Ranger Round Up

From the Principal's Desk

Recently, there has been much discussion at LHS about the use and overuse of technology. This discussion started when the PTA Council brought the movie "Screenagers: Growing Up in the Digital Age" to our community and to our student body. If you were unable to attend the screening, I would like to share some of the concerns and lessons learned that emanated from this documentary:

- *75% of teens get inadequate sleep.* The presence of electronic devices disrupts sleep cycles. Removing all types of technology from the bedroom improves sleep and improves academic performance.
- *Multitasking is linked to less retention.* Cell phones should be put away in another room when doing homework and studying. Students claiming, they do better with the screens on is simply not true.
- *The average time kids in the U.S. spend looking at screens is 6.5 hours a day!* This does not include time spent in the classroom or doing homework. Students should have a built-in time each day when all technology is turned off and put away. Self-control is hard, so decrease temptations by putting technology out of sight.
- *More than half of kids report seeing parents text while driving*. Put phones and devices away in the car. In Lakewood, it is now illegal to text while driving and it is a primary cause of accidents in our country.
- *Face-to-face conversations improve mood and empathy.* Set time aside to have discussions with your children each day without the distractions of technology.
- *In an international survey, 32% of youth reported feeling "unimportant" when their parents used cell phones during meals, conversations, and family time.* Be fully present when your child is around, by putting the cell phone away and closing the computer screen.
- *Anxiety is actually worsened by retreating into the virtual world.* Anxiety is increased when a person uses their technology to avoid uncomfortable situations, instead of learning strategies to address stressful moments.

The facts and lessons shared are not designed to cast stones at anyone; they are provided as an opportunity to reflect on how we can find balance in the digital age. Technology can be a great tool for communication, learning, and relaxation. However, too frequently, it has become an addiction that is impacting our academic, social, and emotional health. My challenge to myself, and to all of us in the Lakewood community, is to be more aware of the negative consequences of excessive technology, and to make small changes to disconnect with the digital world so we can connect more to the human element.

Sincerely,

Mr. Walter

Superintendent's Message

As we move closer to the new year, we also move closer to the opening of the renovated Taft building, which will be called the Taft Center for Innovation. The building, which will open in January, will house our Board of Education offices, our new all-day preschool program, and our partners in higher education.

We believe this new space will create an amazing synergy for our administrators, staff and students as we see our innovative vision of providing our students the education and advantage, they need from PreK through college all under the same roof. This vision will grow as we eventually expand our full-day PreK and add more higher learning partners to our current partners in the University of Akron and Cuyahoga Community College.

Innovation will also happen in our new professional learning space that has been created where the former school's gym once stood. Here, our staff members will have a place to come together to learn best practices with each other so that we are providing the best instruction possible for our students. It is so critical that our teachers, administrators and staff are continually learning just as our students.

We look forward to sharing this exciting new space with the community with an Open House in January. We hope to have that date soon to share with you.

I wish everyone a happy holiday season!

Sincerely,

Michael J. Barnes, Ed.D

LAKEWOOD Athletic BOOSTERS

{ booster
[**boo**-ster]
noun
• a person or thing that boosts, especially an energetic and enthusiastic supporter. }

Why join Lakewood Athletic Boosters?

When you join Lakewood Athletic Boosters, you join a team of parents, guardians, coaches, teachers, and community members who support middle school and high school athletics in the Lakewood City School District. Thanks to the Athletic Boosters' fundraising efforts, Lakewood's pay-to-participate fees are among the lowest in Northeast Ohio! Concession stand sales and our annual Night at the Races event raise thousands of dollars annually.

Member benefits include:

- Earn $2.50 in BOOSTER BUCKS for every hour *you or your student* volunteer. BOOSTER BUCKS can be used to offset the cost of your student's pay-to-participate fees. You or your student can volunteer to work in the concession stands, helping to operate the Ranger Shop, or serving on one of our committees. Best of all, your BOOSTER BUCKS won't expire as long as you keep your membership current!
- 10% discount in the Ranger Shop
- Scholarship opportunities for graduating seniors
