

Welcome, Students & Parents

Think Central is a website where you can access your *Math Expressions* textbook and some interactive tools!
This was a complimentary gift from Houghton Mifflin Harcourt to Edmonds and we thank them!

<p>Go To http://www.thinkcentral.com</p> <p>Click On Mathematics</p> <p>Click On Math Expressions</p>	
<h3>Sign In with the following information</h3>	
<p>State Washington</p> <p>District Edmonds</p> <p>School Select your school from menu</p> <p>Username studentk OR student1 OR student 2 (by grade) student3 OR student4 OR student 5</p> <p>Password math! (use the !)</p>	
<p>If your computer asks if you want to allow pop-ups, select Always Allow Pop-Up From This Site.</p>	
<p>Library access to student books access to Mega Math</p> <p>Things To Do Not available. We have chosen not to put individual student information in this system</p> <p>Test Scores Edmonds will not be using this feature because teachers have access to another electronic grade book for all subject areas</p>	
<p>Your options:</p> <p>Student Books Should show your grade level book</p> <p>Mega Math Games</p>	<p style="text-align: center;">Sample from grade 4</p> 

email technical support is available at expressionshelp@edmonds.wednet.edu

Click on Copyright page to move forward

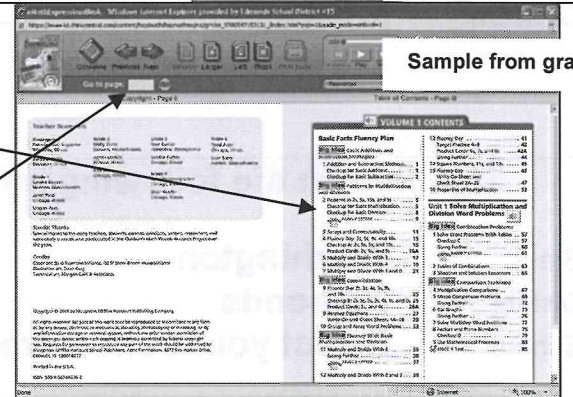

Click on "skip intro" to move forward

Click on "volume 1" to move forward

You can select the page you want in several ways

1. Move your cursor over the table of contents until the lesson you want to look at is highlighted; then click
2. Use the previous and next arrows to leaf through the book page by page
3. Enter the exact page number in the GOTO box

Sample from grade 4

Print Page
Only a few pages in the class text books can be printed. This icon will be bold when you can print!

- Lesson Resources**
Click for Access to
- Homework & Remembering (these can be printed)
 - eGlossary (it can talk)
 - Education Place and/or Mega Math Activities

Click & it will read

Animal	Estimated Speed
Cheetah	70 mph
Pronghorn antelope	61 mph
Lion	50 mph
Zebra	40 mph
Rabbit	35 mph
Gazelle	32 mph
House cat	30 mph
Elephant	25 mph
Squirrel	12 mph
Chicken	9 mph

Remembering 1.9

Decide if the answer to each operation will be even or odd. Write even or odd. Then give two examples to prove your answer is correct.

- even + even = _____
- even + odd = _____
- odd + odd = _____
- even - even = _____
- even - odd = _____
- odd - odd = _____
- even x even = _____
- odd x odd = _____
- When you divide 2 even whole numbers will the answer always be even? Use examples to support your answer.

Use the process of elimination to identify the product. Explain your choice.

19. 22×15

A. 230 B. 233 C. 330 D. 333
