

### **Admissions Overview – June 2022**

This data is based on the applicant list in April 2022 and is based on this year's applications only.

A total of 1784 including late applications were received for admission to Coombe Wood School in September 2022, this includes 11 Educational Health Care Plan (EHCP) applicants via Croydon Council.

A final intake of 180 has been confirmed according to our admissions criteria and the breakdown is as follows:

EHCP	11
Looked After Children	10
Exceptional Social Needs	2
Feeder Schools (Park Hill Junior School & St Peters Primary School)	90
Siblings	27
Children of Staff	2
Distance from School (as provided by LBC)	20
HRF Assessment - Ranked Order	18

### **Schools**

Below is a table identifying the primary schools attended by the majority of our cohort. Please note that this is in addition to our feeder schools of Park Hill Junior School and St Peter's Primary School.

Ridgeway Primary School	5
Ark Oval Primary Academy	4
Elmwood Junior school	4
Heathfield Academy	6
Howard Primary	5

### **Siblings**

27 sibling places were offered to pupils this year under our sibling's criteria.

### **Distance**

Of the 20 places offered under the distance criteria, the furthest from the school was 0.52 miles on National Offer Day and 0.59 following distance decline movement.

## **Health Related Fitness Assessment Applications**

500 applications were received for the Health Related Fitness Assessment. All applicants who demonstrated a sporting aptitude were then ranked in order. In 2022 the 18 places reserved for those demonstrating a sporting aptitude were taken by those ranked between 1 to 32. (updated June 2022)

The allocation of 18 places was provided within our admissions criteria to enable students who would not have gained a place at the school under any other of the admissions criterion.

## **Summary Forecast**

In 2022, of the 90 places available from our feeder schools, 90 were taken. The number of EHCP, Looked after Children, children of staff and siblings may increase year on year which could have an additional impact on the distance criteria.
