**A Message from the Superintendent**

*We are happy to have you and your child join us for another year which promises to be full of opportunities for educational and personal growth. The district provides this Annual Notification to Parents (ANTP) handbook to you to help you understand the rules and policies which make our 21 schools positive places for students and staff. It is important that you read the ANTP handbook. You will then know the behavior we expect from your child and others and how you and your child can expect to be supported by our district. If everyone observes the guidelines found inside this document, I know that the coming year will be a successful one for us all.*

*Thank you for entrusting your child's education to the Santa Maria-Bonita School District.*

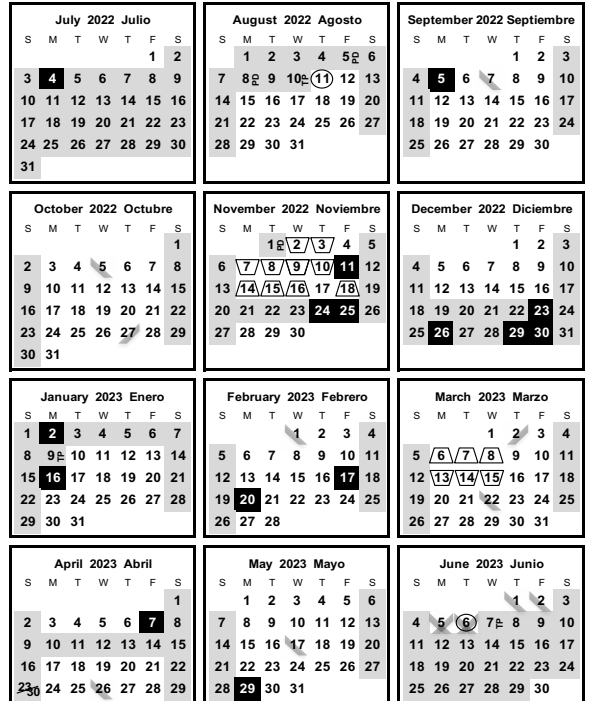

**You can acknowledge receipt via the Aeries Parent Portal or via ParentSquare.**

# ATTENDANCE

## ≡ Compulsory Full-Time Education

Each person between the ages of 6 and 18 years, not exempted, is subject to compulsory full-time education. Each person subject to compulsory full-time education and each person subject to compulsory continuing education not exempted shall attend the public full-time day school or continuation school or classes for the full time designated as the length of the school day by the school board in which the residency of either the parent or legal guardian is located and each parent, guardian, or other person having control or charge of the pupil shall send the pupil to the public full-time day school or continuation school or classes for the full time designated as the length of the school day by the district school board in which the residence of either the parent or legal guardian is located. [EC 48200, ne]

## Student Responsibilities

Every pupil shall attend school punctually and regularly; conform to the regulations of the school; obey promptly all the directions of his teacher and others in authority; observe good order and propriety of deportment; be diligent in study; respectful to his teacher and others in authority; kind and courteous to schoolmates; and refrain from the use of profane and vulgar language. [5 CCR 300]

## ≡ General Absences

Children cannot learn if they are not in school. Daily school attendance improves student achievement. Children learn early about being on time and not missing school; teach your child that school attendance is an important family value. Children ages 6 to 18 years must attend every school day.

The state only awards funding to school districts for actual attendance. The state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

- A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:
1. Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
  2. Due to quarantine under the direction of a county or city health officer.
  3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
  4. For the purpose of attending the funeral services of a member of the pupil's immediate family, so long as the absence is not more than one day if the

*As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed emergency card returned or your child may not be able to attend classes. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.*

*Teachers build your child's education one day at a time, so every day is essential. In elementary, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.*

service is conducted in California and not more than three days if the service is conducted outside California.

5. For the purpose of jury duty in the manner provided for by law.
6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.
7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at a religious retreat, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.
8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
9. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
11. For the purpose of participating in a cultural ceremony or event.

12. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

- B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- C. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- E. For purposes of this section, the following definitions apply:
  1. "Cultural" means relating to the habits, practices, beliefs, and traditions of a certain group of people.
  2. "Immediate family" means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian. [EC 46010.1]

### **Minimum Days/Pupil Free Staff Development Days**

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press

time are printed in the calendar in this booklet. [EC 48980]

## ☰ Emergency School Closing

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible.

## ☰ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Students convicted of a violent felony or convicted of a misdemeanor firearms offense may be transferred to another school in the district. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48204.7, 48206.3, 48300, 48301, 48306, 48853.5, 48980, 49068, 51101; 20 USC 7912]

### I. Interdistrict Attendance

The Governing Board recognizes that parents/guardians of students who reside in one district may, for a variety of reasons, choose to enroll their child in a school in another district.

