## **Student Improvement Plans and Department Improvement Plans Summary**

The Student Improvement Plans (SIPs) are prepared by School Principals and Department Improvement Plans (DIPs) are prepared by Department Leaders congruent with the goals and objectives of the current Strategic Plan.

ACPS undertook a revised School and Department Improvement Planning (SIP and DIP) process beginning in SY 2018-2019. The changes based on three key areas:

- Alignment – with state and federal requirements, to eliminate redundancies, and to ensure all schools and departments are utilizing the same language, process, and tools in their improvement planning work.
- Prioritization – to strategically highlight the areas and the actions that, when implemented, will most effectively advance the work of schools and departments in their continuous improvement efforts and in sustaining lasting change.
- Measurement – to refine processes where-in schools and departments support one another via an iterative practice of reviewing strategies in use, and examining their impact on the overall goal area through pre-identified formative measures.

Four enhancements were recently integrated into the improvement planning template. These enhancements are designed to strengthen continuous improvement processes, improve coherence, and align with the focus areas identified within the *ACPS 2025 Strategic Plan: Equity for All*. School and department teams develop plans to address the following:

- Alignment with 2021 Focus Areas – All goals in the SIP or DIP should align with focus areas identified for SY 2020-2021.
- Relevant School Profile or Department Data – Include a snapshot of relevant school profile or departmental data in the first section of the SIP or DIP. The data will

provide context for the target areas the plan is designed to improve.

- Plan to Assess Progress – Describe the plan for assessing the SIP or DIP progress. The plan should encompass quarterly and annual progress updates.
- Evidence – Include evidence to support each Essential Action identified.

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

<b>Systemic Alignment - Instructional Excellence - Student Accessibility and Support</b>	
<b>Strategic Resource Allocation - Family and Community Engagement</b>	
<b>RELEVANT SCHOOL PROFILE DATA</b>	
<p>Charles Barrett has recently equaled or surpassed the state and city averages in Reading and Mathematics achievement on the Virginia Standards of Learning (SOL) state assessment. A review of recent SOL results suggests consideration be given to further support for specific subgroups, including English Language Learners, whose enrollment increased significantly last school year, and African-American students, Hispanic students, and Special Education students. The ACPs Strategic Plan prioritizes a focus on equity and emphasizes promoting racial equity. Charles Barrett has an enrollment of 514 students. 49% of our student body is classified as White, 9% Black/African-American, 34% Hispanic, and the remainder as Asian or Multiracial. 14% of our population qualifies for Specially Designed Instruction. 31% of our students receive free or reduced lunch.</p> <p>Our school has a partnership with the Kennedy Center, CETA(Changing Education Through the Arts), which focuses on arts integration across all subject areas. This year provides a unique challenge and will include a special focus on Virtual Learning due to the world wide Covid-19 pandemic.</p> <p>Reference: VDOE School Profiles - <a href="https://schoolquality.virginia.gov/schools/charles-barrett-elementary#fndtn-desktopTabs-assessments">https://schoolquality.virginia.gov/schools/charles-barrett-elementary#fndtn-desktopTabs-assessments</a></p> <p>Link to Reading and Math SOL Data Snapshots: <a href="https://drive.google.com/drive/folders/1CZ4O92XTmk5SYrYrwMJ4_B_SLJFB9L56?usp=sharing">https://drive.google.com/drive/folders/1CZ4O92XTmk5SYrYrwMJ4_B_SLJFB9L56?usp=sharing</a></p>	
<b>STRAND I: TEACHING FOR LEARNING</b>	
<b>1</b>	<b>ENGLISH LANGUAGE ARTS (ELA)</b>
<b>2</b>	<b>MATHEMATICS</b>

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

	SMART Goal(s): During the 2020-2021 school year, all K-5 students identified as reading below grade level will make at least one year's academic growth as measured by PALS, Teachers College, WIDA, MAP, or SOLs.	SMART Goal(s): During the 2020-2021 school year, all k-5 students working below grade level in mathematics will make at least one year's growth as measured by Aimsweb, pre/post tests, program assessments (Number Worlds, Math Diagnostic Assessment- MDA, as well as sub-tests within the MDA throughout the school year), SOL's, or MAP.
3. Other (specify):	Mathematics: Gap Group 2 and Students with Disabilities.	SMART Goal(s): Students in targeted subgroups (gap group 2 and students with disabilities) will demonstrate at least a year's growth as measured by at least one of the following assessments: pre/post tests, SOL academic achievement indicators, or MAP.
<b>ACTION PLAN--English Language Arts (ELA)</b>		
<b>1. Essential Action/Research-Based Strategy:</b> Teachers will receive differentiated instructional support to increase their efficacy in utilizing best practices with literacy instruction.		
<b>Evidence Driving This Essential Action:</b> The wide range of students' performance levels on all the various literacy assessments.		
<b>Plan to Assess Progress:</b> Ongoing daily and weekly through classroom teaching and assessment. Data reviews three times per school year through the Interventionists team, SIP team, and staff sharing.		
<b>Strengths -</b> <ul style="list-style-type: none"> <li>Excellent attention to differentiated professional learning needs.</li> <li>Great attention to using HS student tutor supports.</li> <li>This plan is clearly focused on a commitment to helping each child receive the targeted instruction they need to grow.</li> </ul>		
<b>Inquiry -</b> How will you assess progress of teacher facing data? How will you structure data cycles based on differentiated instructional support? What is the format/ approach to the differentiated instructional support? What evidence indicates that differentiated instruction support is the key lever to improve teacher practice and student outcomes? What are the teacher-facing data points?		
<b>Considerations/Recommendations -</b> <ul style="list-style-type: none"> <li>Assessing staff knowledge acquisition is a critical aspect of professional learning. I recommend including activities to assess learning as well as differentiated supports to facilitate knowledge to practice</li> <li>While professional learning is ongoing, time frames are recommended to provide guideposts for monitoring effective implementation.</li> <li>Distinguish Evidence of Progress - (e.g. how you will know the progress is occurring) from Artifacts (i.e. content or product associated with an event).</li> <li>Consider establishing clear data cycles to assess progress of this strategy. In addition to providing a great opportunity for staff to engage in data cycles as part of continuous improvement, the process will provide critical information on adjustments to improve outcomes.</li> <li>Consider adding greater specificity to timeframes listed to ensure the appropriate sequencing for actions that will impact practices throughout the academic year.</li> </ul>		

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

<b>Additional Feedback</b> - I notice student data will be disaggregated and that specialists will support teachers in modeling and PD on best practices. I wonder how you will gather data to see if these best practices are being put to use.					
Focus Area <i>[Grade Level/Student Group(s)/Educators]</i> Strategic Plan Goal <i>[i.e. 1.1, 2.3]</i>	Action Steps	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Evidence of Progress/Completion <i>(Artifacts required)</i>	Person(s) Responsible for Monitoring and Frequency
	Running records refresher professional learning.				
	Interventionists and EL teachers support BOY assessments targeting 1st, 2nd, and 3rd grades first in order to begin interventions after Labor Day				
	Regrouping students for the whole reading block -- 2nd grade. Regrouping students for the modified block schedule - 3rd grade.				
	Implementing rolling intervention start dates beginning with 1st-3rd grade, emphasizing 2nd and 3rd grade as priority.				
<b>1.1 Educational Excellence</b>	Disaggregate reading data and present strengths and weaknesses to staff.	Reading Team and assistant principal	Nov.-Dec. 2020	Master schedule shared with staff and revised based on teacher feedback and data.	Reading Team, assistant principal, principal
<b>3.2 Collaborative Instructional Achievement</b>	Reading specialists/reading SIP team will facilitate targeted instructional support for teachers. Staff will provide grade level or topic specific professional development as needed.	Reading Team	Every other month - January - June 2021	Survey of staff to determine whether they have implemented the new strategy and/or need for additional support.	Reading Team, assistant principal

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

<b>3.2 Collaborative Instructional Achievement</b>	Reading specialists will work with teachers to explicitly model and support administration of virtual reading assessments.	Reading Team	November 2020, January, April and June 2021.	Current reading levels based on running record data are shared staff-wide quarterly through a shared Google Doc.	Reading Team, assistant principal, and principal
<b>1.1 Educational Excellence</b>	Reading specialists, SPED teachers and EL teachers plan with classroom teachers to make content accessible for all learners through the use of language acquisition strategies, MTSS and specially designed instruction.	Reading teachers, EL teachers, SPED teachers	Daily September 2020-June 2021	Schedules, lesson plans, observations	Reading Team, Principal, and Assistant principal
<b>1.5 Teacher Resources and Supports</b>	Librarian will highlight culturally diverse texts in the library and support teachers by identifying appropriate texts across the curriculum.	School Librarian	Quarterly	Emails highlighting culturally diverse books for staff.	Reading Team, School Librarian
<b>2. Essential Action/Research-Based Strategy:</b> Student performance in reading will be measured regularly, and classroom instruction and intervention groups will be targeted based on this data. Teachers will collaboratively implement flexible grouping and differentiated pacing to best meet the needs of students across classrooms and grade levels.					
<b>Evidence Driving This Essential Action:</b> The wide range of students' performance levels on all the various literacy assessments.					
<b>Plan to Assess Progress:</b> Ongoing daily and weekly through classroom teaching and assessment. Data reviews three times per school year through the Interventionists team, SIP team, and staff sharing.					
<b>Strength</b> - The plan addresses Math, Reading and school environment with an emphasis on differentiated support for teachers. I also notice continuation of Trauma informed practices training for staff.					
<b>Inquiry</b> - What is the evidence driving this EA? How does this EA enhance or improve what is currently being implemented? What is the innovation? Is the focus of the EA identifying interventions group and how data are used to structure the groups? Has there been an analysis of teacher-facing evidence that indicates teachers have not been using data to guide small group configuration? Has this problem of practice been identified and confirmed? How have staff been trained in data triangulation as a prerequisite skill area?					
<b>Considerations/Recommendations</b> - Consider revising and expanding the EA from a generic statement to a description of an action designed to demonstratively improve student performance. <b>Clarify how this strategy is essential to addressing specific academic performance needs in reading</b>					
<b>Additional Feedback</b> - I notice Reading specialists, SPED teachers and EL teachers plan with teachers and then be observed. I wonder if a checklist of the specific best practices look fors will be created.					

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

Focus Area (Grade Level/Student Group(s)/Educators) Strategic Plan Goal (i.e. 1.1, 2.3)	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
1.2 Achievement Gaps 1.4 Educational Equity	Identify students working below grade level using 2019-2020 and 2020-2021 teacher recommendations as well as beginning-of-school-year assessments that are already in place	Reading Specialists	November-December 2020	list of identified below level students	Principal and Assistant Principal
1.1 Educational Excellence	All teachers will use schoolwide procedure [Virtual running record reporting sheet or data cover sheet], Retelling Rubric, and data entry into Reading Levels Google Doc. Teachers will report reading level data based on Teachers College or running record data 3-4 times per year based on grade level and reading level. Data is available to all Barrett staff members.	Reading Team and Classroom Teachers	November 2020, January, April and June 2021.	Schoolwide Reading Data Spreadsheet	Reading Team
1.1 Educational Excellence	Reading team will form and modify intervention groups based on needs as determined by assessments in consultation with classroom teachers.	Reading Team, EL and Classroom Teachers	November 2020- June 2021	Schedule	Interventionist Team
1.1 Educational Excellence	Reading team and EL and SPED teachers co-teach reading mini-lessons and provide differentiated small group instruction to support Tier 1 instruction. Based on staffing and consultation with grade levels, service delivery models include station teaching and parallel teaching.	Reading, EL, Spec Ed Staff	Ongoing adapted to virtual learning	Schedule, Minutes, Observation	Administration
<b>3. Essential Action/Research-Based Strategy:</b> Families will be provided with ongoing education about supporting literacy growth beyond the school day.					
<b>Evidence Driving This Essential Action:</b> Families and teachers have requested at-home learning materials for students.					
<b>Plan to Assess Progress:</b> Progress of students in tutoring programs will be documented. Materials distributed to families also will be documented.					
<b>Strengths -</b>					

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

<ul style="list-style-type: none"> <li>Excellent focus on building parents' knowledge of how to support literacy growth.</li> <li>The academic goals cover all grade levels and include a plan to review a robust amount of data sources. Note: This SIP was completed on the old template and did not include a lot of the new "look fors."</li> </ul>					
<b>Inquiry</b> - Is the request linked to concerns related to learning loss or challenges due to the impact of the pandemic and the current virtual environment? How will you assess progress related to these action steps?					
<b>Considerations/Recommendations</b> - <ul style="list-style-type: none"> <li>Consider expanding the EA to reflect focus of the EA as it specifically relates to the evidence driving the need. This is particularly important if the action is complementing existing efforts to educate parents on supporting literacy. In part, this is "expanded" work from typical work with parents.</li> <li>Distinguish Evidence of Progress - (e.g. how you will know the progress is occurring) from Artifacts (i.e. content or product associated with an event).</li> <li>Identify how you will know the action (i.e. building parent's knowledge and skills) is successfully achieved or is progressing.</li> </ul>					
<b>Additional Feedback</b> - The evidence of progress completion does not align or give enough information as to how progress will be measured.					
Focus Area <i>[Grade Level/Student Group(s)/Educators]</i> Strategic Plan Goal <i>[i.e. 1.1, 2.3]</i>	Action Steps	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Evidence of Progress/Completion <i>(Artifacts required)</i>	Person(s) Responsible for Monitoring and Frequency
2.1 Family Engagement	Family Literacy Night will be held on January 16th to assist families to support their children's reading at home. The Alexandria City Public Library will attend Family Literacy Night to sign-up families for library cards.	Reading Team, and Classroom Teachers	September 2019-January 2020	Attendance	Reading Team
2.1 Family Engagement	The SIP team will provide tips/suggestions for reading at home quarterly in the school newsletter.	Reading Team, and Classroom Teachers	Starting December 2020	Barrett Buzz newsletters	Reading Team
2.4 Partnerships and Civic Engagement	Charles Barrett will partner with St. Stephens's St. Agnes School to provide tutoring for 15 EL students twice per week during the school year.	EL Team, School Social Worker	October 2019-May 2020	Attendance, permission slips	EL Team, Social Worker

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

<b>2.4 Partnerships and Civic Engagement</b>	Panda Friends and Junior Panda Friends tutoring with TC Williams' students twice per week for Barrett kindergarteners, 4th, and 5th grade students identified by teachers as needing additional reading support.	Catherine Clinger, former Barrett teacher	November 2020-June 2021	Attendance	Assistant Principal
<b>2.1 Family Engagement</b>	Reading Team will update online resources for students to use at home. Classroom teachers will share updated information at Back to School Night.	Reading Team, Classroom Teachers	September 2020	MemberHub, Symbaloo, Clever, Canvas	Reading Team
<b>2.1 Family Engagement</b>	Classroom teachers will facilitate access to taking books home. Reading specialists will distribute leveled books from the bookroom for students to use at home during virtual learning on a recurring schedule. Reading team will solicit and distribute book donations from the community. Book donations will include Inspire Lit. Book distributions will include Scholastic books purchased with support of the PTA.	Reading Team, Classroom Teachers, Librarian	November 2020-June 2021	Book bag distribution days and exchanges	Reading Team, Librarian

