Employment Needs:

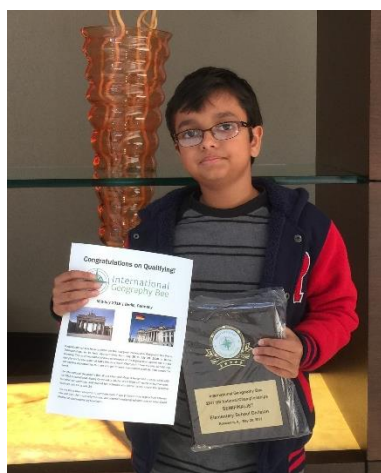

## COMMENTS

It has been a busy month and a half preparing for the new school year, primarily in the office. No facility projects occurred this summer other than setting up the second middle school classroom. However, Smart TV's were installed in most classrooms, purchased with Fun Run moneys. In addition, those funds were used to purchase nine iPads for the K/1 classes, a microscope for middle school that is compatible with the Smart Board, and classroom sets of anthologies for the upper elementary.

The Intel PC Pal grant funds purchased laptops for each teacher to allow for consistency of software, as well as flexibility for the teachers in doing their work.

I received an email and photo from one of our families whose son won a geography competition at the National level. He will participate next summer Internationally!!!

With their encouragement, I will be organizing a CMP-SJ completion in the National Geographic Society's Geography Bee, hopefully for this school year. A minimum of 8 students, 4<sup>th</sup> through 8<sup>th</sup> grade are needed to enroll. So far, Orangevale has 3 interested students. With AR & Carmichael, we should easily reach the required number.

**Pranov with his award**
