

EXTENDED DAY OPPORTUNITIES

ACPS is committed to providing Extended Day opportunities that advance learning and the achievement of students. Extended Day Programs that result in an extension of the academic day beyond established school operating hours should be approved by the Superintendent of Schools and the School Board. Requests for approval should include the following:

- Rationale for Extended Day
- Description of Program
- Benefit to students
- Anticipated outcomes
- Staffing, transportation, and fiscal impact

Principals should also consult with the Chief Academic Officer, Executive Director of Elementary or Secondary Instruction, and their parent community regarding the proposed program, benefits to students, and impact on families prior to submitting a request. Extended Day programs will be reviewed annually, with continuation based on program effectiveness and sufficient fiscal resources.

Adopted: June 18, 2015
