

# California Department of Education School Accountability Report Card California Montessori Project – Capitol Campus

Reported Using Data from the 2019-2020 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <u>https://www.caschooldashboard.org/</u> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **About This School**

California Montessori Project (CMP) is a charter public school network in the greater Sacramento area. CMP-Capitol continues to thrive as part of the CMP network, but also as a unique campus within the Sacramento City Unified School District.

#### School Description and Mission Statement (School Year 2019-2020)

The Mission of the California Montessori Project is to offer a quality, tuition-free Montessori Education that challenges our students to reach their full potential

#### **California Montessori Project - Network**

California Montessori Project (CMP) is a public charter school network (K-8) serving over 2,700 students on seven campuses located throughout the greater Sacramento area. Previously sponsored by the Wheatland School District from 2001 through 2006. CMP currently operates under four charter authorizers: Buckeye Union Elementary, Elk Grove Unified, Sacramento City Unified and San Juan Unified School Districts. CMP campuses are located in Shingle Springs, Elk Grove, Sacramento, Fair Oaks, Orangevale and Carmichael.

The Vision of the California Montessori Project is to provide a Montessori education that supports the intellectual, social and emotional development of every child.

This will be achieved by:

- Promoting independence
- Teaching respect for oneself and others
- Building confidence
- Creating a sense of social responsibility, and
- Empowering every student to be a global citizen.

California Montessori Project offers an environment which has the tools, programs, resources and support to enable students to become educated to high international academic standards and to develop themselves to their fullest capacity as competent, happy, productive individuals, family members, workers, and contributors to a better society and a peaceful world.

This is achieved through a commitment from the community: parents, teachers, community groups, the legislature and, most importantly, the individual child.

The California Montessori Project provides a Montessori curriculum, aligned with the Common Core State Standards, for students ranging from Kindergarten through eighth grade. *The California Montessori Project is committed to serving the best interest of the student.* Parental participation is highly valued in terms of the contribution it makes to the child's education and the school community.

#### **Fundamental Values:**

Internationally high academic standards and expectations of achievement, with emphasis on core subjects, are maintained through adherence to these values:

- Small total school populations and low student/teacher ratios
- Creative, passionate, progressive teachers who are committed to Montessori philosophy
- Responsibility, accountability, and freedom for individual student progress within the academic framework
- Challenges to develop critical reasoning, openness to encourage creativity, and opportunities to facilitate service
- High, unwavering standards of conduct, emphasizing respect for self and others, honesty, responsibility, and courtesy
- Emphasis on collaboration, peer governance, problem-solving, and goal-setting according to developmental readiness
- High parental involvement and collaboration in education and governance

The Montessori philosophy states that a child has an innate desire to learn and produce purposeful, meaningful work. Dr. Maria Montessori believed that the role of an adult in a child's education is to provide an appropriate environment, complete with tools and methods, to facilitate the child's own discovery of knowledge and skills at the time when it has the most impact for him/her as an individual. This system has a foundation based on trust and respect of the individual, and a belief that children will soar beyond traditional expectations.

CMP holds that an educated person is well-rounded and balanced. The CMP student shall become a collaborative member of a community, motivated to set and achieve high goals. CMP encourages students to demonstrate empathy towards others through respectful and productive communications. The student is guided to view him/herself as a global citizen who is empowered, and responsible, for making positive changes in the world within the immediate environment. The CMP student develops personal habits leading to a healthy lifestyle which includes leisure, work, family, exercise, nutrition and community.

### California Montessori Project – Capitol Campus

The California Montessori Project - Capitol Campus, is a public charter school offering a high quality, tuition-free, Montessori education to Kindergarten – 8<sup>th</sup> Grade students, under a charter authorized by the Sacramento City Unified School District. CMP is accredited by the American Montessori Society (AMS) and the Western Association of Schools and Colleges (WASC). CMP teachers are highly qualified and possess a California credential and a Montessori certification for the age group they are teaching, and in many instances, are also trained in other levels of Montessori education.

As a Montessori school, CMP offers smaller class sizes that provide individualized learning. CMP students have individual work plans that address specific needs and interests, and provide academic challenges at all grade levels. As a charter school, CMP takes pride in blending California Common Core State Standards with Montessori lessons and methodology, and is proud of the student achievement, measured, in part, by a high ranking in the California Assessment of Student Performance and Progress (CAASPP).

The CMP-Capitol mascot is the eagle and the motto is "Eagles S.O.A.R." which stands for "Safe, Offer peace, Always respectful and Responsible." Peace education and character education are integral parts of the CMP curriculum. Teachers are also trained in Mindfulness and all classes practice mindfulness. CMP serves a diverse community that brings richness to the academic program. Parents are valued members of the community and are considered partners in the education of the children. Together, the school and the parents work to educate the children and help them be responsible, respectful, contributing members of the community.

