technology devices are provided for instructional use only. Unless permission is granted by the classroom teacher or school, students may not:
 - a. Play internet games on the device
 - b. Download, save or install any games or non-related applications or programs on the technology device.

SOFTWARE

1) Originally Installed Software

Each assigned technology device will have software pre-installed. Students may not remove or alter the originally-installed software unless specifically instructed to do so by a teacher or system administrator. Students may not download or install any additional software unless specifically instructed to do so by a teacher or system administrator.

2) Inspection

Technology devices may be checked periodically to ensure that no new software has been added, and software that is no longer needed has been removed.

3) Virus Protection

All technology devices are equipped with anti-virus protection software. This software will scan for known viruses on boot up. If a virus is found upon scanning, the student must immediately report the virus to a system administrator.

LEGAL CONSIDERATIONS

Student use of technology devices must comply with trademark and copyright laws and all license agreements. If you are unsure, ask a teacher, network administrator, or the principal.

Students may not plagiarize the work of others and must give credit to all sources used, whether quotes or summarized.

Use or possession of hacking software is strictly prohibited and violators will be subject to disciplinary action. Violation of applicable state or federal law will result in criminal prosecution or disciplinary action by the school.
