2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

The Mission of the California Montessori Project is to offer a quality, tuition-free Montessori Education that challenges our students to reach their full potential.

The Vision of the California Montessori Project – Elk Grove Campus is to provide a comprehensive education that supports the academics and development of every child, facilitates a relationship with the environment, while empowering every student to be an agent of change for life.

CMP offers an environment which has the programs, resources and school climate to enable students to become educated to high academic standards and to develop themselves to their fullest capacity as competent, happy, productive individuals, family members, workers, and contributors to a better society and a peaceful world.

This mission is achieved through the dedication and commitment of the CMP Learning Community: parents, teachers, community groups, the legislature, CMP Governing Board, Campus Advisory Committee (CAC), and, most importantly, the individual child.

CMP is committed to small class size, highly-qualified Teaching Assistants and highly-qualified, dual-certified Teachers (California Teacher Credential and age-appropriate Montessori Certification) in every class.

The CMP—Elk Grove Campus is comprised of two sites. The original facility located on Elk Grove Blvd is a former public school campus leased through the Cosumnes Community Services District. The facility houses an office and five traditional classrooms. This site serves students in Kindergarten thru 3rd grade. The school grounds include a spacious field, a playground, and a large asphalt play area with a basketball court. The second facility is located just 2.2 miles from the original site on Bradshaw Road. Ten acres of land houses school offices, 16 classrooms, a library/Club M room, Learning Center and a large multipurpose room. This site serves students in Kindergarten thru 8th grade. The school grounds include a separate Kindergarten play area, a large asphalt play area, and a large play field. Custodial and maintenance services are provided in the late afternoon and evening through contractual services and parent volunteers.

CMP-Elk Grove Campus serves students in Kindergarten through Eighth grade. As a public charter school, there is an open enrollment policy.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

California Montessori Project will focus on:

- Visual and Performing Arts – Mentorship programs
- Articulated Music Program - Band
- Science – Hands-on-Science activities and Next Generation Science Standards (NGSS)
- Library – Furnishings, Increasing inventory of books, Electronic inventory management system
- Supporting Teachers through significant, on-going salary increases
- Supporting Teacher Assistants with professional growth opportunities - Super Duper Saturdays, Early Release Professional Development Days, Montessori Training/Overview
- Supporting Deans of Education through empowerment and leadership training
- Campus specific projects
- Technology
- Play Equipment
- Facilities
- Counselor
- Enrichment
- Writing
- Character Education
- Math
- Safety
- Communications

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved

performance for these students.

Greatest Progress

CMP is continuing to invest in compensatory packages for credentialed teachers. Teacher salary increases have been implemented, effective beginning July 2016 through December 2019. CMP anticipates an increased teacher retention rate, based on the Governing Board-approved annual CTC salary hikes over the next three years. CMP believes that this increased stability in teaching staff will result in more effective instruction to all students, especially low-income, English-learners and foster youth.

The CMP network offered monthly professional development opportunities (Super Duper Saturdays) for Teaching Assistants. These opportunities were designed to increase the level of competence and confidence of the TAs as they provide support to both students and teachers in the classroom.

Dean of Students Passion Projects -

Lisa Coker - Social Emotional Learning for Staff & Students-assembling Resources

Dorothy Hilts - Expanding on LCAP goals and actions/services

Library - The biggest part of this year involved keeping up the momentum from summer 2017 and finishing up the cataloging of the campus libraries. With the help of volunteers and staff members, CMP libraries are currently on track to have all campuses circulation ready (all the materials and students entered in the library software, Atrium) by the beginning of the August 2018. At that time, there will be approximately 29,000 circulating items across the network.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

CMP has identified the following areas of need:

1. Science Curriculum
2. Mathematics - Best practices and consistency; Focused math intervention by Deans of Students at each campus and the Director of Program

According to the California School Dashboard, the following are areas of need:

1. Suspension Rate

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

None.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Increased or Improved Services

* Based on identification, additional support and tutoring will be offered

* Based on identification, enrichment activities will be offered

Actions/Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services

CMP will use network-wide articulated character education programs:
 CMP will explore character education programs, and, will continue to use the following character education programs:

- “The Self-Awakened Child” (J. Wolff) for children 3-9 years old
- “Seven Habits of a Highly Effective Team” (S. Covey) for children 10-14 years old

Actual Actions/Services

CMP used network-wide articulated character education programs:

CMP explored character education programs, and, will continue to use the following character education programs:

- “The Self-Awakened Child” (J. Wolff) for children 3-9 years old
- “Seven Habits of a Highly Effective Team” (S. Covey) for children 10-14 years old

Regular character trait assemblies were held, following a scope and sequence, to highlight a specific trait from “The Self-Awakened Child”.