#### Brett Barley, CMP Network Superintendent

Brett Barley is currently serving as California Montessori Project's third Superintendent. Prior to joining the California Montessori Project, Brett served in a few different roles, including: Superintendent at Wonderful College Prep Academy (WCPA), a network of free public charter schools serving students in California's Central Valley; Deputy State Superintendent for Student Achievement at the Nevada Department of Education, overseeing many different offices, and supporting schools and districts across the state in implementing instructional best practices from early learning to college and career readiness; Vice President with StudentsFirst, a national non-profit organization focused on organizing parents, teachers, and other community members to advocate for great schools for all children; Director of Education for the Silicon Valley Leadership Group, a non-profit business organization representing the interests of more than 400 of Silicon Valley's largest and most influential technology companies; and fourth grade teacher in San Jose, California at

a school where 100% of the students received free or reduced-priced lunch and 70% were English-Language Learners.

Brett earned his undergraduate degree from the University of Florida and his law degree from the University of San Diego. Brett comes from a family of public school educators. His mother was an elementary school teacher and literacy coach, his father was a school psychologist, his sister is a special education teacher, and his wife is an elementary school teacher. He is the proud father of two sons, both of whom attend Montessori preschool.

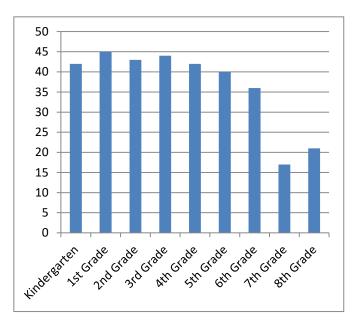

## Bernie Evangelista, CMP-Capitol Campus Principal

Bernie Evangelista has been with California Montessori Project since its inception in 2001. She first served as the Principal of the Elk Grove Campus for three years, then created the Middle School Program at the Carmichael Campus as the Middle School Director for two years. In 2006, Bernie joined the Capitol Campus as the School Principal and since then, increased the student population from 130 to over 330 students. Prior to her administrative role, she worked as a Teaching Assistant, Pre-School Teacher, and Lead Teacher of various grade levels over a span of 10 years. Bernie has business experience, public and private school experience and possesses several Montessori Credentials. She has a deep passion for Montessori education and works hard at creating a climate and culture that embodies Maria Montessori's values and principles.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-2021)

CMP utilizes the American Montessori Society's recommended materials list when selecting Montessori instructional materials. For all other curricular and supplemental materials and programs, the process is to gather input from a variety of stakeholders to present to the administrative leadership team for determining implementation. All students are provided with copies of textbooks and instructional materials.

### **School Facility Conditions and Planned Improvements**

The CMP-Capitol Campus is housed in a SCUSD facility at the Thomas Jefferson school site. The Jefferson Campus features a large grassy field with soccer and baseball fields, a blacktop area with tetherball and basketball courts, a playground structure, garden boxes, numerous bathrooms, a library, multi-purpose/lunchroom room with stage, 14 classrooms, Resource Room and staff room.

The Jefferson facility, currently leased through June 2021, allows for expansion due to student growth. The school was built in 1963 and a Plant Manager and part time Custodian maintain the facility from 6:00 a.m. to 6:00 p.m. The sponsoring district, SCUSD, takes care of the maintenance needs of the campus.

The school grounds are completely fenced and all entry points are locked during the school hours for the safety of all. The only access to the school is the main door leading to the office. All classrooms, as well as, the Multi-Purpose room have two entry/exit doors that remain locked during the day.

CMP-Capitol completed its latest Site Safety Assessment on November 17, 2020. The campus perimeter and surrounding areas were deemed to be in good condition, meeting all standards. The team noted a couple of campus improvement projects to further enhance the campus: pine needles covering front walkway into campus, hand dryers in restroom to be replaced with paper towels, multipurpose room lights need to be replaced.

## B. PupilOutcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

• Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards (CCSS) for students with the most significant cognitive disabilities).

## CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

| Subject                                       | Percent of Students Meeting or Exceeding the State Standards |         |         |         |         |         |

• Note: Cells with N/A values do not require data.

• Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

• Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

• Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## C. Engagement

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts made to seek parent input in making decisions for the school.

#### **Opportunities for Parental Involvement (School Year 2020-2021)**

Parents are our partners in the education of our students. Parent input and participation are vital in ensuring a successful educational experience for our students. Parent participation gives a firsthand view of how the classroom community functions and is an essential component of our program. In the classroom, parents provide assistance by reading with students, helping in computer work, giving spelling tests, making materials, giving presentations about their career, sharing their specific skills/talents (ceramics, sewing, crocheting, etc) and many other ways. Outside the classroom, serving as parent chaperones and drivers on field trips, are two of the most important ways parents support the school, as it allows for the opportunities for learning outside of the classroom. Parents can also volunteer as Yard Duty Monitor, Lunch Monitor, Hall Monitor, and Pedestrian Monitor. Help in planning fundraising events and support during the actual events, such as the Annual Jog-a-Thon, Spring Fest, Silent Auction, and Book Fairs, are fun ways to participate in the program. For those who have time constraints during the school day, parents can also take work home. Making materials, washing rugs and placemats, and labeling library books, are some ways work from home can be done. During the school closure due to the COVID pandemic, parents were recruited to assist in making individual Montessori Materials for each of our students to use in their Distance Learning programs. During this time, parents have been amazing partners in facilitating the education of their children during Distance Learning.

