ARTICLE I

Preamble

This Master Agreement is entered into between the Education Minnesota Pillager, Local 1801 Education Minnesota AFT/NEA, AFL-CIO (hereinafter called the Education Minnesota Pillager) and the School Board of Independent School District No. 116, Pillager, Minnesota (hereinafter referred to as the School Board), pursuant to and in compliance with the Public Employment Labor Relations Act of 1971 as amended (hereinafter referred to as the P.E.L.R.A.), to provide the terms and conditions of employment for teachers during the term of this Master Agreement.

ARTICLE II

Recognition of Exclusive Representative

In accordance with the P.E.L.R.A., the School Board recognizes the Education Minnesota Pillager as the exclusive representative of Teachers and certified school nurses employed by the School Board of Independent School District No. 116. The Education Minnesota Pillager as certified bargaining representative shall have those rights and duties as prescribed by the P.E.L.R.A., and such as described in the provisions in this Agreement.

All terms used in this Master Agreement shall have those meanings defined by the P.E.L.R.A.

Definitions:

Section 1. Terms and Conditions of Employment:

The term "terms and conditions of employment" means the hours of employment, the compensation therefore including fringe benefits except retirement contributions of benefits, and the employer's personnel policies affecting the working conditions of the employees. In the case of professional employees, the term does not mean educational policies of a school district. The terms in both cases are subject to the provisions of P.E.L.R.A. regarding the rights of public employers and the scope of negotiations.

Section 2. Teacher:

The term "teacher" shall mean all persons in the appropriate unit employed by the School District in a position for which the person must be licensed and who is licensed by the State of Minnesota including physical therapists and occupational therapists; but shall not include superintendent, assistant superintendent, principals, directors, and assistant principals who devote more than 50% of their time to administrative or supervisory

duties, confidential employees, supervisory employees, essential employees, and such other employees excluded by law.

Section 3. School District:

For the purposes of administering this Agreement, the term "School District" shall mean the School Board or its designated representative.

Section 4. Other Terms:

Terms not defined in this Agreement shall have those meanings as defined by the P.E.L.R.A.

Section 5. Union Leave:

EMP members, designated by EMP, shall be entitled to a total of 20 days paid time away from work. The reason for and schedule of the absence shall be pre-approved by mutual agreement by District Administration and EMP.

Section 6. Non-Discrimination:

The School District and the Education Minnesota Pillager agree that Independent School District 116, Pillager Public Schools, shall not discriminate based on race, creed, religion, color, national origin, age, sex, marital status, place of residence, or disability.

Section 7. Access to Membership Lists:

By October 1 of each school year, the District shall provide in electronic form to the exclusive representatives the names, telephone numbers, e-mail address, full-time equivalency (FTE) status, worksite location and assignment of all bargaining unit members employed. Upon request, the District shall provide the exclusive representative with a current bargaining unit list. Such request shall be filled within 10 (ten) days.

Section 8. Access to Worksites:

Representatives of EMP shall have reasonable access on the same terms as other members of the community to worksites, school facilities and services (i.e. interschool mail, electronic communication) to investigate employee complaints, communicate with members, hold meeting and conduct other business. Upon arrival at the worksite, EMP representatives shall make their presence known to the worksite supervisor or his/her designee. Such visits shall not interrupt normal work responsibilities.

ARTICLE III School Board Rights

Section 1. Inherent Managerial Rights:

The exclusive representative recognizes that the School Board is not required to meet and negotiate on matters of inherent managerial policy, which include, but are not limited to, such areas of discretion or policy as the functions and programs of the employer, its overall budget, utilization of technology, the organizational structure and selection and direction and number of personnel.

Section 2. Management Responsibilities:

The exclusive representative recognizes the right and obligation of the School Board to efficiently manage and conduct the operation of the School District within its legal limitations and with its primary obligation to provide educational opportunity for the students of the School District.

Section 3. Effect of Laws, Rules and Regulations:

The exclusive representative recognizes that all employees covered by this Agreement shall perform the teaching and non-teaching services prescribed by the School Board and shall be governed by the laws of the State of Minnesota, and by the School Board rules, regulations, directives and orders, issued by properly designated officials of the School District. The exclusive representative also recognizes the right, obligation and duty of the School Board and its duly designated officials to promulgate rules, regulations, directives and orders from time to time as deemed necessary by the School Board insofar as such rules, regulations, directives and orders are not inconsistent with the terms of this Agreement. The exclusive representative also recognizes that the School Board, all employees covered by this Agreement, and all provisions of this Agreement are subject to the laws of the State of Minnesota, Federal laws, rules and regulations of the State Board of Education, and valid rules, regulations and orders of State and Federal governmental agencies. Any provision of this Agreement found to be in violation of any such laws, rules, regulations, directives or orders shall be null and void and without force and effect.

Section 4. Reservation of Managerial Rights:

The foregoing enumeration of rights and duties shall not be deemed to exclude other inherent management rights and management functions not expressly reserved herein, and all management rights and management functions not expressly delegated in this Agreement are reserved to the School District.