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

<b>ACTION PLAN-- Mathematics/Other (Mathematics)</b>	
<b>1. Essential Action/Research-Based Strategy:</b>	Teachers will receive differentiated instructional support to increase their efficacy in utilizing best practices with mathematics instruction.
<b>Evidence Driving This Essential Action:</b>	The wide range of students' performance levels on all the various Math assessments.
<b>Plan to Assess Progress:</b>	Ongoing daily and weekly through classroom teaching and assessment. Data reviews three times per school year through the Interventionists team, SIP team, and staff sharing.
<b>Strength</b>	- The plan includes professional development and a robust data set.
<b>Inquiry</b>	- Is there a specific approach for teacher coaching?
<b>Recommendation/Consideration</b>	<ul style="list-style-type: none"> <li>• This EA is first a special-facing action. Teachers are the learners and student performance an indirect measure of progress. As such Evidence of Progress should connect to progress related to differentiated training and enhanced teacher practice as a result of targeted training.</li> <li>• Identify a specific model for coaching. It is important that the coaching approach includes identifying professional learning needs and planning the stages of knowledge development to practice implementation.</li> <li>• Consider consulting with Talent Development staff to support coaching strategies.</li> <li>• Identifying specific data cycles to assess progress of the strategy is critically important.</li> <li>• Consider shorter term data cycles to assess teacher practice changes.</li> <li>• While professional learning is ongoing, time frames are recommended to provide guideposts for monitoring effective implementation.</li> <li>• Identify professional learning needs and plan the stages of knowledge development to practice implementation.</li> </ul>
<b>Additional Feedback</b>	<p>SDI should be dictated by service delivery minutes for SWD. SWD interventions should all be broken into separate action items, as our actions should be "special," and different from what is available to other students. Data should be reviewed more often than per unit, otherwise, students could fall behind. In addition, SWD might not even be accessing Tier I instruction and might be utilizing a scripted curriculum (e.g. Number Worlds) or operating a year/two years behind their peers.</p> <p>Finally, I would encourage you to monitor the fidelity of your special education interventions. If your SWD scores are low, we should evaluate the effectiveness of our programs and resources by first looking at if they are being used as intended, and if they are with fidelity then we need to establish if new resources should be explored.</p>

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

Focus Area (Grade Level/Student Group(s)/Educators) Strategic Plan Goal [i.e. 1.1, 2.3]	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
1.1 Educational Excellence	Present disaggregated math data during Teacher Work Week; Review and solicit feedback for math SIP goals, strategies and action steps.	math SIP team	October-November 2020	math data, SIP, +/-delta charts	Math team - 1x
3.2 Collaborative Instructional Achievement	Teachers will participate in professional development to support virtual learning (Instructional strategies, computer adaptive programs, and diagnostic tools) in order to provide equitable and rigorous instruction to all students. Math SIP team will provide monthly, targeted instructional support for teachers and share best practices, including Tier 2 interventions, instructional strategies, and content that supports student learning of the curriculum. SIP team will also provide specific professional development to teachers as needed.	Math team, math teachers, central office staff	February 2021 as needed if more trainings are required after mid-year	attendance sheet	Math team - 2x
	Provide grade-level training on integration of performance tasks into units of instruction as a component of the mathematics program.	Math SIP team	September 2019-October 2019	attendance sheet; teacher reflections; list of quality performance based tasks	math SIP team x1

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

1.1 Educational Excellence	Teachers will integrate problem-solving performance tasks into mathematics instruction (at least one per unit), and provide feedback on their implementation/integration.	Math teachers	October 2019-January 2020	student work samples (1 per task); survey	Administration - 1x Math SIP team - 1x
1.2 Achievement Gaps 1.4 Educational Equity	Provide initial training on the integration of EL best practices for teachers, including a refresher for teachers with previous training.	EL Team	September 2019 - November 2019	attendance sheets; training materials	Math SIP team - 1x
1.2 Achievement Gaps 1.4 Educational Equity	Continue to review and integrate EL best practices, language acquisition supports, academic language strategies, and student discourse into daily mathematics.	math teachers, EL teachers	quarterly	administrator observations	Administration - 2x
1.5 Teacher Resources and Support	Train teachers who are new to CBES on the instructional strategies and best practices used at CBES as part of MTSS. Instructional strategies specific to math at CBES include, but are not limited to, coaching cards, part-whole diagrams for problem solving, and numberless word problems.	math interventionist	end of quarter 2	training materials - teacher reflections (3 main ideas from training)	Math SIP team - 1x
<b>2. Essential Action/Research-Based Strategy:</b> Student performance in mathematics will be measured regularly, and classroom instruction and intervention groups will be targeted based on this data.					
<b>Evidence Driving This Essential Action:</b> The wide range of students' performance levels on all the various Math assessments.					
<b>Plan to Assess Progress:</b> Ongoing daily and weekly through classroom teaching and assessment. Data reviews three times per school year through the Interventionists team, SIP team, and staff sharing.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

Strength -							
Inquiry - What patterns emerge when we look at problems of learning in mathematics when the data are disaggregated? What has the team learned as a result of analysing math teaching practices?							
<b>Considerations/Recommendations - (see previous Considerations/ Recommendations)</b> <ul style="list-style-type: none"> <li>Identifying specific data cycles to assess progress of the strategy is critically important.</li> <li>Consider shorter term data cycles to assess teacher practice changes.</li> </ul>							
Additional Feedback -							
Focus Area (Grade Level/Student Group(s)/Educators) Strategic Plan Goal (i.e. 1.1, 2.3)	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency		
1.2 Achievement Gaps 1.4 Educational Equity	Identify students working below grade level using the 2020-2021 teacher recommendations as well as beginning-of-school-year assessments that are already in place (K-1 MDA; Grades 2-5 MAP; 4&5-504)	Math teachers	October-November 2020	student assessment results, master list of identified students.	Math Interventionists - 1x		
1.1 Educational Excellence 1.2 Achievement Gaps	Analyze prior knowledge questions on unit pre-tests in grades 1-5. Pre-teach prior knowledge skills for tier-2 & tier-3 students prior to the start of the new unit. If more than 50% of students do not remember prior knowledge skills, then reteach as part of tier-1 instruction.	math teachers	quarterly	progress monitoring spreadsheet	math interventionist - quarterly		

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

1.1 Educational Excellence 1.2 Achievement Gaps	Use ongoing assessments and targeted instruction for continuous monitoring and improvement (pre-post tests, daily cumulative reviews).	Math teachers	Quarterly	progress monitoring spreadsheet, observations, <del>data</del> <del>meeting materials</del>	Administration, Math interventionists - quarterly
1.1 Educational Excellence	Teachers will support number sense (K-1) and fact fluency (2-5) through the use of targeted instruction, and number sense routines (e.g., entrance tickets, number talks, games)	Math teachers, <del>Enoree</del> <del>teachers (per</del> <del>schedule)</del>	September 2020- June 2021	Part-Part Whole Assessments (k-1), First in Math (2-5) <del>student data folders</del> <del>(2-5)</del>	math teachers - quarterly
3. Essential Action/Research-Based Strategy: Progress of students in gap group 2 and students with disabilities will be monitored regularly, with classroom instruction and intervention groups targeted based on this data.					
Evidence Driving This Essential Action: Equity gaps noted in prior SOL data.					
Plan to Assess Progress: Ongoing daily and weekly through classroom teaching and assessment. Data reviews three times per school year through the Interventionists team, SIP team, and staff sharing.					
Strength -					
Inquiry - Is this practice currently not occurring for SWD? How is the strategy current monitored to ensure high-quality target support to students? What is the innovation?					
Considerations/Recommendations - Consider establishing clear data cycles to assess progress of this strategy. In addition to providing a great opportunity for staff to engage in data cycles as part of continuous improvement, the process will provide critical information on adjustments to improve outcomes. Distinguish Evidence of progress - (e.g., how you will know the progress is occurring) from Artifacts (i.e. content or product associated with an event)					
Additional Feedback -					
Focus Area [Grade Level/Student Group(s)/Educators]	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

STRAND II: SCHOOL ENVIRONMENT Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement	
<b>DOMAIN:</b>	Family and Community Engagement
<b>SMART Goal(s):</b> During the 2020-2021 school year, the staff at Charles Barrett Elementary School will improve individual relationships with students and families through a variety of approaches and family events, resulting in increased student engagement in virtual learning. <del>school Tier 3 referrals matching or surpassing RTI Best Practices Pyramid.</del>	
ACTION PLAN	
<b>1. Essential Action/Research-Based Strategy:</b> School staff will actively build positive relationships with students and their families to strengthen home-school connection and partnership.	
<b>Evidence Driving This Essential Action:</b> Previous staff initiatives to communicate with and go out into the community to meet families, develop relationships, and provide resources.	
<b>Plan to Assess Progress:</b> Utilize various attendance data and classroom SEAL data to monitor progress.	
<b>Strengths -</b> <ul style="list-style-type: none"> <li>Strength in the attention to student and family engagement.</li> <li>The plan incorporates well-known best practices.</li> </ul>	
<b>Inquiry -</b> What is the evidence driving this EA? How does this EA enhance or improve what is currently being implemented? What is the innovation? What will be implemented to achieve improved outcomes? How will the team differentiate assessing progress relative to the frequency of contact/completed outreach and strengthened home-school partnerships? How will you know you have demonstratively improved home-school connections?	
<b>Considerations/Recommendations -</b> <ul style="list-style-type: none"> <li>Consider establishing clear data cycles to assess progress of this strategy. In addition to providing a great opportunity for staff to engage in data cycles as part of continuous improvement, the process will provide critical information on adjustments to improve outcomes.</li> <li>Distinguish Evidence of progress - (e.g. how you will know the progress is occurring) from Artifacts (i.e. content or product associated with an event).</li> </ul>	
<b>Additional Feedback -</b> You could use the evidence of the evaluations for the equity training sessions mentioned as a strategy.	

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

Focus Area (Grade Level/Student Group(s)/Educators) Strategic Plan Goal (i.e. 1.1, 2.3)	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
2.1 Family Engagement	All students will receive no fewer than two positive phone calls/e-mails/etc during the school year to celebrate a success at school.	Licensed Staff	September 2020 - June 2021 with quarterly progress checks	Online spreadsheet documenting contact Suggested - phone logs, email, Seesaw communication, communication logs (may vary by teacher).	School Principal
2.1 Family Engagement	All families will provide teachers with preferred method of contact for ongoing communication throughout the school year.	Homeroom Teachers	September 2020 - November 2020	List by HR teacher of family's preferred method of contact	Principal
2.1 Family Engagement	Host variety of family-oriented school events to further positive relationships; all events will utilize interpreters.	School Committee Chairs (CEFA; Math, Reading)	September 2019 - June 2020	Invitations, sign-in lists, pictures	Principal
2.1 Family Engagement	All students receive individualized welcome to our school postcards written by their teacher prior to the first day of school.	Principal	August 2020	Example	Principal

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

2.1 Family Engagement	Community outreach through quarterly neighborhood visits.	School Support Team (SST)	August 2019-June 2020	Agendas, Sign-In Lists, Survey Results	Principal
2.1 Family Engagement	Increase community outreach through social media (ex: stories posted on FB once a month "Panda PJs").	School Media Liaison	December 2020-June 2021	5 per week until June 2021	Principal
<b>2. Essential Action/Research-Based Strategy:</b> Staff will continue to build knowledge of and application of trauma-informed care.					
<b>Evidence Driving This Essential Action:</b> The wide range of student engagement and participation observed during virtual learning.					
<b>Plan to Assess Progress:</b> Utilize various attendance data and classroom SEAL data to monitor progress.					
<b>Strength</b> - Great use of book study to facilitate professional learning.					
<b>Inquiry</b> - How have we assessed the progress/success of knowledge development and application thus far? Is there an expectation that staff are equipped to translate knowledge into practice?					
<b>Considerations/Recommendations -</b> <ul style="list-style-type: none"> <li>Consider revising and expanding the EA from a generic statement to a description of an action designed to demonstratively improve student performance. Clarify how this strategy is essential to addressing specific academic and SEAL needs.</li> <li>Engage staff in developing a plan that conveys how knowledge development related to trauma-informed care will enhance professional practices that lead improved support with students and families.</li> <li>Assessing staff knowledge acquisition is a critical aspect of professional learning. Include activities to assess learning as well as differentiated supports to facilitate knowledge-to-practice before collecting student-facing data.</li> <li>Consider consulting with Student Services staff to provide expertise as the team develops an implementation plan.</li> </ul>					
<b>Additional Feedback</b> - Again, think about how the evaluations for equity training can help support the EA and strategies as well as what ways you will show evidence of not just implementation, but also effectiveness and progress.					
<b>Focus Area</b> <i>(Grade Level/Student)</i>	<b>Action Steps</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b>	<b>Evidence of Progress/Completion</b> <i>(Artifacts required)</i>	<b>Person(s) Responsible for Monitoring and Frequency</b>

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

Group(s)/Educators Strategic Plan Goal [i.e. 1.1, 2.3]			(Beginning to End Dates)		
1.2 Achievement Gaps 1.4 Educational Equity	Continue professional development opportunities based on best practices for trauma-informed care, based on the book, "Reaching and Teaching Children Who Hurt"	Principal and Asst. Principal	Once every other month at dedicated staff meeting	Agendas, "Look Fors" during classroom visits: e.g. clear expectations, calm strategies, consistent schedule, emotional check-ins	Principal and Assistant Principal
1.2 Achievement Gaps 1.4 Educational Equity	Analyze disaggregated discipline data with Building Climate Committee (monthly).	School Psychologist	September 2019 - June 2020	Monthly meeting minutes and data charts.	Principal
1.2 Achievement Gaps 1.4 Educational Equity	Create and implement calming stations in each SST office to help students utilize calming strategies during stressful experiences. Provide calming and wellness resources via SEAL time and Canvas.	SST	October 2020-June 2021	Pictures of virtual calming stations, examples and use of SEAL lessons and powerpoints, resources for families in weekly school newsletter	Principal
1.2 Achievement Gaps 1.4 Educational Equity	Implement ACPS Equity for All 2025 strategic plan equity training.	Principal, Asst. Principal, and Equity Liaison	August 2020-June 2021	Agendas, powerpoints, "look fors" staff conversations, staff engagement in the process, staff book group	Principal and Assistant Principal
3. Essential Action/Research-Based Strategy: Additional after-school/non-school-day opportunities for positive activities for students will be created and/or explored.					

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Our school will increase student reading and mathematics subgroup performance (as measured by the Virginia Standards of Learning) yielding a 10% reduction of our failure rate, or meeting accreditation standards, through the application of best instructional practices and effective community engagement.