Action 3

Planned Actions/Services

Increase Depth of Knowledge (DOK) and extended mathematical thinking instruction within our existing math curriculum:

- Identify areas of growth in the math curriculum via assessment scores, staff feedback, and teacher survey
- Gather resources to meet needs (trainings, digital, materials, sample extensions, etc.)
- Plan implementations with in grade level PLC and network curriculum teams
- Incorporate DOK and real world problems into curriculum

Actual Actions/Services

The PLC model was introduced to staff. CMP began using Ten Marks online math program for 3rd-8th grade students, and created a Ten Marks mentor team to support the program at the campuses. STAR Math continues to be used as an assessment tool. CMP identified areas of growth through CAASPP math claims analysis.

Action 4

Planned Actions/Services

CMP will create a robust science program:

- Network Curriculum Level Teams will review and compare the current curriculum guides to NGSS
- Discussion and implementation of alignment of current curriculum guide to meeting requirements of NGSS
- Identify Science Mentors whom will facilitate the expansion of the Montessori science program at each campus
- Official approval of New Curriculum Guide by CMP Leadership Team
- Develop an action plan for funding new materials needed to align curriculum
- Train teachers on effective instructional strategies regarding NGSS.

Actual Actions/Services

CMP created a robust science program:

- Network Curriculum Level Teams reviewed and compared the current curriculum guides to NGSS;
- Discussion and implementation of alignment of current curriculum guide to meeting requirements of NGSS - Upper Elementary completed;
- Teacher training was offered on effective instructional strategies regarding NGSS through Early Release Day professional development opportunities, and off site professional development opportunities available throughout the school year.

Action 5

Planned Actions/Services

To research and adopt a writing curriculum:

- Establish and convene a writing committee
- Research and collect a pool of potential writing curricula
- Select program(s) to pilot
- Gather teacher and student feedback on pilot

Actual Actions/Services

CMP researched and adopted a writing curriculum:

- Established and convened a writing committee
- Reviewed standards
- Researched and collected a pool of potential writing curricula
- Selected program(s) to pilot
- Gathered teacher and student feedback on pilot
- Trainings were provided

Action 6

Planned Actions/Services

CMP will meet the needs of English Language Learners:

CMP Admin team will revise the CELDT Process Operations Manual. The Admin Team will also write the process of re-designating students under ELPAC.

Actual Actions/Services

CMP will meet the needs of English Language Learners:

CMP Admin team has not revised the CELDT Process Operations Manual yet.

Budgeted Expenditures

Action 7

Planned Actions/Services

Increase student's Smarter Balanced test scores for English-Language Arts and increase reading to analyze and understand a range of literacy texts and informational texts:

CMP will implement SIPPS, a reading intervention program. CMP will continue to have network curriculum leads meet throughout the school year to review curriculum guides, best practices, rubrics, etc. CMP will implement STAR Reading for assessments and Accelerated Reading for a support curriculum.

Actual Actions/Services

CMP implemented SIPPS, a reading intervention program. CMP network curriculum leads met throughout the school year to review curriculum guides, best practices, rubrics, etc. CMP used STAR Reading for assessments and Accelerated Reading for a support curriculum.

Decrease student suspension rate and improve student behavior by creating a Peaceful and Positive Community:

CMP staff will emphasize Peace Education to address the majority of disciplinary actions, prior to them becoming larger (suspendable) issues. CMP staff plan to take the following steps:

- Administration survey all stakeholders to gather perception data
- Pre-intervention data collection, disaggregation and analysis
- Professional development on RtI processes and strategies crafted and delivered based on data results
- Develop and present a parent education program
- Post-intervention data collection, disaggregation and analysis

CMP staff emphasized Peace Education to address the majority of disciplinary actions, prior to them becoming larger (suspendable) issues. CMP staff administered a survey of stakeholders to gather perception data on the climate and safety of the school.

CMP will provide all students with access to a contemporary school library:

CMP will provide books, furnishings and/librarian.

