

G.W. MIDDLE SCHOOL PBIS COOL TOOLS

Today we are going to look at
what **EXPECTATIONS** are
during **Emergency Drills**.

**HOW DO YOU THINK THE SCHOOL WANTS YOU
TO ACT DURING AN EMERGENCY DRILL?**

1. Follow teacher direction, exit through designated emergency route.
2. If you are out of your classroom when the alarm sounds, **join the nearest class exiting the building**, proceed to the stopping place, then inform that teacher of your name and the class you should be with. **Stay with that class until all classes re-enter the building.**
3. **It is important that you...** leave the building quickly (walking), remain orderly, stay with your class and stand in straight lines.

BRAINSTORM!

What are three things that could be done to improve emergency drill behavior?

Remember....

- Emergency drills are NOT a time to play or joke.
- You never know when it is real so take it serious.