<b>Evidence Driving This Essential Action:</b> The wide range of student engagement and participation observed during virtual learning.					
<b>Plan to Assess Progress:</b> Utilize various attendance and participation data to monitor progress.					
<b>Strength</b> - Good focus on additional learning opportunities.					
<b>Inquiry</b> - What is the focus/intent of "identifying opportunities for positive activities"? What type of activities? Are the activities social /recreation in nature?					
<b>Considerations/Recommendations</b> - <ul style="list-style-type: none"> <li>Consider expanding the EA to reflect focus of the EA as it specifically relates to the evidence driving the need. This is particularly important if the action is complementing existing efforts to educate parents on supporting literacy. In part, this is "expanded" work from typical work with parents.</li> <li>Remember participation is an important data point, but will not answer the question of how we will know supports are achieving other outcomes beyond being present.</li> </ul>					
<b>Additional Feedback</b> - I would recommend incorporating PD around best practices for building relationships with families and the community. Possibly bringing in a specialist if this is something that is difficult. I would also advise increasing the rigor of expectations to engage with families. The action includes family engagement events, but there aren't any action steps that include that.					
Focus Area <small>(Grade Level/Student Group(s)/Educators)</small> Strategic Plan Goal <small>(i.e. 1.1, 2.3)</small>	Action Steps	Person(s) Responsible for Implementation	Timeframe <small>(Beginning to End Dates)</small>	Evidence of Progress/Completion <small>(Artifacts required)</small>	Person(s) Responsible for Monitoring and Frequency
2.1 Family Engagement	Assign individual adult mentors to students identified as at-risk/at-promise.	Social Worker	September 2019 - June 2020	Mentor list, permission slips, event pictures/flyers	Asst. Principal
1.2 Achievement Gaps 1.4 Educational Equity	Ongoing discussions with ARHA, FACE and other community partners to create opportunities for our under-served communities to access additional resources.	Principal, Assistant Principal SST	May 2021	Meeting notes and a plan for the SY21-22	Principal

## OVERARCHING SCHOOL GOAL:

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

Douglas MacArthur Elementary School will increase the number of students in Level II and Level III student groups passing state assessments in ELA to meet the state accountability benchmark of 75% passing.

	state assessments. This 10% reduction in failure rate would move the performance of this student group to Level II.		66% passing ELA state assessments. Reaching a 66% benchmark in passing rate would move the performance of this student group to Level II.		
3. Other (specify):	MATHEMATICS (MATH)	SMART Goal(s): By June 2021, <i>Level III Student Group: Black</i> students will demonstrate on or above-level mathematics proficiency as measured by an increase from 59% to 64% passing ELA state assessments. This 10% reduction in failure rate would move the performance of this student group to Level I.			
ACTION PLAN					
1. Essential Action/Research-Based Strategy: Develop and implement a system of <u>coaching</u> , <u>technical guidance</u> , and <u>monitoring</u> to ensure all teachers strongly prepare, plan, and deliver high quality core ELA instruction					
Evidence Driving This Essential Action: Grade-level lesson plans from 2019-20 were discrete and not fully aligned with district curriculum; feedback on lesson plan samples from VDOE informal academic review (February 2020) revealed need of fidelity of implementation of district ELA curriculum					
Plan to Assess Progress: Professional learning communities and grade-level teams implement collaborative lesson plans; administrator and instructional coach <u>[classroom] observations</u> of implementation and quality; <u>teacher needs assessment and aligned, differentiated coaching plan</u>					
Focus Area <i>[Grade Level/Student Group(s)/Educators]</i> Strategic Plan Goal <i>[i.e. 1.1, 2.3]</i>	Action Steps	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Evidence of Progress/Completion <i>(Artifacts required)</i>	Person(s) Responsible for Monitoring and Frequency
Educators <i>Strategic Plan Goal 2 (Instructional Excellence)</i>	Establish grade-level teaming and professional learning communities (PLCs) that focus on identifying and implementing best literacy and standards-aligned instructional practices	Team Leaders Teachers	August 2020 to June 2021	<b>Evidence of Progress:</b> via PLC notes, teachers will demonstrate increased capacity to analyze data to inform literacy instructional practices and identify literacy professional learning needs  <b>Artifacts:</b> PLC notes, shared Google team folders with shared products	Administrators Team Leaders
Educators <i>Strategic Plan Goal 2 (Instructional Excellence)</i>	Require collaborative lesson planning using specific researched-based quality components	Teachers	August 2020 to June 2021	<b>Evidence of Progress:</b> <u>reviews of lesson plans</u> will show teachers who demonstrate increased capacity to incorporate researched-based quality components (essential questions,	Administrators

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

Douglas MacArthur Elementary School will increase the number of students in Level II and Level III student groups passing state assessments in ELA to meet the state accountability benchmark of 75% passing.

				implementation gaps; teachers will increase their capacity to utilize formative data to drive instructional decisions  Artifacts: school data tracker, program formative data reports, PLC notes analyzing formative data	
Educators Strategic Plan Goal 2 (Instructional Excellence)	Conduct lesson observations focused on Special Education co-teaching models and specially designed instruction	Administrators Instructional Coach SPED Instructional Specialist Teachers	August 2020 to June 2021	Evidence of Progress: via ACPS co-teaching walkthrough rubrics, instructional specialists and administrators will determine effectiveness of co-teaching models and SDI and align special educators' professional learning  Artifacts: observation feedback	Administrators SPED Instructional Specialist

STRAND II: SCHOOL ENVIRONMENT Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement					
DOMAIN: FAMILY AND COMMUNITY ENGAGEMENT					
SMART Goal(s): By June 2021, 100% of MacArthur families will participate in a survey and 90% will agree they feel included and involved in the learning process of their student(s).					
ACTION PLAN					
1. Essential Action/Research-Based Strategy: Use multiple and frequent forms of school-home communication to engage underrepresented and at-risk families in the learning process, establish home environments that support student learning, and provide access to academic materials to families who are in need.					
Evidence Driving This Essential Action: Formal and informal data from community (Grade-level surveys, TELL survey, Parent/Teacher conference attendance, IEP meeting attendance)					
Plan to Assess Progress: Family surveys - tracking participation and responses from underrepresented populations					
Focus Area	Action Steps	Person(s) Responsible for Implementation	Timeframe	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency

## GEORGE MASON ELEMENTARY SCHOOL

**OVERARCHING SCHOOL GOAL:** George Mason will eliminate race and poverty as a predictor of standardized assessment success by 2022 when mentioned subgroups will have an overall adjusted score of 75% or show sufficient growth per VDOE growth model on the SOL assessment.

STRAND II: SCHOOL ENVIRONMENT					
Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement					
DOMAIN: Equity and School Community					
SMART Goal(s): During the 2018-2020 and 2020-2021 school years, 100% of licensed staff will participate in activities intended to increase cultural competency and equity in the learning environment. The activities will result in an improvement to equity audit results.					
ACTION PLAN					
5A. Essential Action/Research-Based Strategy: During the 2018-2020 and 2020-2021 school years licensed staff members will explore the impact of teachers perceptions about race, racism, and implicit bias on the effective implementation of equitable practices through professional learning opportunities.					
Evidence Driving This Essential Action: Student performance data indicating a achievement gaps					
Plan to Assess Progress: Implementation plans and observations that document implementation of concepts addressed to PD					
Focus Area [Grade Level/Student Group(s)/Educators] Strategic Plan Goal [i.e. 1.1, 2.3]	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
Academic Disparity	Licensed staff will meet 4 times during each school year to participate in cultural competency modules designed for the school.	Dawn Lucas, Equity Liaison, and Seazante' Oliver, Principal	August 2018-May 2021	<b>Evidence:</b> Exit ticket/staff feedback and reflections <b>Artifacts:</b> Equity PD Agendas, presentation notes, attendance sheets in PLMS	Dawn Lucas Seazante' Oliver

### Initiatives from 2018.19 SEP that will continue and are now part of our standard operating procedure:

- \* Teachers will make differentiated intervention decisions in reading and math based on students' needs and MTSS.
- \*Meeting in PLC's to monitor student work, collaborate, share professional practices, and receive customized professional development.

### Also Occurring:

- \*Implementation of balanced literacy, new math materials, and the new science standards.
- \*GLAD training for staff as we build our internal cohort.

## STRAND II: SCHOOL ENVIRONMENT

Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement

<b>DOMAIN:</b>						
<b>SMART Goal(s):</b> For the duration of the Virtual Plus and Hybrid Learning Model staff will address issues of equity by increasing family and community engagement holding regular meetings to help parents understand the models and instructional expectations for their child.						
<b>ACTION PLAN</b>						
<b>1. Essential Action/Research-Based Strategy:</b> The James K. Polk Staff will focus on the parents/guardians of the targeted subgroups of dually identified students with disabilities and EL student's levels 1-4. Staff will increase the likelihood that families participate in meetings such as parent conferences, principal's coffees, Title I meetings, Virtual Plus/Hybrid informational meetings, and other family engagement through regular newsletters, phone calls, Remind messages, and Canvas announcements in the language of preference.						
<b>Evidence Driving This Essential Action:</b> Families of EL, Special Educations and dually identified students struggled with access to virtual Learning at higher rates than other subgroups. Attendance, access to the internet, and limited resources for student learning at home was all contributing factors to the lower level of engagement during the first quarter of virtual learning.						
<b>Plan to Assess Progress:</b> Attendance Records and Teacher Reports, Zoom meeting Sign In records, Administrator Observations, and Parent Liaisons/Parent Outreach Support Staff data						
<b>Focus Area</b> [Grade Level/Student Group(s)/Educators] <b>Strategic Plan Goal</b> [i.e. 1.1, 2.3]	<b>Action Steps</b>	<b>Title I, Part A Budget Implications (if applicable)</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b> (Beginning to End Dates)	<b>Evidence of Progress/Completion</b> (Artifacts required)	<b>Person(s) Responsible for Monitoring and Frequency</b>

<b>2. Essential Action/Research-Based Strategy:</b> The James K. Polk Staff will focus on the parents/guardians of the targeted subgroups of dually identified students with disabilities and EL students levels 1-4. We will ensure that we understand the unique needs of the community and find ways to provide targeted support.						
<b>Evidence Driving This Essential Action:</b> Our EI families are least likely to attend PTA and informational meetings as seen in the low turnout at the first two meetings during 2020-2021- school year.						
<b>Plan to Assess Progress:</b> We will implement strategies and monitor attendance of parents for meetings as well as attendance and engagement of students during the Virtual Plus Learning.						
<b>Focus Area</b> [Grade Level/Student Group(s)/Educators] <b>Strategic Plan</b> <b>Goal</b> [i.e. 1.1, 2.3]	<b>Action Steps</b>	<b>Title I, Part A Budget Implications (if applicable)</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b> (Beginning to End Dates)	<b>Evidence of Progress/Completion</b> (Artifacts required)	<b>Person(s) Responsible for Monitoring and Frequency</b>

## OVERARCHING SCHOOL GOAL:

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

John Adams Elementary School will continue to refine our PLC practices in order to increase staff capacity, the quality of instruction, and student achievement, by consistently implementing the full Cycle of Continuous Improvement.

Evidence Driving This Essential Action: Historically, JA has had a high number of social-emotional needs that correlate with our population's low socio-economic status, high transiency, and assimilation to the country. Since the beginning of the pandemic, we have had an increase in the number of student concerns.						
Plan to Assess Progress: Conduct a pre and post parent survey as well as monitoring students' need for social/emotional support through the tiered framework.						
Focus Area [Grade Level/Student Group(s)/Educator s] Strategic Plan Goal [i.e. 1.1, 2.3]	Action Steps	Title I, Part A Budget Implications (if applicable)	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
Focus Area: K-5 Students and Families  Strategic Plan Goal: 3,5	Collect or obtain data from families on: <ul style="list-style-type: none"> <li>needs</li> <li>knowledge of available social/emotional supports and resources</li> <li>current use of available social/emotional supports and resources</li> <li>thoughts and feelings about social/emotional support</li> </ul>	N/A	School Support Team	January 2021	Evidence: School staff administer surveys and analyze results.  Artifact: JA Survey data, teacher reported, & ACPS Universal Screener.	Person(s) Responsible <ul style="list-style-type: none"> <li>School Support Team</li> </ul> Frequency <ul style="list-style-type: none"> <li>January 2021</li> </ul>
Focus Area: K-5 Students, SST  Strategic Plan Goal: 3	Implement weekly guidance lessons across all grade levels.	N/A	School Counselors	September 2020- June 2021	Evidence: Weekly guidance lessons are delivered in accordance with the Character Counts curriculum.  Artifact: Lesson Plans.	Person(s) Responsible <ul style="list-style-type: none"> <li>School Counselors</li> </ul> Frequency <ul style="list-style-type: none"> <li>Weekly</li> </ul>
Focus Area: SST  Strategic Plan Goal: 3	Create a tiered framework of social/emotional support within our school's MTSS system.	N/A	School Support Team	January 2021	Evidence: SST utilizes common language and guidelines to tier students.	Person(s) Responsible <ul style="list-style-type: none"> <li>School Support Team</li> <li>Administration</li> </ul> Frequency <ul style="list-style-type: none"> <li>January 2021</li> </ul>

<b>2. Essential Action/Research-Based Strategy:</b> Engage staff in self-reflective activities which equip them with actions that aim to dismantle systems of oppression and systemic racism.						

# Student Improvement Plans

## OVERARCHING SCHOOL GOAL:

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

John Adams Elementary School will continue to refine our PLC practices in order to increase staff capacity, the quality of instruction, and student achievement, by consistently implementing the full Cycle of Continuous Improvement.

<b>Evidence Driving This Essential Action:</b> Inequities have habitually been present across the division which have been reinforced by systems and processes within the division. Student data at John Adams presents achievement gaps for many of our subgroups, which could stem from inequities within our school. Approximately 75% of our students qualify for free and reduced lunch, possibly creating inequitable access to support and resources when compared to other schools within the division.						
<b>Plan to Assess Progress:</b> Give staff frequent opportunities to provide anonymous and voluntary reflections in response to our equity work.						
Focus Area <i>[Grade Level/Student Group(s)/Educators]</i> Strategic Plan Goal <i>[i.e. 1.1, 2.3]</i>	Action Steps	Title I, Part A Budget Implications (if applicable)	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Evidence of Progress/Completion <i>(Artifacts required)</i>	Person(s) Responsible for Monitoring and Frequency
Focus Area: K-5 Staff  Strategic Plan Goal: 1,2,3,4,5	Conduct mandatory monthly equity training provided by ACPS.	N/A	Administration	September 2020- June 2021	Evidence: Staff reflect on their own positionality and adapting practices which provide equitable access and combat systemic racism and oppressive practices.  Artifact: PD Roster.	Person(s) Responsible • Administration • Kennetra Wood  Frequency • Monthly
Focus Area: K-5 Staff  Strategic Plan Goal: 1,2,3,4,5	Use exit tickets, observations, and anecdotal feedback from current equity training sessions to identify school-based needs and next steps. Then, develop a professional learning plan to be implemented during the 21-22 school year.	N/A	Administration Equity Team	September 2020- June 2021	Evidence: Staff reflect on equity sessions and establish a working plan to address school specific needs.  Artifact: Exit tickets, anecdotal notes, and plan for 21-22 school year.	Person(s) Responsible • Administration • Equity Team  Frequency • Monthly
Focus Area: K-5 Staff	Provide teachers with two texts (e.g., Enrique's Journey, Educating Esme) that directly align with experiences of the population of students that are served at John Adams.	6000- Instructional Supplies	Administration Team Equity Team	May 2020-Summer Break	Evidence: Staff privately reflect or participate in small book club groups to discuss readings and their alignment	Person(s) Responsible • Administration • Equity Team  Frequency

Early Childhood Center will refine our PLC and data cycle practices with a focus on improving social, emotional and academic instruction, adult-child interactions, and equity alignment.

<b>2. Essential Action/Research-Based Strategy:</b> The preschool staff will provide parents and guardians multiple opportunities to meet with administrators and teachers to receive feedback on how their children are doing academically and socially and encourage parents to support student performance.					
<b>Evidence Driving This Essential Action:</b> In this unprecedented time we are grappling with how to implement virtual instruction with our Early Childhood population.					
<b>Plan to Assess Progress:</b> The plan should encompass quarterly progress updates. The timeline for assessing progress is the first week of February, the last week of April, and the last week of June					
Preschool Instructional staff/Family and Community Engagement	Develop training and coaching sessions for families around various topics.	Family Engagement committee	October 2020-June 2021	Evidence: # of training sessions or family engagement events. # families attending the events quarterly  Artifacts: Training presentations of parent coffee and family engagement events. ## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

ACTION PLAN						
<b>1. Essential Action/Research-Based Strategy:</b> Develop, implement and monitor lesson planning that is aligned to the standards of learning, content, cognition, and EL best practices.						
<b>Evidence Driving This Essential Action:</b> Based on reading data, a significant number of our students are reading below grade level. <a href="#">Grade Level Data Sheets</a>						
<b>Plan to Assess Progress:</b> Our plan to assess progress will be to monitor CLT notes/minutes for teacher progress and monitor running records, PALS Quick Checks for student progress.						
<b>Strength</b> - Very Strong Overarching Goal that integrates focus on disparities and school-wide approach/pedagogy and alignment with Strategic Plan 2025. Excellent detail in descriptions of Actions.						
<b>Inquiry</b> - Has the team examined practice level data related to lesson planning, implementation and monitoring to identify problems of practices related to previous practices?						
<b>Considerations/ Recommendations -</b> <ul style="list-style-type: none"> <li>Excellent recognition of the need to identify structures for individual coaching. Consider if a specific coaching model will increase the consistency fidelity of coaching implementation.</li> <li>Consider establishing clear data cycles to assess progress of this strategy. In addition to providing a great opportunity for staff to engage in data cycles as part of continuous improvement, the process will provide critical information on adjustments to improve outcomes.</li> <li>Identify "Look Fors"/ rubric related to meeting notes to capture qualitative data to assess progress of action.</li> </ul>						
<b>Additional Feedback</b> - Teacher engagement in planning reflects a high-leverage strategy for improvement. I wonder if out of the work surrounding TCRW there will be a lesson planning template and/or example for teachers to follow since that is the focus of the essential action.						
Focus Area (Grade Level/Student Group(s)/Educator s) Strategic Plan Goal (i.e. 1.1, 2.3)	Action Steps	Title I, Part A Budget Implications (if applicable)	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency

## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

<b>2. Essential Action/Research-Based Strategy:</b> Develop, implement and monitor aligned instruction that promotes communication and reasoning.						
<b>Evidence Driving This Essential Action:</b> <a href="#">Communication and Reasoning data as of February 2019</a>						
<b>Plan to Assess Progress:</b> Assessing student tasks using the VDOE Process Goal Rubric						
<b>Strength</b> - This plan is focused on alignment and addressing the needs of the whole child.						
<b>Inquiry</b> - How does this EA differ from current practice? Is there a specific aspect that needs innovation to improve outcomes?						
<b>Considerations / Recommendations -</b> <ul style="list-style-type: none"> <li>Consider revising and expanding the EA from a generic statement to a description of an action designed to demonstratively improve student performance. Clarify how this strategy is essential to addressing a specific academic performance need at FTD for a target student group.</li> <li>Consider establishing clear data cycles to assess progress of this strategy. In addition to providing a great opportunity for staff to engage in data cycles as part of continuous improvement, the process will provide critical information on adjustments to improve outcomes. Perhaps the Process Goal Rubric will serve as a useful data source.</li> <li>Consider using teacher team observations to collect practice implementation data to provide additional opportunities to enhance conceptual understanding.</li> </ul>						
<b>Additional Feedback</b> - Beyond CLT notes, you mention below that there will be observations which could also be used as a data source. From the special ed lens, I am just concerned that there is not more that targets SWD for academics.						
<b>Focus Area</b> (Grade Level/Student Group(s)/Educator s) <b>Strategic Plan Goal</b> (i.e. 1.1, 2.3)	<b>Action Steps</b>	<b>Title I, Part A Budget Implications (if applicable)</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b> (Beginning to End Dates)	<b>Evidence of Progress/Completion</b> (Artifacts required)	<b>Person(s) Responsible for Monitoring and Frequency</b>
K-5 Classroom, Special Education and EL teachers. Strategic Plan Goal 1, 2, 3.	Unpack standards and align instruction to the VA SOL's and Process Goals (communication and reasoning focus in connection to GLAD strategies and student justification of mathematical thinking orally and/or in written forms)	Math Coach/MTSS Data coach, math supplies for staff and students in a virtual environment	General Education teacher, EL and SPED teachers, interventionists, math coach	August-June	Evidence: CLT meeting minutes Artifacts: Team lesson plans, assessments, and materials	Math Coach (Holly Tate) Administration (Rachael Dischner, Enis Al Majeed) Weekly (CLT)

# Student Improvement Plans

## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

K-5 Classroom, Special Education and EL teachers. Strategic Plan Goal 1, 2, 3.	Implement instruction aligned to the VA SOL's and process goals (communication and reasoning focus in connection to GLAD strategies and student justification of mathematical thinking orally and/or in written forms)	glad materials/EL Teacher/ Math Coach/MTSS Data Coach/	General Education teacher, EL and SPED teachers, interventionists, math coach	September-May	Evidence: -CLT meeting minutes -Developed assessments  Artifacts: Student work samples through digital tools	Math Coach (Holly Tate) Administration (Rachael Dischner, Enis Al Majeed)  Weekly (CLT)
Math Coach, K-5 Classroom, Special Education and EL teachers. 2, 4.	Implement structures for individual and grade-level math coaching to include goal-setting, co-teaching, modeling, data analysis and reflecting.	Math Coach/Data Coach	Administration and math coach	December - May	-CLT meeting minutes -Anecdotal notes -Observations -Goal-setting -Teacher self-assessment	Coaches (*Holly Tate, Wendy Neidermeyer, Emily Cheolas) Administration (Rachael Dischner, Enis Al Majeed)  Weekly
<b>3. Essential Action/Research-Based Strategy:</b> Develop, implement and monitor lesson planning that aligns to the standards of learning, content, cognition and best practices for the Engineering Design Process (EDP).						
<b>Evidence Driving This Essential Action:</b> We are a STEM focused school; <a href="#">EDP Data from 19-20</a>						
<b>Plan to Assess Progress:</b> Using EDP Rubric for Quarters 2, 3 & 4 to assess students' STEM Projects						
<b>Strength</b> - Plan components are well integrated. Let's add the most recent SOL and MAP Growth data to the data list! Great job combining the SWP with the SIP. Third instructional goal is STEM, but no actual goal is given.						
<b>Inquiry</b> -						
<b>Considerations/ Recommendations</b> - <ul style="list-style-type: none"> <li>Consider establishing clear data cycles to assess progress of this strategy. In addition to providing a great opportunity for staff to engage in data cycles as part of continuous improvement, the process will provide critical information on adjustments to improve outcomes. Perhaps the Process Goal Rubric will serve as a useful data source.</li> <li>Identify professional learning (STEM) needs and plan the stages of knowledge development to practice implementation.</li> <li>Establish how meeting notes will provide evidence of progress. Distinguish Evidence of Progress - (e.g., how you will know the progress is occurring) from Artifacts (i.e. content or product associated with an event.)</li> </ul>						

# Student Improvement Plans

## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

<ul style="list-style-type: none"> <li>Consider data cycles to identify challenges as well as evidence of the progress in competencies to develop strong STEM-focused lesson plans.</li> </ul>						
<b>Additional Feedback -</b> <ul style="list-style-type: none"> <li>I am concerned that students with disabilities do not have a separate step. Looking at the data, it appears that the students did not show significant growth in these areas from the BOY to MOY in any grade level in this subgroup. In addition, it appears that students consistently increased from Tier II to Tier III, so what additional and different PD will be provided to the specialized instruction team? Their approach should be special.</li> <li>How often are these student tasks assessed? Are the number of assessments conducted how you are measuring the staff's performance?</li> </ul>						
Focus Area <i>[Grade Level/Student Group(s)/Educator s]</i> Strategic Plan Goal <i>[i.e. 1.1, 2.3]</i>	Action Steps	Title I, Part A Budget Implications (if applicable)	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Evidence of Progress/Completion <i>(Artifacts required)</i>	Person(s) Responsible for Monitoring and Frequency
K-5 EL Students; K-5 Classroom, Special Education and EL teachers. Strategic Plan Goal 2, 4.	Develop lesson plans during CLTs to enhance STEM focused lessons by integrating GLAD strategies, tech resources and stronger connections to science standards.	StudiesWeekly	General Education teacher, EL and SPED teachers	September-June	Evidence: CLT meeting minutes Artifacts: Developed lesson plans	Coaches (Holly Tate, Andrea Heckel, *Wendy Neidermeyer, Emily Cheolas) Administration (Rachael Dischner, Enis Al Majeed)  Multiple times per month
K-5 EL Students; K-5 Classroom, Special Education and EL teachers. Strategic Plan Goal 1, 2.	Implement lessons through coaching goal-setting, co-teaching, modeling, data analysis and reflecting on STEM focused lessons and the Engineering Design Process.		General Education teacher, EL and SPED teachers	September-June	Evidence: -Developed lesson plans -Observational notes -Anecdotal notes -Teacher reflections -Student work samples  Artifacts -Student EDP work samples?	Coaches (Holly Tate, Andrea Heckel, *Wendy Neidermeyer, Emily Cheolas) Administration (Rachael Dischner, Enis Al Majeed)  Multiple times per month

## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

K-5 EL Students; K-5 Classroom, Special Education and EL teachers. Strategic Plan Goal 2, 3.	Calibrate scoring of STEM rubrics and assess lesson effectiveness through student performance outcomes.		General Education teacher, EL and SPED teachers	September-June	Evidence: CLT meeting minutes: feedback, lesson plans, walk throughs, and instructional rounds. Artifacts: Data Norming Protocol -Student STEM EDP work samples -Project Based Learning projects	Coaches (Holly Tate, Andrea Heckel, * Wendy Neidermeyer, Emily Cheolas) Administration (Rachael Dischner, Enis Al Majeed)  1-2 per quarter
--	---	--	---	----------------	--	--

STRAND II: SCHOOL ENVIRONMENT	
Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement	
<b>DOMAIN:</b>	Family and Community Engagement
<b>SMART Goal(s):</b>	By May 2021, Ferdinand T. Day Elementary School will address the needs of the whole child through creating a strong school community and engaging families in the education of students.
ACTION PLAN	
<b>1. Essential Action/Research-Based Strategy:</b>	Orient all stakeholders to best practices in family engagement and create positive classroom cultures that address the needs of the whole child.
<b>Evidence Driving This Essential Action:</b>	90% of our students are eligible for Free and Reduced Meals and 25% of our population is transient due to cost of living. Due to COVID and Remote Learning, not all students are not actively participating in their learning or not attending classes.
<b>Plan to Assess Progress:</b>	Morning Meeting Lessons, RULER (SEAL) Unit Plans
<b>Strength</b>	Covers the whole child with initiatives that include all stakeholders (i.e., staff and families). Includes STEM focus for students who may not typically have access to a quality STEM education.

# Student Improvement Plans

## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

<b>Inquiry</b> - Does the EA encompass other areas in addition to 'Orient'? How will knowledge acquisition and application be assessed?						
<b>Considerations/Recommendations -</b> <ul style="list-style-type: none"> <li>Some of the details referenced in the Evidence Driving the EA provide valuable context for the significance of need relative to student performance. Consider incorporating the text.</li> <li>"Orient" suggests awareness building. Consider revising the EA to strengthen the intended action. For certain stakeholders developing competencies and skills is the intent.</li> <li>Consider adding greater specificity to timeframes listed to ensure the appropriate sequencing for actions that will impact practices throughout the academic year.</li> <li>Assessing staff knowledge acquisition is a critical aspect of professional learning. Consider including activities to assess learning as well as differentiated supports to facilitate knowledge to practice before collecting student-facing data.</li> </ul>						
<b>Additional Feedback</b> - Wondering how the data from the social emotional screener will be utilized to support interventions with students. Data should inform tiered interventions to support the whole child development.						
Focus Area <i>[Grade Level/Student Group(s)/Educators]</i> Strategic Plan Goal <i>[i.e. 1.1, 2.3]</i>	Action Steps	Title I, Part A Budget Implications (if applicable)	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Evidence of Progress/Completion <i>(Artifacts required)</i>	Person(s) Responsible for Monitoring and Frequency
Strengthen School/Family Engagement 5.	Implement Parent Teacher Home Visit Program (in a virtual setting. (To begin: Offer one home visit per child between August and the end of the first quarter.)		All School Staff	Aug -November	Evidence: -Teacher data logs of home visits and notes -Attendance -Behavior referrals  Artifacts: Parent contact log	Administration (Rachael Dischner, Enis Al Majeed)  Parent Liaison (TBD)  Social Worker (Jocelyn Gehrke)  School Counselor (Amy Ashley and Chelse Gonsalves)  Monthly
Enhance Classroom	Implement Restorative Practices and Responsive Classroom's morning meeting. Participate in Trauma Informed Care Trainings.	RULER subscription, .5 Counselor	All School Staff	September -May		Administration (Rachael Dischner, Enis Al Majeed)

VCSP - Elementary

# Student Improvement Plans

## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

Community building 4, 5.	Become a RULER SchoolAssessing staff knowledge acquisition is a critical aspect of professional learning. I recommend including activities to assess learning as well as differentiated supports to facilitate knowledge to practice before collecting student facing data.				Evidence: PLMS course registration -Co-teaching and morning meeting -RULER PDs -Classroom charters -RULER family outreach and extension  Artifacts: -observations/pictures/video -Attendance -Behavior referrals	Social Worker (Jocelyn Gehrke)  School Counselor (Amy Ashley and Chelse Gonsalves)  Morning Meeting Coach (Dora Cottrol)  Morning Meeting Committee  Monthly
<b>2. Essential Action/Research-Based Strategy:</b> Provide quality time for staff and family engagement to promote community building.						
<b>Evidence Driving This Essential Action:</b> Research shows high levels of family engagement help to yield higher levels of students' outcome. A shared responsibility for school programs and families. It involves partnering with families to support student learning and success, it includes ongoing goal directed relationships between staff and families that are mutual, culturally responsive and support what is best for children and families both individually and collectively.						
<b>Plan to Assess Progress:</b> Student academic progress						
<b>Strength -</b>						
<b>Inquiry -</b> Are these opportunities currently provided for families? If so, what is the focus of the EA to demonstratively improve practice? Has the staff examined relevant data to identify an unmet need or persistent problem?						
<b>Considerations/Recommendations -</b> Consider clarifying "quality time." Consider expanding the EA to include excellent content provided in the Evidence Driver section. Distinguish Evidence of Progress - (e.g., how you will know the progress is occurring) from Artifacts (i.e. content or product associated with an event). Consider establishing clear data cycles to assess progress of this strategy. In addition to providing a great opportunity for staff to engage in data cycles as part of continuous improvement, the process will provide critical information on adjustments to improve outcomes.						
<b>Additional Feedback -</b> Extend the process data (what happened, to whom) and include outcome data (actual change) as part of an essential action.

## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

						Administrative Assistant (Juan Rodriguez-Lostaunau)  Once in August, updated as needed.
Master schedule to include daily morning meeting 1, 2, 3.	Develop Master Schedule to allow for daily morning meeting.		Master Schedule Committee	June/July	Master Schedule	Administration (Rachael Dischner, Enis Al Majeed)  Once in August, update as needed from the return to school plans
Morning Meeting 1, 2, 3.	Provide opportunities for teachers to strengthen morning meeting through individual coaching, peer observations and reflective cycles	.5 Counselor	Administration and Coaches	December-May	Coaching Logs	Morning Meeting Coach (Dora Cottrol) and Administration (Rachael Dischner, Enis Al Majeed)  Monthly
Home Visits 4, 5.	Provide release time and professional development for staff to schedule and implement home visits throughout the year.		Administration and FACE	August-June	-Meeting agendas -Home visit logs -PLMS sign-ups	Administration (Rachael Dischner, Enis Al Majeed)  FACE (Krishna Leyva)  Family Engagement Committee  20 minutes per students
<b>3. Essential Action/Research-Based Strategy:</b> Focus on parent engagement in multiple aspects of student learning						

# Student Improvement Plans

## OVERARCHING SCHOOL GOAL:

Ferdinand T. Day School strives to meet the needs of the Whole Child, closing the achievement gap for our English Language Learners in Math and Language Arts by providing all students with opportunities for hands-on learning experiences through the delivery of STEM based instruction in critical thinking, creative thinking, collaboration, communication, citizenship and by utilizing the Engineering Design Process as a foundation along with providing support for social/emotional growth.