Parents are also involved in many leadership roles, including service on the Campus Advisory Council and the CMP Governing Board. Serving on one of the school committees is another way of being involved: Room Parent Committee, Fundraising Committee, Art Committee, and Garden Committee. Lastly, parents may also provide enrichment opportunities as part of the After-School Program such as Running Club, Basketball, Bird Club, and Volleyball.

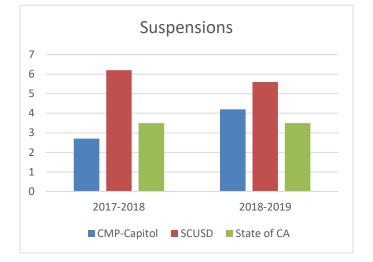

#### State Priority: School Climate

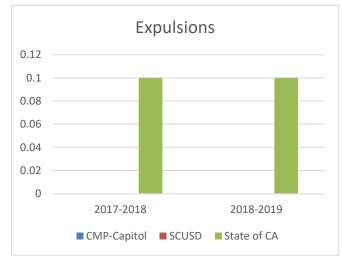

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### **Suspensions and Expulsions**

| Suspensions Rate | 0.59%         | 3.7%                                    | 0.01%   |
| Expulsions Rate  | 0.00%         | 2.6%                                    | 0.06%   |

• Note: The 2019–2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to prior years.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

## Average Class Size and Class Size Distribution (Elementary)

In the Montessori methodology, classrooms are structured into multi-age groupings. Multi-age spans in classrooms are based on the philosophy of the family unit. Just like in a family environment where younger members learn from the experience of the older ones, children in a multi-age group setting learn from each other. Children develop the skills to negotiate, cooperate, and accept ideas other than their own. Since all children are at different stages in their learning and development, negative competition between children is practically non-existent. Younger students benefit by having mentors and role models, and learning from peers as well as adults. The older, more advanced student gains confidence and leadership skills. By mentoring the younger peer, the older student reinforces his/her own academic knowledge. CMP continues to maintain a low student/teacher ratio by keeping small class sizes. Instructional assistants, Montessori specialists, parent volunteers, and other program specialists further reduce the student-to-adult ratio.

### Average Class Size and Class Size Distribution (Secondary)

One of the goals of the California Montessori Project is for all teachers to have both their Montessori and California teaching credentials. When a teacher has only one of these credentials, he/she will enroll in an approved program to obtain the other. In many situations, a co-teacher and/or teaching assistant is also supporting in the classroom. CMP Teaching Assistants have knowledge and/or background in early childhood education as well as previous successful experience working with children. These staff positions are supervised by the Lead Teacher.

CMP is committed to highly trained teachers and dedicates significant resources toward ongoing professional development. Each year, CMP reserves several non-instructional service days for focused staff training and professional growth to include such topics as: Response to Intervention, Special Education, Montessori curriculum development, academic planning, on-line supplemental curriculum training and other areas of educational specialty.

CMP offered staff 6 days of preservice meetings that allowed campus administration to inform, train and support staff during the transition to the digital platform for distance learning. Training was offered on the online programs and technology platforms, focusing on: Google Classroom, Clever integration, managing our new Distance Learning website, incorporating iReady Math and Reading, and creating resources that could be shared network wide. Time was provided for grade level teams to collaborate after training and for individuals to process the information and prepare Google Classrooms and the work for the students. Other training topics also offered: safety, distance learning model and website, attendance, Special Education services, Teacher Assistant training, interventions/MTSS/RTI, parent communication, new curriculum guides, priority standards, new curriculum, ways to support students and parents, etc.

CMP also offers twice monthly Early Release/Professional Development opportunities that directly enhance teaching practices in line with the school's mission and vision. CMP offers teacher induction support for newly credentialed teachers as well as tuition assistance for approved outside professional development events and activities. In addition, CMP offers four Super Duper Saturdays of professional development training that specifically provide professional development for teaching assistants, offering opportunities to move them up in their career path.

Finally, CMP provides both tuition assistance and compensation incentives to teachers pursuing cross certification in Montessori education through accredited training centers. This additional level of teacher preparation consists of a rigorous course of study combined with practical classroom experience. In combination with CMP's entire professional development program, the result is highly-trained teachers who are ready to lead students into the 21st century.
