

## Edmonds SD CTE Dual Enrollment Courses - 2018-19

CTE Dual Enrollment courses provide students the opportunity to earn both high school and college level credit through specific college level courses offered at their high school. Within the Edmonds School District, the following CTE Dual Enrollment options are available:

- **CTE Dual Credit/Tech Prep (TP):** Students can earn college credit which can be applied to college Professional Technical certificate and degree programs.
- **College in High School (CHS):** Students can earn college credit which can be applied toward the requirements for an academic transfer and/or Bachelor's degree.
- **Advanced Placement (AP):** Advanced Placement is a dual-enrollment program created by the College Board offering college-level curriculum and exams to high school students. Colleges often grant placement and credit to students who obtain high scores on AP exams.
- **International Baccalaureate (IB):** International Baccalaureate (IB) is a rigorous pre-university program leading to college level exams in six subject areas. Colleges often grant placement and credit to students who obtain high scores on their IB examinations.

### CTE Dual Credit/Tech Prep (TP) and College in High School (CHS) Courses
