

Statement of Objection (Waiver) to Providing a Social Security Number for Student Identification

Georgia law (20-2-0150) requires public school authorities to request from parents and guardians the Social Security number for students being enrolled in school. The Social Security number is to be incorporated into the official school record for the student.

No student will be denied enrollment in a public school for declining to provide his or her Social Security number or for declining to apply for such a number. A parent or guardian who objects to the incorporation of the social security number into the official school record of their student may have the requirement waived by signing a statement objecting to the requirement.

Statement of Objection

I do not wish to provide the school with the Social Security number of my child/children. (Please see the back of this form for ways in which the Social Security number is utilized by the school system).