<b>Evidence Driving This Essential Action:</b> To ensure inclusivity in a diverse school population where 16+ languages are spoken and where many families are new to the country, we will develop processes and structures to inform, encourage and empower parents to collaborate in their student's academic progress.						
<b>Plan to Assess Progress:</b>						
<b>Strength</b> - This plan reflects a comprehensive approach to achieving equitable outcomes for a student body comprised of many students from historically marginalized subgroups.						
<b>Inquiry</b> - What is the nature of the focus on parent engagement? Is the focus differentiated types of engagement, or increased participation, or specific to ELL families? Has the staff engaged in professional learning on the topic of perspectives on effective parental engagement for culturally and linguistically diverse families? What do we know about staff depth of knowledge and practices/implementation? How will progress be measured/assessed?						
<b>Considerations/Recommendations</b> - Distinguish Evidence of Progress - (e.g., how you will know the progress is occurring) from Artifacts (i.e. content or product associated with an event). Consider including the important work related to parent participation in governance/developing agency FTD facilitates with parents as a Title I school.						
<b>Additional Feedback</b> - The measures seem to document that contact was made, but do not actually place a demand on the learning to demonstrate that it was effective.						
<b>Focus Area</b> <i>(Grade Level/Student Group(s)/Educators)</i> <b>Strategic Plan Goal</b> <i>[i.e. 1.1, 2.3]</i>	<b>Action Steps</b>	<b>Title I, Part A Budget Implications (if applicable)</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b> <i>(Beginning to End Dates)</i>	<b>Evidence of Progress/Completion</b> <i>(Artifacts required)</i>	<b>Person(s) Responsible for Monitoring and Frequency</b>
Parent Teacher Association 4, 5.	Implement evening opportunities to engage families in the PTA and other school programs.		Administration, families, and all school staff	October-June	Evidence: -Flyers -Sign-in sheets -Social media  Artifacts: Zoom attendance	Parent/Teacher Association Executive Leadership; Administration (Rachael Dischner & Enis Al Majeed)  Monthly
Title I Compact Strategic Plan Goal 1, 2, 5.	Provide written school-family engagement policy to families of all children.		Administration	October - November	Evidence: Signed agreement Artifacts:	Administration (Rachael Dischner, Enis Al Majeed)  Once in the fall

## OVERARCHING SCHOOL GOAL:

*\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.*

*Lyles-Crouch Traditional Academy will utilize collaboration/professional development, research based interventions, and communication with parents to increase student achievement in the areas of reading and math by 5% for gap group (Black, Economically Disadvantaged, Students with Disabilities) students by June 2020.*

<b>1. Essential Action/Research-Based Strategy:</b> Teachers will effectively use Professional Learning Communities to reflect/share data; to plan lessons, interventions and enrichment to help increase student achievement.					
<b>Evidence Driving This Essential Action:</b> In the 2018-2019 School year, based on the Standards of Learning, our reading data dropped over 12 percentage points in all subgroups. The math data dropped over three percentage points in all subgroups, but is trending in the low 80's.					
<b>Plan to Assess Progress:</b> MAP assessment; Quarterly Assessments; SOLs; PLC Meetings					
<b>Strength -</b> <ul style="list-style-type: none"> <li>Strong description of Action steps.</li> <li>Your goals are well written, targeted, and align with your action steps very well. I also appreciated that there were components related to SWD in both strands of your plan.</li> </ul>					
<b>Inquiry -</b> <ul style="list-style-type: none"> <li>What are the operational characteristics that demonstrate effective collaboration?</li> <li>What teacher-facing data has the team examined related to the quality of team collaboration?</li> <li>Is there evidence to indicate that the lack of effective collaboration is the root cause of performance disparities?</li> <li>Identify how you will know the action is successfully achieved or is progressing. Specify artifacts associated with each action.</li> <li>Consider using teacher teams to collect observation data about meetings as a strategy to build knowledge and practice in examining practice as a part of continuous improvement.</li> </ul>					
<b>Considerations/Recommendations -</b> <ul style="list-style-type: none"> <li>Consider revising and expanding the EA from a generic statement to a description of an action designed to demonstratively improve student performance. Clarify how this strategy is essential to addressing a specific performance need.</li> <li>Consider establishing clear data cycles to assess progress of this strategy. In addition to providing a great opportunity for staff to engage in data cycles as part of continuous improvement, the process will provide critical information on adjustments to improve outcomes.</li> </ul>					
<b>Additional Feedback -</b> <ul style="list-style-type: none"> <li>I notice you'll be doing observations. I wonder if you've considered coaching and modeling as part of your professional learning?</li> <li>What will you specifically be looking for in lesson plans?</li> </ul>					
<b>Focus Area</b> <i>[Grade Level/Student Group(s)/Educators]</i> <b>Strategic Plan Goal</b> <i>Balanced Literacy</i>	<b>Action Steps</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b> <i>(Beginning to End Dates)</i>	<b>Evidence of Progress/Completion</b> <i>(Artifacts required)</i>	<b>Person(s) Responsible for Monitoring and Frequency</b>

## OVERARCHING SCHOOL GOAL:

*\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.*

*Lyles-Crouch Traditional Academy will utilize collaboration/professional development, research based interventions, and communication with parents to increase student achievement in the areas of reading and math by 5% for gap group (Black, Economically Disadvantaged, Students with Disabilities) students by June 2020.*

Teachers	Provide opportunities for planning among grade level teams (to include sped and EL teachers) to discuss reading and math standards, co-teaching, as well as historical areas of difficulty for gap students in reading and math. Discuss vocabulary implementation.	Teachers Grade Level Team Leader Core Knowledge Consultant	September 2020-June 2021	Meeting agenda/minutes Lesson Plans: alignment/objectives/assessment/procedures/ materials Administrators' observations Quarterly data meetings SOL data PLC	School Administrators Quarterly Weekly
Teachers GAP Students	Teachers will create a variety of authentic assessments to measure student data and provide immediate/specific intervention for the targeted gap groups.	Grade Level Team Leader Teachers	September 2020-June 2021	Common assessment data	School Administrators Monthly
Teachers with 0-3 years Core Knowledge Experience	Provide training and observations, as well as resources for the Core Knowledge program.	Core Knowledge Coordinator	September 2020-June 2021	Lesson plans: alignment/objectives/assessment/procedures/ materials Training agenda	School Administrators Monthly
Teachers Reading Specialist Core Knowledge Coordinator	Continue to align Core Knowledge with the reading materials to maintain fidelity of Core Knowledge.	Reading Specialist Core Knowledge Coordinator Assistant Principal	September 2020-June 2021	Curriculum Map	School Administrators Quarterly
<b>2. Essential Action/Research-Based Strategy:</b> To utilize the MTSS process with fidelity.					
<b>Evidence Driving This Essential Action:</b> In the 2018-2019 School year, based on the Standards of Learning, our reading data dropped over 12 percentage points in all subgroups. The math data dropped over three percentage points in all subgroups, but is trending in the low 80's.					
<b>Strength</b> - The plan reflects a clear focus on improving outcomes for historically marginalized groups such as students who are economically disadvantaged and those who are Black.					
<b>Inquiry</b> - How does this strategy represent an innovation or "new" approach from the current practice of implementing evidence based interventions? Is the EA referring to additional or newly identified interventions? Has the school engaged in data analyses of the target group to identify potential Learner Centered Problems and Problems of Practice? Are the low SES students also students of color? Has the school engaged in a study of diverse perspectives of effective approaches for educating economically disadvantaged students?

*\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.*

*Lyles-Crouch Traditional Academy will utilize collaboration/professional development, research based interventions, and communication with parents to increase student achievement in the areas of reading and math by 5% for gap group (Black, Economically Disadvantaged, Students with Disabilities) students by June 2020.*

### Data:

As of July 2019, our SOL reading data indicated a pass rate of 85%. This is 8 percentage points less than in 2018.

Our black, economically disadvantaged and students w/disabilities subgroups dropped more than 10 percentage points. The discrepancy in reading between all of our students and our lowest performing subgroup(students with disabilities) is 47 percentage points.

As of July 2019, our SOL math data indicated a pass rate of 89. While this data hasn't changed much over the last two years, the discrepancy in math between all of our students and our lowest performing subgroup(students w/disabilities) is about 40 percentage points.

Please see the SIP data chart in the folder.

Black	= 5%	TAG	= 9%
Multiracial	= 4%		
Asian	= 1%		

Mount Vernon Community School (MVCS) is a K-5 dual language school (Spanish and English) with a L2 school quality indicator in science. As a dual language school, science and mathematics content is delivered in Spanish and assessed in English. MVCS is currently under academic review due to science academic achievement performance.

#### Science Academic Achievement: All Students

SY 2019: 57% Passing Rate  
SY 2018: 70% Passing Rate  
SY 2017: 70% Passing Rate  
Cumulative 3 Year: 66% Passing Rate

The decline in the SY19 MVCS performance in science in, as well as the stagnant growth between SY17 and SY18, led the school leadership to assess how science is currently taught, the time spent on science instruction, and the need for changes in instructional time, planning and delivery.

The school administration identified the need for revising the school-wide master schedule, provide professional development to all teachers on aligning the written, taught and tested science curriculum, and provide learning opportunities for teachers in planning scientific investigations for students as expected in the Standards of Learning.

Professional Learning Communities (PLC) are the main forum to set expectations, analyze student performance data and plan collaboratively. However, there is a need to communicate clear and explicit expectations regarding aligning the written, taught and tested curriculum to the Standards of Learning Curriculum Framework's Essential Knowledge and Skills, monitor, and provide feedback to teachers on lesson plans and lesson observations.

There is a targeted need for actively monitoring science lesson plans and lesson delivery with a specific focus on ensuring student expectations and experiences correlate with the content and cognitive level. Relevancy of the content and hands-on experiences to meet the standard are needed in planning lessons and delivering instruction.

Even though K-2 science instruction does not have a summative standardized assessment at the end of the year, the school administration along with ACPs science and dual language program specialists see the need for developing quarterly tasks that allow school administration and teachers to monitor learning and mastery of science content.

MVCS has a supportive parent community. The school administration along with PTA have determined that ongoing fundraising efforts organized by the PTA, should align with the academic goals of the school. After-school /extracurricular activities will be focused on promoting science learning.

# Student Improvement Plans

## Mount Vernon Community School

All MVCS students at grades K-5 will demonstrate growth in their science proficiency as measured by the administration of K-2 quarterly science task assessments and the 3rd through 5th grade SOLs.

<b>Mission</b>	<b>Vision</b>	<b>Core Values</b>
The mission of the dual language program is to provide an enriched bilingual, biliterate, and culturally competent educational experience for all students.	The MVCS Dual Language Program will be widely recognized throughout Northern VA for our students' high levels of academic achievement, bilingualism, and biliteracy, which are developed through rigorous, standards-based instruction in English and Spanish. Furthermore, the Dual Language Program will foster a culture of respect for diverse students' backgrounds and learning styles.	<ul style="list-style-type: none"><li>• All students deserve to learn in an environment that celebrates their unique differences, values their contributions to the school community, and encourages them to grow as learners.</li><li>• All teachers are teachers of both language and content.</li><li>• Differentiation of instruction enables all students to access a rigorous and demanding curriculum.</li><li>• Collaboration is at the heart of our success as instructional teams and as a school community.</li><li>• Using various forms of assessment will produce the data we need to inform our instructional decisions.</li></ul>

STRAND I: TEACHING FOR LEARNING			
1	<b>SCIENCE</b>	2	<b>MATHEMATICS</b>
	<b>SMART Goal(s):</b> All MVCS students in grades K-5 will demonstrate growth in their science proficiency as measured by the administration of K-2 quarterly science task assessments, benchmark assessment data, and the 5th grade SOLs.		<b>SMART Goal(s):</b> By the end of 2020-2021 SY, MVCS will increase Gap Group 1 (EL, SWD, FRL) and Gap Group 2 (Black students) performance from 43% to 48% as measured by, benchmark assessment data, and the VA Standards of Learning assessment in grades 3, 4, and 5. <ul style="list-style-type: none"><li>• EL from 46% to 51% or higher</li><li>• SWD from 38% to 43% or higher</li><li>• Economically Disadvantaged (FRL) from 45% to 50% or higher</li><li>• Black from 43% to 48% or higher</li></ul>

# Student Improvement Plans

## Mount Vernon Community School

All MVCS students at grades K-5 will demonstrate growth in their science proficiency as measured by the administration of **K-2 quarterly science task** assessments and the 3rd through 5th grade SOLs.

3.	READING	<b>SMART Goal(s):</b> By the end of the 2020-2021 SY, MVCS will increase Gap Group 1 (EL, SWD, FRL) and Gap Group 2 (Black students) performance from 40% to 45% as measured by the VA Standards of Learning assessment in grades 3, 4, 5. <ul style="list-style-type: none"><li>• EL from 31% to 36% or higher</li><li>• SWD from 36% to 41% or higher</li><li>• Economically Disadvantaged (FRL) from 34% to 39% or higher</li><li>• Black from 57% to 62% or higher</li></ul>			
4.	SPECIAL EDUCATION	<b>SMART Goal(s):</b> By the end of 2020-2021 all MVCS students with disabilities will improve their raw pass rates in the areas of reading and math by 5%. <ul style="list-style-type: none"><li>• Increase ELA raw pass rate from 36% to 41% or higher</li><li>• Increase Math raw pass rate from 38% to 43% or higher</li></ul>			
ACTION PLAN					
1. Essential Action/Research-Based Strategy: Teachers will align instruction in different content areas and across languages (Spanish and English) to maximize students' development of the 6 science process skills (Observing, classifying, measuring, communicating, inferring, predicting)					
Evidence Driving This Essential Action: The stagnant growth and decline in science performance led the school administration and instructional coaching team to focus instructional efforts into building a culture around connecting language learning and science process skills. The 6 science process skills are critical in the bilingual education process. By incorporating the skills in the instructional delivery of the different content areas, students will be consistently exposed to the science thinking process and will be better prepared to understand science content throughout their elementary school experience.					
Plan to Assess Progress: Active presence in PLC meetings, team planning, and PD offerings. Ongoing monitoring of student science performance data across the different grade levels. Use of quarterly science performance assessments. Teachers will be guided to analyze, reflect, and plan instruction around student science performance data. Extracurricular activities as well as community partnerships will be focused on supporting science learning.

## Mount Vernon Community School

All MVCS students at grades K-5 will demonstrate growth in their science proficiency as measured by the administration of **K-2 quarterly science task** assessments and the 3rd through 5th grade SOLs.

STRAND II: SCHOOL ENVIRONMENT					
Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement					
<b>DOMAIN:</b> Commitment to Professional Learning					
<b>SMART Goal(s):</b> By the next administration of the TELL survey, MVCS will increase its results in 5 subcategories of professional development by at least 10%.					
ACTION PLAN					
<b>1. Essential Action/Research-Based Strategy:</b> Administrators will focus the planning and delivery of professional development on addressing the recommendations of the science academic review, and will maintain a culture of high expectations for professional development and learning.					
<b>Evidence Driving This Essential Action:</b> The MVCS staff is committed to the success of the dual language program and to the positive social emotional development of the diverse student population we serve.					
<b>Plan to Assess Progress:</b> Professional learning attendance records, PLPs that align with the school's SIP, and the building of a professional culture that values reflective practice.					
Focus Area [Grade Level/Student Group(s)/Educators] Strategic Plan Goal [i.e. 1.1, 2.3]	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
Educators 1.1, 3.1, 3.2, 3.3	Administrators will collaboratively develop professional learning strands with instructional teacher leaders, and specialists based on school performance data and teacher input.	School Administration Specialists	Ongoing	<b>Evidence:</b> Professional development offers aligned with school priorities and teacher input <b>Artifacts:</b> Professional development plan	School Administrators

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Increase the number of students passing state assessments in all content areas to meet state accountability benchmarks of 75% passing in English and 70% passing in all other content areas by 2023.