The Board desires that students residing within the district’s boundaries attend district schools.

## Interdistrict Attendance Agreements

The Superintendent or designee may approve or deny interdistrict attendance agreements with other districts on a case-by-case basis.

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The outgoing interdistrict attendance agreement shall be valid for one year, to be renewed on an annual basis and shall stipulate the terms and conditions under which interdistrict attendance shall be permitted or denied.

The Superintendent or designee may deny applications for incoming interdistrict transfers because of overcrowding within district schools or limited district resources.

The Superintendent or designee may approve applications for outgoing interdistrict transfers because of overcrowding within the district’s schools or limited district resources.

Upon receiving a permit for transfer into the district that has been approved by the student’s district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

## Transportation

Upon parent/guardian request, the district shall provide transportation assistance to a student receiving an interdistrict transfer who is eligible for free and reduced-price meals and is the child of an active duty military parent/guardian or a victim of bullying, as defined in Education Code 46600.

In addition, upon request of a student’s parent/guardian, the Superintendent or designee may authorize transportation for any interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available. [BP 5117 March 2020; EC 8151, 41020, 46600-46611, 48204, 48300-48316,

48900, 48915, 48915.1, 48918, 48980, 48985, 52317]

Questions or concerns regarding proof of residence may be directed to the Student Housing Technician, Mike Grogan at ext. 8278, or the Director of Pupil Personnel Services, Brian Zimmerman at ext. 8141.

## **2. Intradistrict Open Enrollment**

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also balancing enrollment in order to maximize the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of residence within the district. The Board shall annually review this policy.

### **Enrollment Priorities**

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee shall grant priority to any district student to attend another district school, including a charter school, outside of his/her attendance area as follows:

1. Any student enrolled in a district school designated by the California Department of Education as "persistently dangerous."
2. Any student who is a victim of a violent crime while on school grounds.
3. Is a victim of an act of bullying committed by another district student, as determined through an investigation following the parent/guardian's submission of a written complaint with the school, district, or local law enforcement agency pursuant to Education Code 234.1

If the district school requested by the student is at maximum capacity, the Superintendent or

designee shall accept an intradistrict transfer request for another district school.

4. Is currently enrolled in a district school identified by CDE for comprehensive support and improvement, with priority given to the lowest academically achieving students from low-income families as determined pursuant to 20 USC 6313(a)(3)
5. Upon a finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area. Special circumstances, include, but are not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers.  
  
To grant priority under these circumstances, the Superintendent or designee must have received either:
  - a. A written statement from a representative of an appropriate state or local agency, such as a law enforcement official, social worker, or a properly licensed or registered professional, such as a psychiatrist, psychologist, or marriage and family therapist
  - b. A court order, including a temporary restraining order and injunction
6. Any sibling of a student already in attendance in that school.
7. Any student whose parent/guardian is assigned to that school as his/her primary place of employment.

### **Application and Selection Process**

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between February 1 and April 1 of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space.

Except for priorities listed above, the Superintendent or designee shall use a systematic

selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity.

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students.

### **Transportation**

In general, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

However, upon parent/guardian request, the district shall provide transportation assistance to any student who is eligible for free or reduced-price meals and whose enrollment in a district school outside the student's attendance area is a result of being a victim of bullying. [BP 5116.1 March 2020; EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48350-48361, 48980; 5 CCR 11992-11994; 20 USC 6311, 6313, 7912]

### **3. Attendance Where Caregiver Resides**

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980; FC 6550-6552]

### **4. Attendance in District Where Parent / Guardian is Employed**

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent's/guardian's employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of

10 hours during the school week. [EC 48204(a)(7), 48980]

### **5. Special Enrollment Allowances for Some Categories of Students**

There are enrollment provisions for some students living in the District including foster, homeless, migratory, or military children: 1) they may stay enrolled at their school of origin outside the District, 2) their Individual Education Plan (IEP) indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs (pending proof of immunization), to after-school programs, and fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 51225.1, 56055; 5 CCR 4622; WIC 361, 726; 42 USC 11301, 11431-11435, 11432]

### **Student Immigrant and Religious Rights**

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student's immigrant (or migratory) or religious status. The state Attorney General has information about "know your rights": <https://oag.ca.gov/immigrant/rights>. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1]

### **≡ Individualized Instruction**

You must notify the school if your child has a temporary disability and cannot attend regular classrooms. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies, and within five (5) days of the determination commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin and for how long it will continue. Each hour

of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. [EC 48206.3, 48207, 48207.5, 48208, 48980]

### **Pregnant or Parenting Students**

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may have excused leave for up to 8 weeks or more without having to complete schoolwork or other requirements, or being subject to penalties. They may return to the same school and courses, and be provided time to make up work. They may choose to attend an alternative program with access to comparable courses, programs and activities. They may have a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years. Complaints about these rights can be made using the Uniform Complaint Procedure. [EC 221.51, 46015, 48200, 48980]

### **≡ Unexcused Absences (truancy)**

When a student misses school without an excuse they are considered truant, and the school will notify the parent/guardian. The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. A student is classified as;

Truant: after missing three days of school or three 30-minute periods without a valid excuse

Habitual Truant: if they are truant three or more times in a school year and an effort is made to meet with parents

Chronic Truant: if they miss 10 percent or more of the school days in a school year.