CMP provided all students with access to a contemporary school library. CMP provided books, furnishings and/or a part time librarian. The part time librarian role is to oversee operations including coordination of part time volunteers. CMP staff and volunteers provided cataloging of the campus libraries and created and attached spine and classification labels to those materials that did not already have them. In general, the classification labels divide the library into distinct sections based on reading ability that can help students and teachers choose the book that is right for them.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

CMP continues to place a great deal of importance on this goal "Student Support - Educating the Whole Child". Emphasis was placed into standard curriculum areas (writing, science, math, english-language arts, etc) as well as the socio-emotional side of the student (character education, conflict resolution, etc). One of the greatest areas of implementation seen across the network is the enhanced library systems, hiring of a school counselor and the PLC model.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve the goal of "Student Support - Educating the Whole Child" was measured with mixed results. While CMP received lower CAASPP scores, CMP students received support and guidance in many other socio-emotional areas. CMP is continuing to use the CAASPP scores to further refine and build those programs.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Based on this analysis, CMP defined its greatest needs as Science and Math Curriculum and Suspension rates.

- Special Education training for General Education CTCs
- Super Duper Saturdays for TAs
- Early Release Professional Days (ERPDs), trainings varied for all campus staff
- External Trainings (AMS, CCSA, CSDC, AERIES, ACSA, etc)
- In-Service Training days, trainings varied for all campus staff
- Empowerment support for Deans of Education to choose a site-based project (includes PD in best budget practices)

Action 5

Planned Actions/Services

CMP will ensure that all lead teachers hold a valid Montessori Teaching Certificate, or agree to enroll and complete certification if employment is offered:

If lead teachers need guidance in obtaining the certification, CMP will provide.

Actual Actions/Services

CMP ensured that all lead teachers held a valid Montessori Teaching Certificate, or agreed to enroll and complete certification if employment was offered. The overall implementation of the actions/services to achieve the "Network Support" goal was successful. Every action/service item listed was either partial or fully implemented.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve the "Network Support" goal was successful. Enhancements made to technology and to providing network-wide support staff have lessened the load at the campus level.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Based on this analysis: CMP will continue to restructure network-wide positions to ensure that the positions are fully implemented; CMP will add additional network-wide resources to support areas in which need deeper support (math and reading specialists, etc).

Stakeholder Engagement

LCAP Year: 2018-19

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

California Montessori Project-Elk Grove (CMP-EG) has provided numerous opportunities for stakeholder engagement, as part of the greater California Montessori Project (CMP) 7-campus network, as well as an individual charter school within the Elk Grove Unified School District (EGUSD). Over the past five years, there have been numerous occasions where community input was collected to improve the CMP program. Network opportunities have included community participation in the ongoing accreditation processes through the Western Association of Schools and Colleges (WASC) and the American Montessori Society (AMS), 2017 through 2023. In addition, members of the CMP Learning Community, as well as the public-at-large, have been invited to attend monthly meetings of the CMP Governing Board, and to provide input at the Strategic Planning Session at the Board's Annual Retreat. CMP Governing Board Minutes reflect the LCAP being discussed at the Annual Meeting on November 4, 2017. During the months of April and May, CMP's Executive Director, Gary S. Bowman and/or CMP-Carmichael Principal, Laurien Spiller, met with 7 distinct groups of stakeholders, representing the CMP Learning Community, at-large, to receive input on school improvement. On April 17th and May 17th the Executive Director and/or the CMP-San Juan Principal met with the CMP-Elk Grove community sharing components of the Local Control Funding Formula (LCFF) and the Local Control and Accountability Plan (LCAP), including the eight state priorities. Community members present at the meetings were asked for suggestions on how LCFF funding could support school improvement. Input from the stakeholders was, subsequently, organized into the eight state priorities and the input was reviewed for common threads. Considerations of fiscal impact and timeline were considered. The stakeholder meetings were well-received, and input was freely shared from the participants. This input contributed to the 2018 LCAP Plan (see 'Impact on LCAP'). The Executive Director will continue to solicit community input for the future LCAP revisions.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

