For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

DATA ENTRY: Enter an explanation if Yes.

- 1a. Yes - Annual payments for long-term commitments have increased in one or more of the budget or two subsequent fiscal years. Explain how the increase in annual payments will be funded.

annual payments)

The increase in annual payments will be funded through the following: The Certificates of Participation will be paid out of developer fees and capital facilities RDA, then after the solar lease is paid off in 2027, Unrestricted General Fund will be used towards this debt. General Fund Obligation Bonds will be paid out of tax receipts. The 2020 Lease Agreement funds will be paid out of Unrestricted General Fund. The 2020 Lease Agreement funds were used to construct solar fields at six of our high schools and the energy savings generated will be used to offset payments. The district expects to sell unused land, a portion of which will be used to pay off the 2019 Lease.