Early intervention and cooperation between the school and the family is the best way to support student learning. A student who is truant can be referred to a student attendance review board (SARB), a community service program, the county probation department, or to the district attorney. Through these programs the student can be given guidance toward improving attendance. The goal is to intervene before a student enters the juvenile justice system or drops out of school. Parents are

urged to use community services identified by the school or District, a SARB, the District Attorney, or Probation department. Students and parents face penalties as defined in Education Code, Welfare and Institutions Code, and Penal Code.

Parent Penalties: First conviction – up to \$100 fine; Second conviction – up to \$250 fine; Third conviction – up to \$500 fine. Parents of chronically truant elementary students face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred to community resources. Parents may also have to attend classes at the student’s school for a day and/or personally deliver their child to school every day. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1, 830.1; WIC 256, 258, 601, 601.3]

### **School Attendance Review Board**

If any minor pupil in any district of a county is an habitual truant, or is irregular in attendance at school, the pupil may be referred to a school attendance review board or to the probation department for services if the probation department has elected to receive these referrals. [EC 48263]

### **≡ Notice of Alternative Schools**

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall

be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

## INSTRUCTION AND CURRICULUM

### ≡ Academic Standards and Assessments

Each district in California decides how they will teach and what resources they will use. More information can be found at [www.cde.ca.gov/re/cc/](http://www.cde.ca.gov/re/cc/) or [www.corestandards.org](http://www.corestandards.org). California uses a computer-based student testing system tied to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/). [EC 60119, 60604, 60615; 5 CCR 852]

English Language Learners are evaluated with the English Language Proficiency Assessments for California (ELPAC) and to identify and measure their progress in English Language proficiency. Students in grades 5, 7, and 9 also participate in Physical Fitness Testing (PFT). [EC 52060, 52066, 60800]

### ≡ Local Control Funding and Accountability

The Local Control Funding Formula (LCFF) provides money to school districts with a uniform

base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district's enrollment. More information about the LCFF is available at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/).

The Local Control Accountability Plan (LCAP) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. The LCAP must focus on eight areas identified as State priorities:

1. Basic Services
2. Implementation of State Standards
3. Parental Involvement
4. Pupil Achievement
5. Pupil Engagement
6. School Climate
7. Course Access
8. Other Pupil Outcomes

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can comment about proposals or expenditures to the school board; at parent, student, community engagement meetings; at staff LCAP meetings; or to the district LCAP Advisory Committee. Complaints regarding LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076, 5 CCR 4600, 4622]

### ≡ Language Acquisition Programs

Language acquisition programs are designed to ensure that English learners acquire English as rapidly and effectively as possible. They provide instruction based on the state-adopted academic content standards, including English language development (ELD) standards.

The District offers a Structured English Immersion program in which nearly all instruction is in English with curriculum and presentation designed for students who are English learners. [EC 305(a)(2), 306(c)(3)]

The District offers a Dual Language Immersion program in which instruction is delivered in both English and Spanish. The program is designed for both English learners and native English speakers to develop as bilingual and biliterate. [EC 306(c)(1)]

Parents/Guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Parents/Guardians may submit written or verbal requests for the establishment of a language acquisition program in addition to the program available. Schools in which the parents/guardians of 30 pupils or more per school or 20 pupils or more in any grade request a language acquisition program are required to offer such a program to the extent possible. Please contact the District office or your school principal for more information. [EC 306, 310; 5 CCR 11310]

Parents/Guardians have a right to opt their child(ren) out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. [20 USC 6312(e)(3)(A)(viii)]

Beginning July 1, 2017, the CA Ed.G.E. Initiative authorizes school districts and county offices of education to establish language acquisition programs for both native and non-native English speakers, and requires school districts and county offices of education to solicit parent and community input in developing language acquisition programs. The purpose of the CA Ed.G.E. Initiative is to ensure that all children in California public schools receive the highest quality education, master the English language, and access high-quality, innovative, and research-based language programs that prepare them to participate in a global economy. [EC 300(n)]

