PER ORDER OF: *Rich C. Kindelan*, Fire Chief

---

Effective July 1, 2022 on-duty per-diem and/or full-time employees, who are employed by the town of Scarborough, shall not be utilized to provide staffing for Gorham Fire Department Tank 5 responses within the Town of Gorham. Available call-company personnel, who are also employed by the Town of Gorham, may continue to respond and provide staffing for Tank 5 responses to the Town of Gorham as they are currently allowed. Call company personnel are responsible for documenting their response using the Gorham incident and payroll reporting process.

Scarborough Engine 5 will be utilized by on-duty (per-diem or full-time staff) for mutual aid responses dispatched by the Scarborough Public Safety Communications center. This may include the immediate response to Echo level EMS calls in Gorham Fire Department's district 5 when staffing for Gorham Tank 5 is unavailable.

Scarborough Public Safety Communications center will discontinue dispatching Tank 5 as an asset of the Scarborough Fire Department, using Scarborough Fire frequency. Request for mutual aid responses, including those to Gorham district 5 for Echo level EMS calls, will be handled in accordance with procedures for standard mutual aid requests.
