

**CAREER PATHWAYS ARTICULATION AGREEMENT BETWEEN  
THE SCHOOL BOARD OF VOLUSIA COUNTY, FLORIDA and  
DAYTONA STATE COLLEGE**

In a continuing effort for the School Board of Volusia County, Florida (“School Board”) and Daytona State College (DSC) to provide career opportunities for secondary school students in Career Pathways programs for transition into postsecondary institutions, DSC agrees to extend at no cost to the student (other than the application fee) college credit at DSC according to the following requirements:

**I. Articulation with Daytona State College**

To articulate courses taken in a Career and Technical Education (CTE) Career Pathways Program of Study at the School Board’s, Secondary Schools to DSC, students must meet the following requirements to earn college credit:

1. Be considered a Career Pathways student, defined as a student enrolled in sequenced, high school courses required in a CTE program that leads to attainment of a related postsecondary certificate and/or A.S. degree.
2. Pass the specified high school courses identified on the CTE Career Pathways Program of Study in a career and technical program with a minimum grade of B or higher.
3. Meet DSC regular admission requirements, including appropriate placement and course prerequisite requirements of the college.
4. Validate academic and technical skills in any combination of the following ways:
  - **OPTION A** (*Credit by Exam*)  
Take and pass the DSC common assessment (Credit by Exam) for courses listed on the Career Pathways Program of Study Articulation contained within this agreement.
  - **OPTION B** (*Industry Certification*)  
Earn an industry certification(s) that corresponds to a DSC program, while enrolled in a Career Pathways Program of Study. A list of approved certifications along with the equivalent articulated credit is available on the individual program pages contained within this document. If the certification product version is different from the listed industry standard, DSC faculty will review the certification to determine equivalence.

## **II. DSC Common Assessment and Course Equivalency**

The DSC common assessment (*Credit by Exam*) study guide, prepared by DSC program faculty for each program area will be shared with high school faculty. The DSC common assessment (*Credit by Exam*) is a timed and proctored exam. The exam may be written, portfolio, performance-based or a combination, thereof. DSC will provide high school faculty, upon written request, the opportunity to take the DSC common assessment (*Credit by Exam*).

Faculty and staff on the academic/technical discipline subcommittees have examined and compared the competencies within the CTE courses to be articulated from the high school curriculum to the postsecondary institutions to determine the equivalency of the content. Each subcommittee will develop and regularly update the discipline-specific Program of Study content equivalency descriptions.

## **III. Validation Mechanism**

The student must present a high school transcript verifying the successful completion of the high school CTE courses with a minimum GPA of 3.0, and a copy of the industry certification earned, if applicable, to DSC's Admissions and Records offices. Otherwise, the student must earn a passing score of 70% or higher on the DSC Assessment. The DSC program department will provide the DSC Admissions and Records offices with the passing score.

## **IV. Limitations**

Students must enroll at DSC in the certificate or A.S. degree program specified herein within three (3) years of high school graduation in order to redeem the college credit. Students who enroll after three years may be eligible for the awarding of credits on a course-by-course basis at the discretion of DSC.

Awarded credits will appear on the student's transcript after completion and passage of at least 25 percent of the college credits required for the specified certificate or A.S. degree program.

## **V. Terms of Agreement**

This agreement shall be in effect July 1, 2021 and may be renewed annually if both parties agree to do so. It is understood that this agreement is subject to review on an annual basis. Either party may terminate this agreement with ninety (90) days written notice. Revisions to the Career Pathways articulations will be made with the approval of the School Board and the Daytona State College District Board of Trustees.

**APPROVED:**

**THE DISTRICT SCHOOL BOARD OF VOLUSIA  
COUNTY, FLORIDA**
