MORE INFO

Students may be eligible for discounts. See more information through the QR code.

**Our goal** is to build **familiarity, confidence**, and other necessary **skills for public speaking**. To achieve this, we will give students a thorough understanding of the types of public speaking and provide individualized feedback. All peer mentors are members of the **nationally-ranked** Unionville Speech and Debate team and experts in the field they are teaching. There will be school staff and a nurse on campus as well.
