TELEHEALTH SERVICES

To prevent contagion, all therapy services are now being provided through telehealth. Whenever possible, telehealth services are provided through a HIPAA-compliant platform that simply requires you to click a link that is sent through an email or text.

***** No installation of apps or software is required *****

CLIENTS WHO DO NOT HAVE ACCESS TO HIGH-SPEED INTERNET: We are now allowed to provide services through less secure video platforms (Facetime, Google Duo, Zoom) or even just a telephone call, if our HIPAA-compliant platform does not work for you.

We will find a way to connect that works for you!

SERVICES AVAILABLE THROUGH TELEHEALTH:

- Individual & Family Therapy
- Behavior Analysis (parent training only)

TO REQUEST SERVICES:

- Visit our website (www.Adapt-FL.com), complete our Referral Form and send to us OR
- Call or email our Referral Coordinators