### **Home Language Survey (HLS)**

California Education Code directs schools to assess the English language proficiency of students. The process determines the language(s) spoken in the student's home. The HLS assists in determining if a student's proficiency in English should be tested. Parents need to respond to four questions; for each question, they write the name(s) of the language(s) that apply. If an error is made on the home language survey, parents may request correction before their

student's English proficiency is assessed and the student's language fluency level is determined. [EC 52164.1(a)]

### **School Counselors**

School counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. Counselors help students in grades 7-12 make decisions about their courses, extra-curricular activities, and preparation for college and/or careers. They guide students through all the steps including information about financial aid, academic requirements, and careers. Counseling related to academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities will be available to all students without regard to their gender or gender identity, the gender listed in their records, or any protected group as listed under "Complaints Regarding Discrimination, Harassment, Intimidation, Bullying, Exceptional Needs Students, Categorical Programs, Federally Funded Programs" on page 32. Most counselors are available by appointment and will meet with students and their families. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 48980, 49600, 48900, 51229; GC 11135; Title VI, Title IX; § 504; CIF 300D]

### **District Courses**

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA]

### **Curriculum and Personal Beliefs**

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and

shall have an alternative education activity available. [EC 51240, 51938, 51950]

### **Family Life, Human Development, and Sexual Health Education**

Your child will be taking classes in compliance with the California Healthy Youth Act. In grades 7-12, this includes comprehensive sexual health education, HIV education, and research findings regarding pupil health behaviors and risks. Students in grades 7-12 will gain a deeper understanding of HIV transmission, prevention, and treatment. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at [www.leginfo.legislature.ca.gov](http://www.leginfo.legislature.ca.gov).

In 5th grade, your child will receive Family Life instruction consistent with the health standards in the Health Education Content Standards for California Public Schools, Kindergarten through Grade 12. This will include introduction to puberty, influences on body image, reproductive anatomy, human reproduction, risk refusal skills, and HIV education.

You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker. You have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this district, staff teach these classes and may invite community partners to contribute to lesson content. [EC 51933-51939; ne]

### **Child Abuse Primary Prevention Program**

Parents may refuse to allow their students to participate in a Child Abuse Primary Prevention Program. [WIC 18976.5]

### **Dissection of Animals**

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255-32255.6]

### **Tests/Surveys on Personal Beliefs**

You and/or your child(ren) over 18 will be notified before administration of any confidential test, questionnaire, or survey containing questions about your child's, or your personal beliefs, political practices, mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving financial assistance), sex, family life, morality, or religion. You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 51938, 60614; 60615; PPRA; 34 CFR 98; ESEA]

## ≡ GATE Testing

All students in grade 2 are tested each year. Thereafter, students may be referred by their teacher for testing. All referrals must be made by calling (805) 928-1783, ext. 8147. [EC 60642.7]

## ≡ Exclusion From State Testing

Parents have the right to have their child excluded from participating in the State Testing Program. Please contact your school principal for more information about the State Testing Program. [EC 60640(a)]

# SCHOOL RECORDS AND STUDENT ACHIEVEMENT

## ≡ Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at SMBSD Souza Center by the Director of Pupil Personnel Services. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District Administrative Regulation 5125 sets forth the criteria by which school officials and employees can look

and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for ten cents (10¢) per page. If you cannot afford the cost of copies, they will be provided free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former student. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. [EC 8484.1, 49060, 49062.5, 49063, 49068, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99]

## Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

## ≡ Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

## ≡ Filming/Photographs of Students

Students may be featured through photos, video or other means as representatives of the district. If you do not want your child's image used, please request a Photo Exclusion Form at your school site.

## ≡ Consolidated Programs Notifications

You will receive an annual notification if your child is participating in state or federal programs established by the Every Student Succeeds Act (ESSA), such as Title I-Part A Schoolwide Program, Homeless Education Program, Title I-Part C Migrant Education Program, Title III English Learners or Title III Immigrant. The notification will include a full description of each program and services available to your child. If you have any questions or concerns, call the Director of Consolidated Projects at (805) 928-1783 ext. 8217. For questions on English Learners, call the English Learner Coordinator at (805) 928-1783 ext. 8173 [20 USC 6319(b)(c): BP 0420, 6171].

## ≡ Teacher Qualifications

A provision of Federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. ESEA; 20 USC 6311; 34 CFR 200.48, 200.61]

## ≡ Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes a student's name, address, telephone information, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the student.

You may have the district withhold any of this information by submitting a request in writing. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

Directory information does not include a student's social security number or student identification number. However, for purposes of accessing or communicating in electronic systems, directory information may include a student identification number, user identification, or other personal identifier used by the student provided that the identifier cannot be used to gain access to education records except when used in conjunction with a personal identification number, password, or other factor known or possessed only by the authorized user.

