

VOTE Bonds for Buildings

Addressing overcrowded schools, community growth and student needs.

Nuevas Fronteras Spanish Immersion

A Magnet Program That Serves Every Community

Over the next 10 years, more than 3,500 potential new K-12 students are expected to move into the district. Current projections show that 15 schools will be over capacity and we will have a deficit of nearly 2,500 K-12 seats for students by 2031 if we do nothing.

If Approved by Voters:

- Ongoing general maintenance projects
- A successful bond election will free up other funding sources for our school for projects such as replacing art and music room trim and art room plumbing fixtures.

Vote June 24
to Aug. 9

The 10-year facility plan relies on a successful bond election. Though construction funding for our school is not needed, we will benefit through other funding sources and school projects.

If the Bond is Not Approved by Voters:

The current 10-year facility plan will be modified, but not dismantled, in order to address growth where it is occurring. With some schools overcapacity, **there will likely be extensive boundary changes prior to 2025 along with other considerations.**