ARTICLE IV Teacher Rights

Section 1. Rights to Views:

Nothing contained in this Agreement shall be construed to limit, impair or affect the right of any teacher or his/her representative to the expression or communication of a view, grievance, complaint or opinion on any matter related to the conditions or compensation of public employment or their betterment, so long as the same is not designed to and does not interfere with the full, faithful, and proper performance of the duties of employment or circumvent the rights of the exclusive representative.

Section 2. Right to Join:

Teachers shall have the right to form and join labor or employee organizations, and shall have the right not to form and join such organizations.

Section 3. Personnel Files:

Personnel files of School District No. 116 shall be governed by Minnesota Statute 122A.40, Subdivision 19.

Section 4. Application of Agreement:

Subdivision 1.

The provisions of this Agreement shall be applied without regard to race, creed, religion, color, national origin, age, sex, marital status, place of residence, or disability.

Subdivision 2.

There shall be three signed copies of the final contract for the purposes of record. One retained by the Board, one by Education Minnesota Pillager and one by the Superintendent. The Board shall provide each teacher with a copy of the final contract.

Section 5. Notice of Assignment:

The School District shall issue Notice of Assignment each year to all staff covered by this Contract. All first year employees covered by this agreement will be issued a contract and notice of assignment for employee and School Board signature.

Whenever feasible, teachers shall be notified of their individual schedules for the ensuing year no later than August 1.

Section 6. Lead Teacher, Program Coordinator and Teacher on Special Assignment Positions:

The School District will review with EMP the lead teacher, program coordinator and teacher on special assignment positions (T.O.S.A.) it desires to establish. The School District and EMP will create job descriptions for the position that will not include placing the teacher in an evaluative or disciplinary role with the other teachers. The teacher will be compensated at a rate agreed upon between the teacher, EMP and the School District. The teacher serving in a lead teacher, program coordinator and T.O.S.A. positions can return to his/her former teaching position with a letter of notification to the School District by March 1. The teacher will continue to earn seniority while on special assignment. All lead teacher, program coordinator and T.O.S.A. positions will be posted in accordance with the Master Agreement.

Section 7. Disciplinary Action:

No teacher shall be denied a scheduled salary increase or deprived of any professional advantage without reasonable notice for correction. Such discipline or denial shall not take place without good and sufficient reason. Any such discipline or denial, including adverse evaluation of teacher performance asserted by the School Board or representative thereof, shall be subject to the professional grievance procedure herein set forth. All information forming the basis for disciplinary action will be made available to the teacher and to the Education Minnesota Pillager.

Subdivision 1. Suspension Without Pay:

A teacher may be suspended without pay for good and sufficient reason. Any such suspension is subject to the Grievance Procedure.

Subdivision 2. Notice and Hearing:

Suspension shall take effect upon written notification, except in an emergency when written notice will follow as soon as possible, from the Superintendent of Schools to the teacher, stating the grounds for suspension together with a statement that the teacher may make a written request for a hearing before the School Board to review the suspension within five (5) days after receipt of such notification. If, after a hearing before the School Board, the suspension is reversed and set aside, the teacher shall be reinstated and compensated for salary loss during the period of the suspension. However, should the decision of the School Board, after said hearing, be to uphold the suspension, the teacher shall have the right to invoke the Grievance Procedures set forth in the Agreement in Level IV of said procedure.

Subdivision 3. Effective Date:

The suspension shall take effect upon receipt by the teacher of the written notice of suspension or shall take effect as otherwise indicated in the written notice of suspension. The suspension shall continue in effect for the time period provided in the written notice or as otherwise decided by the School Board, but not to exceed a period of thirty (30) days.

Section 8. Dues Deduction:

Subdivision 1.

A teacher may sign and deliver to the School Board an assignment authorizing deduction of membership dues in the professional teacher organization of his/her choice not less than two (2) weeks before the next available pay date. Such authorization shall continue in effect from year to year unless revoked in writing during the week proceeding October 1 each year. The District agrees to implement all of the terms of dues-check-off authorization submitted to the District by EMP and agreed to be the Employee. Pursuant to such authorization, the School Board shall deduct one-tenth of such dues from the regular salary check of the teacher each month for ten (10) months, beginning in September and ending in June of each year. Deductions for new teachers and teachers employed after the commencement of the school year shall be appropriately pro-rated to complete payments by the following June.

Subdivision 2.

With respect to all sums deducted by the School Board, pursuant to authorization of the employees, the School Board agrees to remit such amounts to the appropriate organization.

Section 9. Credit Union:

The School Board agrees to deduct from teachers' salaries payments to teacher organization credit unions. Said deductions must be authorized in writing by the teacher.

Section 10. Representative:

Subdivision 1:

Duly authorized representative of professional teacher organization and their respective affiliates shall be permitted to transact official organizational business on

school property at all reasonable times, provided that this shall not interfere with or interrupt normal school operations.

Subdivision 2:

An employee who, on behalf of the Education Minnesota Pillager, is required to actively participate in a grievance arbitration session during the school day shall be released from regular duties during said hearing without loss of pay.

