Mission statement of school and district

The Edmonds School District is relentlessly focused on ensuring Equity, Excellence, and Engagement for ALL students.

With our students, staff, families and entire community, we strive to provide high quality teaching and learning to serve ALL kids. We strive to disrupt institutional bias based on race, ethnicity, cultural, linguistic background, or circumstances.

About our school

At Meadowdale High School we prepare students for the challenges presented by a rapidly changing, complex, interdependent world community. Students' interests, needs and learning styles are considered as we assist them in the acquisition of knowledge and its application to real life situations. We encourage and recognize continual learning, personal achievement and teamwork. We value diversity in thoughts, beliefs and cultures. Meadowdale High School has developed a solid curriculum that provides essential knowledge for its students. From the accumulation of knowledge, students are given opportunities to utilize what they have learned as they make connections to real life situations. Our graduates have proven to be successful in continued education and areas of employment while society has become more demanding in its need for creativity and effective problem solving. Meadowdale High School continues to prepare its students well.

The State of Washington provides approximately 71% of the funding for general operating costs, the federal government provides 7%, and 15% is generated through property taxes collected under the voter-approved Educational Programs and Operations Levy. Starting in 2019-20, the District began receiving Federal Elementary and Secondary School Emergency Relief Program funding (ESSER).
