RANGER ROUND UP

From the Principal's Desk

Vaping - Fentanyl Makes E-cigarettes More Dangerous

Last year this article on the dangers of vaping was included in the Ranger Roundup. Unfortunately, the vaping epidemic has grown. Teens nationwide are quickly becoming addicted to this product which contains more nicotine than a traditional tobacco product. Lakewood is not immune to this trend.

Recently, there have been reports of lethal overdoses related to vape cartridges that were **laced with the strong synthetic opioid fentanyl.** These products are especially frightening because they are often purchased on the streets and can even be purchased by unscrupulous store owners who are selling black market products to unsuspecting minors. These products are packaged to make them appear to be legal vape cartridges, but even those selling these products don't know what is in them.

These are the cold, hard facts about vaping:

- They are not safe alternatives to smoking. E-cigarettes contain highly addictive nicotine and other dangerous chemicals that impact brain development and damage lungs.
- Vapes can be laced or even produced with THC which is the chemical that gives the hallucinogenic effect in marijuana.
- There are growing reports of vapes being laced with the highly addictive and lethal opioid fentanyl. A dose of fentanyl as small as a pinch of salt can be lethal.
- Vaping and e-cigarettes are illegal to be sold or used by anyone under the age of 21.
- Buying or using vape cartridges from a "friend" or from anyone who would provide one to a minor increases the chances that they may contain substances that can be lethal.
- More Ohioans have died this year of an opioid overdose than at any time since the epidemic began.
- 100,000 Americans, a record number, died in the last 12 months from overdoses

At Lakewood High School we are working hard to curb the use of vape pens through increased surveillance, education, disciplinary consequences involving a vaping education course, and collaborating with the Lakewood Police Department for legal consequences. However, our efforts are not sufficient alone. We need the help of every parent/guardian to talk to their students about the dangers of vaping. We need families to be more vigilant in watching for signs that their children are vaping. We all need to be part of the education and prevention effort around the e-cigarette epidemic that is harming our students. To learn more about identifying vaping devices, please see this very informative news segment on how vape pens can be hidden in plain sight.

Sincerely,

Mr. Walter

STILL TIME TO FILL OUT STRATEGIC PLAN SURVEY

The District has extended its deadline to fill out its parent/community survey seeking input for its strategic planning process. If you have not had a chance to share your thoughts about the District, now is your chance! The survey will be open until March 11. Complete survey here.

SPRING BREAK

NO SCHOOL – Mar 14th-18th

Superintendent Maggie Niedzwiecki will hold her last Listen & Learn session of the school year on **Wednesday, March 23 at 6 pm** in the auditorium of the Lakewood Public Library main branch. Come share your thoughts about the school year and get a District update from the superintendent.

February Students of the Month

Congratulations to the following students, earning recognition from their teachers and the School Counseling Department!

LHS School Counseling Department

Upcoming LHS School Counseling Events

March 2, 2022 - SAT administration to all juniors

March 30, 2022 - 6:00 PM - College Admissions Panel - LHS Cafeteria

April 7, 2022 - ELA 2, Part 1 End of Course exam

April 8 - ELA 2, Part 1, End of Course exam

April 19 - US History + Government, Parts 1 + 2
April 20 - Algebra + Geometry, Part 1
April 21 - Algebra + Geometry, Part 2
April 22 - Biology, Parts 1 + 2

College Admissions Panel

The LHS School Counseling Department would like to invite you to our annual College Admissions Panel Night on Wednesday, March 30th at 6:00PM in the LHS Cafeteria. This is a great opportunity to hear firsthand from a variety of College representatives.

The following Colleges will be in attendance: The Ohio State University, Cleveland State University, University of Mount Union, Tri - C, and Miami of Ohio.

FAFSA

Seniors, please remember to complete your FAFSA if you plan on attending College next year! 85% of students who complete the FAFSA receive some kind of financial aid. What do you have to lose? Remember to complete your FAFSA and know that Mrs. Sandoval, our College Now advisor, can help!

LHS School Counseling Department

Seniors Please Start to Apply to Scholarships

Seniors! This is an exciting, yet busy time of the year for you. We enjoy assisting you in the college and career process. Please begin to apply to the scholarships posted in Naviance and on the morning announcements.

College Visits

As a reminder to all LHS students, please listen to morning announcements & check Naviance to find upcoming College Visits! The College Admissions Officers are scheduled in the LHS Cafeteria.

To All Parents and Guardians

Just a reminder that students can have individual counseling or check-in sessions with their assigned School Counselor in person. It can often be helpful for students to have someone at the school that they can talk to

when feeling overwhelmed or dealing with personal struggles. If your student would like a meeting, please email or call your school counselor to schedule a time to meet during his/ her study hall or lunch.

College Now Updates

Please be sure to review the College Now flyers included in this month's Ranger Roundup outlining upcoming key events.

Join our Google Classroom!

Our department has created grade level google classrooms to help communicate important information to students and families. Please join our classrooms:

10th: f3wvdcm
11th: rp6d25f
12th: 6fjqy2j

Join Mrs. Sandoval College Now Google Classroom

Believe in Ohio

All Ohio high school students, who are juniors or seniors during the 2021-2022 school year, and who meet the qualifications below, are invited to apply for a:

Believe in Ohio STEM Innovation and Entrepreneurship Scholarship

The purpose of this scholarship program is to recognize students throughout Ohio for their contributions to STEM Innovation and Entrepreneurship. To ensure that students from all parts of Ohio receive recognition, at least one $1,000 scholarship will be awarded in each of Ohio's ninety-nine State House of Representative districts, and thirty-three Ohio State Senate districts.

