A parent/guardian of twins or higher order multiples in the same grade-level may request that the children be placed in the same classroom or in separate classrooms if they are at the same elementary school.

- school may recommend classroom placement to the parent/guardian;
- schools must provide the placement requested by the children's parent/guardian, unless the division superintendent or his designee makes a classroom placement determination following the school principal's request in accordance with this policy; and
- at the end of the initial grading period, if the school principal, in consultation with the children's classroom teacher, determines that the requested classroom placement is disruptive to the school or is harmful to the children's educational progress, the school principal may request that the division superintendent or his designee determine the children's classroom placement.
