School Board of Volusia County

Margaret A. Smith, D.Ed.
Superintendent of Schools

Dr. Al Williams, Chairman
Ms. Judy Conte, Vice-Chairman
Mr. Stan Schmidt
Ms. Candace Lankford
Mrs. Diane Smith

December 3, 2012

Dear Chairman, Members of the Board, and Citizens of Volusia County:

State law requires that all local governments publish, after the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States (GAAP) and audited, by a firm of licensed certified public accountants or by the Florida Auditor General, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Pursuant to that requirement, we hereby issue the comprehensive annual financial report (CAFR) of the District School Board of Volusia County, Florida (District) for the fiscal year ended June 30, 2012. This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. This letter of transmittal is designed to complement Management's Discussion and Analysis (MD&A) and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent certified public accountants.

This report includes all funds of the District, the Volusia School Board Leasing Corporation, Inc., Futures, Inc. and eight of the District's charter schools: Reading Edge Academy, Inc.; Samsula Academy; The Chiles Academy, Inc.; Richard Milburn Academy of Volusia County; Volusia Elementary Charter School, Inc., d/b/a Boston Avenue Charter School; Ivy Hawn Charter School of the Arts; Burns Science and Technology Charter School, Inc.; and Reading Star Academy of Excellence, which comprise the reporting entity. The Volusia School Board Leasing Corporation, Inc., was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities and is included as a blended component unit. Futures is a separate not-for-profit corporation organized and operated as a direct-support organization. Futures' purpose is exclusively educational and charitable for the constituents of Volusia County. The Reading Edge Academy, Inc., Samsula Academy, The Chiles Academy, Inc., Richard Milburn Academy of Volusia County, Volusia Elementary, Ivy Hawn Charter School of the Arts, Burns Science and Technology Charter School, Inc., and Reading Star Academy of Excellence, Inc., charter schools are public schools operating under performance contracts with the School Board. Futures and the applicable charter schools are included as aggregate discretely presented component units.

To provide a reasonable basis for making these representations, the District's management has established a system of internal control that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's system of internal control has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

The Florida Auditor General conducted the audit of the District's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for

the fiscal year ended June 30, 2012, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion on the District's financial statements for the fiscal year ended June 30, 2012. The Florida Auditor General's report is presented as the first component of the financial section of this report. The Florida Auditor General is considered to be an independent auditor.

Profile of the Government

The District and its governing board were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by the District school officials in accordance with Chapter 1001, Florida Statutes. The Board consists of five elected officials responsible for the adoption of policies, which govern the operation of the District's public schools. The appointed Superintendent of Schools (Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and School Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by Section 1010.01, Florida Statutes, as prescribed by the State Board of Education.

The geographical boundaries of the District are those of Volusia County. Volusia County is located in the east-central region of the State of Florida. Volusia County is bordered on the west by the historic St. Johns River, and by the Atlantic Ocean to the east. Roughly the size of Rhode Island, Volusia is situated 50 miles northeast of Orlando, 60 miles north of the Kennedy Space Center, and 89 miles south of Jacksonville. Volusia County was established in 1854 and became the 30th county in the State of Florida. The 2011 population for Volusia County is estimated to be 494,804 persons. Within its borders are several incorporated areas and small, unincorporated communities.

In the 2011-12 fiscal year, the District provided general, special, and vocational education programs. The District had 69 K-12 schools, including 45 elementary schools, 12 middle schools, 1 K-8 school, 1 middle/high school, 9 high schools, and 1 alternative education center (Department of Juvenile Justice). In addition, the District sponsors 9 charter schools, 1 of which is not a component unit of the District.

Economic Condition and Outlook

Volusia County is located on the east coast of central Florida and is the eastern terminus of the I-4 corridor, which runs through Orlando and extends to the cities of Tampa and St. Petersburg on the Florida west coast. The county has a total of 16 cities, including: Daytona Beach, Daytona Beach Shores, DeBary, DeLand, Deltona, Edgewater, Holly Hill, Lake Helen, New Smyrna Beach, Oak Hill, Orange City, Ormond Beach, Pierson, Ponce Inlet, Port Orange, and South Daytona. Tourism is the county's largest industry based primarily on a drive-in market of visitors interested in our recreational areas including 47 miles of beaches. Major tourist events include Bike Week, Biketoberfest, and the Daytona 500.

Per capita income was \$32,203 in 2011 for Volusia County. Volusia County's 2011 Florida Price Level Index as reported by the University of Florida, Bureau of Economic and Business Research is 96.19. This means that the cost of living in Volusia County is 3.81 percent below the State average of 100.

Volusia is Florida's 11th most populous county, with 2.6 percent of the population. The population of Volusia County has increased 51,461 from 2000 to 2011 and is projected to reach 505,979 by 2015, 526,375 by 2020, and 545,552 by 2025.

The School District of Volusia County reported 61,636 students (20-day enrollment) in 2011-12. The District's enrollment declined by 941 students, or 1.5 percent, during the ten-year period of 2002-03

through 2011-12. Based on the District's cohort projection model and economic conditions, forecasts project enrollment for 2016-17 to be 61,625, a decrease of 11 students from the current fiscal year, or a decrease of less than 0.02 percent.

According to the American Community Survey, the median age in Volusia County in 2011 was 45.9 years. Nineteen percent of the population were under 18 years and 22 percent were 65 years and older. Families made up 61 percent of the households, which includes both married-couple families (46 percent) and other families (15 percent). Seven percent of the people were foreign born and 93 percent were native, including 35 percent who were born in Florida. Among people at least 5 years old, 13 percent spoke a language other than English at home. Of those speaking a language other than English at home, 72 percent spoke Spanish and 28 percent spoke some other language; 32 percent reported that they did not speak English "very well". Eighty-seven percent of people 25 years and older had at least graduated from high school and 20 percent had a bachelor's degree or higher.

In 2011, the leading industries for the employed population 16 years and older in Volusia County were educational services, health care, and social assistance, 24 percent, and retail trade, 16 percent. The most common occupations were: management, business, science, and arts, 31 percent; sales and office occupations, 30 percent; service occupations, 19 percent; production, transportation, and material moving occupations, 11 percent; and natural resources, construction, and maintenance occupations, 9 percent.

Florida Inventory of School Houses (FISH) has average age of schools at 25 years old.

Major Initiatives

Class Size Reduction Amendment

In November, 2002, citizens approved an amendment to the Florida Constitution that set limits on the number of students in core classes (such as Math, English, Science, etc.) in the state's public schools. Beginning with the 2010-11 school year, the maximum number of students in each core class is 18 students per pre-kindergarten class through grade 3; 22 students per core class in grades 4 through 8; and 25 students per core class in grades 9 through 12.

The Florida Legislature enacted Senate Bill 30-A which required the number of students in each classroom be reduced by at least two students per year beginning in the 2003-04 school year, until the maximum number of students per classroom did not exceed the requirements in the law. The amendment would be calculated as follows:

- For the 2003-04, 2004-05, and 2005-06 fiscal years, class size calculated at the district level.
- For the 2006-07, 2007-08, and 2008-09 fiscal years, class size calculated at the school level. (The 2009 Legislature extended the calculation at the school level for an additional year to include 2009-10.)
- For the 2010-11 fiscal year and thereafter, class size calculated at the classroom level.

The District met class size compliance for the 2011-12 fiscal year.

Race to the Top

On August 24, 2010, the U.S. Department of Education announced that Florida was a winner of the second phase of the federal Race to the Top competition. Race to the Top is a \$4.35 billion federal investment in reform designed to reward states that are leading the way in comprehensive, coherent, statewide education reform across four key areas:

- Adopting standards and assessments that prepare students to succeed in college and the workplace and to compete in the global economy;
- Building data systems that measure student growth and success, and inform teachers and principals about how they can improve instruction;

- Recruiting, developing, rewarding, and retaining effective teachers and principals, especially where they are needed most;
- Turning around our lowest-achieving schools.

The School District of Volusia County will receive \$11.8 million over a four-year period.

Capital Outlay Program

In 2001 many public schools in Volusia County were overcrowded and experiencing annual increases in student enrollments. Permanent capacity in the schools fell far short of student enrollments. New facilities could offer improved instructional capabilities and there was a concern with providing consistency and equity in facility offerings (air conditioning, technology, etc.) between the District's older schools and its newer schools. The projected trends indicated that additional sales tax funds would provide a means to accomplish these goals. In January 2002, the public began paying an additional half-cent sales tax for fifteen years to support a ten year construction plan for identified educational facilities. Now that the last of the sales tax projects are in their final stages, the only expenditures left will be for the debt service on projects that were moved forward by issuing debt.

In the 2008-09 fiscal year, the Legislature transferred 0.25 mills, approximately \$8 million, from the District's capital fund to the general fund. In the 2009-10 fiscal year, the Legislature continued to mandate the 0.25 mill transfer and required an additional 0.25 mills to be transferred from the capital fund to the general fund which totaled 0.50 mills or approximately \$16 million. In addition to this mandated transfer, all the capital revenue sources have declined from \$159 million in the 2007-08 fiscal year to \$76 million in the 2011-12 fiscal year. This has significantly and adversely impacted the five year work plan. The transfer combined with the revenue decline from all sources is the basis for projects to be delayed indefinitely and the dramatic changes to the five year work plan.

During this next five year work plan only the highest priority projects that maintain, renovate and make the current facilities dry and safe for students and staff, along with technology and equipment replacements to keep them functional will be considered.

Academic Accomplishments

Fifty-five schools earned the Five Star School award from the Florida Department of Education. This award is presented annually to those schools that have shown evidence of exemplary community involvement.

Student achievement is measured throughout a student's educational career using a variety of testing instruments that include both norm-referenced and criterion-referenced assessments. Collectively, the data derived from student achievement tests support several purposes that include School, District, and State accountability; instructional and program decision-making; student placement; and monitoring student progress. Major testing programs include the Florida Comprehensive Assessment Test (FCAT), Pre-Scholastic Assessment Test (PSAT), Scholastic Assessment Test (SAT), American College Test (ACT), Advanced Placement (AP), and the High School Competency Test (HSCT).

The FCAT is a State mandated test that measures the degree to which students are learning the Sunshine State Standards in reading, mathematics, science, and writing. The reading FCAT is administered to students in grades 3 through 10. The mathematics FCAT is administered to students in grades 3 through 8. The writing FCAT is administered to students in grade 4, 8, and 10. The science FCAT is administered to students in grade 5 and 8. FCAT results are used for school accountability purposes, as well as to monitor individual student progress.

On December 19, 2011, the State Board of Education established new Achievement Level standards for FCAT 2.0 Mathematics and Reading. Spring 2012 is the first time results are being reported according to these new standards. Because the FCAT 2.0 is based on more demanding content standards and the achievement standards are more rigorous, scores may appear lower on the new scale than on the previous scale for certain grades and subjects.

In 2012, in addition to the elements of focus, organization, support, and conventions described in the rubrics, the scoring decisions for FCAT Writing included expanded expectations regarding the following: (1) increased attention to the correct use of standard English conventions and (2) increased attention to the quality of details, requiring use of relevant, logical, and plausible support, rather than contrived statistical claims or unsubstantiated generalities.

2012 FCAT Reading
 (% Equal to or Greater Than Level 3)

2012 FCAT Mathematics
 (% Equal to or Greater Than Level 3)

2012 FCAT Writing
 (% Equal to or Greater Than Level 3)

2012 FCAT Science
 (% Equal to or Greater Than Level 3)

The distribution of school grades is as follows:

Elementary: Twenty-three (23) received a rating of "A"; fifteen (15) received a rating of "B"; seven (7), including the District's 1 K-8 school, received a rating of "C"; and one (1) received a rating of "D".

Middle: Three (3) received a rating of "A"; three (3) received a rating of "B"; and six (6) received a rating of "C".

High: At this time, only point values for each high school have been reported for the FCAT portion of the school grades. High school grades will be released in December, when the additional data that is now included in the grade calculation will be available.

Budgetary Controls

The District maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the School Board. Activities of all governmental and proprietary fund types are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the function level.

Budgetary information is integrated into the accounting system, and, to facilitate budgetary control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at year-end and encumbrances outstanding are honored from the subsequent year's appropriations.

In order to provide budgetary control for salaries, the District utilizes a centralized position control system. On an annual basis, the Board adopts a District staffing plan that establishes teacher positions based generally on student populations served. Additionally, support and administrative positions are created based on established criteria.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2011. In order to be awarded the Certificate of Achievement for Excellence in Financial Reporting and the Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement and the Certificate of Excellence are valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA and the ASBO to determine its eligibility for another certificate.

