

Security Update

Security Plans

- Our Security plans are “For Official Use Only, Safety Sensitive Information” Not for public or media release F.S. 119.071.
- Required by law, rule and regulation:
 - Homeland Security Directive 5 and 8.
 - F.S. 1006.07 (6) Office of Program Policy Analysis and Government Accountability: “Best Practices”.
 - Administrative Rule 69A-58.004 Fire Safety Inspections.
 - Support Services Policy 510.

Security Update

Comprehensive Emergency Management Plans (CEMP) addresses a range of events and hazards caused by both nature and people, such as:

- Natural disasters (earthquake, tornado, hurricane, flood, Tsunami)
- Severe weather
- Fires
- Chemical or hazardous material spills
- Bus crashes
- School shootings
- Hostage Situations
- Bomb threats
- Medical emergencies
- Student or staff deaths (suicide, homicide, unintentional, or natural)
- Acts of terrorism
- Outbreaks of disease or infections

Security Update

- Emergency (Crisis) management is a continuous process in which all phases of the plan are being reviewed and revised.
- Good plans are never finished. They can always be updated based on experience, research, and changing vulnerabilities.

Security Update

- School Districts are required to be NIMS compliant and update NIMSCAST annually.
- We belong to CFIX with two (2) certified ILO and our bus operators are First Observer trained.
- Department of Homeland Security, Transportation Safety Administration conducted a baseline assessment of our transportation security process: Overall score was 99%.

Security Update

- **Four strategies that strengthen security and provide protection:**
- Access Control: we can limit access to our students and staff by keeping all doors locked at all times. (Positive key control will allow access to rooms by authorized personnel)
- Gate control: limit access to the campus by securing all gates except for the main gate (entrance)
- Visitor Management procedures:
 - Require all visitors to report to the main office.
 - Require all visitors to show Proper Identification, have a valid reason to be on campus, then sign-in and display the school's visitors pass.
 - Have all staff challenge any unauthorized person on campus. This includes parents that have not checked in at the main office and are not displaying an approved pass and/or badge.
 - All parents should be using the parent drop off/pick-up loop and not walking around on campus.
- Communication: Inform staff if they "See Something; Say Something". Be alert to *suspicious behavior* on and around your campuses. Report suspicious behavior to your local law enforcement agencies and your supervisor.

Security Update

- Superintendent has met with the Sheriff and all Police Chiefs
 - They will continue to have a presence in and around our schools
 - 26 SRO/SRD's on our campuses
 - 14 VCSD Deputies
 - 10 DBPD