<b>Evidence Driving This Essential Action:</b> Effective PLCs, as evidenced at Tucker, represent best practice in translating the continuous improvement cycle into improved outcomes for all learners.					
<b>Plan to Assess Progress:</b> Quarterly staff surveys, PLC level needs assessments					
<b>Strength</b> - Great data snapshot! Informative reference about MAP Growth. The plan incorporates multiple structures and evidence-based practices which target students with disabilities.					
<b>Inquiry</b> - Are there disparities in academic performance among race groups at Samuel Tucker? How does your plan specially address targeted efforts to reduce/eliminate the disparities? Based on your MAP growth statement, you reference growth however you have not indicated a target for growth. How much growth are you projecting? Can you actually project since you do not have a reference point as baseline data will not be collected until the Winter administration?					
<b>Considerations/Recommendations</b> - Revise goals to meet each component of a SMART goal. Consider the pros and cons of the MAP growth band norms as a reference point. Aspiring to become a Learning organization is an excellent mission-type statement. Consider revising the EA to reflect an intent aligned with your focus on data utilization and continuous data cycles. It appears the strategy is targeted enhancing the data utilization/data review actions in PLCs. It is true that the alignment of systems is important in schools however, the Systemic Alignment Goal in the Strategic Plan 2025 is a division level Goal. Meeting agendas serve as important artifacts. If you choose to use Meeting agendas as a source of data to demonstrate evidence of progress, remember to identify specific/reliable data points and a plan for how those data points indicate growth.					
<b>Additional Feedback</b> - Do you have evidence that using PLCs at Tucker is impactful? Or could you provide a research statement here?					
<b>Focus Area</b> <i>[Grade Level/Student Group(s)/Educators]</i> <b>Strategic Plan Goal</b> <i>[i.e. 1.1, 2.3]</i>	<b>Action Steps</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b> <i>(Beginning to End Dates)</i>	<b>Evidence of Progress/Completion</b> <i>(Artifacts required)</i>	<b>Person(s) Responsible for Monitoring and Frequency</b>

# Student Improvement Plans

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Increase the number of students passing state assessments in all content areas to meet state accountability benchmarks of 75% passing in English and 70% passing in all other content areas by 2023.

differentiated to meet the individual needs of students					
<b>2. Essential Action/Research-Based Strategy:</b> Identify and use best practices in online and learning to differentiate, support, and increase access to effective classroom routines and instruction practices and to promote innovation. Samuel Tucker Elementary will support and cultivate teachers' use of effective classroom routines and instructional strategies.					
<b>Evidence Driving This Essential Action:</b> Co-teaching routines and practices are evidence of the positive impact of fidelity of implementation of instructional strategies on student achievement					
<b>Plan to Assess Progress:</b> Quarterly walk throughs, and bi-annual formal observations.					
<b>Strength</b> - This plan is clearly focused on the high-impact practice of nurturing collaborative learning communities of adults who in turn go to nurture such learning communities for their students.					
<b>Inquiry</b> - What are the best practices in on-line instruction? Your EA should specify the strategies. What are the assumptions underlying your Theory of Change? Evidence Driving This EA should reflect teacher level data associated with a problem of practice.					
<b>Considerations/Recommendations</b> - Your EA should specify the strategy you have selected based on analyses of needs based on some form of root cause analysis. . A clearly delineated strategy is critical to engaging in a data cycle to assess impact on student performance. The EA above covers multiple areas. Selecting one focus for a data cycled does not Consider revising Actions Steps to reflect objective terminology rather than subjective terms that convey as aspirational. If teachers are expected to demonstrate new skills and practices, ensure that Action Steps reflect components of professional learning that will support a learning to practice continuum.					
<b>Additional Feedback</b> - It's implied that the work of PLCs at Tucker is observed as impacting what is observed in classrooms.					
<b>Focus Area</b> [Grade Level/Student Group(s)/Educators] <b>Strategic Plan Goal</b> [i.e. 1.1, 2.3]	<b>Action Steps</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b> (Beginning to End Dates)	<b>Evidence of Progress/Completion</b> (Artifacts required)	<b>Person(s) Responsible for Monitoring and Frequency</b>
<b>Focus</b> - K-5 students, K-5 Staff <b>Goal</b> - Instructional Excellence: Ensure implementation of a few well-defined, high-impact instructional strategies that support academic learning	Teachers will <b>strive</b> to implement and refine best instructional practices (including creation and maintenance of virtual and blended instructional practices inventory, bi-weekly embedded professional developments, feedback from instructional coaches and administration).	Instructional Coaches, Leadership Team, Teachers,	September-June	Evidence: Observed implementation of implementation of new technologies including Nearpod, Seesaw & Desmos Artifacts: PLMS records, technology audit	Administration (Monthly)

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

## OVERARCHING SCHOOL GOAL:

Increase the number of students passing state assessments in all content areas to meet state accountability benchmarks of 75% passing in English and 70% passing in all other content areas by 2023.

and social and emotional development for a diverse student population.					
<b>Focus - K-5 Staff, Students</b> <b>Goal - Instructional</b> <b>Excellence:</b> Use diagnostic, formative, and summative data to inform appropriate interventions and strategies.	Classroom teachers will utilize time with instructional coaches to group, and plan for student success based on assessment data.			Evidence: Teachers planning and implementing responsive lessons and utilizing strategies Artifacts:	
<b>Focus - SWD &amp; EL students K-5</b> <b>Goal Instructional</b> <b>Excellence:</b> Ensure implementation of a few well-defined, high-impact instructional strategies that support academic learning and social and emotional development for a diverse student population.	Continued implementation of Dr. Marilyn Friend's "Six Approaches to Co-Teaching" best practices, with co-teaching walkthroughs and feedback.			Evidence: Artifacts:	
<b>Focus -</b> <b>Goal -</b>				Evidence: Artifacts:	
<b>3. Essential Action/Research-Based Strategy:</b> Samuel Tucker Elementary will review disaggregated data to track and monitor the progress of all students.					
<b>Evidence Driving This Essential Action:</b> Analyzing common assessments in PLCs has yielded evidence of the importance of progress monitoring on a quarterly basis to move students from one tier to the next.					
<b>Plan to Assess Progress:</b> Quarterly progress toward the goal will be discussed at PLCs and shared with the Leadership team.					
<b>Strength -</b> Strong action steps and evidence of progress listed.					
<b>Inquiry -</b> How is the proposed strategy new/innovative? <b>What are you attempting to convey about how you will</b>					
<b>Considerations/Recommendations -</b> Consider revising the EA to reflect the practice innovation or approach to data analyses and what it will yield or the "why." The current phrasing suggests that reviewing disaggregated data is not conducted at Samuel Tucker.

## OVERARCHING SCHOOL GOAL:

Increase the number of students passing state assessments in all content areas to meet state accountability benchmarks of 75% passing in English and 70% passing in all other content areas by 2023.

<b>4. Essential Action/Research-Based Strategy:</b> Samuel Tucker Elementary will develop and implement tiered intervention groups and strategies.					
<b>Evidence Driving This Essential Action:</b> Analysis of data will provide accurate information on students, their needs / growth, as well as the efficacy of interventions being implemented.					
<b>Plan to Assess Progress:</b> Weekly Administrative data review, Bi-Monthly MTSS meetings, Quarterly Data Chats					
<b>Inquiry</b> - Is this a new innovation/ approach? Is the intent of this goal to enhance competencies related to an existing structure? If so, what is the EA attempting to convey about what this EA is designed to accomplish in reference to improving practices? What has the team's root cause analyses of outcomes related to tiered interventions?					
<b>Considerations/ Recommendations</b> - Revise the EA to clarify the approach for describing tiered interventions, and what they accomplish? What is the Engage the interventionists to specify research based interventions.					
<b>Additional Feedback</b> - Think about how you can assess progress over time. Will the school create a "student perception" survey? How will you determine the overall climate of students and assess staff progress in their learning?					
Focus Area <small>(Grade Level/Student Group(s)/Educators)</small> Strategic Plan Goal [i.e. 1.1, 2.3]	Action Steps	Person(s) Responsible for Implementation	Timeframe <small>(Beginning to End Dates)</small>	Evidence of Progress/Completion <small>(Artifacts required)</small>	Person(s) Responsible for Monitoring and Frequency
Focus - Goal -				Evidence: Artifacts:	
Focus - Goal -	Support and expand the use of small group instruction during Intervention and Extension time.			Evidence: Artifacts:	
Focus - Goal -	Reading and Math interventionists will implement research based intervention strategies with identified tier 2 and 3 students.			Evidence: Artifacts:	
Focus - K-5 Students with Disabilities, K-5 Staff Goal -	Special Education teachers will implement research based intervention strategies			Evidence: Artifacts:

STRAND II: SCHOOL ENVIRONMENT Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement					
DOMAIN: Learning Environment					
SMART Goal(s): By June 2021, as evidenced by student perception data 90% of students will report they are learning in a classroom that fosters feelings of safety, value, and engagement.					
ACTION PLAN					
1. Essential Action/Research-Based Strategy: Staff will be trained on the role of school personnel to mitigate the impact of systemic racism on student perception of a safe and orderly school environment.					
Evidence Driving This Essential Action: ACPs & Tucker discipline data revealing disparities in the suspension rate for students of color.					
Plan to Assess Progress: Quarterly assessment of disaggregated discipline data.					
Strength - The action steps that are completed align with the 2025 strategic plan. A strength of this plan is the focus on Equity for All and systemic racism.					
Inquiry - What about the analyses of racial disparities in school discipline data indicates that training will reduce/eliminate the disparities? How is the plan for training structured to produce changes in practice? This is an instance where it is critically important to consider the structures and supports associated with training					
Considerations/ Recommendations - In this instance, the focus of the EA is to mitigate the impact of systemic racism on student perception of a safe and orderly school environment. Identify the behaviors you expect to see. Reducing discipline referrals is one type of evidence of progress, but consider other data points related to progress since referral can decrease as a function of administrative action, while behaviors remain unchanged.					
Additional Feedback - You can include in your evidence the evaluation forms follow all turnaround training. The Equity Team can support by providing the school with their specific teacher feedback data. Included as evidence are discipline data, lesson plans reports and logs.					
Focus Area [Grade Level/Student Group(s)/Educators] Strategic Plan Goal	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency

SMART Goal(s):					
<ol style="list-style-type: none"> <li>By the end of the 2020-2021 school year, Hammond students will increase the percentage of students who pass or show at least one band of growth on the Spring 2020 ELA SOL exams at 74% to 77%.</li> <li>By the end of the 2020-2021 school year, Hammond students with disabilities will increase the percentage who pass or show at least one band of growth on the Spring 2020 ELA SOL exam at 43% to 46%.</li> <li>By the end of the 2020-2021 school year, Hammond EL students will increase the percentage who pass or show at least one band of growth on the Spring 2020 ELA SOL exam at 77% to 80%.</li> <li>By the end of the 2020-2021 school year, Hispanic Hammond students will increase the percentage who pass or show at least one band of growth on the Spring 2020 ELA SOL exam at 66% to 69%.</li> <li>By the end of the 2020-2021 school the school wide percentage of D's and F's will reduce from 36% to 31% or less.</li> </ol>					
ACTION PLAN					
<b>1. Essential Action/Research-Based Strategy:</b> Lesson plans designed with explicit instruction that involves directly teaching students the content or skill to be learned. Teachers will utilize the text, <i>Explicit Instruction: Effective and Efficient Teaching Strategies</i> . Classroom strategies implemented at AVID Academic Language and Literacy, AVID Reading Strategies, AVID Critical Thinking and Engagement, Classroom Instruction that Works: Research-Based Strategies for Increasing Student Achievement (Marzano 2001) and Strategies That Work: Teaching Comprehension for Understanding and Engagement (Harvey & Goudvis 2007) to include summarizing, focused note taking, marking the text, Socratic seminars, collaborative structures, and inferring the meaning.					
<b>Evidence Driving This Essential Action:</b> Evidence driving this action is based upon SOL trend data at the 2016-2017 to 2018-2019 schools years. The data shows that EL, Hispanic students and students with disabilities at FCH have systemically performed below the benchmark. Additionally, monitoring of pacing, curriculum implementation, and differentiation of instruction are necessary to ensure that the needs of these gap groups are met					
<b>Plan to Assess Progress:</b> Administrators will review lesson plans weekly and provide feedback where needed utilizing and comparing ACPS pacing guides to monitor fidelity of implementation and pacing.

STRAND I: TEACHING FOR LEARNING					
DOMAIN: MATH; Sub Group Student Achievement (The data below represents unadjusted VDOE pass rates)					
<b>SMART Goal(s):</b> <ol style="list-style-type: none"> <li>By the end of the 2020-2021 school year, GW students will increase the percentage of students who pass the Spring 2019 Math SOL exam from 75% to 78%.</li> <li>By the end of the 2020-2021 school year, GW Gap Group 2 students, (African American students) will increase the percentage of students who pass the Spring 2019 Math SOL exam from 62% to 65%.</li> <li>By the end of the 2020-2021 school year, GW Gap Group 3 students, (Hispanic students) will increase the percentage of students who pass the Spring 2019 Math SOL exam from 57% to 60%.</li> <li>By the end of the 2020-2021 school year, GW students with disabilities will increase the percentage who pass the Spring 2019 Math SOL exam from 43% to 46%.</li> <li>By the end of the 2020-2021 school year, GW English Language Learners will increase the percentage who pass the Spring 2019 Math SOL exam from 30% to 33%.</li> </ol>					
ACTION PLAN					
<b>1. Essential Action/Research-Based Strategy:</b> Restructure common summative assessments from end of unit assessments to weekly standard-based assessments in order to streamline instructional platforms (transitioning from Schoolnet to Canvas) and analyze short term trends found in the data to implement re-teaching and remediation plans to targeted groups of student who have not demonstrated proficiency.					
<b>Evidence Driving This Essential Action:</b> The need to streamline instructional platforms used to assess and monitor academic achievement for virtual/online learning to monitor sub group performance					
<b>Plan to Assess Progress:</b> Progress will be assessed by a review of reteaching/remediation plans and student outcomes as well as a review of instructional strategies used to re-teach after a common summative assessment is given and this occurs weekly.					
Focus Area <i>[Grade Level/Student Group(s)/Educators]</i> Strategic Plan Goal <i>[i.e. 1.1, 2.3]</i>	Action Steps	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Evidence of Progress/Completion <i>(Artifacts required)</i>	Person(s) Responsible for Monitoring and Frequency

\*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.

Improve all GAP Group Performance on the SOL by a minimum of 3% points

All students in grades 6-8/All teachers	<ul style="list-style-type: none"> <li>Teachers will revisit or revise lesson plans submitted through Canvas based on Academic Principals' feedback</li> </ul>	All teachers in PLC Donita Muse Colleen McEneaney Jeanette Vinson	September 2020 – June 2021	<ul style="list-style-type: none"> <li>Formal/Informal observations</li> <li>Lesson Plan Template</li> <li>Canvas Feedback</li> </ul>	Jesse Mazur, Principal Jeanette Vinson, Academic Principal Donita Muse Math Coach Colleen McEneaney, Math Department Chair
<b>3. Essential Action/Research-Based Strategy:</b> Revise current data to inform (DTI) template to yield data captured from Canvas assessments in efforts to analyze data, provide targeted re-teaching, remediation and intervention plans within professional learning communities (PLCs). To review summative assessment results and use research based protocol (Here's What, So What?, Now What?) to facilitate data conversations that will give students opportunities to retake assessments and allow teachers to develop reteaching/ interventions to targeted groups. based on the data analysis.					
<b>Evidence Driving This Essential Action:</b> Assessment platform obsolete (schoolnet), desired improvement for all students on common summative assessments and disparity in performance between White students and sub groups to address the achievement gap.					
<b>Plan to Assess Progress:</b> Progress will be assessed by assessment results being entered into the DTI form prior to data conversations being held, a review of PLC notes, the PLC re-teaching and remediation plan developed as a result of data conversations, and by maintaining a standards-based data warehouse per grade level. This information will be reviewed to support interventions following common assessments.					
Focus Area <i>[Grade Level/Student Group(s)/Educators]</i> Strategic Plan Goal <i>[i.e. 1.1, 2.3]</i>	Action Steps	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Evidence of Progress/Completion <i>(Artifacts required)</i>	Person(s) Responsible for Monitoring and Frequency

English Learners	42	12	15

### STRAND I: TEACHING FOR LEARNING

DOMAIN: English Language Arts

#### SMART Goal(s):

1. By the end of the 2020-2021 school year, GW students will increase the percentage of students who pass the Spring 2019 Reading SOL exam from 73% to 76%.
2. By the end of the 2020-2021 school year, GW Sub Group 2 students (African American students) will increase the percentage of students who pass the Spring 2019 Reading SOL exam from 64% to 67%.
3. By the end of the 2020-2021 school year, GW Sub Group 3 students (Hispanic students) will increase the percentage of students who pass the Spring 2019 Reading SOL exam from 51% to 54%.
4. By the end of the 2020-2021 school year, GW students with disabilities will increase the percentage who pass the Spring 2019 Reading SOL exam from 41% to 44%.
5. By the end of the 2020-2021 school year, GW English Language Learners will increase the percentage who pass the Spring 2019 Reading SOL exam from 15% to 18%.

#### ACTION PLAN

**1. Essential Action/Research-Based Strategy:** Reimagine Writer's Workshop and writing composition instruction with an instructional focus on teaching the features of the three domains of writing (i.e., composing, written expression, usage/mechanics) in formal and informal writing to develop students who demonstrate control in each domain in alignment with the VDOE writing scoring rubric and checklist in order to increase writing SOL scores and writing performance across the curriculum.

**Evidence Driving This Essential Action:** Classroom assessment of student writing and historical writing SOL data show disparities in writing achievement between White students and Sub Groups 2, 3, SWD, and EL students.

**Plan to Assess Progress:** Progress will be monitored through PLC dialogue and discussions on fidelity of "essential action" implementation. Student work samples will be reviewed and analyzed regularly using the VDOE writing scoring rubric and checklist. Quarterly inter-rater reliability PLC exercises will be utilized in analysis to ensure shared goals for providing student feedback and increasing student writing achievement.

