

# MASON ELEMENTARY SCHOOL

## 2022/2023 IMMUNIZATION CHECKLIST

Mason Elementary School registration is not complete until your child has completed required examinations, immunizations and health screenings.

### 3rd and 4th grade students need:

- Proof of Ohio Department of Health required immunizations. Reference form MCS-227 for vaccine schedule and required spacing of vaccines to ensure immunity.

|                                      |                             |
|--------------------------------------|-----------------------------|
| DPT (Diphtheria, Pertussis, Tetanus) | 4 doses                     |
| OPV/IPV (Polio vaccine)              | 3-4 doses                   |
| MMR                                  | 2 doses                     |
| Varicella                            | 2 doses or proof of disease |
| Hepatitis B                          | 3 doses                     |

- TB Questionnaire: Some types of travel may indicate a need for a TB test.

Take care of these required health examinations, immunizations and screenings:

- Your child's primary care physician
- The Warren County Health Department: 513.695.1228
- The Little Clinic or Urgent Cares that perform physicals