In developing the LCFF Budget for the 2018-2019 school year, CMP leadership sought input from parents, pupils, both classified and certificated staff, and school leaders. In the area of 'Stakeholder Engagement' sessions, CMP sought genuine, unfiltered input. Accordingly, CMP leadership committed to holding the meetings in casual settings, which would allow Stakeholders to feel comfortable while providing candid and honest input. These settings included Principal's Cafés, Campus Advisory Councils, Staff Meetings, and Student Circles. At the meetings, CMP leadership shared information regarding the Local Control Funding Formula (LCFF) and the Local Control Accountability Plan (LCAP), including the '8 State Priorities.' Participating stakeholders were invited, in a round-robin style, how they would spend LCFF dollars to bring improvement to the CMP program. The length of each meeting was determined by the stakeholders, themselves, as every participant was allowed to contribute his/her input, until such time as all ideas had been exhausted. Stakeholders have also been invited to submit additional input by email to the Executive Director (gbowman@cacmp.org) and/or Development Consultant, Stephanie Garrettson (sgarrettson@cacmp.org). It is the Executive Director's observation that the stakeholders have been greatly appreciative of the opportunity to have their ideas heard. CMP leadership met with CMP Staff, Parents and Students at the various Stakeholder Engagement Sessions. The Staff and Parents provided valuable (and welcome) input regarding School Improvement. At the same time, Student input was found to be especially refreshing and valuable. While much of the student input was consistent with that of the adults (including the importance of art/music programs, technology, campus beautification, etc), students also provided critical input from their unique point-of-view. These student sessions, including students as young as kindergarten-age, were remarkable and poignant. CMP Leadership considered all of the input to be a great foundation for building the LCFF budget. These sessions also identified at each site opportunities for the site Principals to collaborate with their communities. The Principals are cognizant of ideas that have not been incorporated into the formal plan, but can be focused on at the campus level. After the Stakeholder Engagement Sessions, the input provided was organized according to the 8 State Priorities, by site, as well as network. Based on Stakeholder input, the following expenditures were incorporated into the 2018-2019 Budget: • Teacher retention through increased compensation • Contemporary Library • Optimal Technology-Supported Curriculum • Science Curriculum Enrichment • Writing Curriculum • Team Collaboration Time • Site Improvements, including playgrounds • School Counselor Support • Campus Beautification Projects • Teacher Assistant Professional Development Opportunities • Character Education: Peer Mediation and Conflict Resolution Opportunities • Equipping School Leaders – Professional Development and Special Projects • Articulated Music Program • Network Positions – Testing Coordinator and Directors of Program • Visual and Performing Arts - Mentorship Programs • Safety • Communications

Student Support – Educating the Whole Child

State and/or Local Priorities addressed by this goal:

State Priorities: 2, 5

Local Priorities:

Identified Need:

CMP students' needs will be better served with additional socio-emotional/health services. The California Assessment of Student Performance and Progress scores indicate that CMP-SJ can provide focus on raising ELA scores and on reading. There is a need to support student achievement in mathematical thinking and application. CMP Science curriculum needs to be examined to align and incorporate the NGSS to provide our students with a more contemporary and competitive curriculum. The most recent California Assessment of Student Performance and Progress scores indicate that there is a need for the school to address writing in a systematic way. English Language Learners need to have multiple support tools made available in order to become re-designated and to understand academic content in a concrete manner. Students can only access their education if the classroom environment is optimal and students are compliant with the school rules and philosophy. Campus administration is looking to reduce the number of classroom/school disruptions, referrals and suspensions. Students need to have greater access to Visual and Performing Arts, Foreign Language and Music. CMP students need access to a contemporary school library.

Goal 3

Staff Support

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 5

Local Priorities:

Identified Need:

Students will be taught by teachers with the highest level of teacher training, including training in Montessori methodology. With more financial incentive to continuously serve the CMP Learning Community, students will have more opportunities to be instructed by experienced staff. Teachers will have better focus on teaching the students within the classroom if there is additional staff support to assist with additional needs. With small class ratios, students will have more opportunities for one-on-one instruction. To engage the teaching staff in a continual process of collaborative inquiry and improvement of student learning.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

CMP continues to substantially increase overall certificated and classified staffing to provide increased services for unduplicated pupils. Dedicated instruction in ELD is expected to increase the number of EL students being re-designated, to increase EL student performance, and to reduce the amount of time students spend as EL students before re-designating. Additional support and mentoring is also provided to students eligible for free/reduced lunch and foster students.

CMP also continues to provide mentoring, one-on-one assistance, tutoring, and additional materials and services to ensure all unduplicated pupils are fully served and that all Supplemental and Concentration Grant funds are expended on increased or improved services to unduplicated pupils on a schoolwide basis.
