

# VOTE Bonds for Buildings

Addressing overcrowded schools, community growth and student needs.

## Valley Crossing Elementary

A Magnet Program That Serves Every Community

Over the next 10 years, more than 3,500 potential new K-12 students are expected to move into the district. Current projections show that 15 schools will be over capacity and we will have a deficit of nearly 2,500 K-12 seats for students by 2031 if we do nothing.

### If Approved by Voters:

- Ongoing general maintenance projects
- A successful bond election will free up other funding sources for our school for projects such as flooring, lockers, windows and doors and ventilation.

Vote June 24  
to Aug. 9

The 10-year facility plan relies on a successful bond election. Though construction funding for our school is not needed, we will benefit through other funding sources and school projects.

## If the Bond is Not Approved by Voters:

The current 10-year facility plan will be modified, but not dismantled, in order to address growth where it is occurring. With some schools overcapacity, **there will likely be extensive boundary changes prior to 2025 along with other considerations.**
