

Attendees: Adam Braunstein, Erica Ferdani, Lori Goldstein, Shelly Hora, Jeff Jasica, Hannah Lapperre, Crissy Paulson, Julie Twiss, Ingrid Warrner

LRPAC Meeting Minutes - April 21, 2022

Notes

- Looking at long-term goals considering Academic planning first or at the same time as the facilities plan (integrated facilities and academic LRP) has caused us to slow down the work for a calculated, engaging process. We are also working with incorporating in a timely equity review in the district.
- Academic Plan: priority buckets are aligned to all feedback we've received thus far.
- Consideration of the balance of funding and prioritizing our objectives and needs.

Q&A

Q: What is a graduate profile?

A: Competencies and proficiencies that we want all graduates to have.

Skills and qualities we want graduates to leave with.

Not overly specific, but aspirational in terms of what we want our graduates to accomplish after they graduate.

- Example of a graduate profile from another district: Beau linked in the presentation