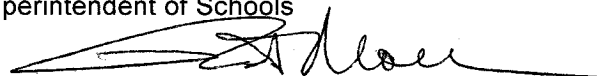

The preparation of the CAFR was made possible by the dedicated service of the entire staff of Financial and Business Services. Each member of the division has our sincere appreciation for the contributions made in the preparation of this report.

In closing, we would like to thank the members of the School Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

Dr. Margaret A. Smith
Superintendent of Schools

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Volusia County District School Board, as of and for the fiscal year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of District management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the school internal funds, which represent 10 percent of the assets and 44 percent of the liabilities of the aggregate remaining fund information. In addition, we did not audit the financial statements of the District's direct-support organization (Futures, Inc.), and seven District charter schools (Reading Edge Academy, Inc.; Samsula Academy; The Chiles Academy, Inc.; Richard Milburn Academy of Volusia County; Volusia Elementary Charter School, Inc. d/b/a Boston Avenue Charter School; Ivy Hawk Charter School of the Arts; and Burns Science and Technology Charter School, Inc.), which represent 99 percent of the assets, 98 percent of the liabilities, 95 percent of revenues, and 95 percent of the expenses of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for the school internal funds and the above-noted aggregate discretely presented component units, are based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information for the Volusia County District School Board as of June 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general fund and major special revenue fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1.D. to the basic financial statements for the 2011-12 fiscal year, the District adopted new accounting guidance Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Volusia County District School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS** and **SCHEDULE OF FUNDING PROGRESS - OTHER POSTEMPLOYMENT BENEFITS PLAN**, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, the combining and individual fund financial statements and schedules, and the statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Also, the accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is presented for purposes of additional analysis as required by the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying

accounting and other records used to prepare the basic financial statements. The combining and individual fund financial statements and schedules, and **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the reports of other auditors, the combining and individual fund financial statements and schedules, and **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Respectfully submitted,

A handwritten signature in blue ink that reads "David W. Martin". The signature is written in a cursive style with a large initial "D" and "M".

Audit Report No. 2013-049

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the District School Board of Volusia County, Florida, (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2012. We encourage readers to consider the information presented here in conjunction with our basic financial statements and notes thereto found on pages 31 through 54.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at June 30, 2012, by \$822,882,739. Of this amount, \$733,957,739 represents net investment in capital assets, and restricted and unrestricted net position of \$94,921,529 and (\$5,996,529), respectively.
- The District's total net position decreased \$35,224,363.
- At June 30, 2012, the District's governmental funds reported combined fund balances of \$142,577,097, a decrease of \$41,309,754 in comparison with the prior year.
- At June 30, 2012, the unassigned fund balance for the General Fund was \$26,696,378, or 6.8 percent of total General Fund revenues. Of this amount, the District has set aside \$19,697,835 "contingency reserves" for potential revenue shortfalls, emergencies, and unanticipated expenditures after the current year budget adoption.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets, deferred outflows of resources and liabilities. The combined assets and deferred outflows of resources, less the total liabilities are reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows only in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

The government-wide financial statements include the District (known as the primary government), Futures, Inc., and eight charter schools: Reading Edge Academy, Inc.; Samsula Academy; The Chiles Academy, Inc.; Richard Milburn Academy of Volusia County; Volusia Elementary Charter School, Inc., d/b/a Boston Avenue Charter School; Ivy Hawn Charter School of the Arts; Burns Science and Technology Charter School, Inc.; and Reading Star Academy of Excellence, Inc.; for which the District is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government. Futures, Inc. is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to provide charitable and educational aid to the District, to promote education, and to encourage research, learning and dissemination of information. The Volusia School Board Leasing Corporation (Leasing Corporation), although also legally separate, was formed to facilitate financing for the acquisition of facilities and equipment. Due to the substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government. The government-wide financial statements can be found on pages 15 through 17 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the District's funds can be divided into one of three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 14 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the District's most significant funds. The District's major governmental funds are the General Fund, American Recovery and Reinvestment Act (ARRA) Economic Stimulus Funds – Special Revenue Fund, Sales Tax Revenue Bonds – Debt Service Fund, and Local Capital Improvement – Capital Projects Fund. Data for the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General and major Special Revenue Funds on pages 24 and 25 to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 18 through 25 of this report.

Proprietary Funds – Proprietary funds may be established to account for activities in which a fee is charged for services. The District maintains internal service funds to accumulate and allocate costs internally among the District's various functions. The District uses internal service funds to account for its self-insurance programs. Because these services predominantly benefit governmental rather than business-type functions, they have been included with governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The four internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data is provided in the form of combining statements elsewhere in this report.

The basic proprietary funds financial statements can be found on pages 26 through 28 of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the primary government. The District maintains Private Purpose Trust Funds to account for the resources of the District's trust and endowment funds for DeLand High, Spruce Creek High, Seabreeze High, and Samsula Scholars. The District also maintains Agency Funds to account for resources of the school internal funds and a voluntary employee benefits program. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary funds financial statements can be found on pages 29 and 30 of this report.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31 through 54 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the District's financial position. The District's total assets exceeded its total liabilities by \$822,882,739 (total net position) at June 30, 2012, which was a decrease of \$35,224,363 from the previous year.

Net position includes investments in capital assets, primarily school facilities and related furniture, fixtures, and equipment, net of outstanding debt used to acquire or construct capital assets. The remaining net position is divided between restricted and unrestricted. Restricted net position represents those assets net of related liabilities that are restricted to uses specified by third parties, primarily under the terms of debt issues, and Federal and State grantor agencies. The following is a summary of the District's net position as of June 30, 2012, compared to net position as of June 30, 2011:

Condensed Statement of Net Position

	Governmental Activities	
	2012	2011
ASSETS		
Current and other assets	\$ 187,124,760	\$ 241,169,383
Capital assets, net	<u>1,173,215,158</u>	<u>1,193,668,851</u>
Total assets	<u>1,360,339,918</u>	<u>1,434,838,234</u>
DEFERRED OUTFLOWS OF RESOURCES		
	<u>986,190</u>	<u>-</u>
LIABILITIES		
Long-term liabilities	516,880,212	546,413,387
Other liabilities	<u>21,563,157</u>	<u>30,317,745</u>
Total liabilities	<u>538,443,369</u>	<u>576,731,132</u>
NET POSITION		
Net investment in capital assets	733,957,739	734,140,933
Restricted	94,921,529	110,556,480
Unrestricted (deficit)	<u>(5,996,529)</u>	<u>13,409,689</u>
Total net position	<u>\$ 822,882,739</u>	<u>\$ 858,107,102</u>

The District reports a \$5,996,529 deficit in unrestricted net position at June 30, 2012, a \$19,406,218 decrease from the prior year. This is primarily due to the decrease in the fund balance of the General Fund. Management has every confidence that the deficit in unrestricted net position does not represent an inability to meet District obligations. Compensated absences, in the amount of \$54,716,963 and the District's other postemployment benefits obligation (OPEB) of \$14,962,083 were the most significant liabilities (claims) against unrestricted assets. Most of the estimated amount of compensated absences liability, \$49,804,565, will be due more than one year from the financial statement date and does not require the use of current resources.

Restricted net position represents resources that are subject to external restrictions on how they may be used, such as for capital projects and debt service. The restricted portion of the District's net assets totals \$94,921,529, which represents a 14.1 percent decrease from the prior year due to expenditures for various construction projects.

The largest portion of the District's net position (89.2 percent) reflects its net investment in capital assets. Net investment in capital assets decreased \$183,194 due to the construction of capital assets and the reduction of outstanding debt.

Key elements of the changes in the District's net position for the fiscal years ended June 30, 2012, and June 30, 2011, are as follows:

Change in Net Position

	Governmental Activities	
	2012	2011
Revenues:		
Program revenues:		
Charges for services	\$ 10,854,735	\$ 11,386,664
Operating grants and contributions	19,116,610	20,796,827
Capital grants and contributions	7,629,499	5,866,973
General revenues:		
Property taxes	208,874,733	234,172,676
Local sales taxes	30,526,725	29,883,829
Grants and contributions not restricted to specific programs	254,143,163	292,423,998
Unrestricted investment earnings	286,316	609,669
Miscellaneous	9,339,354	6,860,929
Total revenues	540,771,135	602,001,565
Expenses:		
Instruction	291,064,900	297,441,097
Pupil personnel services	21,530,239	24,692,342
Instructional media services	6,627,166	6,776,769
Instruction and curriculum development services	16,733,853	17,602,486
Instructional staff training services	3,819,069	4,756,052
Instruction related technology	4,899,708	4,163,784
Board of education	745,562	799,763
General administration	2,924,365	3,875,616
School administration	34,671,162	36,505,849
Facilities services - non-capitalized	5,721,489	8,021,594
Fiscal services	2,489,673	2,706,882
Food services	23,493,765	22,396,205
Central services	6,390,653	5,587,469
Pupil transportation services	15,930,975	16,300,770
Operation of plant	40,640,438	41,657,376
Maintenance of plant	14,152,879	13,935,290
Administrative technology services	4,948,558	5,168,871
Community services	4,508,252	4,574,728
Interest on long-term debt	20,363,353	22,293,945
Unallocated depreciation expense	50,843,331	50,799,821
Total expenses	572,499,390	590,056,709
Increase (decrease) in net position	(31,728,255)	11,944,856
Net position - Beginning	858,107,102	846,162,246
Adjustment to beginning net position	(3,496,108)	-
Net position - Ending	\$ 822,882,739	\$ 858,107,102

Governmental activities decreased the District's net position by \$31,728,255. Key elements are as follows:

- A decrease in unrestricted net position of \$19,406,218, resulting from a decrease in the fund balance of the General Fund. General Fund balance decreased \$18,264,840, predominantly due to the use of \$12,436,516 of fund balance accumulated in the prior fiscal year when the Education Jobs Fund Federal program was used to pay the salaries and benefits of teachers, school administrators, and other essential school-based staff normally paid from unrestricted net assets.
- Capital projects fund balance decreased \$27,165,554 due to lower property tax revenue as a result of a decrease in assessed value, the District's ten-year sales tax building program ending, and no Public Education Capital Outlay (PECO) appropriations from the State for the 2011-12 fiscal year.
- Long-term liabilities decreased \$29,533,175 due to a decrease in long-term debt of \$31,429,015 and a decrease of \$692,380 in compensated absences, which is partially offset by an increase in other postemployment benefits payable (OPEB) of \$3,256,353.

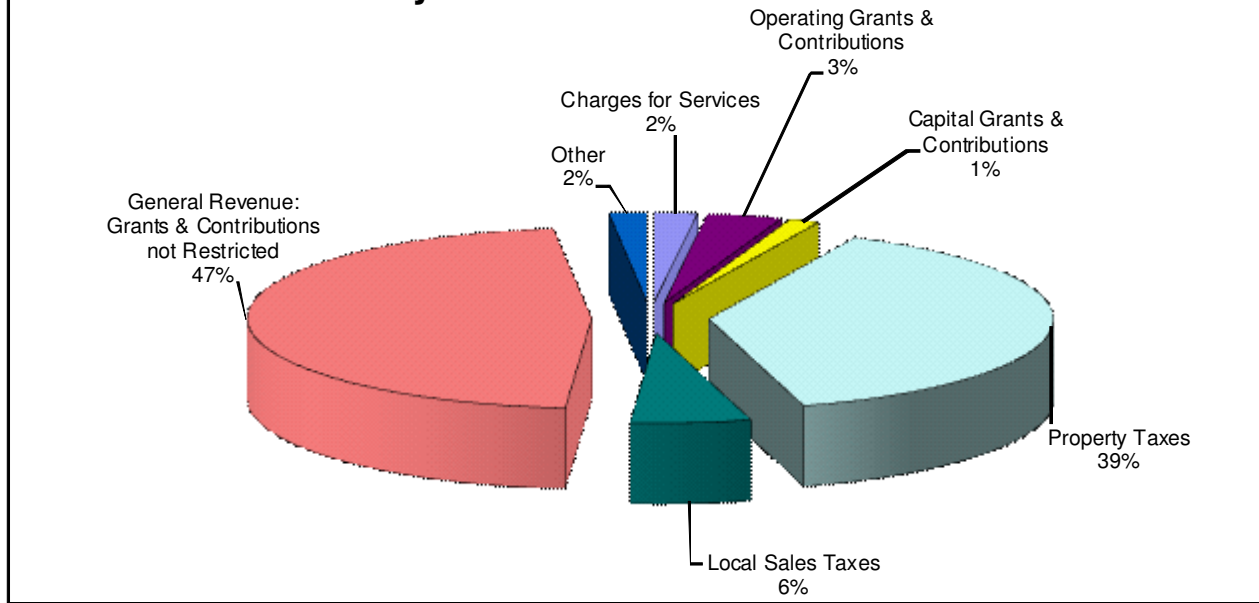

Instruction and instructional support expenses accounted for approximately 60.2 percent of total governmental expenses. Instruction decreased by \$6.4 million (2.1 percent) due to a reduction in Ed Jobs funding and instructional support expenses decreased by \$4.4 million (7.6 percent) from the 2010-11 fiscal year due to a reduction in Federal grants.

