

PLAYGROUND EQUIPMENT

When any playground equipment is installed on School Board property, the Board assumes ownership of that equipment unless specifically stated otherwise by agreement. For this reason, the maintenance of the playground equipment installed by a school or community group will be the responsibility of the School Board.

Once installed on School Board property, the ACPS Educational Facilities Department will have the responsibility to inspect the equipment on a regular basis, not less than annually, and the authority to order its repair or removal from the school property if the equipment is unsafe in any way. The ACPS Facilities Department may also restrict or deny the use of such equipment until such time it is restored to safe condition.