Ohio has a long tradition of innovation. Thomas Edison and Orville and Wilber Wright changed the way we live and travel. Neil Armstrong and John Glenn showed us what was beyond the clouds and dared us to dream. Ohio is the birthplace of great innovators and courageous trailblazers. We're calling on you to step forward and join this legacy. Combine your passion for science and technology with a spirit of entrepreneurship to be part of Ohio's future. We believe in you. We believe in Ohio. And we hope you will Choose Ohio First.

Mike DeWine Jon Husted

HOW TO APPLY FOR THIS SCHOLARSHIP

A. Applicants must be a junior or senior in good standing at any Ohio high school (Class of 2022 or 2023).

B. The applicant should have distinguished themselves in a significant, rigorous STEM or entrepreneurship competition, research project, or published manuscript that demonstrates the applicant's potential to become a future innovator. (See additional explanation on the page that follows, as well as some examples of the types of student experiences that might distinguish the applicant.)

C. Applicant must develop and/or source the following documents and *compile them into a single PDF document in the numerical order noted below, which the applicant must attach to their online application.* The online application and template can be found at:
https://form.jotform.com/OhioScience/STEM-scholarship

1. A copy of your current transcript that shows a Grade Point Average of 3.0 or better.
2. An essay written by the applicant that answers the following questions:
   a. Why do you think you deserve this scholarship, and how will it help you prepare for your future?
   b. Discuss, in detail, the significant, rigorous STEM or entrepreneurship competition, research project, or published manuscript that you completed. How did this experience demonstrate your potential to excel as a future innovator?

D. Complete the online application form which will ask the applicant for all their contact information. It will also ask the student to provide the Ohio House and Ohio Senate legislative district numbers in which they live. (How to find this information is explained on the page that follows.) **The online application and template can be found at:** https://form.jotform.com/OhioScience/STEM-scholarship

E. Applicant must provide a letter of recommendation from a (non-family member) teacher, counselor, STEM, or business professional or community leader that discuss the qualities that recommend the applicant for this scholarship. The recommendation letter, referencing the applicant's name & high school should be emailed to: scholarship@ohiosci.org

ALL OF THE STUDENT'S APPLICATION MATERIALS MUST BE SUBMITTED BY FRIDAY, APRIL 15, 2022.

Believe in Ohio

Additional Explanatory Information

What constitutes "a significant, rigorous STEM or entrepreneurship competition, research project, or published manuscript that demonstrates the applicant's potential to become a future innovator"?

- Project/work/research must include an original, properly cited, appropriately researched, written report that justifies and explains the ideas and conclusions expressed. While the project/work/research does not have to be an original idea, it must at least meaningfully improve on an existing idea. The project/work/research must have been externally validated. External validation means there is a mechanism for the student's body of work to be evaluated, judged, or recognized by independent, professional content experts or the consuming public. A high school capstone project that is graded by the student's teacher is not an example of external validation.

Examples of what might demonstrate the student's potential to become a future innovator:

- A *Believe in Ohio* STEM Commercialization or STEM Business Plan.
- A Local Science Day, District Science Day, State Science Day, Northeast Ohio Science & Engineering Fair, Best Medicine competition, NWO Science and Engineering Fair, FFA Agri-science Fairs, Google Science Fair, or other similar science or engineering fair project.
- Any other STEM / Innovation / Entrepreneurship competition of rigor (e.g. through Junior Achievement, DECA, FFA or other similar program). Validation for entrepreneurship programs should include a written component that examines competition, marketplace opportunities, allocation of resources, financial projections, etc. Students who have successfully started their own business would be the ultimate example of external validation.
- Research submitted for grant funding, producing a research manuscript for publication, or having research accepted and presented at a meeting, research symposium, or conference, such as, but not limited to: The Ohio Academy of Science Annual Meeting, Junior Science and Humanities Symposium, Wildlife Research Symposium, Environmental Education Council Conference of Ohio.

How to find out which Ohio House and Ohio Senate legislative district number the applicant lives in and the names of their current Ohio House and Senate officeholders: (Requirement D)

Click here to search for your House District and Representative's Name

Click here to search for your Senate District and Senator's Name

The Ohio Academy of Science will retain scholarship funds for future distribution for those not needing the money in the year of the award. If the student does not attend an Ohio college, university, or post-secondary technical center, and instead enrolls in an out-of-state institution, any scholarship that they may have earned will be forfeited. Scholarships will only be paid for attending any public or private Ohio college, university, or post-secondary technical center.

ALL OF THE STUDENT'S APPLICATION MATERIALS MUST BE SUBMITTED BY FRIDAY, APRIL 15, 2022.

Notes From The Backpack:
Do My Childs Test Scores Really Matter | National PTA

Dr. Andrew Ho

Parents can often feel overwhelmed when they receive their child's test scores. What do the scores mean and do they even matter? Dr. Andrew Ho, a professor at the Harvard Graduate School of Education, breaks down what you need to know about standardized testing so you can understand what really matters for your child's learning and development.