Instructional support includes pupil personnel services, instructional media services, instruction and curriculum development services, instructional staff training services, and instruction related technology.

District administration includes board of education, general administration, facilities acquisition and construction, fiscal services, central services, and administrative technology services. Other includes community services, interest on long-term debt, and unallocated depreciation expense.

Revenues by Source - Governmental Activities

FINANCIAL ANALYSIS OF THE INDIVIDUAL FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental Funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$142,577,097 a decrease of \$41,309,754 in comparison with the prior year. The following schedule indicates the fund balance and the total change in fund balance by major fund and other governmental funds (Nonmajor) as reported in the basic financial statements for the fiscal years ended June 30, 2012 and June 30, 2011.

Fund Balance	Governmental Activities		Increase (Decrease)	Percentage Change
	2012	2011		
General Fund	\$ 46,220,473	\$ 64,485,313	\$ (18,264,840)	-28%
Special Revenue Funds:				
ARRA Economic Stimulus Funds	-	-	-	0%
Debt Service Funds:				
Sales Tax Revenue Bonds	20,875,074	17,339,956	3,535,118	20%
Capital Projects Funds:				
Local Capital Improvement	40,990,566	56,352,579	(15,362,013)	-27%
Other Governmental Funds (Nonmajor)	34,490,984	45,709,003	(11,218,019)	-25%
Total	\$ 142,577,097	\$ 183,886,851	\$ (41,309,754)	-22%

The General Fund is the chief operating fund of the District. During the current fiscal year, the total fund balance of the General Fund decreased by \$18,264,840. Key elements are as follows:

- Revenues decreased \$16,749,605, mainly due to a decrease in collections of property taxes as a result of a decrease in assessed value.
- Expenditures increased \$18,995,637, the majority of which is the result of teaching and support staff positions that were retained or created through ARRA and the Education Jobs Fund Act. As of the 2011-12 fiscal year, these federal subsidies have ended. Consequently, in order to avoid significant reductions in staff, budget reserves were expended, coupled with eliminating positions through attrition.
- Expenditures exceeded revenues by \$34,285,330. Other financing sources, such as transfers from capital project funds to reimburse expenditures in the General Fund for maintenance, property insurance, and equipment leases, totaled \$16,020,490.

The ARRA Economic Stimulus Funds – Special Revenue Fund has total revenues and expenditures of \$4,934,271 each. Because grant revenues attributed to the grants accounted for in this fund are not recognized until expenditures are incurred, this fund generally does not accumulate a fund balance.

The Sales Tax Revenue Bonds – Debt Service Fund, which is used to account for the payment of principal, interest, and related costs pertaining to the District's local sales tax revenue bonds, has a total fund balance of \$20,875,074. The net increase in fund balance during the current fiscal year was \$3,535,118 mainly due to an increase in the reserve for the 2006 bonds.

The Local Capital Improvement – Capital Projects Fund, which is used to account for revenues produced by an ad valorem (property) tax levy authorized by the Board to support capital improvements, has a total fund balance of \$40,990,566. The net decrease in fund balance during the current year was \$15,362,013, primarily due to a decline in assessed value of taxable property resulting in a \$4,026,454 decrease in property tax revenue and additional transfers out to other funds of \$6,613,957.

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final amended budget for revenues were approximately \$8.7 million (2.3 percent increase), and can be briefly summarized as follows:

- Federal revenue increased by \$0.9 million, primarily due to Medicaid funding.
- A \$2.0 million decrease in the Florida Education Finance Program funding primarily due to the McKay Scholarships coupled with a \$0.6 million increase in other State sources, resulting in a \$1.4 million decrease in State revenues.
- Other local revenue increased by \$9.3 million. The District's after school age child care program generated \$4.2 million of the increase; \$1.8 million was collected through miscellaneous local grants and sources; an additional \$1.6 million was collected in E-rate revenue; the federal indirect cost rate generated \$0.3 million; and \$0.4 million was collected in bus fees.

Differences between the original budget and the final amended budget for expenditures were approximately \$18.2 million (4.1 percent decrease) and were due to unspent balances for State and local programs.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The District's investment in capital assets for its governmental activities as of June 30, 2012, amounted to \$1,173,215,158 (net of accumulated depreciation). This investment in capital assets includes land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; audio visual materials; and computer software. The total decrease in the District's investment in capital assets for the current fiscal year was 1.7 percent.

After opening Citrus Grove Elementary and Holly Hill School middle school wing for the 2011-12 school year, the major construction has slowed due to the economy and unstable student base. The District had one major and three other capital asset projects in progress during the 2011-12 fiscal year that included the following:

- The last sales tax project, Ormond Beach Middle School (replacement), is scheduled for completion during the 2012-13 fiscal year. This is a three phase construction project that is taking several years to complete.
- The classroom addition at Southwestern Middle School in DeLand has been completed and is ready for students.
- The Silver Sands Middle School project for lighting, HVAC ducts, windows, intercom, fire sprinklers, tennis courts and kitchen electric should be completed during the 2012-13 fiscal year.
- Deltona High School roof replacement is also ongoing and should be completed during the 2012-13 fiscal year.

New major projects scheduled during the 2012-13 school year are roof replacements for Forest Lake Elementary and Timbercrest Elementary and Seabreeze High School campus-wide demand ventilation and replacement of the media center's heating and air units.

The following is a summary of capital assets as of June 30, 2012, and June 30, 2011:

Capital Assets (net of depreciation)		
	Governmental Activities	
	2012	2011
Land	\$ 54,276,384	\$ 54,542,103
Construction in progress	16,263,050	19,431,939
Improvements other than buildings	58,323,377	61,998,603
Buildings and fixed equipment	1,017,755,677	1,027,021,172
Furniture, fixtures, and equipment	13,835,352	15,158,359
Motor vehicles	10,706,390	13,688,847
Audio visual materials	-	-
Computer software	2,054,928	1,827,828
Total	\$ 1,173,215,158	\$ 1,193,668,851

Additional information on the District's capital assets can be found in Notes 5 and 17 on pages 41 and 53 of this report.

Long-Term Debt. At the end of the current fiscal year, the District had total debt outstanding of \$428,685,000, excluding premiums. Of this amount, \$119,310,000 comprises debt backed by sales tax revenue, and \$10,635,000 backed by the full faith and credit of the State of Florida. The remainder of this debt represents \$298,740,000 in certificates of participation (COPs).

In November, 2011, Moody's Investors Service, Inc., affirmed the District's rating on its COPs and Sales Tax Revenue Bonds at Aa3 and Baa2 (negative outlook), respectively. In July, 2012, Fitch Ratings affirmed the District's rating on its COPs at A+ and its Sales Tax Revenue Bonds at BBB. In addition, Fitch affirmed the District's AA- implied general obligation rating. The rating outlook on the COPs and general obligation is stable. The rating outlook on the sales tax bonds was revised to stable from negative.

Additional information on the District's long-term debt can be found in Notes 6 through 9 to the basic financial statements pages 42 to 47.

The following is a summary of outstanding debt, excluding premiums, as of June 30, 2012, and June 30, 2011:

Outstanding Debt		
	Governmental Activities	
	2012	2011
Bonds payable	\$ 129,945,000	\$ 153,015,000
Certificates of participation	298,740,000	307,940,000
Total	\$ 428,685,000	\$ 460,955,000

ECONOMIC FACTORS AND NEW YEAR'S BUDGETS AND RATES

- The unemployment rate for the District (Volusia County, Florida) is currently 9.1 percent, which is slightly lower than the State's average unemployment rate of 9.3 percent and above the national average unemployment rate of 8.6 percent.
- The 2012-13 fiscal year capital budget declined by \$29.3 million from the 2011-12 fiscal year budget due to the completion of sales tax projects as well as the loss of Public Education Capital Outlay (PECO) funds and declining revenue due to lower ad valorem revenue.
- Available reserves and cost savings measures are being utilized to balance the budget while attempting to address District needs. Over 354 FTE personnel reductions have been put in effect for the 2012-13 fiscal year as part of the District's mitigating interventions.
- Entering into the third year of class size amendment requirements by individual classes and sections, the District will face even greater challenges in achieving full compliance.

REQUESTS FOR INFORMATION

This report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate compliance and accountability for its resources. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the School District of Volusia County, Finance Department, P.O. Box 2118, DeLand, Florida 32721-2118.

**District School Board of Volusia County, Florida
Reconciliation of the Governmental Funds Balance Sheet
to the Government-wide Statement of Net Position
June 30, 2012**

Total Fund Balances - Governmental Funds **\$ 142,577,097**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds. These assets consist of:

Land	\$ 54,276,384	
Construction in progress	16,263,050	
Improvements other than buildings; net of \$31,911,413 accumulated depreciation	58,323,377	
Buildings and fixed equipment; net of \$286,700,919 accumulated depreciation	1,017,755,677	
Furniture, fixtures and equipment; net of \$66,642,515 accumulated depreciation	13,835,352	
Motor vehicles; net of \$26,324,344 accumulated depreciation	10,706,390	
Audio visual materials; net of \$113,908 accumulated depreciation	-	
Computer software; net of \$15,117,243 accumulated depreciation	<u>2,054,928</u>	
		1,173,215,158

Payment to refunded bond escrow agent is held on debt that will not be defeased until called in the next fiscal year. 362,456

Deferred outflow of resources is reported as the deferred amount on refunding and amortized over the life of the new debt. 986,190

Investment in a joint venture used in governmental activities is not a financial resource and, therefore, is not reported as an asset in the governmental funds. 10,000,000

Internal service funds are used by management to charge the costs of its self-insurance programs to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. 8,361,207

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of:

Bonds payable	\$ 134,894,109	
Certificates of participation payable	308,046,214	
Compensated absences payable	54,716,963	
Postemployment healthcare benefits payable	<u>14,962,083</u>	<u>(512,619,369)</u>

Total Net Position - Governmental Activities **\$ 822,882,739**

District School Board of Volusia County, Florida
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures,
and Changes in Fund Balances to the Statement of Activities
For the Fiscal Year Ended June 30, 2012

Net Change in Fund Balances - Total Governmental Funds **\$ (41,309,754)**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current period.

	Capital outlay - facilities acquisition and construction: \$ 23,808,336	
	Capital outlay - other capital outlay: 6,704,162	
	Less, depreciation expense: <u>(50,843,331)</u>	(20,330,833)

Capital assets donated to the District during the current period increase net assets on the government-wide statements, but do not provide current financial resources and are not reported as revenues in the governmental funds. 142,859

Proceeds from the sale of land are included in the governmental funds. However, the cost of the land sold is removed from capital assets and offset against the sale proceeds in the government-wide statements. (265,719)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. (39,425,000)

Refunded long-term debt is reported as other financing uses in governmental funds, but decreases long-term liabilities in the statement of net position. 40,335,000

Payment to refunded bond escrow agent is held on debt that will not be defeased until called in the next fiscal year. 362,456

Deferred amount on refunding transactions are deferred outflows of resources and are amortized as expenses over the life of the debt in the statement of activities. 986,190

Under GASB Statement No. 65, debt issuance costs are not considered assets in the statement of net position and are recognized as an expense in the period incurred in the governmental funds. Issuance costs from debt issued are removed from the statement of net position and an adjustment to beginning net position is included in the statement of activities.

	Deferred Charges removed in current year: \$ 3,496,108	
	Less, Deferred Charges - prior year: <u>3,674,604</u>	
	Net decrease in expenses from deferred charges:	(178,496)

Premiums on new debt issues are reported when issued as other financing sources in the governmental funds, but are deferred and amortized as expenses over the life of the debt in the statement of activities.

	Unamortized Premiums - current year: \$ 14,255,323	
	Less, Unamortized Premiums - prior year: <u>13,414,338</u>	
	Net decrease in expenses from unamortized premiums:	(840,985)

Repayments of long-term debt are expenditures in the governmental funds, but repayments reduce long-term liabilities in the statement of net position.

	Bonds Payable: \$ 22,160,000	
	Certificates of Participation Payable: <u>9,200,000</u>	
	Total debt repayments:	31,360,000

The net change in the liability for postemployment healthcare benefits is reported in the government-wide statements, but not in the governmental fund statements. (3,256,353)

In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds, expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences paid in excess of the amount earned in the current period.

