

Riding the School Bus

Sometimes I ride the school bus.

There are rules for riding the school bus.

The bus driver and other students like it when I follow the rules on the school bus. 😊

My teachers like it when I follow the rules on the school bus. 😊

The rules for the school bus are:

- Walk onto the school bus to my seat- 
- Bottom to bottom – sit with my bottom on the seat
- Back to back – sit with my back against the back of the seat
- Feet to floor – sit with my feet reaching toward the floor
- Hands to self – keep my hands from touching other people
- Quiet mouth – quiet talking only on the bus
- Wait your turn to get off the bus

I will follow the rules for riding the bus.

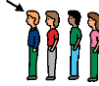

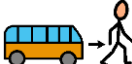

I Can Ride the School Bus

Many kids ride the school bus to and from school. Sometimes I ride the school bus too.

Sometimes I ride in my brother's car to and from school. I like riding with my brother.

But, it can be fun to ride the school bus like the other kids.

I can feel like a big kid when I ride the bus. When I ride the bus,

- I can quietly wait in line. 
- I can quietly get on the bus. 
- I can quietly sit in my seat until I get off the bus. 

The bus driver and other kids like it when I ride the bus and follow the rules on the school bus. 😊

My teachers and my family like it when I ride the bus and follow the rules on the school bus. 😊

I will try to be a big kid when I ride the bus.
