

Earn College Credit

Did you know West Shore Career-Technical Programs offer students the opportunity to earn college credits similar to Advanced Placement (AP) courses?

Every West Shore Career Tech Program offers college credits.

You have **three different ways** that you can earn college credits:

- Receive Tech Prep college credit through West Shore's Northeast Tech Prep Regional partnership
- Apply for CT² credit which is a statewide college credit system
- Utilize bilateral agreements that are available with private colleges or other program-specific credit opportunities

Earning college credit requires acceptable performance and attendance in your chosen West Shore program. Individual colleges maintain their own criteria. College credit will not be granted if specific criterion is not met.

In general, most colleges require a 2.0/2.5 cumulative grade point average (CGPA) and a 3.0 in the Career-Technical program.

Required paperwork and deadlines need to be met to earn college credit.

Automotive Technology

Dream. Plan. Begin.

About

Do you have a fascination with cars, their parts, what makes them run?

Then Automotive Technology is for you.

This 2-year program is available your junior year.

You will be introduced to industry standards in the automotive and transportation field. You will learn about shop and safety practices, tools, equipment handling/operation, and basic introduction to servicing a vehicle. Your classroom lessons will correlate with active “hands-on” lab activities.

You will be learning and training in the different automotive systems in order to prepare for the numerous Automotive Service Excellence (ASE) certifications.

Automotive Technology 1—Jr Year

4 periods worth 4 credits

Prerequisite: Algebra 1 (completed or currently passing)

Automotive Technology 2—Sr Year

3 periods worth 3 credits

Prerequisite: Automotive Technology 1

Certifications

2-year student certification:

- Engine Repair
- Automatic Transmission
- Manual Transmission and Drivetrain
- Steering and Suspension
- Brakes
- Electrical
- Heating and Air Conditioning
- Engine Performance
- Automotive maintenance
- Automotive Service and Technology

Possible Careers

With further education and training after high school, Automotive Technology students' career options are:

- Manufacturer Technician
- Deal Technician
- Franchise Technician
- Independent Technician