692,380

Change in net position of governmental activities **\$ (31,728,255)**

Notes to the Financial Statements

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The District School Board of Volusia County (the District) has direct responsibility for operation, control, and supervision of District schools, and is considered a primary government for financial reporting. The District is part of the Florida system of public education. The governing body of the District is the Volusia County District School Board (Board), which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the District. Geographic boundaries of the District correspond with those of Volusia County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) Statement No.61, *The Financial Reporting Entity: Omnibus* (GASB 61). The statement provides guidance on the inclusion of a legally separate entity to be included as a component unit under the misleading to exclude criterion, and the financial accountability concept, which requires that, in addition to meeting the fiscal dependency criterion, a financial benefit or burden relationship also be present in order for a potential component unit to be included in the financial reporting entity. The District has elected early adoption of GASB 61, and used guidance provided in a Florida Department of Education memorandum, dated October 8, 2012, in the application of these criteria for identification of any entities for which the District is financially accountable and has a financial benefit or burden relationship present and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's basic financial statements to be misleading or incomplete.

The District considered its charter school operated by Easter Seals Educational Services, Inc., for inclusion in its reporting entity; however, because Easter Seals Educational Services, Inc. is a component unit of a nongovernmental not-for-profit organization, it does not meet the criteria for inclusion as a component unit of the District. The charter school's financial statements were audited by an independent certified public accountant and are filed in the District's administrative office.

Based on the application of the above criteria, the following component units are included within the District's reporting entity:

Blended Component Unit. The Volusia School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment. Due to the substantive economic relationship between the District and the Leasing Corporation and their shared governing body, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

Discretely Presented Component Units. The component unit columns in the basic financial statements include the financial data of the District's other component units. These component units consist of Futures, Inc. (Futures), and eight of the District's charter schools: Reading Edge Academy, Inc., Samsula Academy, The Chiles Academy, Inc., Richard Milburn Academy of Volusia County, Volusia Elementary Charter School, Inc. d/b/a Boston Avenue Charter School (Volusia Elementary), Ivy Hawn Charter School of the Arts, Burns Science and Technology Charter School, Inc., and Reading Star Academy of Excellence, Inc.

Futures is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to provide charitable and educational aid to the District, to promote education, and to encourage research, learning and dissemination of information. Futures is considered to be a component unit of the District, because the District must approve all members of Futures' Board, and the District has the ability to impose its will on Futures. It is considered to be a discretely presented component unit, because the two boards are not the same and Futures does not provide services entirely or nearly entirely to the District. An audit of the direct-support organization's financial statements for the fiscal year ended June 30, 2012, was conducted by an independent certified public accountant and is filed in the District's administrative office.

The District's charter schools are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not for Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

operate under a charter approved by their sponsor, the District School Board of Volusia County, and are considered to be component units of the District since they are fiscally dependent on the District for their tax levy and the majority of their budget. In addition, they create a financial burden on the District because the charter schools' full-time equivalent (FTE) student enrollment is the basis for the District to provide funding to the charter schools.

Two charter schools in their first year of operation reported deficit net assets totaling \$45,130 for the fiscal year ended June 30, 2011 in the audited financial statements for the fiscal year ended June 30, 2012. These deficit net assets are reported as adjustments to beginning net position in the combining schedules for the discretely presented component units. Audits of charter schools' financial statements are conducted by independent certified public accountants. Separate financial statements for the charter schools are filed in the District's administrative office.

B. Basis of Presentation

Government-wide Financial Statements – Government-wide financial statements, including the statement of net position and the statement of activities, present information about the District as a whole. These statements include the nonfiduciary financial activity of the primary government and its component units.

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Eliminations have been made to minimize the double-counting of internal service fund activities. The effect of interfund activities has been eliminated from the government-wide statements, except for interfund services provided and used.

Fund Financial Statements – Fund financial statements report detailed information about the District in the governmental, proprietary, and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Nonmajor funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

General Fund – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

ARRA Economic Stimulus Funds – Special Revenue Fund – to account for programs funded by the American Recovery and Reinvestment Act.

Sales Tax Revenue Bonds – Debt Service Fund – to account for the accumulation of resources for, and the payment of, debt principal, interest, and related costs pertaining to the District's sales tax revenue bonds.

Local Capital Improvement - Capital Projects Fund – to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, leases on relocatable educational facilities, and debt service payments on certificates of participation.

Additionally the District reports the following proprietary and fiduciary fund types:

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

Internal Service Funds – to account for the District’s individual self-insurance programs.

Private-Purpose Trust Funds – to account for the DeLand High, Spruce Creek High, Seabreeze High, and Samsula Scholars scholarship trust funds.

Agency Funds – to account for resources of the school internal funds that are used to administer moneys collected at the several schools in connection with school, student athletic, class, and club activities and to account for resources that are held for a voluntary employee benefits program.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the accrual basis of accounting, as are the proprietary funds and fiduciary funds financial statements. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are prepared utilizing the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual, that is, both measurable and available. “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues susceptible to accrual include ad valorem taxes, reimbursable-type grants, and interest on investments. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized when due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

Agency (Fiduciary) Funds are purely custodial in nature (assets equal liabilities) and, as such, do not have a measurement focus.

In applying the “susceptible to accrual” concept to revenues from Federal and State sources, the legal contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of revenues. In one, monies must be expended for the specific purpose before the District will receive any amounts; therefore, revenues are recognized based upon the incurrence of the expenditures. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed legal and contractual requirements. These resources are reflected as revenues at the time of receipt or earlier if the “susceptible to accrual” criteria are met. In all cases, monies received before the revenue recognition criteria have been met, are reported as deferred revenue.

The proprietary funds are prepared under the economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds’ principal ongoing operations. The principal operating revenues of the District’s internal service funds are charges for workers’ compensation, general liability, and property insurance. The principal operating expenses include salaries and benefits for employees, insurance claims, and excess coverage insurance. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Retained earnings in the internal service funds are designated for future losses.

When both restricted and unrestricted resources are available for use, it is the District’s policy to use restricted resources first, and then unrestricted resources as they are needed. When committed, assigned and unassigned

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

resources are available for use in governmental fund financial statements, it is the District's policy to use committed resources first, followed by assigned resources, and then unassigned resources as they are needed.

The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

Futures is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred.

D. New Pronouncements

The GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Positions* (GASB 63) effective for reporting periods beginning after December 15, 2011. The statement provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. The District has elected early adoption of GASB 63 in the 2011-12 fiscal year financial statements and has restated the prior net assets as net positions, as reported in the statement of activities, in conformity with GASB 63 in the statement of net position financial statement. In the statement of net position, assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position.

The GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities* (GASB 65), effective for reporting periods after beginning after December 15, 2012. The statement amends or supersedes the accounting and financial reporting guidance for certain items previously required to be reported as assets or liabilities. In addition, the statement amends or supersedes requirements for the determination of major funds and addresses other statement of net position and governmental funds balance sheet presentation issues. The District has elected early adoption of GASB 65 in the 2011-12 fiscal year financial statements. The impact of the early adoption of the statement, due to a change in accounting principle, is discussed in a subsequent note.

E. Deposits and Investments

The amount reported as cash and cash equivalents consists of cash on hand, demand deposits, and cash placed with the State Board of Administration (SBA) Florida PRIME fund, created pursuant to Section 218.405, Florida Statutes. The statement of cash flows considers cash and cash equivalents as cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Under this definition, the District considers amounts invested in Florida PRIME to be cash equivalents. The amount reported as cash and cash equivalents for the Agency Funds consists of cash on hand and demand deposits.

Cash deposits are held by banks qualified as public depositories under Florida law, and at June 30, 2012, the bank balances totaled \$20,954,630. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

At June 30, 2012, the District reported as cash equivalents \$17,363 of moneys held in Florida PRIME administered by SBA, pursuant to Section 215.47, Florida Statutes. The District's investments in Florida PRIME, which SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, as of June 30, 2012, are similar to money market funds in which shares are owned in the fund rather than the underlying investments

Investments consist of amounts placed with SBA in a debt service account, amounts placed with SBA for participation in the Fund B Surplus Funds Trust Fund (Fund B) investment pools created by Section 218.417, Florida Statutes, and those made locally. This investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in the SBA Debt Service accounts are administered by the State Board of Education (SBE) to provide for debt service payments on bonded debt issued by SBE for the benefit of the District. Disclosures for the

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

debt service accounts are included in the notes to the financial statements of the State of Florida's Comprehensive Annual Financial Report.

The District's investments in Fund B are accounted for as a fluctuating net asset value pool, with a fair value factor of 0.83481105 at June 30, 2012. Fund B is not subject to participant withdrawal requests. Distributions from Fund B, as determined by SBA, are effected by transferring eligible cash or securities to Florida PRIME, consistent with the pro rata allocation of pool shareholders of record at the creation date of Fund B. One hundred percent of such distributions from Fund B are available as liquid balance within Florida PRIME.

Investments made locally consist of United States Treasury obligations, obligations of United States Government agencies and instrumentalities, commercial paper, an intergovernmental investment pool, and money market funds and are reported at fair value. Agency funds report money market funds as investments. Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

F. Inventories

Inventories consist of expendable supplies held for consumption in the course of District operations. Warehouse, transportation, and maintenance inventories are valued on a moving average basis. Purchased food inventories at the schools and warehouse are valued at cost on the first-in, first-out basis. The United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than when purchased.

G. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net assets but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$750. Such assets are recorded at historical cost or estimated historical costs if purchased or constructed. Donated assets are recorded at fair value at the date of donation. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Improvements Other than Buildings	20 years
Buildings and Fixed Equipment	40 years
Furniture, Fixtures and Equipment	5 years
Motor Vehicles	10 years
Audio Visual Materials	3 years
Computer Software	5 years

Land and construction in progress are not depreciated. Current-year information relative to changes in capital assets is described in a subsequent note.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

H. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Bond and certificates of participation premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the debt using the straight-line method. Bonds and certificates of participation payable are reported net of the applicable bond premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and related premiums are reported as other financing sources while discounts on debt issuances and payments to refunded bond escrow agents are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability is reported in the governmental fund financial statements only for the current portion of compensated absences expected to be paid using expendable available resources. The liability is liquidated with expendable available resources, and expenditures are recognized as payments come due each period upon the occurrence of relevant events, such as employee resignations and retirements.

Changes in long-term debt for the current year are reported in a subsequent note.

I. State Revenue Sources

Revenues from State sources for current operations are primarily from the Florida Education Finance Program administered by the Florida Department of Education (Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of five months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. State Board of Education rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The Department generally requires that educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental funds financial statements for the balance of educational program resources.

The State allocates gross receipt taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department. While the District did not receive any PECO appropriations for its use during the 2011-12 fiscal year appropriations were received for and distributed to the District's various charter schools.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

J. District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Volusia County Property Appraiser and property taxes are collected by the Volusia County Finance Department.

The Board adopted the 2011 tax levy on September 13, 2011. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment. Taxes become an enforceable lien on January 1.

Taxes become delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Volusia County Finance Department at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in a subsequent note.

K. School Capital Outlay Surtax (Local Sales Tax)

The citizens of Volusia County, on October 9, 2001, approved a one-half cent sales tax authorized under Section 212.055(6), Florida Statutes. The surtax levy commenced on January 1, 2002, and shall remain in effect for a period of fifteen years through December 31, 2016.

L. Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

2. ACCOUNTING CHANGES

The District's early adoption of GASB Statement No. 65, a change in accounting principle, requires the District to restate the beginning net position in the governmental activities statement of activities in the amount of the deferred charges related to debt issuance costs of previously issued certificates of participation and sales tax revenues bonds. The District's beginning net position was decreased \$3,496,108, restated to \$854,610,994, and resulted in the removal of deferred charges, previously reported as an asset, from the governmental activities statement of net position. In addition, the District reported \$986,190, the difference between the reacquisition cost and the net carrying amount of the sales tax revenue bonds, Series 2002, refunded during the 2011-12 fiscal year, as deferred outflows of resources in the statement of net position.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

3. BUDGETARY COMPLIANCE AND ACCOUNTABILITY

The Board follows procedures established by Chapter 1001.51, Florida Statutes, and State Board of Education Administrative Rules, Chapter 6A-1, in establishing budget balances for governmental funds as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.
- The legal level of control is at the functional level (e.g., instruction, pupil personnel services, and school administration) with control exercised at the object level (e.g., salaries, purchased services, and capital outlay) within each function. Appropriations are amended accordingly by resolution at any School Board meeting prior to the due date of the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.