Subdivision 3:

The exclusive representative shall be entitled to a reasonable time for activities and meetings associated with duties as exclusive representative. The exclusive representative shall pay costs of the substitute teacher.

Section 11. District Advisory Committee:

The School District shall include teachers on the District Advisory Committee.

Section 12. Teacher Evaluations:

Although evaluation of student achievement is a primary responsibility of administration and certified staff, student achievement results will not be the sole criteria used for evaluation of certified staff.

ARTICLE V
Itinerant Staff

Section 1.

Schedules of teachers who are assigned to more than one school shall be arranged so that no such teacher shall be required to engage in an unreasonable amount of inter-school travel. Such teachers shall be notified of any changes in their schedules as soon as practical.

Section 2.

Teachers who may be required to use their own automobiles in the performance of their duties and teachers who are assigned to more than one school per day, shall be reimbursed for all such travel at the I.R.S. rate per mile for all driving done after arrival at the first location at the beginning of their workday. Teachers traveling to three or more work sites per day for the entire school year shall have option of \$250 per year or the I.R.S. mileage rate.

Section 3.

The same allowance shall be given for use of personal cars for field trips or other business of the School District.

ARTICLE VI Teacher Transfer and Vacancies

Section 1. Transfers:

Requests by a teacher for transfer to a different class, building, or position shall be made in writing, one copy of which shall be filed with the Superintendent and one copy shall be filed with the Education Minnesota Pillager. The request shall set forth the reasons for transfer, the school, grade or position sought and the applicant's academic qualifications. Such requests shall be renewed once each year by the teacher to assure consideration by the School Board. The Board, with the approval of the Superintendent, may make such transfers as it deems advisable for the best interests of the school system.

Subdivision 1.

In the event of an involuntary transfer, the Superintendent shall notify the affected teacher and the Education Minnesota Pillager of such transfer. If the teacher objects to such transfer, the dispute may be resolved through the professional grievance procedure.

Subdivision 2.

Any teacher who shall be transferred to an administrative or executive position and who returns to teacher status within four years shall be entitled to retain such rights as he or she may have had under this Agreement prior to such transfer to supervisory or executive status.

Section 2. Vacancies:

The School Board declares its support of a policy of filling vacancies, including temporary vacancies and vacancies in supervisory positions, from within its own teaching staff. Vacancies of less than one school year need not be posted.

Whenever a vacancy arises or is anticipated, the Superintendent shall promptly post notice of same on a bulletin board in each school building for no less than one (1) week before the position is filled and give written notification to the Education Minnesota Pillager. Vacancies when filled from within the present teaching staff shall be filled on the basis of the experience, competency, and qualifications of the applicant, length of service in the School District, and other relevant factors.

NOTE: UNDERSTANDING AND STIPULATION

The District Website can serve as the bulletin board for each building.

ARTICLE VII

Unrequested Leave of Absence and Seniority Agreement

Section 1. Purpose:

The purpose of this policy is to implement the provisions of Minn. Stat. §122A.40, Subdivision 10, and amendments thereto.

Section 2. Definitions:

The School Board may place on unrequested leave of absence without pay or fringe benefits, as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. The unrequested leave shall be effective at the close of the school year. In placing teachers on unrequested leave, the board shall be governed by the following provisions:

Subdivision 1

No teacher who has acquired continuing contract rights shall be placed on unrequested leave of absence while Tier 1 – licensed, Tier 2 – licensed, or probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is licensed.

Subdivision 2.

Tier 3 and 4 teachers shall be placed on unrequested leave of absence in fields in which they are licensed in the inverse order of seniority, as calculated by initial date of hire as a licensed teacher in the district. No continuing contract teacher shall be placed on unrequested leave of absence if any other qualified continuing contract teacher licensed in the same field and subject matter is on a “Targeted Staff Development and Improvement Plan – District Level” as provided in the ISD 116 Certified Staff Development and Improvement Plan required in M.S. 122A.40 Subd. 8.

Subdivision 3.

Notwithstanding the provisions of Subdivision 2, no teacher shall be entitled to exercise any seniority when that exercise results in that teacher being retained by the

School District in a field for which the teacher holds only a provisional license, as defined by the board of teaching, unless that exercise of seniority results in the placement on unrequested leave of absence of another teacher who also holds a provisional license in the same field. The provisions of this Subdivision shall not apply to vocational education licenses.

Subdivision 4.

A) Full-time seniority means continuing contract, qualified teachers commencing with first day of actual service in the School District and shall exclude probationary teachers, those teachers who are substituting for teachers on leaves of absence, and part time teachers employed less than fifty percent (50 percent) in a school year. Part-time seniority means continuing contract, qualified teachers who are employed less than fifty percent (50 percent) commencing with first day of actual service in the School District and shall exclude probationary teachers and those teachers who are substituting for teachers on leaves of absence. The first day of actual service in the School District must be in a position for which proper licensure was held. Probationary teachers who subsequently gain continuing contract rights will have, at the next publishing of the seniority lists, their initial date of employment with the School District specified.

