

~*Hugs*~

~*not Drugs*~

Drug Statistics

Tobacco kills about

390,000

Alcohol kills about 80,000

Cocaine kills about 2,200

Heroin kills about 2,000

Aspirin kills about 2,000

The Effects of Drugs...

- Heroin- rush of pleasure, then foggy for hours----very dependent and addicted to the drug
- Marijuana- emotions, memory and judgment changed---- effects short-term memory
- Alcohol- brain damage and blackouts
- Cocaine- paranoia and anxiety--- doesn't care about school, sports...etc
- Meth- destroys brain cells-cant think straight

Woman who used meth...

Before

After

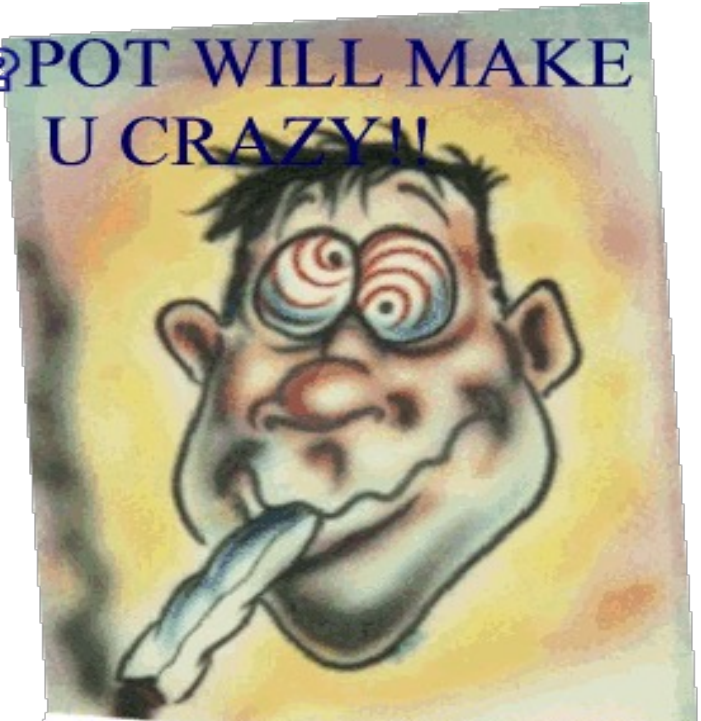

Yuck!!

Do you really want to look like this?

DONT DO IT

Do you really want to be like me? POT WILL MAKE U CRAZY!!

DON'T BE LIKE PUFF

Drugs are deadly!!

GUESS WHY THEY CALL IT DOPE

IT DOESN'T MATTER IF YOU ARE USING
IT OR JUST AROUND SOMEONE WHO
IS.....

IT WILL BE DETECTABLE IN YOUR
SYSTEM FOR MORE THAN A MONTH.

Young
People
&
Alcohol

they don't mix...

EFFECTS OF DRINKING AND DRIVING

Don't Let This Be You

The jaws of Life

How Many Have You Had