4. INVESTMENTS

As of June 30, 2012, the District had the following investments and maturities:

Investments	Fair Value	Investment Maturities		
		< 6 Months	< 1 Year	> 5 Years
State Board of Administration (SBA):				
Prime (1)	\$ 17,363	\$ 17,363	\$ -	\$ -
Fund B Surplus Funds Trust Fund (Fund B)	33,292	-	-	33,292
Debt Service Accounts	298,090	298,090	-	-
Obligations of United States:				
Treasury	21,923,827	11,953,567	9,970,260	-
Government Agencies and Instrumentalities	39,487,366	39,487,366	-	-
Commercial Paper	51,032,630	51,032,630	-	-
Florida Education Investment Trust Fund	7,966,973	7,966,973	-	-
Money Market Funds:				
Bank of America Government Reserves	5,383	5,383	-	-
Fidelity Institutional Government	54,351	54,351	-	-
PFM Government	408,441	408,441	-	-
PFM Prime	34,853,371	34,853,371	-	-
Dreyfus Government Cash Management	1,553,108	1,553,108	-	-
Total Investments - Primary Government	\$ 157,634,195	\$ 147,630,643	\$ 9,970,260	\$ 33,292

(1) Amount reported as cash and cash equivalents in the financial statements.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's investment policy limits the length of investments to the type of investments up to a maximum of five years and, to the extent possible, investment of current operating funds to twelve months. SBA Fund B had a weighted average life (WAL) of 5.73 years. A portfolio's WAL is the dollar weighted average length of time until securities held reach maturity. WAL, which also measures the sensitivity of the portfolio to interest rate changes, is based on legal final maturity dates for Fund B as of June 30, 2012. However, because Fund B consists of restructured or defaulted securities there is considerable uncertainty regarding the WAL. Participation in Fund B is involuntary. Florida PRIME carried a credit rating of AAAM by Standard & Poor's and had a weighted average days to maturity (WAM) of 38 days at June 30, 2012. A portfolio's WAM reflects the average maturity in days based on final maturity or reset

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

date, in the case of floating rate investments. WAM measures the sensitivity of Florida PRIME to interest rate changes. The investments in Florida PRIME are reported at fair value, which is amortized cost.

As of June 30, 2012, the District had the following investments by fund and interest rate risk:

Investments by Fund	Fair Value	Investment Maturities		
		< 6 Months	< 1 Year	> 5 Years
Major Governmental Funds:				
General Fund	\$ 51,260,407	\$ 51,260,407	\$ -	\$ -
Sales Tax Revenue Bonds - Debt Service Fund	20,875,575	20,875,575	-	-
Local Capital Improvement - Capital Projects Fund	41,767,793	41,734,501	-	33,292
Nonmajor Governmental Funds	26,660,611	26,660,611	-	-
Internal Service Funds	12,582,646	2,612,386	9,970,260	-
Fiduciary Funds	4,487,163	4,487,163	-	-
Total Investments - Primary Government	\$ 157,634,195	\$ 147,630,643	\$ 9,970,260	\$ 33,292

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. District policy allows for the following investments:

Investments in negotiable direct obligations of the United States Government, Governmental agencies, and Federal instrumentalities with maturities less than five years. As of June 30, 2012, the District had investments in United States Treasury securities with a fair market value of \$21,923,827 and in obligations of the United States Government agencies and Federal instrumentalities with a fair market value of \$39,487,366. Obligations of the United States Government agencies and instrumentalities were rated "AA+" by Standard & Poor's.

Investment in SBA Fund B. As of June 30, 2012, the District had investments in Fund B with a fair market value of \$33,292. Fund B is not rated.

Investments in commercial paper with maturities less than 180 days. As of June 30, 2012, the District had investments in commercial paper with a fair market value of \$51,032,630. Investments in commercial paper were rated "A-1" by Standard and Poor's.

Investments in an intergovernmental investment pool rated "AAAm" by Standard & Poor's. As of June 30, 2012, the District had investments in an intergovernmental investment pool rated "AAAm" by Standard & Poor's with a fair value of \$7,966,973.

Investments in money market mutual funds that are rated "AAAm" by Standard & Poor's. As of June 30, 2012, the District had investments in Bank of America Government Reserves with a fair value of \$5,383, in Fidelity Institutional Government with a fair value of \$54,351, PFM Government with a fair value of \$408,441, PFM Prime with a fair value of \$34,853,371 and in Dreyfus Government Cash Management with a fair value of \$1,553,108, which were rated "AAAm" by Standard & Poor's.

Investments in the SBA Debt Service accounts totaling \$298,090 are administered by SBA to provide for debt service payments on bonded debt issued by the State Board of Education for the benefit of the District. The District has no formal policy for managing interest rate risk or credit risk for this account, but relies on policies developed by SBA. Disclosures for these debt service accounts are included in the notes to the basic financial statements of the State of Florida's Comprehensive Annual Financial Report.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. District policies

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

require that all securities be held in the District's name in custodial accounts by a third party custodian. All securities were held in custodial accounts in the District's name by a third party custodial bank.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. Composition of investment portfolio, calculated based on the original cost, is limited by District policy as follows:

- United States government securities are limited to 100 percent of the portfolio;
- Federal instrumentalities are limited to 75 percent of the portfolio and a maximum of 25 percent with any single issuer.
- Commercial paper is limited to 35 percent of the portfolio and a maximum of 10 percent with any single issuer.
- Intergovernmental investment pools are limited to 25 percent of the portfolio.
- Interest bearing time deposit or savings accounts are limited to 25 percent of the portfolio and a maximum of 15 percent with any single issuer; registered investment companies (money market mutual funds) are limited to 75 percent of the portfolio and a maximum of 25 percent with any single issuer.
- Florida local government surplus trust funds (SBA) are limited to 25 percent of the portfolio.

Investments in any one issuer that represent 5 percent or more of the District's investments are reported below and were in investments in the General, Sales Tax Revenue Bonds – Debt Service, Local Capital Improvement Funds – Capital Projects, Other Nonmajor, and Agency Funds. As of June 30, 2012, the District had the following issuer concentrations based on fair value:

Issuer	Fair Value	Percent of Total Investments. Primary Government
US Government Agencies and Instrumentalities:		
Federal Home Loan Mortgage Corporation	\$ 20,377,330	12.9%
Federal Home Loan Bank	16,106,466	10.2%
Commercial Paper:		
Bank of Tokyo	7,982,409	5.1%
General Electric Corporation	16,457,412	10.4%
Nordea North America	16,694,255	10.6%
Toyota Motor Credit	9,898,554	6.3%
	<u>\$ 87,516,426</u>	

Investments in Federal Home Loan Mortgage Corporation, Federal Home Loan Bank, and Federal National Mortgage Association are 25 percent of total District investments, and 59 and 22 percent of the investments in the General and Local Capital Improvement Funds – Capital Projects Funds, respectively. Commercial paper of the Bank of Tokyo, General Electric Corporation, Nordea North America and Toyota Motor Credit are 32 percent of the District investments. The Bank of Tokyo is 19 and 49 percent of the Other Nonmajor and Agency Funds investments, respectively. General Electric Corporation is 6 and 36 percent of the Other Nonmajor and Local Capital Improvement Funds – Capital Projects Funds investments, respectively. The Nordea North America commercial paper is 33 percent of the General Fund investments, and the Toyota Motor Credit represents 18 and 24 percent of Other Nonmajor and Sales Tax Revenue Bonds – Debt Service Funds, respectively.

Compliance with portfolio allocations and issuer maximums is measured at the time of purchase. District investments were in compliance with the District's investment policy or debt covenants and did not exceed portfolio allocation or issuer maximums at the time of purchase.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

4. DUE FROM OTHER AGENCIES

At June 30, 2012, the District had a total of \$7,976,959 in "Due from Other Agencies" as follows:

General Fund - \$1,331,002

\$89,327 is due from Volusia County for taxes receivable; \$558,281 is due from Medicaid for reimbursement for services performed; \$683,394 is due from Federal, State, and local governments for various grants and other programs.

ARRA Economic Stimulus Funds – Special Revenue Funds - \$16,239

\$16,239 is due from the State for Federal grant reimbursements.

Local Capital Improvement – Capital Projects Funds – \$23,024

\$23,024 is due from Volusia County for taxes receivable.

Nonmajor Governmental Funds - \$6,606,694

\$5,344,953 is due from the State for sales taxes; \$265,428 is due from Volusia County for impact fees; \$497,244 is due from the State for child nutrition programs; \$420,367 is due from the Federal government for Federal grant reimbursements; and \$78,702 is due from local governments and agencies for various programs.

5. CHANGES IN CAPITAL ASSETS

Changes in capital assets are presented in the table below:

GOVERNMENTAL ACTIVITIES	July 1, 2011 Balance	Additions	Deletions	June 30, 2012 Balance
Capital Assets Not Being Depreciated:				
Land	\$ 54,542,103	\$ -	\$ 265,719	\$ 54,276,384
Construction in progress	19,431,939	23,063,205	26,232,094	16,263,050
Total Capital Assets Not Being Depreciated:	73,974,042	23,063,205	26,497,813	70,539,434
Capital Assets Being Depreciated:				
Improvements other than buildings	90,445,816	832,581	1,043,607	90,234,790
Buildings and fixed equipment	1,297,279,316	26,232,094	19,054,814	1,304,456,596
Furniture, fixtures, and equipment	78,430,949	5,514,121	3,467,203	80,477,867
Motor vehicles	36,980,229	96,764	46,259	37,030,734
Audio visual materials	115,825	-	1,917	113,908
Computer software	16,144,841	1,148,686	121,356	17,172,171
Total Capital Assets Being Depreciated:	1,519,396,976	33,824,246	23,735,156	1,529,486,066
Less Accumulated Depreciation for:				
Improvements other than buildings	28,447,213	4,507,807	1,043,607	31,911,413
Buildings and fixed equipment	270,258,144	35,497,589	19,054,814	286,700,919
Furniture, fixtures, and equipment	63,272,590	6,837,128	3,467,203	66,642,515
Motor vehicles	23,291,382	3,079,221	46,259	26,324,344
Audio visual materials	115,825	-	1,917	113,908
Computer software	14,317,013	921,586	121,356	15,117,243
Total Accumulated Depreciation	399,702,167	50,843,331	23,735,156	426,810,342
Total Capital Assets Being Depreciated, Net	1,119,694,809	(17,019,085)	-	1,102,675,724
Governmental Activities - Capital Assets, Net	\$ 1,193,668,851	\$ 6,044,120	\$ 26,497,813	\$ 1,173,215,158

The District's capital assets serve several functions; accordingly, depreciation expense, which totaled \$50,843,331, was not charged to functions but is separately reported as unallocated on the statement of activities.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

6. CERTIFICATES OF PARTICIPATION

The District entered into a financing arrangement on September 1, 1999, which was characterized as a lease-purchase agreement, with the Leasing Corporation, whereby the District secured financing for the acquisition and construction of facilities and equipment in the total amount of \$65,685,000. The financing was accomplished through the issuance of Certificates of Participation, Series 1999, to be repaid from the proceeds of rents paid by the District. The District entered into a crossover refunding arrangement on March 10, 2005, to advance refund the Certificates of Participation, Series 1999, which matured on or after August 1, 2010. On the crossover date, August 1, 2009, the crossover transaction met the definition of an in-substance defeasance and the liability for the Refunded Series 1999 Certificates was removed from the District's government-wide financial statements. The refunding issue was made pursuant to the Master Lease-Purchase Agreement dated August 1, 1991, and the Supplemental Trust Agreement dated March 1, 2005. The refunding was accomplished through the issuance of Refunding Certificates of Participation, Series 2005B, totaling \$47,180,000.

As a condition of the financing arrangement, the District has given a ground lease on District property to the Leasing Corporation, with a rental fee of \$10 per year. The term of the original lease commenced on September 1, 1999, and runs until the earlier of (a) the date on which the Series 2005B Certificates (or any Certificates issued to refund the Series 2005B Certificates) have been paid in full, or (b) June 30, 2034. The properties covered by the ground lease are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through the term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the Certificates for a period of time specified by the arrangement which may be up to approximately 30 years from the date of the inception of the arrangement.

The District properties included in the ground lease under this arrangement, and supplements thereto, include Creekside Middle School, Maintenance Facility, Campbell Middle School, Seabreeze High School, and Deltona High School.

The District entered into a financing arrangement on June 30, 2005, which was characterized as a lease-purchase agreement, with the Leasing Corporation, whereby the District secured financing for the acquisition, construction and installation of certain education facilities in the total amount of \$39,010,000. The financing was accomplished through the issuance of Certificates of Participation, Series 2005C, to be repaid from the proceeds of rents paid by the District.