B) In determining the length of seniority, a teacher whose employment has been legally terminated by resignation, or termination pursuant to Minn. Stat. § 122A.40, but whose employment was subsequently reinstated by action of School Board and the teacher, without interruption of regular service, shall retain his/her original seniority date.

Subdivision 5.

The School Board may place on unrequested leave of absence for a period not exceeding five (5) calendar years from the time such leave is commenced, without pay or fringe benefits, such teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes. The teacher's right to reinstatement shall also terminate if the teacher fails to file with the ISD 116 Human Resources Office by April 1 of each year, a written statement requesting reinstatement. Such leave shall be effective no later than the close of the school year or at such earlier time as mutually agreed between the teacher and the School Board. Teachers on unrequested leave shall remain eligible for participation in group insurance programs at their own expense.

Subdivision 6.

Teachers placed on unrequested leave shall receive notice before June 1st of the school year prior to the commencement of such leave with reasons therefore, with a hearing provided in accordance with Minn. Stat. § 122A.40, upon submission of a timely request for a hearing.

Subdivision 7.

In the event of a staff reduction, action affecting employees whose first date of employment commenced on the same date, and have equal seniority, the selection of the employee for purposes of lay off shall be the teacher with the least number of licensure areas shall be laid off first. If a tie still exists, the teacher with the highest Minnesota Teacher licensure number shall be laid off. Any teacher who is on step three of the teacher appraisal system will be laid off prior to a teacher with equal seniority in a tie situation.

Subdivision 8.

Any teacher placed on such leave may engage in teaching or any other occupation during such period and may be eligible for unemployment compensation if otherwise eligible under that law for such compensation and such leave will not result in a loss of credit for years of service in the School District earned prior to the commencement of such leave.

Section 3. Reinstatement:

Subdivision 1.

No new teacher at any licensure tier shall be employed by the School District while any full-time qualified teacher, in the same field and subject matter, is on unrequested leave of absence. Teachers placed on unrequested leave of absence shall be reinstated to the position from which they have been given leave, or any other available position in the School District in the fields in which they are licensed as such positions become available. Part-time teachers are not entitled to reinstatement to full-time positions. The order of reinstatement shall be in inverse order in which teachers were placed on unrequested leave. No teacher shall be reinstated to a position in a field in which the teacher holds a provisional license, other than a vocational education license, while another teacher who holds a non-provisional license in the same field remains on unrequested leave. A full-time teacher on unrequested leave does not forfeit right to call back when accepting a part time position. Failure to accept or decline in writing a full year position, for which teacher is licensed, eliminates eligibility for reinstatement.

Subdivision 2.

When placed on unrequested leave, a teacher shall file with the School District Personnel Office, the name and address to which any notice of reinstatement or availability of position shall be mailed. It shall be the responsibility of any teacher on unrequested leave to provide for forwarding of mail or address changes. Mailing by certified mail any notice of reinstatement or availability of position to the teacher at the last known address shall be sufficient. Failure of a notice to reach a teacher shall not be the responsibility of the School District, if such notice has been mailed as provided herein.

Subdivision 3.

If a position for which a teacher on unrequested leave of absence is licensed becomes available, the School District shall simultaneously mail notice of availability of position and seniority ranking to all qualified teachers on unrequested leave and to Education Minnesota Pillager. Such teachers shall have twenty (20) days from the date of such mailing to indicate to the Board in writing their willingness to accept re-employment. The most senior of said teachers to reply affirmatively shall be reinstated. A teacher on unrequested leave of absence does not forfeit right to reinstatement when accepting a position for less than the full position they were placed on leave from, or when they refuse an offered position. Failure to reply in writing within such twenty (20) day period shall constitute a waiver on the part of any such teacher to further rights of employment or reinstatement, and shall forfeit any future reinstatement or employment rights.

Subdivision 4.

Regardless of any other provision of the Agreement, reinstatement rights shall automatically cease five (5) years from the date unrequested leave was commenced and no further rights to reinstatement shall exist unless extended by written mutual consent with each qualified teacher, the school district and the exclusive representative.

Section 4. Establishment of Seniority Lists:

Subdivision 1.

Within ninety (90) days after the beginning of school, the School Board and Education Minnesota Pillager shall cause full-time and part-time seniority lists to be prepared from its records. The list will include: the name of every teacher, seniority

date, continuing contract or probationary status and licensure area by tier. It shall thereupon post such lists in an official place in each school in the district.

Subdivision 2.

Any person whose name appears on such lists and who may disagree with the findings of the School Board and the order of seniority in said lists shall have ten (10) working days from the date of posting to supply written documentation, proof and request for seniority change to the School Board.

Subdivision 3.

Within twenty (20) working days after posting, the School District shall evaluate any and all such written communications regarding the order of seniority contained in said list and may make such changes the School Board deems warranted. Final seniority lists shall thereupon be prepared by the School Board and exclusive representative, which lists as revised shall be binding on the School Board and any teacher. Each year thereafter, the School Board and exclusive representative shall cause such seniority lists to be updated as provided in this Section to reflect any change of certification or qualification, addition or deletion of personnel caused by retirement, death, resignation, other cessation of services, or addition of such employees. Regardless of any other provision in this Agreement, such yearly revised lists shall govern the application of the unrequested leave of absence policy during the entire school year and thereafter until revised.