				<ul style="list-style-type: none"> <li>Common formative and summative assessment results</li> <li>SchoolNet Reports</li> </ul>	
<b>3. Essential Action/Research-Based Strategy:</b> Engage in purposeful, standards-based, backwards design unit planning that includes clear unit objectives, measurable learning targets, desired student outcomes, and rigorous assessments that are aligned with the 2017 reading standards in order to improve student reading achievement on end-of-unit common reading assessments and the reading SOL. Utilize the <i>Here's What! So What? Now What?</i> (adapted for enhanced teacher reflection) PLC protocol for data analysis and teacher reflection in order to determine next steps for instruction in targeted intervention, extension, and enrichment for students who do and do not achieve mastery of the unit objectives.					
<b>Evidence Driving This Essential Action:</b> PLC common summative reading assessment data and historical reading SOL data show inconsistencies in reading achievement and disparities in reading performance between White students and Sub Groups 2, 3, SWD, and EL students.					
<b>Plan to Assess Progress:</b> Progress will be assessed through PLC end-of-unit summative assessment question review for rigor and difficulty level and PLCs will make test performance predictions before the assessment. PLCs will input common assessment data into the grade level DTI spreadsheet for data dialogue and analysis using the <i>Here's What! So What? Now What?</i> protocol (adapted) following each summative assessment to plan next steps in instruction for students who meet and do not meet the unit objectives through reflective lesson planning, reteaching, intervention, extension, and enrichment.					
Focus Area (Grade Level/Student Group(s)/Educators) Strategic Plan Goal (i.e. 1.1, 2.3)	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency

<b>4. Essential Action/Research-Based Strategy:</b> Students receiving specialized services whose reading needs (as described in their IEPs and informed by multiple data points) must be supported or provided through Tier 3 intervention programs, will be appropriately placed in the FLEX and Just Words programs. Student growth will be monitored monthly to assess the effectiveness of the intervention.					
<b>Evidence Driving This Essential Action:</b> Multiple data points, including IEP educational achievement data, historical reading SOL data, Lexile scores, MAP scores, classroom observations, and common unit assessments indicate that students in these courses are at least two grade levels below, thereby requiring such placement.					
<b>Plan to Assess Progress:</b> Quarterly progress monitoring meetings with Tier 3 teachers and instructional specialists, monthly progress monitoring PLC with all intervention teachers, instructional specialists and academic principals.

STRAND I: TEACHING FOR LEARNING					
<b>DOMAIN: Science; Gap Group Student Achievement</b>					
<b>SMART Goal(s):</b> <ol style="list-style-type: none"> <li>By the end of the 2020-2021 school year, GW students will increase the percentage of students who pass the Spring 2019 Science SOL exam from 67% to 70%.</li> <li>By the end of the 2020-2021 school year, GW Gap Group 2 students, (African American students) will increase the percentage of students who pass the Spring 2019 Science SOL exam from 48% to 51%.</li> <li>By the end of the 2020-2021 school year, GW Gap Group 3 students, (Hispanic students) will increase the percentage of students who pass the Spring 2019 Science SOL exam from 41% to 44%.</li> <li>By the end of the 2020-2021 school year, GW students with disabilities will increase the percentage who pass the Spring 2019 Science SOL exam from 35% to 38%.</li> </ol>					
ACTION PLAN					
<b>1. Essential Action/Research-Based Strategy:</b> Utilizing common assessments with the explicit intention of increasing student exposure to medium and higher level SOL questions. Using a data analysis protocol called Collaborative Inquiry we will identify most missed questions, engage in the protocol to develop a root cause and create small groups based on the data to provide additional targeted enrichment.					
<b>Evidence Driving This Essential Action:</b> Common Summative Assessments, Previous SOL SDBQ data, VDOE sample assessment items, with a focus on Sub groups, specifically Black, Hispanic, Sped and EL learners.					
<b>Plan to Assess Progress:</b> After the completion of all common summative assessments, the data will be analyzed in PLC using Collaborative Inquiry and students who did not meet proficiency status will be reassessed.

## OVERARCHING SCHOOL GOAL:

By end of the 2020-21 school year, we will increase levels of academic achievement in all subjects for all students, with an emphasis on the Hispanic, English Learners, and Students with Disabilities subgroups, that will result in increased levels of on time graduation rates and a reduction in the dropout rate.

## STRAND I: TEACHING FOR LEARNING

DOMAIN: Math

**SMART Goal(s):** By the end of the 2020-21 school year, all SOL Math courses will increase the overall pass rate by 3 percentage points, which decreases the failure rate by 10%. Students with disabilities will increase the subgroup pass rate by 6 percentage points, which decreases the failure rate by 10%.

## ACTION PLAN

**1. Essential Action/Research-Based Strategy:** Utilize Specially Designed Instruction for support within gap groups (Special Education and Out of Network ELs)

**Evidence Driving This Essential Action:** Consistently through the past 3 years Special Education and EL populations have performed below the rest of the gap groups.

**Plan to Assess Progress:** Use of MAP Screener and Classroom Unit Assessment data in PLCs with target students needing more intense intervention

Focus Area [Grade Level/Student Group(s)/Educators] Strategic Plan Goal (name goal)	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
Math Teachers 9-12, Instructional Excellence	Math content and co teachers will complete the online learning module from ACPs to learn virtual co-teaching strategies	Math teachers, EL Teachers, Special Ed Inclusion teacher, Special Ed Instructional specialists	November 2020	Evidence: Teacher participation in the zoom session, this training started in January 2020...was halted by COVID and virtual learning Artifacts: Attendance	Content Administration week after online module completion (November 2020)
Math Teachers 9-12, Instructional Excellence	Math content/ EL teachers/ Special Ed co-teachers pairs will collaborate to implement at least 2 high yield strategies within their instruction	Math teachers, EL teachers, Special Ed teacher, Special Ed instructional specialists EL Instructional specialists	Each unit	Evidence: Documented observed use of strategies, EL best practices, Academic Vocabulary, Co-teaching Models Artifacts: Lesson Plans, Canvas pages	Content Administration monthly
Math Teachers 9-12 Instructional Excellence	Progress monitor out of network ELs to include supports/interventions with specific focus on Hispanic males	Out of Network EL teachers	September - June	Evidence: PLC Agenda, PLC conversations, students assigned to case managers Artifacts: Progress Monitoring Data Sheets, Case Manager's data files	Content Administration, EL Secondary Instructional Specialist minimally quarterly (monthly PLCs)

## OVERARCHING SCHOOL GOAL:

By end of the 2020-21 school year, we will increase levels of academic achievement in all subjects for all students, with an emphasis on the Hispanic, English Learners, and Students with Disabilities subgroups, that will result in increased levels of on time graduation rates and a reduction in the dropout rate.

STRAND II: SCHOOL ENVIRONMENT					
Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement					
DOMAIN: Graduation Rate					
SMART Goal(s): By August 2021, Hispanic students will increase their on-time graduation by 5% from 68.8% (Class of 2020) to 73.8% (Class of 2021).					
ACTION PLAN					
1. Essential Action/Research-Based Strategy: Increase access students have to enroll in credit-bearing courses and the supports and interventions needed to be successful in those courses					
Evidence Driving this Essential Action: a) Longitudinal On-time Graduation Rates showing trends among subgroups per VDOE School Quality Profiles b) Beginning of the school year data shows that 41% or 412/1,003 of the students enrolled in Cohort 2021 are identified as Hispanic in PowerSchool. With respect to a June/August 2021 or "on-time graduation," data indicates the following: 266 (64%) are on-track to graduate, 61 (15%) must pass every course in which they are enrolled, 37 (9%) are severely credit-deficient and at high risk of not graduating, and 48 (11.6%) can not graduate in June/August 2021.					
Plan to Assess Progress: Strategic creation of classes, and monitoring progress of academic conversations and participation					
Focus Area (Grade Level/Student Group(s)/Educators) Strategic Plan Goal (name goal)	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
Director Counseling, Content Admin  Student Accessibility and Support	Continue to expand the offerings of credit recovery classes to include during, after school, evening, Saturday, summer session and online opportunities for students in grades 10-12 who are credit-deficient, due to inability within the normal school day to earn the credits.	Director of Counseling, Director of Online Learning, Director of Adult Education Learning, Summer School Administrators	Sept - July	Evidence: Enrollment Data & Grade Reports / Published schedule of CR courses offered each term... spreadsheet of MTSS data from each academy with intervention support outreach and student data  Artifacts: Historical Grades or Sample of Student Transcripts	Director of Counseling Director of Online Learning; Director of Adult Education Learning Lead Administrator for School Improvement Monthly review  Academy Administrators, weekly review of students within the MTSS data in a cycle so that every child is talked about within a month

## OVERARCHING SCHOOL GOAL:

By end of the 2020-21 school year, we will increase levels of academic achievement in all subjects for all students, with an emphasis on the Hispanic, English Learners, and Students with Disabilities subgroups, that will result in increased levels of on time graduation rates and a reduction in the dropout rate.

3. Essential Action/Research-Based Strategy: Creating CIS NOVA partnership with TC to engage 50 male hispanic students in grades 11-12 who are in danger of not making graduation requirements

Evidence Driving this Essential Action: Graduate rate for hispanic males is low and successful graduation would help academically and socially benefit them.

Plan to Assess Progress: Monitoring effectiveness with "on-time" graduation rate and ongoing student survey assessment.

Focus Area [Grade Level/Student Group(s)/Educators] Strategic Plan Goal (name goal)	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
Hispanic Male Students 11-12 Student Accessibility and Support	Identify the CISNOVA Graduation Coach and TC Academic team to work with CIS NOVA	IA admin, Director School Counseling, Lead School Counselor, Lead Admin for Academic Support	December 2020 - January 2021	Evidence: Scheduled meetings and agendas  Artifacts: Partnership agreement	TC Principal, CIS NOVA partner, Director of School Counseling, weekly until completed (completed)
Hispanic Students 11-12 Student Accessibility and Support	PT Graduation Coach will work with the Principal, School Support Team and EL team to identify, up to 50 students (11th and 12th grade only) at risk of not graduating on time	Graduation Coach, IA Admin, King Street Campus Administrator	by March 2021	Evidence: identification process outlined  Artifacts: based on identification process student list created	IA Admin and King Street Campus Admin, weekly through February
Hispanic Students 11-12 Student Accessibility and Support	PT Graduation Coach will complete an Individual Student Needs Assessment and Individual Student Support Plan, with CCLR enhancements for 11 <sup>th</sup> and 12 <sup>th</sup> graders	PT Graduation Coach	by April 2021	Evidence: Creation of Student Needs Assessment and Support Plan Template  Artifacts: Student Needs Assessment completed on all 50 candidates and support plans created from template	IA Admin and King Street Campus Admin, weekly March and April
Hispanic Students 11-12 Student Accessibility and Support	PT Graduation Coach will complete a School Support Plan for FY22 addressing school wide goals related to on time graduation for Hispanic males, college -career readiness, and family engagement/school climate	PT Graduation Coach, Coordinator for PE and DAnalysis Minnie Howard Campus	June - August 2021	Evidence: meeting agendas/notes and actions steps  Artifacts: Information in 2021-2022 SIP related to CIS NOVA partnership with deadlines and artifacts	Director of School Improvement, Weekly : June - Aug 2021

RELEVANT SCHOOL PROFILE DATA		
The Northern Virginia Juvenile Detention Center (NVJDC) is a secure, pre- and post- disposition, 72-bed facility serving adolescents being held for the juvenile courts of Northern Virginia. The center draws its population primarily from the cities of Alexandria and Falls Church, as well as Arlington County. The Center is licensed by the Virginia Department of Juvenile Justice. The education program is under the auspices of the Virginia Department of Education, State Operated Programs, and receives funding from the State's general fund and Title I, Part D, (Part D) Subpart 1.	Using data from 2018-present, students average 4-6 years behind in grade equivalent based on STAR Math and Reading assessment. STAR Assessment Data <ul style="list-style-type: none"> <li>- Students that attended for more than 1 semester that increased their lexile score 100 points: 70%</li> <li>- Students that attended and improved their lexile score by 50 points: 68%</li> <li>- Students here more than 30 days, but not a semester that showed 5% growth on their lexile score: 60%</li> </ul>	Juvenile population characteristics: -Average age is 16.5 years -150 students entered in FY2019 -56.7% AA, 30.7% Hispanic/Latino -72% Male, 28% Female -Most common offenses: Probation violation, contempt of court, robbery, assault, larceny, and narcotics
Behavior Reports at end of 1st quarter (school program) <ul style="list-style-type: none"> <li>o 2018- 26</li> <li>o 2019- 20</li> <li>o 2020- 13</li> </ul> This does not include any behavior reports for students on units	Following June 2019 exit data, 65% of education staff felt that "There is an atmosphere of trust and mutual respect in this school or program."

STRAND I: TEACHING FOR LEARNING					
<b>DOMAIN:</b> Instructional Strategies					
<b>SMART Goal(s):</b> By June 1, 2021, all content area teachers will have demonstrated the successful and appropriate use of four Kagan Instructional strategies, as measured by lesson plan submission, classroom observation, and student feedback, to ensure engagement amongst all students.					
ACTION PLAN					
<b>1. Essential Action/Research-Based Strategy:</b> Kagan Strategies are designed to promote cooperation and communication and retain interest in the subject area. Their use at NVJDC is a vital tool in our instructional model, and necessary in ensuring the academic and social success for our students.					
<b>Evidence Driving This Essential Action:</b> Based on use of these strategies last year, teachers shared that student engagement rose. In focus groups with students, they also shared that the use of these strategies helped with engagement in the topic and increased understanding.					
<b>Plan to Assess Progress:</b> Use PLC meetings to determine which strategies to utilize. Once strategies are selected, staff will begin to implement these in classrooms. Delivery of these strategies will be observed, as well as feedback from students will be reviewed following use of said strategy(s).					
Focus Area [Grade Level/Student Group(s)/Educators] Strategic Plan Goal [i.e. 1.1, 2.3]	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
Educators, 2.2	Kagan Strategy refresher course	Victor Martin	February 8, 2021	Evidence: Review of materials from presentation shared by Ms. K. Wood to the staff in 2019-20 year. Artifacts: Presentation	Victor Martin
Educators, 2.2	Staff selection of 4 Kagan Strategies to use for enhancement of collaboration and engagement	Victor Martin Secondary Team David Jelliffe Bret Dunlap Mary Chukwu Gemma Martinez	February 15, 2021	Evidence: Selection of 4 Kagan Strategies based on instructional needs for students based on PLC meeting discussions Artifacts: Meeting agendas, meeting notes, process of selection summary	Victor Martin

## STRAND II: SCHOOL ENVIRONMENT

# Student Improvement Plans

**OVERARCHING SCHOOL GOAL: Equitable Instruction for All** \*Insert more rows as necessary. Include a maximum of 5-7 Essential Actions/Strategies based on prioritized areas derived from the CNA.  
Northern Virginia Juvenile Detention Center