Directory information also does not include a student's citizenship status, immigration status, place of birth, or any other information indicating national origin. [34 CFR 99.3]

## ≡ School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

## ≡ Student Use of Technology

The Governing Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this Board policy and the district's Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular

telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

The federal Child On-line Privacy and Protection Act (COPPA) allows Local Education Authorities (LEA's) such as districts and schools to provide consent on the parent's behalf to create online accounts which may collect student information limited to the educational context and for no other commercial purpose. The district operates under its guidelines to create and manage student online accounts. By law, parents may choose to have their child opt out of this implied parental consent. This may be done in SMBSD by obtaining the Student On-line Account Opt-Out Form from the school office, scheduling a conference with the school principal, and completing and signing the Opt-Out form in the presence of the principal who will counter sign receipt of the form after a discussion about the reasons for and the implications of opting out.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 - Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel

or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

### Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs

2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 July 2018; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 7101-7122, 7131; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR]

### ≡ **School Accountability Report Card**

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at [www.smbds.org](http://www.smbds.org). It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

### ≡ **Services to Students with Disabilities**

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, contact the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

### Special Education

The California Education Code (Section 56031) defines special education as:

- Specially designed instruction to meet the unique needs of individuals with exceptional needs, whose educational needs cannot be met with modification of the general instruction program; and
- Related services that help individuals with special needs to benefit from specially designed instruction. Special education is an integral part of the total public education system.
- Other features of special education are:
  - It is provided in a way that promotes maximum interaction between students with and without disabilities in a manner which is appropriate to the needs of both
  - Services are provided at no cost to parents
  - It provides a full range of program options to meet the educational and service requirements of individuals with exceptional needs in the least restrictive environment (LRE). The LRE is generally the setting that is most similar to those attended by general education students.

### Child Find System

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education (FAPE) in the least restrictive environment.

The District recognizes the need to actively seek out and evaluate District residents from birth to age 21 who have disabilities in order to provide them with appropriate educational opportunities in accordance with State and Federal law. A student shall be referred for special education instruction and services only after the resources of the general education program have been considered and used where appropriate.

When the District receives a parent request for assessment, the District will ask the parent to submit a written request for assessment. Upon receipt of a parent's request for assessment, the District has 15 calendar days to determine if it will conduct the assessment.

To establish if there is evidence of a suspected disability, the District may request a meeting with the student's parents and teacher or ask for referral information forms to be completed. Once the District has reviewed the referral information, it will send a written notification to the parents indicating whether it will proceed to evaluate the student or it will not evaluate based on lack of evidence of a suspected disability.

If the District denies the parent's request to evaluate, it will send a Prior Written Notice (PWN), that documents the reasons for the decision, inform the parent of his/her right to appeal the denial, and provide the parent with a copy of the District's Parental and Adult Students' Rights and Procedural Safeguards for Special Education.

If the District grants the parent's request to evaluate, it will send an assessment plan that describes the proposed evaluation. If the parent agrees to the proposed assessment plan, the parent should return the signed assessment plan to the District within 15 days. Upon receipt of the signed assessment plan, the District must complete the evaluation and convene an Individualized Education Program (IEP) meeting within 60 calendar days.

The IEP team includes the parent/guardian or his/her representative. At the IEP meeting, it will be determined whether or not the student is a student with disabilities, as defined in the Education Code 56026, and shall discuss evaluation, the recommendations, and the reasons for the recommendations. The District must complete the determination as to whether the student is a student with a disability, conduct the initial evaluation to determine his/her educational needs, and develop an IEP within 60 calendar days of receiving informed parent/guardian consent for the evaluation. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.15, 300.121, 300.300(a), 300.301(c)(1), 300.304, 300.305, 300.306(a)(2), 300.504(a)(1)]

### Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal and may be filed anonymously.

## HEALTH SERVICES

### ☰ Immunizations

Documented proof that immunizations are up-to-date is required before attending school; districts may allow "conditional" admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, measles, mumps, pertussis

(whooping cough), poliomyelitis, rubella, tetanus, varicella (chickenpox), and haemophilus influenza type b (preschool only). State immunization requirements may be viewed at [www.cdph.ca.gov/Programs/CID/DCDC/Pages/Immunization/School/shotsforschool.aspx](http://www.cdph.ca.gov/Programs/CID/DCDC/Pages/Immunization/School/shotsforschool.aspx).

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized, and will not be admitted without the required booster against pertussis (Tdap) and both varicella immunizations. The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization for a period of 30 days. [HSC 120325, 120335, 120338, 120375, 120400, 120405, 120410, 120415, 120440, 120480; EC 48216, 48852.7, 48853.5, 49403; 17 CCR 6000-6075; 42 USC 11432(C)(i); ne]

### Exemptions

California requires that all exemptions after January 1, 2021 be completed electronically via California Immunization Registry-Medical Exemptions (CAIR-ME). Information about CAIR-ME and the process to receive an exemption can be found at <https://cair.cdph.ca.gov/exemptions/home>. Exemptions prior to January 1, 2021 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12). Likewise, exemptions based on personal beliefs submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12).