Section 5. Effect:

This Article shall be effective at the beginning date of this Master Agreement and shall be governed by its duration clause. This Article shall govern all teachers as defined herein and shall not be construed to limit the rights of any other certified employees not covered by the Master Agreement, or other Master Agreement affecting such certified employee.

Section 6. Filing of Licenses:

In any year in which a reduction of teaching staff is occurring and the School District is placing teachers on unrequested leave of absence, only those licenses actually received by the Superintendent's Office for filing as of February 1 of such year shall be considered for purposes of determining lay-off within areas of licensure for the following school year. A license filed after February 1 shall be considered for purposes of recall, but not to the current position.

ARTICLE VIII Retirement Benefits

Section 1. Eligibility:

Full-time teachers (working 8 hours per day, 183) who have completed 15 or more years active continuous service and who are at least 55 years of age, shall be eligible for retirement benefits as provided in this Article. Teacher must give written notice of retirement by March 1 preceding date of retirement to qualify for retirement benefits.

Subdivision 1.

Teachers who are eligible to participate in the retirement program but are on leave of absence, must return to the School District for one school year of active service to qualify for retirement benefits.

Section 2. Retirement Pay:

Eligible teachers shall receive, upon retirement, the amount equal to 100 days pay based on their daily rate when they retire.

Subdivision 1.

Teachers who retire shall remain eligible for participation in the School District's group health insurance program, up to the point of eligibility for Medicare or for up to twelve (12) years, whichever is less. Eligibility for single or family plan will be based on participating status as of September 1 during last full year of teaching. Teachers who retire will have their medical insurance premiums compensated at the rate identified in the Agreement that was in effect during the year of their retirement.

Subdivision 2.

Part-time teachers who have completed 15 or more years active continuous service and who are at least 55 years of age, shall be eligible for pro-rated retirement benefits (based on percentage of teaching time) as provided in this Article with the exception of health insurance benefits. Part-time teachers will not receive health insurance benefits at School District expense after retirement.

Section 3. Constructive Receipt:

In the event that it is determined by the IRS that the retirement benefit listed in this Article is constructively received by the individual employee in the year that the employee first becomes eligible to receive the benefit (and not in the year that the person retires), the School District agrees to the following:

Subdivision 1.

The employer will withhold from the imputed income and transmit to the IRS the amount necessary to comply with normal tax withholding standards under IRS rules in the year that the income is constructively received.

Subdivision 2.

The remaining portion of the retirement benefit will be paid out in accordance with the terms of this Agreement.

Section 4. Distribution of Retirement Benefit:

The School District shall put 100% of the retirement benefit into a post-retirement health care savings plan that allows teachers to pay medical expenses and/or health insurance premiums after termination of service from the School District. Teachers who are exempt from participating in the post-retirement health care savings plan as per IRS guidelines must direct 100% of the retirement benefit into the tax sheltered annuity plan. IRS guidelines specify an employee who will be receiving post-retirement health care coverage through a spouse's employer and an employee who will receive post-retirement health care coverage from the military may be excluded from putting money into the post-retirement health care savings plan.

Subdivision 1.

According to Minn. Stat. §471.61, Subdivision 2b, teachers who retire shall remain eligible for participation in the School District's group health insurance program. Eligibility for single or family plan will be based on participating status as of September 1, during the last full year of teaching.

Teachers hired prior to January 1, 2011, who have completed 15 years or more of active continuous service and who are at least 55 years of age at the time of retirement will have their medical insurance premiums compensated at a fixed dollar amount equal to the percent of the School District contribution to the respective insurance plan identified in the Agreement that was in effect during the year of their retirement, up until the employee is eligible for Medicare or for up to twelve (12) years, whichever is less.

Teachers hired after January 1, 2011, will not receive a defined health insurance benefit at the time of retirement under current retirement qualifications. Teachers hired after January 1, 2011, will receive a defined contribution from the School District for a period up to 25 consecutive years. The School District will contribute \$1,600 per year

for the first 15 years and \$2,600 for the remaining 10 years. Contributions will be made to eligible, active employees upon completion of each school year and contributed to the School District sponsored Healthcare Reimbursement Arrangement (HRA) account in June of each year. The School District contribution and accrued interest earnings will be available to the employee after successful completion of their 15th year of service. If separation of service occurs at any time prior to successful completion of their 15th year of service, the School District's contribution and accrued interest earnings are forfeited and will be used by the School District to offset the required School District contribution amount for current and future employees. At time of qualified accessibility of funds from the plan, disbursements for reimbursement of eligible expenses are governed in accordance with current IRS rules and regulations. At the completion of 15 years of service and fully vested, the employee will have the option of having the School District's HRA plan send all of the contributions for that employee and all interest earned by that employee's account over that 15 year period of time to a compatible public or private health care savings plan.

