FCA operates under the assumption that your swimmer(s) will attend each age/ability appropriate meet. If you cannot attend the meet or can only attend certain days, you must complete the google decommit form prior to the deadline. If you do not complete the form prior to the deadline, you will be entered into the meet and charged the appropriate amount of meet fees. Two exceptions to this rule:

1. All Championship Meets will require you to confirm your participation rather than decommitting.
2. 9-10 year old swimmers: Coaches will communicate prior to the end of September if your swimmer(s) should attend development meets and/or A/BB/C meets

Payments are to be submitted online through a payment link or via check. Failure to submit payment for swim meets in a timely manner will result in the coaching staff not entering your swimmer(s) into future meets and/or inability to register for future team programming.
