

Earn While You Learn

You're smart, career-focused and ready for a well paying career right now. Consider a career in **Advanced Manufacturing** and apply to FL FAME Advanced Manufacturing Technician (AMT) work and learn opportunity.

The FL FAME–AMT Program blends classroom instruction with onsite work experience at a sponsoring company's manufacturing facility. It is a selective admissions program where students are chosen to participate by a sponsoring company based on the student's academic success, math capabilities, dependability, and interpersonal skills during the interview process.

In just five semesters you can graduate with:

Engineering Technology Associate Degree

FAME AMT Certificate

Two Years Work Experience

Potentially Zero Student Loan Debt

A Promising Career in a High Demand Field

Originally created by Toyota the FAME (Federation for Advanced Manufacturing Education) AMT program is considered by many to be best program in the world of its kind. Acclaimed by many education leaders and manufacturers. *(Brookings Institution & Opportunity America, October 2020)*