ARTICLE IX

403(b) Annuity Matching Program

All teachers employed after July 1, 2000, shall not be eligible for the retirement incentive under Article VIII of the Master Agreement. The School District shall make matching contributions to such program, the maximum amount as set forth in Section 2 below.

Section 1.

Any teacher eligible for retirement incentive under Article VIII of this Master Agreement will continue to be eligible to receive retirement pay as set forth therein. Such teachers may also participate in the School District's 403(b) annuity matching program. Part time teachers that are at least half time would also be eligible to participate in this plan – prorated (based on their percentage of teaching time). The School District matching contribution to such program shall be in the amount as set forth in Section 2 below, but will not exceed a lifetime contribution cap per teacher of \$34,000, beginning in 2014-15.

Beginning in 2014-15, the total contribution of retirement pay plus life time 403(B) School District contribution shall not exceed \$34,000, except teachers employed before July 1, 1992, shall have a life time cap equal to 100 days pay based on their daily rate of pay when they retire.

Upon the teacher's retirement, the total amount of the School District matching contribution to the teacher's 403(b) annuity account shall be deducted from any retirement incentive obligation/entitlement under Article VIII of the Master Agreement. If the total amount of the School District matching contribution to a participating teacher's 403(b) annuity account is more than he/she would have received in retirement under Article VIII of the Master Agreement, the teacher shall not be entitled to receive any retirement incentive pursuant to Article VIII.

Subdivision 1. Part-time and Temporary Teachers:

Part-time teachers that are less than half time and temporary teachers are not eligible to participate in this plan and cannot count their part-time or temporary service years toward eligibility.

Subdivision 2. Teacher on Authorized Unpaid Leave:

If a teacher is on authorized unpaid leave for an entire school year and received no portion of his/her annual salary, he/she does not have the right to participate. A teacher, receiving no portion of his/her annual salary, cannot authorize withholding of his/her matching contribution: therefore, the School District will make no contribution.

Section 2. Teacher Match:

Eligible and participating teachers must elect to participate in 403(b) annuity matching program pursuant to the annuity plan requirements at the beginning of the plan year. The School District matching contribution to teachers participating in the 403(b) annuity matching program shall be as follows:

0-3	No Match
4-8	\$390
9-12	\$630
13-16	\$1,110
17+	\$1,590

- a. The School District will make the foregoing matching contribution to only those teachers choosing to participate in an approved teacher's 403(b) annuity account offered by the School District as outlined above. The School District's

matching contribution will be dollar-for-dollar as required under Minn. Stat. § 356.24, as amended, up to the annual maximum match set forth above, subject to the maximum career District contribution as set out above. Teachers may contribute any dollar amount in excess of the maximum yearly School District match, but the annual limit on the amount individual teachers may contribute to his/her 403(b) annuity account shall be governed by the applicable sections of the Internal Revenue Code and the regulations promulgated thereunder. If a teacher chooses to not match the School District annual contribution, the unmatched portion is forfeited.

- b. The teacher's elected contribution for the plan year (September 1 to the following August 31) shall be divided and withheld equally over the pay periods for the plan year, except in the first year of the plan. In the first plan year, contributions will be withheld from the remaining pay periods of the first plan year after the plan has been established. The School District's contribution will be paid on the same basis.

Section 3. Approved Plans:

The School District will make matching contributions only to annuity plans offered by vendors mutually agreed to by School District and Education Minnesota Pillager.

Section 4. Election:

Eligible and participating teachers must make application for participation in the 403(b) annuity matching program each year by September 1 for that school year. The plan year shall be from September 1 to the following August 31. Once an eligible teacher elects to participate in the 403(b) annuity matching program, said election is irrevocable for that plan year and will continue each subsequent year unless modified by the teacher who must notify the School District and annuity carrier.

Section 5. Death of a Teacher Participant:

If a teacher participant dies before retirement, the teacher's 403(b) annuity account shall be given to his/her designated beneficiary, if any, otherwise to his/her estate.

Section 6. Leaving the District:

Teachers who, for whatever reason, leave the service of the School District prior to retirement shall retain ownership of School District contributions and personal contributions made on their behalf to the date of separation. The School District shall

retain no current or future liabilities for said investment programs as a result of the severing of service.

Section 7. Applicable Laws:

The 403(b) annuity matching program of Independent School District No. 116 and/or the School District is subject to the Laws of the State of Minnesota, Minn. Stat. § 356.24, as amended, and the Internal Revenue Code. 26 U.S.C. § 403(b). It is understood that the School District's only obligation is to make contributions as specified in this Article and that no other claim shall be made against the School District pursuant to the Article.

ARTICLE XI
Leaves of Absence

Section 1. Terms. For the purpose of implementing this Article, and determining eligibility for benefits under this Article, following terms shall have the definitions ascribed to them:

Subdivision 1. Teacher. A teacher shall be defined as in Article II, Section 2 of this Agreement.

Subdivision 2. Days. A day for the purpose of this Article shall be as described in Article XII, Section 3 of this Agreement.

