**Risk Assessment Template**

**Cover Sheet Only**

The Site Safety Committee will insert their Risk Assessment behind this page, except in any publically distributed versions of this document.

Specific information to include in your risk assessment is:

**1. School Facility/Location**

**a. Location of School and Neighborhood**

(Fill in information about where your school is located and describe the neighborhood your school is in. Example: CMP-AR's current enrollment is approximately 400 Tk-8<sup>th</sup> grade students located on the Little John Elementary School Site within the San Juan Unified School District in the community of Fair Oaks. The school site is situated in a neighborhood of family homes.)

**b. Building Information**

- i. [Each CMP Site will need to make this section specific to their campus. Example: CMP-AR is located on a 40-acre lot and includes four buildings (a multipurpose room, offices, and two wings of classrooms) a basketball court, a baseball field, and one staff parking lot. All classes take place in the two wings. Our school was built in [1969] by [San Juan unified school district] and is [brick and mortar, modular, etc].
- ii. Each CMP site will need to include a map of the building annotated with after hour's number, site spec maps, evacuation routes, shelter locations, fire alarm pull station, fire hydrants, fire extinguishers, first aid kits, hazardous material storage, and utility shutoffs and is reflected in Appendix 1-8. All staff members are required to know these locations as well as how to operate the utility shutoffs.

**2. School Population**

**a. General Population**

CMP-[AR's] current enrollment is approximately [     ] Tk-8<sup>th</sup>. These students are supported by a committed staff consisting of:

A master schedule of where classes, grade levels, and staff are located during the day is provided to each classroom and is available in the main office. The master schedule is included with this Risk Assessment for reference.

b. Special Needs Population

CMP is committed to the safe evacuation of students and staff with special needs.

The special needs population includes students/staff with:

- Limited English Proficiency
- Blindness or Visual Disabilities

The school's current enrollment of students with special needs is approximately [X]; however, this number will fluctuate. Students and/or staff may require additional assistance if they are temporarily on crutches, wearing casts, etc.

**CONFIDENTIAL**  
**Site Map of the Building**

**Cover Sheet Only**

All staff members are required to know these locations as well as how to operate the utility shutoffs. If you lease your property your landlords will need to be contacted for this.

**CONFIDENTIAL**  
**Vicinity Map**

**Cover Sheet Only**

Each CMP site will need to include a Vicinity Map behind this page, except in any publically distributed versions of this document.

This will be a Google Image of your site and surrounding area including your offsite assembly area.