As a condition of the financing arrangement, the District has given a ground lease on District property to the Leasing Corporation, with a rental fee of \$10 per year. The term of the original lease commenced on June 1, 2005, and runs until the earlier of (a) the date on which the Series 2005C Certificates (or any Certificates issued to refund the Series 2005C Certificates) have been paid in full, or (b) July 1, 2035. The properties covered by the ground lease are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through the term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the Certificates for a period of time specified by the arrangement which may be up to approximately 30 years from the date of the inception of the arrangement.

The District properties included in the ground lease under this arrangement include Osteen Elementary School, Cypress Creek Elementary School, and the Community Learning Center East.

The District entered into a financing arrangement on January 31, 2006, which was characterized as a lease-purchase agreement, with the Leasing Corporation, whereby the District secured financing for the acquisition, construction and installation of certain education facilities in the total amount of \$135,175,000. The financing was accomplished through the issuance of Certificates of Participation, Series 2006A, to be repaid from the proceeds of rents paid by the District.

As a condition of the financing arrangement, the District has given a ground lease on District property to the Leasing Corporation, with a rental fee of \$10 per year. The term of the original lease commenced on January 1, 2006, and

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

runs until the earlier of (a) the date on which the Series 2006A Certificates (or any Certificates issued to refund the Series 2006A Certificates) have been paid in full, or (b) July 30, 2036. The properties covered by the ground lease are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through the term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the Certificates for a period of time specified by the arrangement which may be up to approximately 30 years from the date of the inception of the arrangement.

The District properties included in the ground lease under this arrangement include University High School and River Springs Middle School.

The District entered into a financing arrangement on April 25, 2007, which was characterized as a lease-purchase agreement, with the Leasing Corporation, whereby the District secured financing for the acquisition, construction, and installation of certain education facilities in the total amount of \$97,975,000. The financing was accomplished through the issuance of Certificates of Participation, Series 2007, to be repaid from the proceeds of rents paid by the District.

As a condition of the financing arrangement, the District has given a ground lease on District property to the Leasing Corporation, with a rental fee of \$10 per year. The term of the original lease commenced on April 1, 2007, and runs until the earlier of (a) the date on which the Series 2007 Certificates (or any Certificates issued to refund the Series 2007 Certificates) have been paid in full, or (b) July 31, 2037. The properties covered by the ground lease are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through the term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the Certificates for a period of time specified by the arrangement which may be up to approximately 30 years from the date of the inception of the arrangement.

The District properties included in the ground lease under this arrangement, amended in June 2009, include Holly Hill School, Ormond Beach Middle School, Pride Elementary School, and Hurst Elementary School replacement.

The lease payments are payable by the District, semiannually, on August 1 and February 1. A summary of interest rates is presented as follows:

<u>Certificate</u>	<u>Remaining Interest Rates</u>
Series 2005B	3.125% to 5.000%
Series 2005C	3.300% to 5.000%
Series 2006A	3.500% to 5.000%
Series 2007	3.625% to 5.000%

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

The following is a schedule by years of future minimum lease payments under the lease agreements together with the present value of minimum lease payments as of June 30:

Fiscal Year Ending June 30	Principal	Interest	Total
2013	\$ 9,520,000	\$ 14,278,246	\$ 23,798,246
2014	9,850,000	13,949,528	23,799,528
2015	10,205,000	13,597,265	23,802,265
2016	10,620,000	13,180,615	23,800,615
2017	11,110,000	12,691,915	23,801,915
2018-2022	63,585,000	55,416,955	119,001,955
2023-2027	80,770,000	38,230,000	119,000,000
2028-2032	103,080,000	15,920,950	119,000,950
Total Minimum Lease Payments	298,740,000	177,265,474	476,005,474
Plus: Unamortized Net Premiums	9,306,214	-	9,306,214
Total Certificates of Participation	\$ 308,046,214	\$ 177,265,474	\$ 485,311,688

7. BONDS PAYABLE

Bonds payable at June 30, 2012, are as follows:

Bond Type	Amount Issued	Amount Outstanding	Remaining Interest Rates (Percent)	Annual Maturity To
State School Bonds:				
Series 2003-A	\$ 560,000	\$ 390,000	3.125 - 4.250	2023
Series 2005-B, refunding	13,575,000	9,020,000	5.000	2020
Series 2009-A, refunding	1,390,000	910,000	4.000 - 5.000	2019
Series 2011-A, refunding	315,000	315,000	3.000 - 5.000	2023
Sales Tax Revenue Bonds:				
Series 2002	146,845,000	22,610,000	4.125 - 5.500	2014
Series 2004	57,825,000	27,020,000	3.500 - 5.250	2017
Series 2006	59,125,000	30,570,000	3.800 - 5.000	2017
Series 2011, refunding	39,110,000	39,110,000	3.000 - 5.000	2017
Subtotal	318,745,000	129,945,000		
Plus Unamortized Net Premiums:				
Sales Tax Revenue Bonds, Series 2002	4,414,904	423,831		
Sales Tax Revenue Bonds, Series 2004	3,835,659	1,180,200		
Sales Tax Revenue Bonds, Series 2006	1,322,003	480,728		
Sales Tax Revenue Bonds, Series 2011, refunding	3,580,437	2,864,350		
Total Unamortized Net Premiums	13,153,003	4,949,109		
Total Bonds Payable	\$ 331,898,003	\$ 134,894,109		

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

The various bonds were issued to finance capital outlay projects of the District. The following is a description of bonded debt issues:

State School Bonds

These bonds are issued by the State Board of Education on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the State Board of Education and the State Board of Administration.

Sales Tax Revenue Bonds

The School Board issued Sales Tax Revenue Bonds, Series 2002; 2004; 2006; and 2011 Refunding on February 8, 2002; May 19, 2004; May 5, 2006; and December 15, 2011, respectively, totaling \$302,905,000. These bonds are authorized by Chapter 1001 Florida Statutes, and Chapter 212, Florida Statutes. These bonds are secured by a pledge of proceeds received by the District from the levy and collection of a one-half cent discretionary sales surtax pursuant to Section 212.055(6), Florida Statutes. Proceeds of the bonds were used to finance construction of new school facilities and renovations of existing school facilities.

The District pledged a total of \$134,625,080 of discretionary surtax sales revenues (sales tax revenues) in connection with the Sales Tax Revenue Bond issues described above. During the 2011-12 fiscal year, the District recognized sales tax revenues totaling \$30,526,725 and expended \$27,887,447 (91.4 percent) of these revenues for debt service directly collateralized by these revenues. The pledged sales tax revenues are committed until final maturity of the debt, or October 1, 2016.

Annual requirements to amortize all bonded debt outstanding as of June 30, 2012, are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
State School Bonds:			
2013	\$ 1,470,000	\$ 524,106	\$ 1,994,106
2014	1,550,000	452,681	2,002,681
2015	1,640,000	375,606	2,015,606
2016	1,720,000	294,056	2,014,056
2017	1,810,000	208,469	2,018,469
2018-2022	2,350,000	172,613	2,522,613
2023	95,000	3,475	98,475
Total State School Bonds	10,635,000	2,031,006	12,666,006
Sales Tax Revenue Bonds:			
2013	21,775,000	5,391,925	27,166,925
2014	22,630,000	4,249,719	26,879,719
2015	23,805,000	3,102,683	26,907,683
2016	24,930,000	1,920,996	26,850,996
2017	26,170,000	649,757	26,819,757
Total Sales Tax Revenue Bonds	119,310,000	15,315,080	134,625,080
Subtotal	129,945,000	17,346,086	147,291,086
Plus Unamortized Net Premiums	4,949,109	-	4,949,109
Total	\$ 134,894,109	\$ 17,346,086	\$ 152,240,195

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

Annual requirements to amortize net premiums as of June 30, 2012, are as follows:

Fiscal Year Ending June 30	Amortized Expense
Sales Tax Revenue Bonds:	
2013	\$ 1,237,278
2014	1,237,277
2015	1,237,277
2016	1,237,277
Total	\$ 4,949,109

8. DEFEASED DEBT

On December 15, 2011, the District issued Sales Tax Revenue Refunding Bonds, Series 2011, in the amount of \$39,110,000 to advance refund that portion of its outstanding Sales Tax Revenue Bonds, Series 2002 maturing on October 1, 2013, bearing interest at 4.30% and October 1, 2014 through 2016, inclusive. The net proceeds of \$41,994,258 (including a premium of \$3,580,437 and after a payment of \$696,179 in underwriting fees, insurance, and other issuance costs) plus an additional \$337,765 of legally available funds were placed in an irrevocable escrow until the refunded bonds are called on October 1, 2012. As a result, \$40,335,000 of the Series 2002 bonds are considered to be defeased and the liability for those bonds has been removed from the government-wide financial statements.

The Series 2011 Refunding Bonds were issued to reduce the total debt service over the next five years by \$1,465,759 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt net of refunding costs) of \$1,350,683.

The Florida Department of Education issued State Board of Education (SBE), Capital Outlay Bonds, Series 2011A, on January 5, 2012, for \$53,785,000. A portion of these bonds, totaling \$28,990,000, was used to advance refund the SBE, Capital Outlay Bonds, Series 2002B bonds and \$29,320,000 of the SBE, Capital Outlay Bonds, Series 2003A bonds. The District did not participate in the Series 2002B bonds.

The District's portion of the Series 2011A bonds totaled \$315,000 and was used to advance refund \$365,000 of the District's portion of the Series 2003A bonds. The District's pro rata share of the net proceeds of the Series 2011A bonds totaled \$362,456 (after deduction of \$936 by the Florida Department of Education for the District's pro rata share of underwriting fees, insurance, and other issuance cost) was placed in a trust account to refund the Series 2003A bonds that mature on or after January 1, 2014 and scheduled to be called on January 1, 2013. The trust account is not considered to be risk-free in accordance with GASB Statement No. 7. As a result, the refunding of \$390,000 representing the District's portion of the Series 2003A bonds is considered to be an economic defeasance and not a legal defeasance and the liability for these bonds has not been removed from the government-wide financial statements. When the Series 2003A bonds are called on January 1, 2013, they will be removed.

The Series 2011A bonds were issued to reduce the total debt service over the next 11 years by approximately \$5,674,047 and to obtain an economic gain (difference between the present value of the debt service payment on the old and new debt) of \$5,289,901. The District's portion resulted in a reduction in total debt service of \$45,406 over the next 11 years and \$38,266 in economic gain.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

9. CHANGES IN LONG-TERM LIABILITIES

The following is a summary of changes in long-term liabilities:

Description	July 1, 2011 Balance	Additions	Deductions	June 30, 2012 Balance	Due in One Year
GOVERNMENTAL ACTIVITIES					
Bonds Payable	\$ 153,015,000	\$ 39,425,000	\$ 62,495,000	\$ 129,945,000	\$ 23,245,000
Plus Unamortized Net Premium	3,547,796	3,580,437	2,179,124	4,949,109	1,237,278
Net Bonds Payable	<u>156,562,796</u>	<u>43,005,437</u>	<u>64,674,124</u>	<u>134,894,109</u>	<u>24,482,278</u>
Certificates of Participation Payable	307,940,000	-	9,200,000	298,740,000	9,520,000
Plus Unamortized Net Premium	9,866,542	-	560,328	9,306,214	560,328
Net Certificates of Participation Payable	<u>317,806,542</u>	<u>-</u>	<u>9,760,328</u>	<u>308,046,214</u>	<u>10,080,328</u>
Compensated Absences Payable	55,409,343	4,220,018	4,912,398	54,716,963	4,912,398
Estimated Insurance Claims Payable	4,928,976	1,129,681	1,797,814	4,260,843	1,596,892
Postemployment Healthcare Benefits Payable	11,705,730	4,073,473	817,120	14,962,083	-
Total Governmental Activities	<u>\$ 546,413,387</u>	<u>\$ 52,428,609</u>	<u>\$ 81,961,784</u>	<u>\$ 516,880,212</u>	<u>\$ 41,071,896</u>

For the governmental activities, compensated absences and postemployment healthcare benefits are generally liquidated with resources of the General Fund. The estimated insurance claims payable are generally liquidated with resources of the internal service funds as discussed in Note 19.

10. FUND BALANCE REPORTING

There are two major types of fund balances, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The District has inventories that are considered nonspendable. The District does not have any prepaid items or nonspendable funds related to endowments.

In addition to the nonspendable fund balances, spendable fund balances are classified based on a hierarchy of spending constraints.