Section 2. Professional Leave:

Subdivision 1. Definition. Professional Leave shall be effective with the 2019-20 school year. At the beginning of each school year a teacher shall be credited with 12 days of Professional Leave to be used as the individual chooses as long as the request meets the guidelines as set forth in this article. All twelve professional leave days must be used before banked leave days can be accessed except under certain circumstances. Banked leave days may only be used for illness, FMLA or bereavement. Please refer to Subdivision 4 for use of these days.

a) Teachers who experience an illness, injury or a FMLA leave

that results in an absence for more than five (5) consecutive contract days will access their leave bank on the sixth (6th) consecutive day and beyond. The teacher must present a doctor's certification to invoke this clause.

- b) Under unusual circumstances and at the discretion of the Superintendent or his or her designee, teachers who have already used their 12 days who have the death in the family may apply for consideration of bereavement leave. (See Article XI. Section 4.) If the teacher has no banked time accrued, the Superintendent may approve up to five (5) days without pay. The decision of the Superintendent in either of these conditions is final and not open to the grievance process.

Subdivision 2. Computation for Teacher's working less than a full school

year. Teacher's Professional Leave shall be computed as follows: by multiplying the number of months the teacher has worked in the School District for this school year (a full year equaling 9 months) by one and one-fifth (specifically 1.33). Any fraction resulting shall be rounded off to the closest whole number. Unused professional leave may accumulate to a maximum of one hundred twenty (120) days per teacher (see Subdivision 4). If a teacher works part-time, those days are recorded based on their part-time status. If, at some point, the teacher becomes full-time, banked days need to be adjusted accordingly.

- a) Teachers shall be given a credit of 3 days placed into their leave bank at the beginning of each of their first 3 years with the District.

Subdivision 3. Application. Professional leave shall be approved only upon submission of a professional leave request setting out the dates claimed for professional leave to the Human Resources office through the communicated mechanism with final approval by the Superintendent or his/her Designee. Dates claimed are considered used once the date claimed has passed. Leave requests are to be made prior to the requested day but not before July 15 of each fiscal year, as directed by the District, except in case of an emergency. In cases where professional leave is used because of a personal or family illness, the leave request shall be submitted to the Human Resources office by the

teacher as a matter of responsibility immediately following the absence.

When accessing less than 1.0 day of professional leave, teachers may request professional leave to be used in increments of 1.0 clock hour. A minimum of quarter (.25) days or two (2) hours professional leave hours must be taken. Actual time absent from work during a single contract day shall be rounded up to the nearest increment (1.0 clock hour) as listed above.

Subdivision 4. Use of Accumulated Banked Time. Use of banked leave is leave with pay which shall be allowed by the School Board whenever a teacher's absence on teacher duty days is found to have been due to illness, injury or disability which prevents the teacher's attendance at school, and the teacher has already used at least five days of his/her professional leave. Use of this leave includes illness or disability caused or contributed to by pregnancy or child birth, and may also be used for any illness or injury of an employee's child as defined in Minnesota Statute 181.940 and 181.9413. The School District may require a teacher to furnish satisfactory evidence that absence was by reason of illness or injury or disability which prevented his or her attendance at school and performance of duties on that day or days. A certificate from a qualified physician stating that the teacher's absence was due to illness or disability may be required as seen necessary by the School District. All applicants must complete and return the Family and Medical Leave application forms when appropriate. Any period of professional leave taken under this provision must be used simultaneously with any period of leave for which the teacher is eligible under the Family Medical Leave Act.

Subdivision 5. Days Used in Excess of Allowance. A teacher shall be credited with twelve (12) days professional leave at the beginning of each school year. If not used during the school year, this leave will be added to their accumulated leave bank. At the end of the school year a maximum of one hundred twenty (120) days of leave will be carried forward to the next year. For each day of professional leave used but not accumulated, the teacher shall either have a day's pay deducted from salary by the School District or the teacher shall reimburse

the School District a day's pay. Any deduct time must be preapproved by the Superintendent or his/her designee.

- a.) In the event of resignation, termination or discharge of a teacher to whom professional leave has been advanced in excess of that accumulated, the teacher is required to refund the amount paid for the period of such excess. Accumulated professional leave will be forfeited by the teacher upon resignation, termination or discharge.

Subdivision 6. Unused Leave and Banked Time Over 120 Days. Unused professional leave days shall be credited to the teacher's banked time on a one day of unused professional leave for one day of banked leave. If however, the teacher's banked time at the end of the school year is in excess of 120 days, teachers shall, at the end of the school year, be compensated at the rate of \$120 per day or \$15 per hour. This payment will be made into a Health Reimbursement Account. This payment shall be made prior to the end of the fiscal/contract year. The total number of days in the bank shall not be more than 120 days going into the new school year. At the start of 2019-20, employees who are above the 120-day maximum shall retain their leave bank days subject to a diminishing cap based on utilization. Refer to the Implementation MOU for any teacher that had more than 120 days accumulated when the Professional Leave Bank went into effect.

