## RESTROOM ACCIDENTS PARENT LETTER

Date \_\_\_\_\_

Dear Parents/Guardians,

Untimely restroom accidents occur at extremely high volumes especially during the beginning of each school year, as your child/children may be anxious and are not yet acclimated to their new routine.

The school uses clothes donated from staff and parents. We unfortunately cannot guarantee that a change of clothes will be available to each scholar when an accident occurs.

**Therefore, it is highly recommended there is always a change of clothes in your child's/ children's book bag. If no change of clothes is available at the time of your child's accident, parents will need to plan to pick up their child promptly.**

Thank you for your attention to this matter.
