RANGER ROUND UP

From the Principal's Desk

"*There's something for everyone*" is a slogan we promote at Lakewood High School to our incoming freshmen, new students, and to all our student body. There has never been a more important year for students to reconnect with their peers, be involved in school activities, and get back to being Rangers. After a year of isolation and remote instruction, students need the personal connection that extracurricular activities provide.

Students who join extracurricular activities gain far-reaching benefits that touch on many aspects of a student's development. Students who participate in activities outside the classroom learn new skills, have improved academic performance, develop their social skills, meet new friends, and learn important time management skills.

In the video, "*What I Wish I Knew as a Freshman*," LHS staff and students repeatedly gave the advice to join clubs, groups, and athletics. This list of LHS Clubs, Groups, and Athletics provides over 80 opportunities for your student to engage in the Lakewood High School community and reap the benefits of being a Ranger.

Please share this list with your children and discuss opportunities that may be of interest to them. You will see there are many non-cut sports and a variety of educational, community service, and just plain fun activities to become involved in. The coaches and teachers want your students to be members of these great organizations.

So, come join us...***there's something for everyone!***

Purple & Gold Gala

Join fellow parents, neighbors, faculty and friends at the

*Saturday **October 16, 2021** at Gordon Green.*

The Purple & Gold Gala returns to celebrate our schools and raise funds for the programs of the Lakewood Rangers Education Foundation, including LREF's instrument rent to own program and music lesson scholarships. LREF contributed significant funds toward LHS Marching Band uniforms and drumline!

Our theme is "*Back to School*!" and we promise a fun evening of food and beverages by Spice Catering as well as games & special 'experience' auction prizes in an exciting new event space where attendees can spread out both indoors and outdoors.

Our special guest for the evening is Purple & Gold Gala Honorary Chair, Dr. Chuck Greanoff. Among his many talents, "Dr. G" is a legacy alumnus, LHS multi-sports reporter, former president of the LREF Board of Trustees, dedicated teacher, and amazing reunion tour guide.

Please join us to celebrate our schools, honor Dr. G and raise money for academics, athletics, the arts, teaching grants and scholarships for Lakewood's students.

What is ASVAB?

- The United States Army offers a **FREE** Career Exploration Program to 11th and 12th grade students.

Why ASVAB? ASVAB has several purposes! Which fits your child's needs?

- To determine a college major with confidence in your ability to reach your goal
- To find you strengths—whether it be in Mathematics, Science, Mechanical principles, English, Automotive Knowledge or Electronics Information
- To learn what professions/occupations in today's workforce are compatible with your interests and abilities
- To take the actual placement test used by the military for new recruits. This test session can be used as a practice test **OR** the scores can be used for actual placement into the military.

How do you sign up?

- Stop in to the Career-Technical Office by Monday Oct. 11

When is ASVAB?

- **October 13** --- 8:00- 11:00am
  (The same day the 10th graders are taking the PSAT test in the morning)

Why does the USA do this? Is it a recruitment tool?

- This is a **service project** conducted by the U.S. Armed Forces for the general public. Matching student's skills and interests to the workforce benefits all of us.
- Your results are **not** shared with any of the Armed Forces unless you do yourself.

How do I take this assessment?

- Report to the assigned classroom well rested with a great attitude to do your best!
- After the test, a workshop will be set to review the results and career choice.

Health, Safety, and Welfare

Brigette Dineen

We are finally back in school, back to a routine, and I could not be happier. Both of my kids are now LHS students and I am really looking forward to a great school year. I am also proud of our school board and administrators for choosing to implement a mask mandate in order to help keep our community healthy and keep our kids in the school buildings.