In regards to hourly rate teachers, professional leave must be taken for the total hours of the individually assigned daily teaching sessions. Unused professional leave may accumulate up to 700 hours into a leave bank. If an hourly teacher's banked time at the end of the school year is in excess of 700 hours, hourly teachers shall, at the end of the school year, be compensated at the rate of \$16/hour. This payment will be made into an HRA.

Subdivision 7. Limit. The number of teachers on professional leave at any time shall not exceed ten percent (10%) of the total FTEs teachers in the district. Teachers who are taking Maternity Leave shall not be counted in the ten percent (10%); however, all teachers on Maternity Leave must use all Professional Leave before accessing leave without pay. The maximum number of

staff who can be out for voluntary professional leave at each building shall be emailed out to each building rep, principal, and EMP leadership at the beginning of school, each year.

Subdivision 8. Prohibitions.

- a) The use of professional leave is at the discretion of the teacher; provided, however, professional leave shall not be used on parent-teacher conference days, the first or last student contact week of the school year, or pre-school workshop days in the building to which that teacher is assigned, unless the school board has changed such days from those originally set in the school calendar to make up days lost by reason of inclement weather or other good cause. EMP recognizes that it is the teacher's professional responsibility to be present in the classroom on these days. The Superintendent, on rare occasions, may grant leave upon written request by the teacher.
- b) Teachers shall not make request in excess of five consecutive leave days to their immediate supervisor. On rare occasions, teachers may make a written request to the Superintendent for permission to use in excess of five days of consecutive professional leave. Final approval is subject to the Superintendent's approval. Each request shall stand on its own merit and shall not establish past practice.

Section 3. Application for Long Term Disability Insurance Benefits:

Subdivision 1. Application. Teachers on disability leave who have met the requirements of the qualifying period for benefits under the long term disability insurance coverage carried by the School District shall make prompt application for such benefits.

On qualifying for disability insurance benefits and notification thereof, the teacher shall be placed on an unpaid medical leave of absence and all salary payments and disability leave payments shall cease; provided, however, that any salary accrued but not yet paid to the teacher shall be paid.

Subdivision 3. Retention of Unused Leave. A teacher on unpaid medical leave shall retain his or her unused accumulated banked leave and may continue the insurance fringe benefits at his or her own expense.

Subdivision 4. Notification. The School District shall notify the insurance carrier of any teacher who is on leave of absence due to personal illness or disability for more than sixty (60) days.

- b) Teachers must first access their annual professional leave before accessing Bereavement Leave per this article.

- d) Teachers requesting bereavement leave resulting in an absence for more than five (5) consecutive contract days will access their bank on the sixth (6th) consecutive day and beyond. A maximum of ten (10) leave days may be used utilizing professional and/or banked days. Additional days may be granted at the superintendent's discretion; and

Subdivision 2. Suspension. With respect to a teacher who does not request a long-term medical leave, the School District reserves the right, provided by Minnesota Statute 122A.40, to suspend such teacher and grant a long-term leave of absence for a period of not to exceed twelve (12) months for health reasons.

Whenever possible, the teacher shall give notice in writing to the School District prior to March 1st of the year in which the teacher's leave expires of intention to return to teaching duties at the opening of the next school year. In the event the teacher does not qualify for reinstatement within the leave time requested and granted, or if suspended by the School District, within twelve (12) months of the date of suspension, the teacher's continuing disability may be grounds for discharge under the procedures provided by Minnesota Statutes.

Memorandum of Understanding Extra Compensation for Online Teaching

Effective: August 26th, 2021

The following guidelines will be used for 2021-2022 school year in the implementation of online-teaching and will sunset on June 30, 2022 with the conclusion of the 2021-2022 school year.

Teachers will be paid for course development at the curriculum writing rate of \$25.50 per hour depending on the nature of the course development. All course development must be submitted through proper procedures for approval prior to any expenses being incurred. To be eligible for payment, the development course must meet the quality standards of the District. If the District purchases a course that is already created, the teacher might not be asked to create a course, but may be given some hours by mutual consent to customize it.

Compensation:

Teachers who mutually agree to teach in the online platform and who meet the District standard for on-line instruction will be compensated based on the following scale. Teachers can choose NOT to teach an online course without fear of any negative consequences from their supervisor. The teacher would have input whether their course is offered during the daily schedule or after normal school hours.

1. The number of students in each online course will be capped at 12 students with a preferred minimum of 4 students to offer the course. The teacher of the online course can choose to teach the class with fewer students than 4 or increase the cap number if the course description and course outline allows for an increased number.
2. Pillager School District employees will not be required to be on campus during the regular work day to provide instructional support that is dedicated to teaching online sections.
3. Pillager School District Staff will have the option of teaching the semester course for \$200 per student. This course will not be considered as part of their regular teaching assignment.
4. If there are not qualified teachers willing to teach the Pillager School District Online course, the District can elect to cancel the course of secure qualified instructors through the traditional open posting process.
5. Up to 5 teachers can be asked to teach online class during the 2021-2022 school year.
