### COMMENTS

The students and staff are watching the incredible progress being made with the campus expansion project and are already making plans on how they're going to set up their new classrooms! It is exciting to see how much progress has been made during this dry spell. We are hoping that the schedule continues to allow us to move into our expanded campus facilities over our April Spring Break.

We kicked off the month of February with a real focus on Science. The 4<sup>th</sup>/5<sup>th</sup>/6<sup>th</sup> graders participated in their favorite field trip of the year by visiting the Discovery Museum for a "Mission to Mars". The kids are still talking about all the things they did to save their missions! The teachers are building enthusiasm for our February 25<sup>th</sup> Science Fair where projects and experiments will be on display for students and their families to tour.

The new Chromebooks are being utilized by students and teachers with great enthusiasm. Students comment when they have to use one of the "old laptops" (purchased just last year! ☺) instead of a Chromebook. What fun to see everyone so eager to embrace new technology!

We have started the planning process for the upcoming school year as the Re-Enrollment Survey is underway, new sibling Lottery Forms are being turned in, and our tours continue to bring in many interested parents. We look forward to planning for the use of our new facilities and welcoming a few new students and their families into the CMP Shingle Springs Community.
