

Algebra I Honors Summer Work

Students enrolled in Algebra II Honors are required to complete our online Algebra Math review through *Methodize Learning*. The online course is 6-units long, self-paced and accessible through your iPad, phone, or other device.

The online course allows students to make-mistakes, watch review videos, and more. Take your time and really learn the information.

This course has an emphasis on equations and graphs, including those of lines and parabolas, and we end with polynomials and rational expressions. After this course, you will be ready to begin Algebra II.

Assignment instructions

Use the link below to join the math course using your Notre Dame Email (given when you pick up your iPad).

1. Go to <https://methodize.methodlearning.com/join>
2. Enter the class code **xzyeh5u**
3. Complete the units, lessons, quizzes, and test assigned for the course.
4. Questions or need help? Email Mrs. Arguelles at aarguelles@ndhsriverside.org

Suggested Pacing Guide:

June 6th-13th	Unit 1: Equations and Inequalities	7 sections 1-Unit review
June 14th-24th	Unit 2: Foundations	10 sections 1-Unit review
June 27th-July 5th	Unit 3: Systems of Equations	7 sections 1-Unit review
July 6th-11th	Unit 4: Polynomials	4 sections 1-Unit review
July 12th-18th	Unit 5: Factoring	4 sections 1-Unit review
July 19th-26th	Unit 6: Rational Expressions and Functions	6 sections 1-Unit review
Complete by August 1st	Algebra I Test	Complete the test
