

Earn College Credit

Did you know West Shore Career-Technical Programs offer students the opportunity to earn college credits similar to Advanced Placement (AP) courses?

Every West Shore Career Tech Program offers college credits.

You have **three different ways** that you can earn college credits:

- Receive Tech Prep college credit through West Shore's Northeast Tech Prep Regional partnership
- Apply for CT² credit which is a statewide college credit system
- Utilize bilateral agreements that are available with private colleges or other program-specific credit opportunities

Earning college credit requires acceptable performance and attendance in your chosen West Shore program. Individual colleges maintain their own criteria. College credit will not be granted if specific criterion is not met.

In general, most colleges require a 2.0/2.5 cumulative grade point average (CGPA) and a 3.0 in the Career-Technical program.

Required paperwork and deadlines need to be met to earn college credit.
