The following is a list of the district approved high school equivalency courses that may be used to meet the district's graduation credit requirements for English, Social Studies, Health, PE and Personal Finance. Each of these courses automatically meet one of the graduation requirements listed for a course based on a student's particular credit needs.

A student can request to have an equivalency course satisfy two graduation requirements listed for a course below by completing and submitting this **Equivalency Credit Request Form** to the school counseling office. It is important to understand that while an equivalency course may satisfy more than one graduation requirement, no course can be worth more than the total amount of credit it has been assigned.