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration.

Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying your County Health Department. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216]

## ≡ Physical Examinations

For each child enrolling in the District for the first time, including kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

Santa Barbara County Public Health Department

## Dental Screenings

### **Kindergarten and/or First Grade Oral Health Assessment**

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed and have proof of the assessment by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

## Physical Examinations and Health Screenings including Vision, Hearing, and Dental

An authorized person may assess a child's symptoms or injuries as needed. If you want your child to be exempt from physical examinations at school, file a written statement annually with the

school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA; ne]

An authorized person may check your child's vision upon enrollment and in grades 2, 5, and 8. In collaboration with local dentists, dental screening may be offered to students in all grades. Notification of dental screenings will be sent home. These assessments may be administered unless you annually submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455; ne]

## ≡ Medication

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a form from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. This includes allowing a school staff member to volunteer to identify the need for and administer glucagon or epinephrine to a student. The letter gives permission to a district representative to communicate with the health care provider, pharmacist and acknowledge understanding of how the medication will be administered. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine. The District will have a supply of auto-injectable epinephrine at each school site. [EC 49414, 49414.3, 49414.5, 49423, 49480]

Students are not permitted to possess or carry in a backpack or other container their own medications, including those sold over-the-counter medications, vitamins, herbs, or alternative medications. Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine

if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480; ne]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. The District does not allow parents to administer medical cannabis on campus. [BP 5141.21 July 2020; EC 49414, 49414.1, 49414.5, 49423, 49423.1, 49480; HSC 11362.79]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

### ☰ Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35183.5, 35291]

### ☰ Medical and Hospital Insurance for Students

The district provides limited accident insurance on students for medical and hospital services. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities and while being transported to, from and between such places. The school district assumes no liability for accidents to pupils at school. Contact the district office for information. [EC 32221.5, 49472]

**Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils**

**may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]**

### Enrollment in a Health Care Plan

All children and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at [www.coveredca.com](http://www.coveredca.com). [PPACA]

### School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

### ☰ Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or the district office. Mental health services may be accessed in the community by contacting Santa Barbara County Behavior Wellness Program at (805) 681-5220. ### Suicide Prevention

Suicide is a leading cause of death among youth, and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for

bereavement). Information about district programs and services and links to community and statewide resources are available on the District's website at [www.smbds.org](http://www.smbds.org). ### ≡ Schools Free of Tobacco, Alcohol, and Drugs

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The District strives for a school environment free of these substances and has prevention and intervention programs. There may be programs through the District or in the community to support students' cessation from use of tobacco, alcohol, or drugs. For more information please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 104420, 11999-11999.3; PC 13864]

### ≡ Diabetes Information

Diabetes is a health condition that affects how the body turns food into energy. Most food is broken down into glucose (sugar). When sugar increases in your bloodstream, your pancreas releases insulin. Insulin acts like a key to let the sugar into your body's cells to use as energy. When there isn't enough insulin or when cells stop responding to insulin, too much sugar stays in your bloodstream. Over time, this can cause serious health problems such as heart disease, vision loss, and kidney disease. There is no cure for any type of diabetes.

For both types, managing weight, eating healthy food, being active, and getting enough rest can really help. Taking medicine as prescribed, getting diabetes self-management education and support, and keeping health care appointments can also reduce the negative impacts of diabetes.

### Type-2 Diabetes:

Type-2 diabetes is when your body can't use the insulin it makes as well as it should. It is the most common form of diabetes in adults, and is becoming more common in children, especially overweight teens. It is estimated that one in three children born in the US after the year 2000 will develop type-2 diabetes.

Type-2 diabetes can be prevented or delayed through lifestyle changes and medical intervention, and it is treatable. Eating healthy foods in the correct amounts and exercising regularly (at least 60 minutes every day) can help children achieve or maintain a normal weight and normal blood glucose levels.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (may lead to full onset type-2 diabetes).

### Type-1 Diabetes:

Type-1 diabetes is when your body simply doesn't make enough insulin. Type-1 diabetes is not preventable, but it is manageable. It is an autoimmune disease that may be caused by genetic, environmental, or other factors. It is usually first diagnosed in children or young adults, but it can occur at any age.

### Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs below see a doctor to be screened for type-1 and/or type-2 diabetes:

Being overweight: The single greatest risk factor for is excess weight. In the US, almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Age/Puberty: Type-1 diabetes usually occurs in the early years, and before reaching puberty. Type-2 diabetes is more likely to develop during or near puberty, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

### Warning Signs and Symptoms:

There are usually warning signs when a child might have diabetes. Not everyone with diabetes develops these symptoms, and not everyone who has these symptoms necessarily has diabetes. Type-2 symptoms generally develop slowly over time. Type-1 symptoms show up quickly – in a matter of weeks or even days, and are much more severe.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular/No menstrual periods, and/or excess facial and body hair growth in girl
- High blood pressure or abnormal blood fats levels
- For type-1; Nausea, vomiting, and/or stomach pain

Parents/Guardians of children displaying warning signs should immediately consult with the student's primary care provider to determine if screening for diabetes is appropriate. Following a diabetes's diagnosis, parents/guardians should work with the primary care provider to develop a lifestyle and medical treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

### Diabetes Screening Tests:

Your doctor may have your child take one or more of the following blood tests to confirm the diagnosis:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months

Random (non-fasting) blood sugar test: A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast; a high level on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

If the primary care provider thinks your child has type-1 diabetes, blood may also be tested for autoantibodies (substances that indicate the body is attacking itself) that are often present in type-1 diabetes but not in type-2. The child's urine might be tested for ketones (produced when the body burns fat for energy), which may also indicate type-1 diabetes instead of type-2 diabetes.

## **DISCRIMINATION, PROTECTIONS, COMPLAINTS AND PROCEDURES**

The District is primarily responsible for compliance with local, state, and federal laws and regulations; has policies and procedures to address allegations of unlawful discrimination, harassment, intimidation, bullying, and complaints alleging violation of laws governing educational programs, activities, and pupil fees. Employees, students, parents or guardians, school and district advisory committee members, appropriate private school officials and other interested parties are advised of the district policies and how to file a complaint if they so desire.

### **≡ Nondiscrimination / Harassment**

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

The Governing Board desires to provide a safe school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived

characteristics. This policy applies to all acts related to school activity or school attendance within a school under the jurisdiction of the superintendent of the school district.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use

of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

### **Record-Keeping**

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools. To prevent unlawful discrimination, including discriminatory harassment, intimidation, retaliation, and bullying, and to ensure equal access for all students to the educational program, the Superintendent or designee shall implement measures.

The district designates the individual(s) identified on page 32 to coordinate the district's efforts to comply with applicable state and federal civil rights laws, including Title IX, Section 504, and to answer inquiries regarding the district's nondiscrimination policies. The individual(s) shall also handle complaints alleging unlawful discrimination targeting a student, including discriminatory harassment, intimidation, or bullying, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, genetic information, or any other legally protected status or association with a person or group with one or more of these actual or perceived characteristics. 4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made

7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

### **Complaint Process and Disciplinary Actions**

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

Upon investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

### **District Responsibilities**

All UCP-related complaints shall be investigated and resolved within 60 calendar days of the district's receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.

For complaints alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the district shall inform the respondent when the complainant agrees to an extension of the timeline for investigating and resolving the complaint. AR 1312.3(e)

The compliance officer shall maintain a record of each complaint and subsequent related actions,

including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in the allegations shall be notified when a complaint is filed and when a decision or ruling is made. However, the compliance officer shall keep all complaints or allegations of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) confidential except when disclosure is necessary to carry out the investigation, take subsequent corrective action, conduct ongoing monitoring, or maintain the integrity of the process.

### **Filing of Complaints**

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint.

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs may be filed by any individual, public agency, or organization.
2. Any complaint alleging noncompliance with law regarding the prohibition against requiring students to pay student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee. However, any such complaint shall be filed no

later than one year from the date the alleged violation occurred.

3. A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) may be filed only by a person who alleges that he/she personally suffered the unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged unlawful discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension.
4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
5. When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when he/she is not the complainant, requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

### **Investigation of Complaint**

Within 20 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within 5 business days of initiating the investigation, the compliance officer shall provide the complainant and/or his/her representative

with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or his/her representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. He/she shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant.

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the

complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant.

The compliance officer shall apply a “preponderance of the evidence” standard in determining the veracity of the factual allegations in a complaint. This standard is met if the allegation is more likely to be true than not.

### **Report of Findings**

Unless extended by written agreement with the complainant, a final decision shall be sent to the complainant within 60 calendar days of the district’s receipt of the complaint. Within 30 calendar days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report, as described in the section “Final Written Decision” below. If the complainant is dissatisfied with the compliance officer’s decision, he/she may, within five business days, file his/her complaint in writing with the Board.

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. When required by law, the matter shall be considered in closed session. The Board may decide not to hear the complaint, in which case the compliance officer’s decision shall be final.

If the Board hears the complaint, the compliance officer shall send the Board’s decision to the complainant within 60 calendar days of the district’s initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant.

