Student Learning

Student Learning Summary

Our ECHS designation enables students to attend college courses and the campus offers a wide variety of certifications, AP courses, and dual enrollment courses through Texas Southmost College and TSTC. Scores on college entrance exams, AP courses and dual enrollment courses rose this year and the expectation is that they will continue to improve with the emphasis this designation and the excitement this opportunity generates in the community. Incoming 9th grade students' scores from Reading and Math determine whether they require linked classes in English and Math or advanced classes.

Content teachers in English I, US History and Math conducted regular formative assessments and met weekly or more often to discuss data and teaching strategies. Biology used their own formative assessments and English II met and tested less regularly as a group. Students attended tutorials during the week and on weekends, but many students who really needed help did not attend.

The Site-Based Decision-Making (SBDM) Committee conducted a comprehensive needs assessment May 21, 2021 to determine the strengths and needs of students, staff, parental and community involvement, and facilities before deciding how to use available local, state and federal budget allocations. During the SBDM meeting based on the CNA results, the committee decided to concentrate on improving the passing rate of all students and student groups including Migrant, Bilingual, At-Risk, Dyslexia, GT, Title I, and Special Education on state assessments. The 2022 goal is to have 90 / 60 / 30 percentage of all students and student groups passing all parts of state mandated assessment for the 2021-2022 school year and to increase the advanced level performance in all tested areas.

 - c. Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
 - d. Infringes on the rights of the victim at school; and
2. Includes cyberbullying.

Policy

The board shall adopt a policy, including any necessary procedures, concerning bullying that:

1. Prohibits the bullying of a student;
2. Prohibits retaliation against any person, including a victim, a witness, or another person, who in good faith provides information concerning an incident of bullying;
3. Establishes a procedure for providing notice of an incident of bullying to:
 - a. A parent or guardian of the alleged victim on or before the third business day after the date the incident is reported; and
 - b. A parent or guardian of the alleged bully within a reasonable amount of time after the incident;
4. Establishes the actions a student should take to obtain assistance and intervention in response to bullying;
5. Sets out the available counseling options for a student who is a victim of or a witness to bullying or who engages in bullying;

7. Prohibits the imposition of a disciplinary measure on a student who, after an investigation, is found to be a victim of bullying, on the basis of that student's use of reasonable self-defense in response to the bullying; and
8. Requires that discipline for bullying of a student with disabilities comply with applicable requirements under federal law, including the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.).

2. Substantially disrupt the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Education Code 37.0832

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyber-bullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited	The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.
Examples	Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.
Retaliation	The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.
Examples	Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.
False Claim	A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.
Timely Reporting	Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.
Reporting Procedures	To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.
Student Report	
Employee Report	Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Notice of Report	When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.
Prohibited Conduct	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
Investigation of Report	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
Concluding the Investigation	<p>Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.</p> <p>The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.</p>

Priority for Service (PFS) Action Plan for Migrant Students

As part of the Every Student Succeeds Act (ESSA), the Priority for Service (PFS) Action Plan is a required program activity for the Migrant Education Program. In providing services with funds received under this part, each recipient of such funds shall give priority to migratory children who have made a qualifying move within the previous 1-year period and who are failing, or most at risk of failing, to meet the challenging State academic standards; or have dropped out of school. [§1304 [20 U.S.C. 6394](d)].

The Priority for Service Report on NGS must be used to determine who to serve first and foremost with MEP funds. Students are identified as PFS if they meet the following criteria:

Priority for Service Criteria	
Grades 3-12, Ungraded (UG) or Out of School (OS)	<input type="checkbox"/> Who have made a qualifying move within the previous 1-year period; <u>AND</u> <input type="checkbox"/> Have a received grade level of “approaches or not meet” on the state assessments (STAAR), were Absent, Not Tested* or were not enrolled in a Texas school during the state assessment testing period for their grade level.
Grades K-3	<input type="checkbox"/> Who have made a qualifying move within the previous 1-year period; <u>AND</u> Have been designated LEP in the Student Designation section of the New Generation System (NGS) <input type="checkbox"/> Supplemental Program Component; <u>or</u> <input type="checkbox"/> For students in grades K-2, who have been retained, or are overage for their current grade level.

The following document is provided by TEA for districts to help document efforts that are being conducted on behalf of Priority for Service students. It contains all of the required components as described in Part 4 of the ESSA Application in the Provisions and Assurances, but also allows room for districts to add additional activities.

Each district’s plan must clearly articulate criteria for defining student success, including timelines for achieving stated goals and objectives.

NOTE: This document can be obtained electronically in MS Word format from the regional ESC MEP Coordinator.

*The State of Texas Assessments of Academic Readiness (STAAR®) were not being administered during the spring or summer of the 2019–2020 school year.