I won't bore you with another article about masks and hand hygiene. I would hope we all have that down pat by now. Something that I have been wanting to talk about for some time is the dangers of fentanyl poisoning. I used to hear stories of deaths due to fentanyl and, although saddened, thought I was somehow immune to this world because I wasn't a drug addict or heroin user. Tragically, more and more people of all ages, backgrounds, education, and income levels are succumbing to death by fentanyl. Sometimes they have a history of drug use, many times they have never taken drugs before. What usually happens is that someone buys "street drugs" (not from a pharmacy) either online or from "a friend", and thinks it is a Percocet pill or oxycodone or something else when in reality that pill is full of fentanyl, a very strong and deadly synthetic opioid. It can happen to anyone of any age, but teens and young adults are especially susceptible to risky behavior. With fentanyl pills, it just takes one mistake, there is no second chance.

Some ways to avoid a tragic fentanyl death are not to take any drugs not prescribed to you (this is the preferred way), to have access to Narcan (an injection that can immediately reverse the effects of opioids), to not use alone (so that someone can call for help or administer Narcan), and to test the drug beforehand to make sure it does not contain fentanyl. Testing the drug is as simple as using a small sample of the drug, mixing it with some water, and using a fentanyl test strip (FTS). I think that every household should have at least one FTS and that everyone in the house know where it is. I don't think having a test strip is an admission or encouragement of drug use, it is simply a safety measure. Like condoms or a fire extinguisher, it is something you may never use, but want to have on hand when or if you need it.

I personally am so passionate about this because of my niece, Emmalee, who died February 1, 2021. She was a 2011 graduate of Lakewood High School. Many of you parents may have kids that were classmates of hers, many of you teachers may have had her as a student. She was hilarious and kind and generous and had a bright future. She loved her job as a stylist because she got to help people feel good about themselves. We think she got a pill from someone that she thought was Percocet, she was alone when she took it, and now she is dead. I firmly believe that if she had a test strip in her house, in a kitchen drawer or in her purse, that there was a good chance she would have used it and not taken that pill. She knew she was taking a chance with this random pill. Like many young people, she probably felt invincible and was impulsive, but not suicidal. We miss her terribly. I hope that my daughters would never take an unknown drug, knowing first-hand the risk and what a fentanyl death does to a family, however we do have test strips in our house.

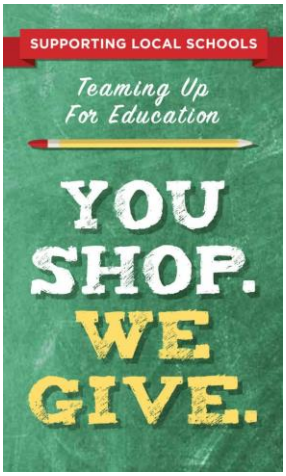

The ADAHMS (Alcohol, Drug Addiction, and Mental Health Services) Board of Cuyahoga County has gifted me with a large supply of FTS to share with our community. Please let me know if you would like any for yourself, or if you would like many to distribute to family and friends. There is a huge stigma surrounding fentanyl deaths (sometimes referred to as overdoses; I call them murders, but that's another article entirely). It is something people don't want to talk about, and some may even cover up the details about a loved one's death for fear of judgement. Trust me, your kids already know more than you think. I was having a conversation with a college-aged girl recently. I mentioned Olivia Rodrigo (long story) and she was surprised that I knew who that was because, she said, her mom probably didn't know who Olivia Rodrigo was. Girl, your mom knows who Olivia Rodrigo is just as you know more about drugs than your mom thinks you do. Every generation does not give the other generations enough credit.

For me, I will never forget the moment my sister walked into my kitchen while I was baking a birthday cake for my oldest daughter to tell me that her oldest daughter was dead. These fentanyl deaths happen so often that I know many of you have similar stories of losing a loved one, carrying unshakable moments of hearing the news. If you feel called to write letters to congressmen and senators, please do that. If you feel called to share your story, please do that. We can all share information with our kids and families. We can arm them with ways to make risky behavior safer (if that makes sense). If just one person decides to test a drug and not take it because it has fentanyl, it will be worth it.

Be safe!

Did your last power struggle with your child leave you feeling burnt out? What if we shifted our mindset around parenting and stopped trying to make our kids happy all the time?
