COMMENTS

The entire Shingle Springs team is celebrating our ACS WASC and AMS Dual Re-Accreditations! We just received notice this week that our Accreditations were granted with a term of 6 years. We have reviewed both the AMS and WASC Reports and are committed to working on the long-term goals we have set for ourselves in the areas of Next Generation Science Standards, enhancements to our Writing Curriculum, and professional development in the area of technology integration. Looking back on the process and the outcomes, we all feel it was a very worthwhile experience!

Our student-led Water Bottle Refill Station Team officially unveiled our first Water Bottle Refill Station this week! Students Maddy S., Ethan R., and Patrick H. worked together to make Maddy's 5th Grade Nature Bowl Project come to life! These three students researched water bottle stations, sought grants, wrote letters to local businesses requesting donations, designed and sold CMP Hawks water bottles, and earned enough money to bring the first-ever Water Bottle Refill Station to the school! Maddy, Ethan, and Patrick unveiled the water bottle station with the entire Middle School student body and urged them to help support the sale of water bottles in order to raise the funds to install a second station on our Lower Elementary Campus. Kudos to these students for all their efforts in making their dream a reality!