In resolving any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent also shall be sent the district’s decision and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

### **Final Written Decision**

The district’s decision on how it will resolve the complaint shall be in writing and shall be sent to the complainant and respondent.

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the district’s decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved attends a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For all complaints, the decision shall include:

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:
  - a. Statements made by any witnesses
  - b. The relative credibility of the individuals involved
  - c. How the complaining individual reacted to the incident
  - d. Any documentary or other evidence relating to the alleged conduct
  - e. Past instances of similar conduct by any alleged offenders
  - f. Past false allegations made by the complainant
  - g. The conclusion(s) of law
  - h. Disposition of the complaint
  - i. Rationale for such disposition

For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- a. How the misconduct affected one or more students' education
  - b. The type, frequency, and duration of the misconduct
  - c. The relationship between the alleged victim(s) and offender(s)
  - d. The number of persons engaged in the conduct and at whom the conduct was directed
  - e. The size of the school, location of the incidents, and context in which they occurred
  - f. Other incidents at the school involving different individuals
2. Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code 49013 and 5 CCR 4600

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

- a. The corrective actions imposed on the respondent
  - b. Individual remedies offered or provided to the complainant or another person who was the subject of the complaint, but this information should not be shared with the respondent.
  - c. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence
3. Notice of the complainant's and respondent's right to appeal the district's decision to the CDE

within 15 calendar days, and procedures to be followed for initiating such an appeal

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

1. He/she may pursue available civil law remedies outside of the district's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with the CDE.
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law.
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at [www.ed.gov/ocr](http://www.ed.gov/ocr) within 180 days of the alleged discrimination.

### **Corrective Actions**

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus

5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation
9. Determination of whether any past actions of the victim that resulted in discipline were related to the treatment the victim received and described in the complaint

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the district does not tolerate it, and how to report and respond to it.

If the district finds merit in a complaint regarding Pupil Fees, Local Control and Accountability Plans (LCAP), Education of Pupils in Foster Care, Pupils who are Homeless, and former Juvenile Court Pupils now enrolled in a school district, Reasonable Accommodations to a Lactating Pupil, Course Periods without Educational Content (grades nine through twelve), and Physical Education Instructional Minutes (grades one through eight), the public school or LEA shall provide a remedy. In the case of complaints regarding: Course Periods without Educational content, Reasonable Accommodations to a Lactating Pupil, and Education of Pupils in Foster Care, Pupils who are Homeless, and former Juvenile Court Pupils now enrolled in a school district, the remedy shall go to the affected pupil. In the case of complaints regarding: Pupil Fees, Physical Education Instructional Minutes and LCAP, the remedy shall go to all affected pupils and parents/guardians.

For complaints alleging noncompliance with the laws regarding student fees, the district shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint.

### **Appeals to the California Department of Education**

Any complainant who is dissatisfied with the district's final written decision may file an appeal in writing with the CDE within 15 calendar days of receiving the district's decision.

When a respondent in any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) is dissatisfied with the district's final written decision, he/she, in the same manner as the complainant, may file an appeal with the CDE.

The complainant or respondent shall specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of the district's decision.

## MISCELLANEOUS

### ☰ Parent Involvement

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home. In order to engage parents/guardians positively in their children's education, the Superintendent or designee shall ensure that staff members at each school:

1. Help parents/guardians develop parenting skills and provide home environments that support their children's academic efforts and their development as responsible members of society.
2. Inform parents/guardians that they can directly affect the success of their children's learning and provide them techniques and strategies that they may use to improve their children's academic success and help their children in learning at home.
3. Initiate consistent and effective two-way communication between the home and school so that parents/guardians may know when and how to help their children in support of classroom learning activities.
4. Receive training that fosters effective and culturally sensitive communication with the home, including training on how to communicate with non-English speakers and how to give parents/guardians opportunities to assist in the instructional process both at school and at home.
5. Encourage parents/guardians to serve as volunteers in the schools, attend student performances and school meetings, and participate in site councils, advisory councils and other activities in which they may undertake governance, advisory and advocacy roles.

School plans shall delineate specific measures that shall be taken to increase parental involvement with their children's education, including measures designed to involve parents/guardians with cultural, language or other barriers which may inhibit such participation.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so. The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent involvement efforts, including, but not limited to, input from parents/guardians and school staff on the adequacy of parent involvement opportunities and barriers that may inhibit parent/guardian participation.

### **Title I Schools**

The Superintendent or designee shall ensure that the district's parent involvement strategies are jointly developed with and agreed upon by parents/guardians of students participating in Title I programs. Those strategies shall establish expectations for parent involvement and describe how the district will carry out each activity listed in 20 USC 6318. The Superintendent or designee shall consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations. He/she also shall involve parents/guardians of participating students in decisions regarding how the district's Title I funds will be allotted for parent involvement activities.