- **Restricted:** Fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- **Committed:** Fund balances that contain self-imposed constraints of the government from its highest level of decision making authority.
- **Assigned:** Fund balances that contain self-imposed constraints of the government to be used for a particular purpose. The Superintendent is authorized to assign fund balances pursuant to Board Policy 701.
- **Unassigned:** Fund balance of the General Fund that is not constrained for any particular purpose.

The District has classified its fund balances with the following hierarchy:

NONSPENDABLE: The District has inventories totaling \$3,726,078 that are classified as nonspendable.

SPENDABLE: The District has classified the spendable fund balances as *Restricted*, *Committed*, *Assigned*, and *Unassigned* and considered each to have been spent when expenditures are incurred

- **Restricted for State Required Carryover Programs, Food Service, Debt Service, and Capital Projects:** Federal laws, Florida Statutes and local ordinances require that certain revenues be specifically designated for the purposes of State required carryover programs, food service, debt service, and capital projects. The funds have been included in the Restricted category of fund balance. Restricted fund balances total

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

\$94,818,771 and represented \$899,163 in State required carryover programs, \$7,416,996 in food service, \$21,173,903 in debt service and \$65,328,709 in capital projects.

- **Committed:**
The Board adopted a resolution on June 26, 2012, to commit \$5,410,429 that cannot be used for any purpose other than for the Board-approved contractual salaries for the 2012-13 fiscal year.
- **Assigned for State and Local Programs:**
The District has set aside certain spendable fund balances for State and local programs. At year end, the assigned fund balance is \$11,925,441 for State and local programs.
- **Unassigned:**
The unassigned fund balance in the General Fund is \$26,696,378.

	Major Funds				
	General Fund	Sales Tax Revenue Bonds - Debt Service Fund	Local Capital Improvement - Capital Projects Fund	Nonmajor Governmental Funds	Total Governmental Funds
Fund Balances:					
Nonspendable:					
Inventories:					
General Fund	\$ 1,289,062	\$ -	\$ -	\$ -	\$ 1,289,062
Food Service	-	-	-	2,437,016	2,437,016
Restricted:					
State Required					
Carryover Programs	899,163	-	-	-	899,163
Food Service	-	-	-	7,416,996	7,416,996
Debt Service	-	20,875,074	-	298,829	21,173,903
Capital Projects	-	-	40,990,566	24,338,143	65,328,709
Committed:	5,410,429	-	-	-	5,410,429
Assigned:					
State and Local Programs	11,925,441	-	-	-	11,925,441
Unassigned:	26,696,378	-	-	-	26,696,378
Total Fund Balance:	<u>\$ 46,220,473</u>	<u>\$ 20,875,074</u>	<u>\$ 40,990,566</u>	<u>\$ 34,490,984</u>	<u>\$ 142,577,097</u>

The Board has established a policy requiring a minimum fund balance (Board Policy 722), which requires the District to maintain a minimum 3 percent unreserved fund balance with the desirability of 5 percent. At June 30, 2012, the unassigned fund balance for the General Fund was \$26,696,378, or 6.8 percent of total General Fund revenues. Of this amount, the District has set aside \$19,697,835 "contingency reserves" for potential revenue shortfalls, emergencies, and unanticipated expenditures after the current year's budget adoption.

11. ENCUMBRANCES

Appropriations in governmental fund types are encumbered upon issuance of purchase orders for goods and/or services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered. The District uses encumbrance accounting for recording purchase order commitments. At June 30, 2012, the District has recorded \$8,656,858 in encumbrances as follows: \$1,582,736 for the General Fund; \$4,022,005 for the Local Capital Improvement – Capital Projects Fund; \$3,052,117 for the nonmajor governmental funds.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

12. INTERFUND TRANSFERS

The following is a summary of interfund transfers reported in the fund financial statements:

Transfers Out	Transfers In			Total
	General Fund	Sales Tax Revenue Bonds - Debt Service Fund	Nonmajor Governmental Funds	
Local Capital Improvement - Capital Projects Fund	\$ 15,543,460	\$ -	\$ 21,029,987	\$ 36,573,447
Nonmajor Governmental Funds	420,661	30,710,606	2,782,075	33,913,342
Total	\$ 15,964,121	\$ 30,710,606	\$ 23,812,062	\$ 70,486,789

A portion of the transfers out of the Local Capital Improvement – Capital Projects Fund was to provide debt service principal and interest payments, to assist in funding maintenance operations of the District and for property and casualty insurance. A portion of the transfers out of the Nonmajor Governmental Funds was to provide debt service principal and interest payments. The remaining transfers between funds were operational in nature.

13. SCHEDULE OF STATE REVENUE SOURCES

The following is a schedule of the District's State revenue sources for the 2011-12 fiscal year:

Sources	Amount
Florida Education Finance Program	\$ 138,706,251
Other Restricted State Sources:	
Class Size Reduction	65,678,797
School Recognition	1,829,373
Discretionary Lottery Funds	194,772
Other	399,507
Motor Vehicle License Tax (Capital Outlay and Debt Service)	2,316,950
Mobile Home License Tax	520,427
Charter School Capital Outlay Funding	420,661
Food Service Supplement	350,143
State Grants and Other State Sources	989,953
Total	\$ 211,406,834

Accounting policies relating to certain State revenue sources are described in Note 1.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

14. PROPERTY TAXES

The following is a summary of millages and taxes levied on the 2011 tax roll for the 2011-12 fiscal year:

	<u>Millages</u>	<u>Taxes Levied</u>
<u>General Fund</u>		
Nonvoted School Tax:		
Required Local Effort	5.565	\$ 149,474,643
Basic Discretionary Local Effort	0.748	20,091,111
Critical Operating Needs	0.250	6,714,944
<u>Capital Projects Funds</u>		
Nonvoted Tax:		
Local Capital Improvements	<u>1.500</u>	<u>40,289,661</u>
Total	<u>8.063</u>	<u>\$ 216,570,359</u>

15. FLORIDA RETIREMENT SYSTEM

Essentially all regular employees of the District are eligible to enroll as members of the State-administered Florida Retirement System (FRS). Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. The FRS is a single retirement system administered by the Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (Plan), a Deferred Retirement Option Program (DROP), and a defined-contribution plan, referred to as the Florida Retirement System Investment Plan (Investment Plan).

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of both Plans may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in the DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. District employees participating in DROP are not eligible to participate in this program. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The Investment Plan is funded by employer and employee contributions that are based on salary and membership class (Regular Class, Senior Management Service Class, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Employees in the Investment Plan vest at one year of service.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

The State of Florida establishes contribution rates for participating employers and employees. Contribution rates during the 2011-12 fiscal year were as follows:

Class	Percent of Gross Salary	
	Employee	Employer(A)
Florida Retirement System, Regular	3.00	4.91
Florida Retirement System, Elected County Officers	3.00	11.14
Florida Retirement System, Senior Management Service	3.00	6.27
Deferred Retirement Option Program (DROP) - Applicable to Members from All of the Above Classes	0.00	4.42
Florida Retirement System, Reemployed Retiree	(B)	(B)

Notes:

- (A) Employer rates include 1.11 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.03 percent for administrative costs of the Investment Plan.
- (B) Contribution rates are dependent upon retirement class in which reemployed.

The District's liability for participation is limited to the payment of the required contribution at the rates and frequencies established by law on future payrolls of the District. The District's contributions including employee contributions for the fiscal year ended June 30, 2010, June 30, 2011, and June 30, 2012, totaled \$28,610,591, \$30,323,142, \$20,285,889, respectively, which were equal to the required contributions for each fiscal year.

There were 959 District participants in the Investment Plan during the 2011-12 fiscal year. The District's contributions including employee contributions to the Investment Plan totaled \$2,514,898, which was equal to the required contribution for the 2011-12 fiscal year.

Financial statements and other supplementary information of the FRS are included in the State's Comprehensive Annual Financial Report, which is available from the Florida Department of Financial Services. An annual report on the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services, Division of Retirement.

16. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description – The Other Postemployment Benefits Plan (OPEB) is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees and eligible dependents who retire from the District may continue to participate in the District's fully insured health and hospitalization plan for medical and prescription drug coverage. The District subsidizes the premium rates paid by retirees by allowing them to participate in the plans at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. The rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. Additionally, if a retiree participates in a medical plan they receive a monthly Health Insurance Subsidy (HIS) from the District in the amount of \$0.50 per year of service (maximum \$20) until age 65. Retirees are required to enroll in the Federal Medicare programs parts A and B for their primary coverage as soon as they are eligible. OPEB does not issue a stand-alone report and is not included in the report of a public employee retirement system or other entity.

Funding Policy - For OPEB, contribution requirements of the District are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advance-funded or established a funding methodology for the annual OPEB costs or the net OPEB obligation. As of July 1, 2011, there were 503 retirees and 95 eligible dependents receiving postemployment healthcare benefits. For the 2011-12 fiscal year the District provided required contributions of \$817,120 toward the annual OPEB costs, comprised of payments made on behalf of retirees for claims expenses, retention costs, and net of retiree contributions totaling \$4,413,549, which represents 1.4 percent of covered payroll. Required contributions are based on projected pay-as-you-go financing.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

Annual OPEB Cost and Net OPEB Obligation – The District’s annual OPEB cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined, in accordance with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the District’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District’s net OPEB obligation for the fiscal year ending June 30, 2012:

Description	Amount
Normal Cost (service cost for one year)	\$ 2,562,207
Amortization of Unfunded Actuarial Accrued Liability	1,306,363
Interest on Normal Cost and Amortization	154,743
Annual Required Contribution	4,023,313
Interest on Net OPEB Obligation	468,229
Adjustment to Annual Required Contribution	(418,069)
Annual OPEB Cost (Expense)	4,073,473
Contribution Toward the OPEB Cost	(817,120)
Increase in Net OPEB Obligation	3,256,353
Net OPEB Obligation, Beginning of Year	11,705,730
Net OPEB Obligation, End of Year	<u>\$ 14,962,083</u>

The District’s historical annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of the June 30, 2012, and the two preceding years, were as follows:

Fiscal Year Ended	Annual OPEB Cost	Amount Contributed	Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2010	\$ 3,999,629	\$ 1,950,394	48.8%	\$ 9,385,561
6/30/2011	4,234,012	1,913,843	45.2%	11,705,730
6/30/2012	4,073,473	817,120	20.1%	14,962,083

Funding Status and Funding Progress – As of June 30, 2012, the actuarial accrued liability for benefits was \$33,985,250 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$33,985,250 and a funded ratio of 0.00 percent. The covered payroll (annual payroll for active participating employees) was \$316,242,056 for the 2011-12 fiscal year, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 10.75 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and that actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The required schedule of funding progress immediately following the notes to financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions – Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The District's OPEB actuarial valuation for the 2011-12 fiscal year used the entry age normal cost actuarial method to estimate the unfunded actuarial liability and to determine the annual required contribution. Because the OPEB liability is currently unfunded, the actuarial assumptions included a 4 percent rate of return on invested assets, which is the District's long-term expectation of investment returns. The actuarial assumptions also included a payroll growth rate of 3.5 percent per year, general inflation of 2.5 percent, and an annual healthcare cost trend rate of 9.0 percent initially for the 2011-12 fiscal year, reduced to an ultimate rate of 5.5 percent for the fiscal year ending June 30, 2018. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The unfunded actuarial accrued liability was amortized over 30 years in calculating the District's 2011-12 fiscal year annual required contribution.

17. CONSTRUCTION CONTRACT COMMITMENTS

The following is a summary of major construction contract commitments remaining at fiscal year-end:

Project	Contract Amount	Completed to Date	Balance Committed
ORMOND BEACH MIDDLE SCHOOL - New Construction:			
Architect	\$ 2,604,954	\$ 2,559,334	\$ 45,620
Contractor	8,598,440	6,722,985	1,875,455
Total	<u>\$ 11,203,394</u>	<u>\$ 9,282,319</u>	<u>\$ 1,921,075</u>

18. JOINT VENTURES

A joint venture is a legal entity or other organization that results from a contractual agreement, and is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control in which the participants retain: (a) an ongoing financial interest or (b) ongoing financial responsibility. As discussed below, the District participates in a joint venture.

The District entered into an agreement with the Flagler County District School Board and Daytona State College pursuant to Section 163.01, Florida Statutes, and Chapter 98-302, Laws of Florida, to construct and operate a charter technical career center. The charter technical career center does business as the Volusia Flagler Advanced Technology College, Inc. (ATC), a separate legal entity, and is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, and Section 1002.34, Florida Statutes. Because the sponsoring governments (sponsors) have an on-going financial interest and financial responsibility, the ATC is considered a joint venture. The ATC Board of Directors, which oversees the ATC's operations, has 11 members: one member is the chief executive officer from a sponsor, and is appointed on a rotating basis from each sponsor to a one-year term; six members are appointed by the sponsors (two members are appointed by each sponsor); and four members are elected by the seven appointed board members.

