STATEMENT OF WORK

STUDENT SUPPORT ADVOCATE PROGRAM

I. SERVICE DEFINITION

The Agency shall implement the Student Support Advocate (SSA) Program for students identified as high risk for behavioral health issues. This model involves placing a case manager in a school to help identify at-risk students' needs and connect students and families with relevant services in and outside of the K-12 system. This proactive intervention model keeps students engaged in school by assessing needs, connecting them to existing community resources, and advocating for their needs with community and State agencies. The Student Support Advocate Program model employs a holistic approach that also addresses the needs of the family in order to support students in reaching their potential.

The role of the Student Support Advocates is to provide case management services, including a collaborative process of screening, planning, facilitation, care coordination, evaluation, and advocacy for options and services to meet a student and family's comprehensive needs. This shall be accomplished through communication and connection to available resources to reduce risk factors and increase protective factors for each student.

II. PERFORMANCE STANDARDS

A. The Agency shall meet all requirements as outlined in the Snohomish County Basic Terms and Conditions and Business Associate Agreement referenced on the face page of this Contract.

B. Three (3) Student Support Advocates shall implement the SSA program with fidelity at Mountlake Terrace High School, Edmonds-Woodway High School, and Meadowdale High School, providing case management services to students within the Edmonds School District. For the purposes of this Contract, students who engage in full case management services shall take priority over limited-contact students. The SSAs shall coordinate with students, as well as their parents, teachers, counselors, community service providers, and other supportive adults to identify and meet student needs.

1. The Agency shall employ only qualified candidates as Student Support Advocates, i.e., candidates with a minimum of a B.A. or B.S. in social work, psychology or equivalent work experience in social services or another related field. The Agency shall provide SSA qualifications to the County

upon request. No changes shall be made without prior written approval from the County.

2. Services provided not included in the Approved Contract Budget, Exhibit C, will not be reimbursed. Services shall be invoiced based on data entered into the SharePoint database provided by the County.

Group Services (GS): Group Services shall include, but are not limited to, large scale group activities with more than one student present (such as Operation School Bell), larger scale conversations with professionals around groups of students, and group facilitation as appropriate, when breaking out the time per individual student would be too cumbersome or inaccurate.

4. Systems Coordination (SC): Systems Coordination shall include, but is not limited to, internal school and/or District level system coordination and work, not related to particular case management students. Examples of this may include coordination about social emotional learning implementation, behavioral health services coordination for a school/system, overall SSA program delivery and implementation; etc. Systems Coordination time shall be limited to 10% of an SSA's work time, unless pre-approved by the County.

- G. SSAs shall assist students and families without medical care coverage to enroll in Washington Apple Health (www.wahealthplanfinder.org).
- H. Each SSA shall have a dedicated office space at their assigned school equipped with a computer and internet service. Where practical, the SSA's office shall be located apart from the school discipline area and in a high traffic location for ease of access.
- I. General hours of operation shall be during the school day, but flexibility of scheduling is a priority of this Contract. Early morning, evening, or even weekend appointments, including home visits as approved by the Agency, shall be scheduled based on the needs of each student and their family.
1. When general office hours are not observed, i.e. during school holidays or other scheduled vacation periods that exceed three (3) days in duration, the Agency shall maintain and monitor a central voicemail account, or SSA Helpline, to ensure continuity of service.
 2. SSAs shall be available to provide services during each school vacation period, as negotiated with the County. The Agency shall submit a plan for the provision of summer services for approval by the County no later than **May 30, 2021**.

- J. SSAs shall participate in periodic Learning Community meetings and/or training events facilitated by the County. It is anticipated that these professional development meetings will occur quarterly, more or less, at the discretion of the County. The County will notify the Agency at least two (2) weeks prior to the scheduled date of the meeting.
- K. SSAs will remain abreast of community resources, including minimal participation in community meetings and events. As direct student and family support is a priority of this Contract, community meetings (outside of the Agency) shall be limited to 10% of the SSA's work time. Any deviation from this requirement in time must be preauthorized by County.

- L. SSAs may provide program support and consultation to other Student Support Advocate program sites. Support and consultation provided to these sites shall be logged in the monthly SSA logs under Consultation. The School/District to which consultation is being provided shall be documented in SharePoint.
- M. Flex funds are provided to procure goods and/or services directly related to the needs of individual students and/or families. Examples of such purchases may include, but are not limited to food, housing, bus pass, etc. Flex funds shall not be paid directly to the student/family or used for the purchase of alcohol, tobacco, vaping, or marijuana products. The Agency shall obtain written permission from the County prior to the usage of flex funds for purchases over \$50. Itemized receipts must be submitted with monthly invoice for reimbursement.
- N. The Agency shall develop a plan of action to move toward providing trauma informed services. The plan should minimally include resources, training opportunities and Agency and staff goals.