Leadership and Governance - Commitment to Professional Learning - Safe and Orderly Environments - Family and Community Engagement					
DOMAIN: Student Support and Accessibility					
SMART Goal(s): Following quarterly reviews (11/1), (1/30), (4/6) and (6/25) of special education documentation utilizing the State Operated Programs SPED Compliance Self Review Document, all special education files will be 100% accurate, and student information disseminated to staff to ensure compliance and implementation.					
ACTION PLAN					
1. <b>Essential Action/Research-Based Strategy:</b> Monitoring academic progress provides the instructional team current progress or performance for a specific skill. Thus, allowing teachers to provide assistance as needed. The monitoring of the student IEP is essential to ensuring compliance with state and federal mandates and that all goals are attained.					
Evidence Driving This Essential Action: Traditionally, the Northern VA Juvenile Detention Center has supported a large percentage of students with disabilities in relation to the entire population. At times, more than 50% of the student population have an IEP. Additionally, with the at risk concerns for students placed at a detention center, coupled with the high recidivism rate amongst students with IEP's and the increasingly growing adult population of detainees with IEP's, it is imperative that we ensure that both staff and students are knowledgeable about the information included in the IEP, and that it is up to date.					
Plan to Assess Progress: Initial review of IEP with Special Education Teacher to determine what services are in place, followed by addendum created. Once completed, goals and accommodations are distributed to staff.					
Focus Area <small>[Grade Level/Student Group(s)/Educators]</small> Strategic Plan Goal <small>[i.e. 1.1, 2.3]</small>	Action Steps	Person(s) Responsible for Implementation	Timeframe <small>(Beginning to End Dates)</small>	Evidence of Progress/Completion <small>(Artifacts required)</small>	Person(s) Responsible for Monitoring and Frequency
Educators 3.2	Administration and Special Education Teacher will meet monthly to review each IEP to ensure: 1. IEP for each student has been received 2. If modifications to the IEP are needed, that meetings are scheduled promptly to include representation from base school or program 3. Addendum completed for each IEP	Techitia Sharp	September 2020-June 2021	Evidence: Completed addendum to each IEP received in a timely manner Artifacts: VA IEP completed documents, received IEP from base school (timestamped)	Victor Martin
Educators 3.2	Monitor meeting	Techitia Sharp	bi-weekly starting January 29 through June 30	Evidence: Discussion notes on each student and documentation Artifacts: updated documentation	Victor Martin

Educators 3.2	New student meeting	Victor Martin	Each time a student arrives (within 72 hours)	Evidence: Intake form Artifact: Document acknowledging meeting occurred and that the correct next steps (request for IEP, review, addendum, distribution to staff, review)	Victor Martin
Educators 3.2	Distribution of student IEP goals to staff completed consistently and progress on goals reported monthly	Techitia Sharp	September 2020- June 2021 This is done bi-weekly	Evidence: Artifacts:	Victor Martin
Educators 3.2	Participation in SPED "Boot Camp" from SOP	Victor Martin Techitia Sharp	TBD	Evidence: registration Artifacts: utilization of new information in addressing IEP compliance	Victor Martin
<b>DOMAIN: Student Accessibility and Support</b>					
<b>SMART Goal(s):</b> By June 2021, all school employees will have an enhanced understanding of the Data Chat Framework and MTSS program to ensure its utilization in supporting a reduction in disciplinary matters.					
<b>ACTION PLAN</b>					
<b>2. Essential Action/Research-Based Strategy:</b> Development and incorporation of Multi-Tiered System of Support to address academic and social needs of students					
<b>Evidence Driving This Essential Action:</b> Historically, students participating in this program have arrived with significant areas of academic growth, as noted in STAR reading and math assessment and transcript reviews. This document will provide a framework for supporting students academically and socially.					
<b>Plan to Assess Progress:</b> Review current status of the document. This is the continuation of a goal from 2019-20, and although significant work occurred, enhancements are needed. Transition Specialist and administration will continue with development of the plan, to include new interventions for reading and math, as well as detailed seminars to be provided by staff in the area of career awareness and post-secondary goals.					
<b>Focus Area</b> <small>(Grade Level/Student Group(s)/Educators)</small> <b>Strategic Plan Goal</b> <small>(i.e. 1.1, 2.3)</small>	<b>Action Steps</b>	<b>Person(s) Responsible for Implementation</b>	<b>Timeframe</b> <small>(Beginning to End Dates)</small>	<b>Evidence of Progress/Completion</b> <small>(Artifacts required)</small>	<b>Person(s) Responsible for Monitoring and Frequency</b>

Science teacher Collaborators, Special Education Teacher and Paraprofessional
English Language Learners	Provide picture glossaries (quizlet) for students to use metacognition in their learning.	Teacher-Co-Teacher	9/8/2020-6/21/21	Students will create flashcards with pictures, definitions and key facts and score at least 70% on their vocabulary assessments per unit.	Science teacher Collaborators, Special Education Teacher and Paraprofessional

## STRAND I: TEACHING FOR LEARNING

**DOMAIN:** Reading

**SMART Goal(s):** During the 2020-21 School Year, students who have attended school for 30 days, including students receiving special education and ELL services, will be able to draw conclusions and create inferences using textual support.

Goal # 1 Students will increase knowledge and skills in Reading, Research and Writing by 80% or above on the posttest as measured by pretest assessments for each unit in a given quarter.

Goal # 2 Students will participate in no fewer than two breakout sessions, including sessions before and after school to receive individualized instruction in areas of needs.

## ACTION PLAN

**1. Essential Action/Research-Based Strategy:** Use direct instruction and cooperative learning structures to teach skills and strategies.

Focus Area [Grade Level/Student Group(s)/Educators] Strategic Plan Goal [i.e. 1.1, 2.3]	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency

Identify two SMART Goal(s):				
1. PD for ACPS- By June, have completed all data cohort professional learning sessions with 85% or more of participants stating that the professional learning opportunities have positively impacted their ability to perform data-related job duties within their work location as measured by a survey.				
2. By June, 100% of DoA staff will have met 100% of their personal professional development objectives for the year and shared their learning with the team.				
<ul style="list-style-type: none"> <li>SY 2021 Areas of Focus: Strategic Plan Implementation</li> <li>Re-Opening/Virtual Plus+ Learning Model: Both</li> </ul>				
<b>ACTION PLAN</b>				
1. Essential Action/Research-Based Strategy: Increase school leader capacity in utilizing data to inform decision-making and seeking continuous improvement within their context.				
Evidence Driving This Essential Action: Differentiated data use within schools by coaches and school-leadership in informing school practices as evidenced by previous SIPs and quarterly chats.				
Plan to Assess Progress: Formative surveys of data cohort members throughout the year and data use during quarterly chats with schools.				
Focus Area <i>(Office/Stakeholder Groups etc.)</i> Strategic Plan Goal	Action Steps	Person(s) Responsible for Implementation	Timeframe <i>(Beginning to End Dates)</i>	Person(s) Responsible for Monitoring and Frequency
School-Based Coaches	Collaborate with Curriculum to develop a structure and learning objectives for school coaches four times a year	Clint	October	Clint Page (weekly) Evidence: Meeting minutes and Artifacts

Strategic Plan Implementation/ Systemic Alignment - Instructional Excellence	Develop and finalize <a href="#">2025 Strategic Plan: Equity for All: Marketing and Engagement Plan</a> .	SCR Chief (lead), ED Communications, ED Community Partnerships & Engagement	June 2020-June 2021	Evidence: Objective One: 80% of staff will know that Racial Equity is the heart of ACPs' work for the next five years  <b>Artifact: Evaluation - 2025 Staff Survey conducted in spring 2021</b>  Evidence: Objective Two: 80% of staff will have an awareness of ACPs' vision, mission and core values over the next five years  <b>Artifact: Evaluation - 2025 Staff Survey conducted in spring 2021</b>  Evidence: Objective Three: 80% of students and families have an awareness that ACPs has a new strategic plan with racial equity at heart.  <b>Artifact: Evaluation - 2025 climate survey conducted in spring 2021</b>	SCR Chief (lead), ED Communications, ED Community Partnerships & Engagement
<b>4. Essential Action/Research-Based Strategy:</b> To assess whether a name change has support across the entire student body at T.C. Williams High School, the Matthew Maury Elementary School community, and among all key demographic groups in the wider Alexandria community.					

# Department Improvement Plans

## OVERARCHING DEPARTMENT GOAL:

Support an understanding of the mission, vision and values of the 2025 Strategic Plan: Equity for All through the development and implementation of the ACPs Strategic Communications and Community Engagement Plan.

<p><b>Evidence Driving This Essential Action:</b> In June 2020, the School Board received a petition to rename T.C. Williams HS and voted to charge the superintendent to begin a robust public community engagement process to consider the name change. On Aug. 6, 2020, following the School Board's decision to move ahead to consider changing the name of T.C. Williams High School, the School Board received a second petition requesting they consider changing the name of <a href="#">Matthew Maury Elementary School</a>. Following the petition of more than 100 signatures, the School Board voted on <a href="#">Sept. 17, 2020</a> to begin the public engagement process to consider renaming Matthew Maury Elementary School. The process began under the brand of <a href="#">The Identity Project</a>.</p> <p><b>Plan to Assess Progress:</b> Monitored participation through analytics and data from community and student conversations, read-ins and community survey. Data compiled into report below. Phase Two data report to be compiled after completion in spring 2021.</p>					
Focus Area (Office/Stakeholder Groups etc.) Strategic Plan Goal [i.e. 1.1, 6.3]	Action Steps	Person(s) Responsible for Implementation	Timeframe (Beginning to End Dates)	Evidence of Progress/Completion (Artifacts required)	Person(s) Responsible for Monitoring and Frequency
Renaming of Schools/ Systemic Alignment - Family and Community Engagement	<p><b>PHASE ONE:</b> Develop a robust public community engagement process and plan to consider name changes. Instead of two separate processes, it was decided to enlarge the education and engagement around the consideration of a name change for T.C. Williams, include Matthew Maury, and have both conversations at the same time. This would streamline and align the process while also recognizing that each would need their own separate considerations and forums.</p> <p><b>The process had to:</b></p> <ul style="list-style-type: none"> <li>Be student-led with the support of ACPs staff</li> <li>Ensure the voices of all students, not just a few, are heard and represented</li> <li>Educate students in age-appropriate ways on the history of the City of Alexandria, T.C. Williams and Matthew Maury, the individuals, and both school histories</li> <li>Incorporate the voices of key stakeholders in the community who believe ACPs has not listened to them fully in the past</li> <li>Involve the '71 Titans, other alumni and groups who rely on the support of the alumni, such as</li> </ul>	SCR Chief (lead), ED Communications, ED Community Partnerships & Engagement	Aug. 2020-Nov. 2020	<p><b>Evidence:</b></p> <p><b>Phase I The Identity Project: Communications and Engagement Plan</b></p> <p><a href="https://docs.google.com/document/d/1T7BILVD74nv_TSiwop6GzLn7dbZfEeSiO9N4c4RTQ/edit#heading=h.1l6i7cds2a2">https://docs.google.com/document/d/1T7BILVD74nv_TSiwop6GzLn7dbZfEeSiO9N4c4RTQ/edit#heading=h.1l6i7cds2a2</a></p> <p><b>Phase I Data Report:</b></p> <p><a href="https://docs.google.com/document/d/1T7BILVD74nv_TSiwop6GzLn7dbZfEeSiO9N4c4RTQ/edit#">https://docs.google.com/document/d/1T7BILVD74nv_TSiwop6GzLn7dbZfEeSiO9N4c4RTQ/edit#</a></p> <p>Artifacts: School Board voted to rename schools on Nov. 23, 2020 following completion of Phase One.</p>	SCR Chief

Human Resources

OVERARCHING DEPARTMENT GOAL: Our goal is to restructure the HR Department to model the areas of:

- Office of HR Administration with a focus to improve strategic and operational planning to support ACPS 2025;
- Office of Recruitment and Retention with a focus on Latinx diversity;
- Office of Employee Engagement and Relations with a focus on collaborative communications and relationships; and
- Office of Compensation and Benefits with a focus on market competitiveness and pay equity.

The restructured HR department envisions and positions ACPS as an employer of choice within the region.

FIVE DIVISION GOALS for 2025 Strategic Plan: Systemic Alignment - Instructional Excellence - Student Accessibility and Support Strategic Resource Allocation - Family and Community Engagement	
FIVE AREAS OF FOCUS:	<ul style="list-style-type: none"><li>• Reopening of Schools (SEAL - Technology - Meal Distribution)</li><li>• Policy Equity Audit</li><li>• Renaming of Schools</li><li>• Strategic Plan Implementation (Action Planning - Monitoring Metrics)</li><li>• Academic Disparities (TAG - PreK-2 Literacy - SWD ED Black Males Hispanic Male Graduation Rates)</li><li>•</li></ul>
AREA OF FOCUS: STRATEGIC PLAN IMPLEMENTATION	
RELEVANT DATA	

# Department Improvement Plans

<p>What is a S.M.A.R.T. goal?</p> <ul style="list-style-type: none"> <li>• <b>Specific:</b> Linked to a job description, departmental goals/mission, and/or overall University goals and strategic plans. Answers the question—Who? and What?</li> <li>• <b>Measurable:</b> The success toward meeting the goal can be measured. Answers the question—How?</li> <li>• <b>Attainable:</b> Goals are realistic and can be achieved in a specific amount of time and are reasonable.</li> <li>• <b>Relevant:</b> The goals are aligned with current tasks and projects and focus in one defined area; include the expected result.</li> <li>• <b>Time Oriented:</b> Goals have a clearly defined time-frame including a target or deadline date.</li> </ul>		
<p>Identify two SMART Goal(s):</p> <p>1. Implement HR Audit - board mandate. The school board requires the Human Resources Department to develop a DIP that informs of corrective action items as noted in the 2018 HR Audit conducted by the Gibson Consulting Group. The Human Resources DIP informs of action plans to respond to identified areas denoted as high, medium or low priority. The DIP aligns the HR Audit requirements with the division 2025 Strategic Plan. The audit corrective actions will be completed and maintained or continued as best possible July 2020 - June 2021</p> <p>2. Rebuild and restructure the HR Department. Any office requires staff to do the work. In the 2020-2021, the HR Department experienced significant turnover due to a combination of retirements, departures and the division restructure plan (approved January 2020). Consequently, a priority of effort was made to recruit and hire HR staff to run the office. All four HR office functions were impacted by turnover: (1) Recruitment and Retention; (2) Employee Engagement and Relations; (3) Compensation and Benefits; and (4) HR Office Administration. The goal is to hire and stabilize the staff by June 2021.</p>		
<ul style="list-style-type: none"> <li>• SY 2021 Areas of Focus: <i>Strategic Plan Implementation (Action Planning • Monitoring Metrics)</i></li> <li>• Re-Opening/Virtual Plus+ Learning Model: <i>Re-Opening</i></li> </ul>		
<b>ACTION PLAN</b>		
1. Essential Action/Research-Based Strategy: Improve HR Organization Effectiveness with focus on <b>HIGH priority</b> items from the audit.

# Department Improvement Plans

<p><b>Staff Social-Emotional Health.</b> Background: "Navigating the pandemic" is taking its toll on every employee. Employees are dealing with a new, uncertain situation that elevates anxiety in the employees and workplace.</p> <p>The work-life balance has been severely impacted by this pandemic situation. Work and home are forced together at an unprecedented level. The collision of the two environments represents a "car crash" for certain central office positions for workers. Employees are now challenged to separate work and home. The 9-to-5 workday or shift-hours are no longer clearly defined by physical separation of the office.</p> <p>(Indeed some workers delay or defer "work" in order to use the daytime to attend to family or home matters (this means "office work" may start after 7:00 pm for example).</p>	 <p>This is a concept only.</p> <p><b>Employee Assessment</b> 1. Review research for: a. COVID-related stress. b. Impacts of addition to cell-phone use 2. Self-assessment 3. Focus groups 4. Findings and recommendations 5. Determine feasible services to help 6. Implement such support(s) for employees</p>	<p><b>In concept</b></p> <p>Background continued. The result is that employees are working not just longer hours - but also odd hours - because of the 24/7 nature of remote work where one is constantly "hooked" to the computer or iPhone either as a sender or receiver of information. This behavior is matched by the "immediate" desire or expectation of an answer at all hours of the day.</p> <p>Added to this condition is the stressed caused by the repeated pivots from remote to hybrid to in-person instruction and numerous plans with no end. For example, the summer is already absorbed by plans to open school for five days of learning.</p> <p>These conditions are matched with the real traumas and fears of COVID-19 infections or death for the employee, family, significant others, relatives or friends.</p>	<p>Consider hire of consultant to conduct survey (could be Porter)</p> <p>HR Director of Compensation and Benefits (Waldron)</p>	<p>May 2021 September 2021</p>	<p><b>Evidence (including metrics )):</b></p> <ul style="list-style-type: none"> <li>Survey tool</li> <li># of staff responses</li> </ul> <p><b>Artifacts:</b></p> <ul style="list-style-type: none"> <li>Report</li> </ul>	<p>X-Functional Team</p> <p>HR Chief (lead)</p> <ul style="list-style-type: none"> <li>SLT meetings (Senior Leadership Team)</li> </ul>