The District's capital contribution was \$10,000,000 as provided in the agreement and is reported as an investment in joint venture in the Statement of Net Assets. The agreement provides a vested interest for each sponsor for the purposes of recouping of investments and the allocating of assets and assuming liabilities upon termination of the agreement. In the event of termination of the agreement, the capital assets purchased by the ATC will be appraised and sold. The profits will revert to the sponsors based on their proportionate equity in the ATC as defined by the agreement. As of June 30, 2012, the District's proportionate share of profits to be distributed in the event of termination of the agreement was 58.8 percent.

The total cost to construct the ATC facility was \$25,500,000 and was financed through capital contributions from each sponsor as provided in the agreement. However, the District holds title to, and is considered the owner of, the facility and the site on which the facility is located. Pursuant to the agreement, the District must lease the facility to Daytona State College for a period of 40 years.

District School Board of Volusia County, Florida
Notes to the Financial Statements
June 30, 2012

Daytona State College serves as the fiscal agent for the joint venture.

ATC is accounted for as a proprietary joint venture. An audit of the ATC's financial statements was conducted by an independent certified public accountant, and copies of the audit report can be obtained from the ATC's administrative office or the District's administrative office.

19. RISK MANAGEMENT PROGRAMS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, general liability, and fleet coverage are being provided on a self-insured basis up to specified limits. The District has entered into agreements with various insurance companies to provide specific excess coverage of claim amounts above the stated amount on an individual claim basis, and aggregate excess coverage when total claims, minus specific excess coverage, exceed the loss fund established annually by the District. The District has contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

Property and casualty coverage is obtained through purchased commercial insurance. The property insurance fund is used to track premiums and any claims expense. In the 2011-12 fiscal year, property insurance coverage amounts remained at \$50 million for wind and \$125 million for all other perils with no significant change in coverage or premiums.

A liability in the amount of \$4,260,843 was actuarially determined to cover estimated incurred, but not reported, insurance claims payable at June 30, 2012.

The following schedule represents the changes in claims liability for the past two fiscal years for the District's self-insurance program:

<u>Fiscal Years</u>	<u>Beginning-of- Fiscal-Year Liability</u>	<u>Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year-End</u>
2010-11	\$ 5,685,303	\$ 1,330,267	\$ (2,086,594)	\$ 4,928,976
2011-12	4,928,976	1,129,680	(1,797,813)	4,260,843

Health and hospitalization coverage are being provided through purchased commercial insurance.

Settled claims resulting from the risks described above have not exceeded commercial coverage in any of the past three fiscal years.

20. LITIGATION

The District is involved in several pending and threatened legal actions. In the opinion of District management, the range of potential loss from all such claims and actions should not materially affect the financial condition of the District.

Amounts received or receivable from grantors are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by grantors cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

21. SUBSEQUENT EVENTS

During the April 24, 2012 meeting, the Board voted to terminate the charter school contract with Reading Star Academy of Excellence, Inc., citing contractual violations. On August 17, 2012, the District and charter school signed a stipulated agreement for the dissolution and termination of the charter school. The agreement was approved by the Board at its August 28, 2012 meeting.

Combining and Individual Fund Statements and Schedules

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Food Service Fund - Used to account for the activities of the District's food services function. These activities are funded primarily through local charges and Federal awards.

Contracted Federal Programs Fund - Used to account for programs funded by Federal sources requiring separate accountability because of legal or regulatory restrictions.

Debt Service Funds

Debt service funds are used to account for the accumulation of resources for, and the payment of, long-term debt principal and interest.

SBE/COBI Bonds Fund - Used to account for the payment of principal, interest, and related costs on the state school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the State-assessed motor vehicle license tax.

Certificates of Participation Fund - Used to account for the payment of principal, interest, and related costs pertaining to the District's certificates of participation.

Capital Projects Funds

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects.

Certificates of Participation Fund - Used to account for capital project activity funded through certificates of participation.

Capital Outlay and Debt Service Fund - Used to account for capital project activity funded by the District's portion of the State Capital Outlay and Debt Service program.

Impact Fees Fund - Used to account for capital project activity funded through impact fees.

Local Sales Tax Fund - Used to account for capital project activity funded through local sales tax.

Sale of Property Fund - Used to account for capital project activity funded through the sale of property.

Charter Schools' Capital Outlay Fund - Used to account for capital project activity for the charter schools' capital outlay funds.

Internal Service Funds

Internal Service Funds

Internal Service Funds are used to account for the financing of goods and services provided by one department to other departments within the school district on a cost reimbursement basis.

Workers' Compensation Fund - Used to account for the financial activities of the District's self-insured workers' compensation program.

Property Insurance Fund - Used to account for the financial activities of the District's property insurance coverages.

General Liability Fund - Used to account for the financial activities of the District's self-insured general liability coverages.

Fleet Insurance Fund - Used to account for the financial activities of the District's self-insured fleet coverages.

Fiduciary Funds

Fiduciary Funds

Fiduciary Funds are used to report resources held by a governmental unit in a trustee or agency capacity for others and therefore, cannot be used to support the government's own programs.

Private-Purpose Trust Funds - Used to account for the resources of the District's trust and endowment funds for DeLand High, Spruce Creek High, Seabreeze High, and Samsula Scholars.

Agency Funds - Used to account for resources of the school internal funds which are used to administer monies collected at the schools for student, athletic, class, and club activities and to account for resources that are held for a voluntary employee benefits program.

Nonmajor Discretely Presented
Component Units

Nonmajor Discretely Presented Component Units

The component units columns in the basic financial statements include the financial data of the District's nonmajor discretely presented component units.

Reading Edge Academy, Inc., Samsula Academy, The Chiles Academy, Inc., Richard Milburn Academy of Volusia County, Volusia Elementary Charter School, Inc. d/b/a Boston Avenue Charter School (Volusia Elementary), Ivy Hawn Charter School of the Arts, Burns Science and Technology Charter School, Inc., and Reading Star Academy of Excellence, Inc., Charter Schools - are separate not for profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools operate under charters approved by their sponsor, the Board, and are considered to be component units of the District since they are fiscally dependent on the District and create a financial burden on the District.

Futures, Inc. - is a not for profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds, receive, hold, invest, and administer property and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires Futures to be authorized and approved by the District. It is considered to be a component unit of the District since the District must approve all members of Futures' Board and the District has the ability to impose its will on the organization. It is considered to be a discretely presented component unit, because the two boards are not the same and Futures does not provide services entirely or nearly entirely to the District.

Statistical Section

Statistical Section

This part of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	101
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	114
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	119
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	126
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	128

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

District School Board of Volusia County, Florida
Notes to Schedule of Expenditures of Federal Awards
For the Fiscal Year Ended June 30, 2012

1. Summary of Significant Accounting Policies

Basis of Presentation

The Schedule of Expenditures of Federal Awards represents amounts expended from Federal programs during the 2011-12 fiscal year as determined based on the modified accrual basis of accounting. The amounts reported on the Schedule have been reconciled to and are in material agreement with amounts recorded in the District's accounting records from which the basic financial statements have been prepared.

Noncash Assistance

National School Lunch Program:

The amount reported for food donation represents the amount of donated food received during the 2011-12 fiscal year. Commodities are valued at fair value as determined at the time of donation.

ARRA State Energy Program:

Represents noncash assistance provided for the acquisition and installation costs for solar photovoltaic systems at four schools designated as emergency shelters.

2. Contingency

The grant revenue amounts received are subject to audit and adjustment. If any expenditures are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the District. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable Federal and State laws and regulations.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Volusia County District School Board as of and for the fiscal year ended June 30, 2012, which collectively comprise the District's basic financial statements, and have issued our report thereon under the heading **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**. Our report on the basic financial statements includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the school internal funds and seven District charter schools (Reading Edge Academy, Inc.; Samsula Academy; The Chiles Academy, Inc.; Richard Milburn Academy of Volusia County; Volusia Elementary Charter School, Inc. d/b/a Boston Avenue Charter School; Ivy Hawn Charter School of the Arts; and Burns Science and Technology Charter School, Inc.) presented as discretely presented component units, as described in our report on the Volusia County District School Board's financial statements. For the seven District charter schools presented as discretely presented component units, this report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a

reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to District management in our operational audit report no. 2013-039.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

David W. Martin, CPA

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Compliance

We have audited the Volusia County District School Board's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the fiscal year ended June 30, 2012. The District's major Federal programs are identified in the **SUMMARY OF AUDITOR'S RESULTS** section of the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major Federal programs is the responsibility of District management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2012. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and which is described in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** section of this report as Federal Awards Finding No. 1.

Internal Control Over Compliance

District management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to Federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major Federal program to determine auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above. However, we identified a certain deficiency in internal control over compliance that we consider to be a significant deficiency as described in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** section of this report as Federal Awards Finding No. 1. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Management's response to the findings described in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** section of this report is included as Exhibit A. We did not audit management's response and, accordingly, we express no opinion on the response.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

Pass-Through Entity: Florida Department of Education

**Program: ARRA - State Fiscal Stabilization Fund (SFSF) – Race-to-the-Top Incentive Grants,
Recovery Act (CFDA No. 84.395)**

Finding Type: Noncompliance and Significant Deficiency

Allowable Costs/Cost Principles – Documentation of Time and Effort. United States Office of Management and Budget (OMB) Circular A-87 requires that charges to Federal awards for salaries and wages be based on payrolls documented in accordance with generally accepted practices of the governmental unit and approved by a responsible official of the governmental unit. Where employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employee worked solely on that program for the period covered by the certification. These certifications will be prepared at least semiannually and signed by the employee. Where employees are expected to work on multiple cost activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation. These reports must reflect an after-the-fact distribution of the actual activity of each employee, cover the total activity for which the employee is compensated, be prepared at least monthly, and be signed by the employee.

For the 2011-12 fiscal year, the District reported total Race-to-the-Top (RT) program expenditures of \$4 million, of which salary and benefits totaled \$356,100 for eight employees. To determine the propriety of RT program expenditures, we tested 25 expenditures totaling \$1.6 million. Our test disclosed that the program funded the salaries and benefits of two employees 100 percent and another employee 90 percent but the employees did not maintain appropriate records, such as semiannual certifications or personnel activity reports, to evidence the actual time devoted to program activities. Further review of the program expenditures and related support disclosed that the program funded the salaries and benefits of the remaining five employees 100 percent and those employees also did not maintain required semiannual certifications. District personnel indicated that these oversights occurred because the Curriculum Office, responsible for administering the program, was unfamiliar with the record keeping requirements. Subsequent to our inquiry in September 2012, the eight employees signed confirmations to evidence that the salaries and benefits charged to the program were correct.

When Federally-funded employees do not delineate their job responsibilities and work activities by properly maintaining required semiannual certifications or personnel activity reports, there is an increased risk that personnel costs may be inappropriately charged to a Federal program.

Recommendation: The District should enhance its procedures to ensure that required semiannual certifications or personnel activity reports are maintained to support Federal salaries and benefits charges.

District Contact Person: Bambi Lockman, Deputy Superintendent for Instructional Services

MANAGEMENT'S RESPONSE

Management's response is included as Exhibit A.

**District School Board of Volusia County, Florida
 Summary Schedule of Prior Audit Findings - Federal Awards
 For the Fiscal Year Ended June 30, 2012**

Listed below is the District's summary of the status of prior audit findings on Federal programs:

Audit Report No. and Federal Awards Finding No.	Program/Area	Brief Description	Status	Comments
Moore Stevens Lovelace, P.A.		There were no prior Federal audit findings.

MANAGEMENT'S RESPONSE (CONTINUED)

November 13, 2012

Finding: Allowable Costs/Cost Principles – Documentation of Time and Effort

Volusia County School District does maintain procedures to ensure that required semiannual certifications or personnel activity reports are maintained to support Federal salaries and benefits charges. Since the Race to the Top grant was a pass through state funding, there was a misunderstanding as to this requirement. At no time was district personnel notified by the Florida DOE Race to the Top Coordinators as to this mandate.

Immediately, upon understanding this requirement, processes and procedures were put in place. It is noted that when the audit did verify the RTT personnel, they were correctly identified and all expenditures tested were properly verified.

To ensure that employee semiannual certifications and personnel activity reports, to evidence the actual time devoted to program activities, are collected, employees from the 2011-2012 school year submitted the appropriate paperwork and that information was relayed to the Auditor General's office.

Procedures and processes are in place, handled through the Instructional Services offices. All documents for the current year are up-to-date and verified.
