I,_____**give my permission to let my student**_____**walk**

home with their brother/sister_____ **who is in _____ grade. No adult**

needs to be present to let my student off the bus.

In the morning, the bus will not leave a stop before the scheduled time, but once it arrives at the stop, the door closes and it will **not** wait beyond the scheduled time. <u>Once the door is closed the bus will not stop again</u>. **PLEASE DO NOT** chase after a school bus as it is a huge safety concern.

The afternoon drop off times are only approximate and if there are no riders for a stop, the bus will not stop there. <u>Parents picking up their children at a bus stop should plan to arrive at least 10 minutes before the scheduled drop off time</u>. Children, particularly younger ones, will not be released from the bus if the driver feels that there is a safety concern. At that time, attempts will be made to contact parents. If unsuccessful, the child will be taken back to his/her school. Please remember buses are allowed to stop only at designated bus stops.

<u>**It is our policy that all kindergarten students are met by a parent**</u>. Parents of Kindergarteners, authorized adults (someone who is 18 or older) or older siblings (according to the Summit County Child Welfare/Social Services Department, a child who is at care giving ability age is someone who is 10 years of age and older) must pick the student up from the bus stop. If the party is not at the bus stop prior to the bus arriving, your student will be brought back to the school. You must submit to school and transportation three (3) names and phone numbers of members approved to pick up the student. If walking with sibling(s), a must be filled out and signed by the parent before the student is allowed to walk home with their sibling.
